Poly Royal Code
Hits SAC Tonight
BY WAYNE COX, Staff Writer
Guinness smoke and doubt kicked up last week at the Student Affairs Council's "OK Coral" (Lil, 114), according to Poly Royal Chairman and Astronomy major John Webber who said the debate, as SAC assemblies again this evening, is ready to be held to settle old taboos.

According to SAC President Les Freeman, SAC has been operating from both the original rules and from the "OK Coral" rules of last week. SAC will be taking the motion this evening to approve the new debate rules.

The Student Affairs Council will meet in the Student Union Social Committee Room at 7:30 and the meeting will take place Thursday, Feb. 29 and March 1.

International Program During College Week
Slides from all over the world will be shown as a special International Relations Week presentation at 7:30 p.m. from the Union Social Committee-sponsored screening of the show.

"Miss Poly Royal '62" Election Set This Week

BY JIM McLAIN, Editor, El Mustang

Students will go to the polls tomorrow and Thursday to decide who will have the honor of being "Miss Poly Royal '62." Until late yesterday morning the election dates were sort of up in the air, but because Dave Hattingh, Election committee chairman, did not wish the decision being today and tomorrow at last week's Student Affairs Council meeting. Polling will currently have already gone on at the SAC meeting and the results, if anything, would take place tomorrow and Thursday. The dates were finally approved.

Ballots will be located at the SAC office and in the Poly Union. The last date forPoly students to register to vote will be tomorrow. The highest plurality of votes will win the title. The girls who were chosen in earlier meetings in the co-curricular activities and/or fraternities are Lyonse, Jr., and Gordon, Jr., and I. I. I. E., and the girls are Dana Benzack, Linda Dimmer, Kay Harrington, Linda May, Linda E. Saso, and Mary Jo Hotchkis.

The news report that they are a regular group of girls, but may elevate because of the election date which day.

Satellite Communications Topic At IRE Meet March 9

The Institute of Radio Engineers will join with the Bell Labs in sponsoring Dr. J. W. Fitzwilliam of Bell Telephone March 9 to present a talk on the subject of "Satellite Communications." He will be talking of Bell Telephone's current plans for a system of 90 to 90 "active" satellites powered by solar piles in polar orbits 6,000 to 6,000 miles above the earth. The satellites will work in conjunction with earth stations strategically located on all parts of the globe. Each satellite will be equipped to receive transmissions, process and send them back to earth. It has been estimated that total cost will be $750 million and will provide service to B_SYMBOL Unable to read.

The institute will be working with the National Aeronautics and Space Administration with an agreement whereby NASA will put the satellites in orbit with Bell Telephone footing the bill.

LEARN THOSE LINES!

Animal Male Bows Thursday; CU Comedy In Three-Day Run

BY JUDY MEBANE, Staff Writer

"Let's get those lines learned," said J. Murray Smith, English instructor and director of this quarter's College Union Play, "The Male Animal" as he puts his cast through another of the many hours of practice that have been spent on the show. The male animal as he is played by a Poly student is an excellent introduction to the different areas of college life, and that will be hard to do at Cal Poly Poly Royal is primarily a device to attract people with the campus and I don't necessarily mean outsiders.

Judy Church is a Physical Education major from Riverside who will be a valuable addition to the Poly theatre. Judy Church is the only one of our Poly students who I have seen do a costume job. She is very well off for the role of Miss Poly Royal who will come in with the help of her court, Whomever is elected Queen of Poly Royal is an excellent introduction to the college for prospective students.

Juan Berti, who comes from Burbank, is a Home Economics major, 21 years of age. When she was asked what her immediate reaction was when informed that she would be a candidate for Poly Royal she continued on page 5

Worldscope
SPACE, MISSILE & JET PROJECTS AT DOUGLAS have created outstanding career opportunities for SCIENTISTS and ENGINEERS

B.S. degrees or better

Assignments include the following areas:

- **Aerodynamicists** - relating to all types of control problems
- **Electronics Systems** - relating to all types of guidance, detection, control and communications
- **Propulsion** - relating to fluid-mechanics, thermodynamics, dynamics, internal aerodynamics
- **Environmental** - relating to air conditioning, pressurization and oxygen systems
- **Human Factors** - analysis of man-machine interaction, pilot-crew design of cockpit control, instrument panels and pilot equipment

**Meet Transfer** - relating to missile and space vehicle structures

- **Thermodynamics** - relating to cyclic loads, temperature effects, and the investigation of new materials, methods, products, etc.
- **Aerodynamics** - relating to wind tunnel, research, stability and control
- **Solid State Physics** - relating to solid state surfaces and fatigue

- **Space vehicle and weapon system studies** - of all types, involving a vast range of scientific and engineering skills

**STUDENT CHANCE FOR STUDY ABROAD**

San Luis Obispo Rotary club is looking for a student who qualifies for the Rotary Foundation Fellowship program, which will provide at least one fellowship in this category. For the Rotary year 1962-63. The program provides a full year of study in a foreign university, and there is no restriction as to the nation in which study is to take place. Applicants must be sponsored by a local Rotary Club and must be chil by April 15, 1962. For further information, write to:

S. A. Ameyplt, Douglass Engineers, California Institute of Technology, Pasadena, California.

(continued from page 1)

Royal Queen, she said, "I just couldn't believe it!"

Mary Halahan, a 20-year-old native of Tarzana, is a Home Economics Education major. She says that when she heard that she was to be a candidate for Poly Royal Queen, an engagement was being announced in her dorm. "When I heard the news about me, I almost screamed!" she says.

Jan Madansky, 23, is a Physical Education major from Santa Monica. "I hope that Poly Royal Queen will be as good as it has always been. It is a definite part of Cal Poly. They go hand in hand!"

Kay Smith is a 23-year-old Home Economics Education major from San Luis Obispo. "If I were elected queen, I would like to be a walking, talking public relations program for Cal Poly," she says.

Linda Webster, an Elementary Education major from Denver, Colorado, says, "I want this year's Poly Royal to be the biggest ever."

They go hand in hand.

"They go hand in hand."

**Talks And Movies**

Held Until March 3

Only three days old, the first International Week in campus history has many more activities to fill the busy calendar.

and best that Cal Poly has ever had!"

Incidentally, the method used in selecting Poly Royal Queen this year was chosen by the Poly Board and the Student Affairs Council on a trial basis. The monthly tonight at 7:30 p.m. in LIB 110 at 7:30 p.m.

**GOALS COME HARD**

As part of the campus-wide International Week programs, students from Europe and Latin America staged a soccer contest Sunday afternoon. This game is fast and rough, as shown above. Europe finally beat Latin America, 1-0. (Photo by Greenman)

**Male Animal**

(continued from page 1)

Printing major from Albany as Ed Keller; Billie Carr, Social Science major from Bakersfield as Myrna Keller; Mildred Manning, Elementary Education major from Inglewood as Blanche Damon; Kar en Grant, Biological Science major from Cholame as Pat rick Stanley; Hannah Beach, Elementary Education major from Arvada as Wally Mayers; Don Miller, Animal Husbandry major from Denver, Wash., as Dean Frederick Damon)

Rally Clark, Elementary Education major from Dena as Cleta; and Mary Dodder, Social Science major from P a r k r s Hinkle as "Neyte" Millon.

Others working behind the scenes include Sylvia Gray, Susan Person, Millie Manning, Rafael Downey, Bill O'Hara, Linda Byrd, Dave Harper, Don Shapley, Lyman Miller, Linda Allen, Diana Runy, Peggie Paul, Julie Dutton, Judy Pitch, Erika-Marie, Clinton Kathy Savage and Judy Mahan.

"The play shows signs of being one of the most entertaining you presented at Cal Poly," says Leslie Allen, co-publicity chairman.
