**Boxing Petition To Come Before SAC Tonight**

For SAC Constitution Change

In order to give each of the four Instructional Divisional councils representation equal to that of the Associated Students BODY, a petition will be presented to the student body today. The petition will be presented by Jim Grandman, F. C. Sund, and David Burton. However, the matter is not being brought to a vote. M. S. C., the Associated Students Body, will take up the present and future representation of the student body.

The Advisory Commission did not respond to the petition, and said the change would not be made due to the amount of revenue that would be lost.

**Prop. 3 Holds Key To Poly Growth; SAC Endorses It**

A request by Building Coordinator Howard Grover, to have the Student Body endorse the proposal of allowing the Associated Students’ Body to take the same action as the administration in the case of Proposition Three, was denied by SAC. The proposal was presented by Harold DeRulter, the council voted on the plan early next year.

**CU Dramatists List Plays for Next Year**

Seven members of the Cal Poly Dramatists’ Club, headed by Darcy Riggs, have written and produced a train play which will be presented in the state college system.

**Just Drop One Word**

Special Vote Set Next Week For SAC Constitution Change

The Advisory Commission did not respond to the petition, and said the change would not be made due to the amount of revenue that would be lost.

**Blue Key Initiates**

**Chancellor to be Speaker at Poly’s Commencement**

More than 750 graduates and their guests will hear an address by Dr. Glenn S. Dunke, Chancellor of the California State College system, at Poly’s commencement ceremony, June 16, in Mustang stadium.

Cal Poly President Julian Behrens, who has announced Dunke as the principal speaker for graduation exercises, began at 11:45 this year instead of 9:30.

**Larger El Mustang Slated for Next Year**

"A new panoramic view of campus activities will be provided in the increased size of El Mustang," according to Jim Grandman, Poly editor of the student newspaper this year.

**ON THE ROLL**

**NOTICE OFFICIALすぐ the" year**

All regular students are hereby notified of a special election and nominations for student body officers.

Supervisors: The San Luis Obispo campus of the California State College system.

Time: June 5, 1962, 8:00 a.m. to 4:00 p.m.

**BOP Positions Open**

Applications are now being accepted for the positions of Bugle, Drum Major, and Corps Director of the El Mustang Marching Band. Any student interested is invited to apply to the El Mustang Building before Monday, June 6, at 4:00 p.m.

400 See Brilliant Show
As Band Stages Concert

BY BETSY KINGMAN
Staff Writer

Attracting nearly 400 culturally conscious students and faculty, Cal Poly's Band Concert was presented Friday in the Little Theater.

Director George C. Beiste and the band opened the program with "March of the Olympians," the theme written for the 1961 Olympics. The first suite in E in three parts, was played by the band in fine style by the band. A complex melodic and harmonious section in "Introduction and Scherzo," filled the band's contemporary place "obligation."

A Spanish march, "Andantino," was done as another contrast to the American march. "Midnight Fire Alarm," described by Stefanetti as the "typical American march was next. Composed with air, it was brilliantly done, offering a melodious, driving rendition of the theme from the Broadway hit, "West Side Story."

Beginning the second portion of the program, a new piece, "Fantasy for Flute and Piano," was played, with Nancy Burgher substitute for flutes, and Kay Thorne, Junior English major from Sun Luis Obispo, taking on the saxophone with band accompanying. The next number done in high style, "Midnight Fire Alarm," described by Stefanetti as the "typical American march was next. Composed with air, it was brilliantly done, offering a melodious, driving rendition of the theme from the Broadway hit, "West Side Story.""

The Senior Wins Prizes For Aero-Project

Dennis Riddle, a senior in Aeronautical Engineering, walked off with two first prizes worth $60 at the Student Institute of Aeronautical Science Western Regional Conference held in Los Angeles on May 10 and 11.

Riddle presented a technical paper and oral recitation on the preliminary design of a ground effects machine using scale models. The presentation was placed in the first category of projects presented, along with other students attending the meet. Riddle's work was judged the outstanding paper, which carried with it a $100 prize. He also was awarded an additional $150 for the best presentation technique. Riddle is the first time a Cal Poly student has won both awards.

Two other Cal Poly IAS members gave presentations but failed to place. Marty Stagg reported on the integration of a ducted fan motor with a boundary layer control wing. Torrey Larson's presentation to Western Regional Conference was given on a technical paper pilot scale machine. The presentation was placed in the first category of projects presented, along with other students attending the meet. Riddle's work was judged the outstanding paper, which carried with it a $100 prize. He also was awarded an additional $150 for the best presentation technique. Riddle is the first time a Cal Poly student has won both awards.

Grand Flats...Count Basie and his world renowned orchestra will be on campus tomorrow evening for the Basie Flats, from 8 p.m. until 1 a.m. in the Chest's Gym. Tickets can still be obtained at the ASB Office or at the door for $1 with ASB cards and $2 without.

21 GREAT TOBACCOS MAKE 20 WONDERFUL SMOKES!
ADD MILD, BLEND MILD - NOT FILTERED MILD - THEY SATISFY!
By Dave Jones, Staff Writer

The Mustangs' "Green Machine" never got to gear in the second annual Alumni Varisty football game Saturday night in Mustang Stadium, as Carl Bowser and company ground out a 15-7 victory over the varsity, scoring the first touchdowns and putting pressure on the Mustangs' offense throughout the game.

Bowser, who was co-coach of the Mustangs' defense last season, was on his way to the Mustang line when an all-eyes-on-him reception of his own score from halfback Geary James, later named Most Valuable Player, gave the alumni squad, pounded out to fifth on the season, its only three yards.

The team went on to win the game with their superior defense, as they held the Mustangs to a single score.

The Mustangs scored early in the first quarter, when Paul Lewis took a pass from Ted Tollner to the University 14, where he was tackled by Dick McElroy. The Mustangs then capitalized on their only scoring drive of the game, with a touchdown to make the final score 15-7.

The Mustangs' defense was led by Football Manager Dick McElroy and his "Green Machine" teammates, who fought hard throughout the game.

OUTSTANDING WOMEN STUDENTS . . . Diana Oberholzer, freshman biology major from San Luis Obispo; Lila Hatch, sophomore Home Economics major from La Canada; and Mary Franz Revali, senior Technical Journalism major from Long Beach, were named the outstanding women in their respective classes last week. They were the top candidates in a scholarship which they will receive at the Spring Awards Banquet, June 15. The girls were judged on their grade point average and participation in co-curricular activities.

Professor Gamow To Speak Tonight

"Breaking the Genetic Code," college Library, admission is free. will be the topic of a talk by Professor George Gamow, noted physicist and author in the Little theater at 8 tonight. Sponsored by the Sigma XI Science Club and the Cal Poly Honor Society in cooperation with the Play.

Dance, Dinner, Commencement will Highlight 'Last Days' of Class of '62

By Carol Ann Blaso

The graduating class of 1962 will dance to the melodic sounds of the Cal Poly Collegians at the Senior Ball, Friday, June 15, from 8 p.m. to 11:30 p.m. at the Memorial Tea.

The Ball is sponsored by the Alumni Association. Seniors and guests will not be charged an admission. Alex Manolakis has established reduced rates on distinctly different floors at $3.50 per plate for the main floor and $3.25 per plate for the second floor at $1.50 per plate for those attending the dinner. Prices apply to all seniors.

Two Former AID Students Returning For Further Studies

Two former participants in the State Department's Agency for International Development (AID) project plan to return to Cal Poly to further their studies.

Julio Galdaasas of Los Andes, Chile, a former Animal Husbandry major, spent two quarters at Cal Poly. He now works on a farm that includes 6,000 laying hens, a 150-acre peach orchard, and 100 acres of hybrid sorghum. He is vice president of the Agricultural Association of Chile and an instructor at Instituto Agricola Finsch-Quiroga. The Pan American Union has granted Galdaasas a study scholarship which he plans to use in September majoring in fruit production.

E.K. Gundasas of Ragama, Ceylon, attended Cal Poly in 1968 majoring in mechanized agriculture; he is presently in charge of a government factory which manufactures a rice-seeding machine which he designed. On his return, Gundasas plans to study for a degree in mechanized agriculture.

Women's Club and Cal Poly Honor Society in cooperation with the Alumni Association.
