**Peace Corps**

Ag Specialist Here Today

He is James C. Ward, first representative of the Peace Corps to arrive on campus to acquaint faculty and staff with plans for "Peace Corps Week" activities. He spoke on the week's topic, "Who Will Work in the Peace Corps?" Ward said he was impressed with the interest shown by Cal Poly in the Peace Corps.

**Attention Seniors!**

Attention Seniors! Your time has come! For the second time this year, a successful series of Peace Corps interviews will be conducted by the Peace Corps representative. The interviews will be held in the Peace Corps Office, 216 Administration Building, starting at 2 p.m. TODAY. Seniors who have not yet been interviewed are urged to attend.

**Talk Will Be In French**

**Budget Hearings Will Be Delayed**

Because of extensive interviews with Peace Corps representatives, there will be no student government budget committee meeting this morning. In order to avoid conflicts with Peace Corps activities, the budget committee will meet in the administration building Tuesday morning at 9 a.m. This change in schedule has been approved by the Senate.

**Ukraine To Be Represented By Poly MUN Delegation**

By order of the UNESCO, Poly MUN will be represented at the MUN conference by the following delegates: Richard Bertram, Robert Irwin, and John L. Brown. The delegates will be responsible for representing their country's interests and advocating policies that align with their country's socio-economic and political goals.

**SAC REPORT**

Dining Hall Authorities Explain Food Machines

Reasons for installing food vending machines in the Spang have been explained during this week's SAC meeting. Mr. Gerry H. Howlett, director of dining services, said that the Authority purchased the machines because of the popularity of "snack bars" and "snack stands" in other institutions. The Authority also hopes to increase student participation in the food program. The machines are expected to be in operation next week.

College Union Unifies Campus: Lawson

"It's time to have a College Union on this campus," said John Lawson, the new president of the College Union. "I believe that the College Union is needed to improve the campus life for all students." By JOHN LAWSON

College Union is thought of as that portion of the co-curricular activities which serve to unify students, faculty and their guests through educational experiences that are not part of the regular academic curriculum. Lawson, president of the College Union, said that the College Union is the most effective way to improve the campus life for all students.

GAMES AND HOBBIES: The College Union plans to offer a variety of games and hobbies for all students. These include:

- Board games
- Card games
- Computer games
- Puzzle games

These activities will be held in the Student Union every Friday night.

We'll be on the campus on the dates listed below, ready to give engineering and science seniors information on space careers in a dynamic industry.

If you are looking for a company offering assignments on programs of unique interest and career potential, you'll be interested in the advantages Boeing can offer you.

Boeing, for instance, is a major contractor on such advanced programs as the Saturn S-I-C rocket engine, the X-20 Dyna-Soar space glider, the world-famous Minuteman ICBM, and the Roman defense missile system. Boeing is also the world's foremost designer and builder of multi-jet aircraft, including the post-Jet B-52H missile bomber, the KC-135 tanker-transport, the C-130 cargo-carrier, and the famous Boeing 707, 720 and 727 jetliners. In addition, Boeing's Vertol Division is one of America's leading designers and builders of helicopters.

Research projects at Boeing are under way in such advanced fields as control systems, space vehicles, nuclear and atomic energy, plasma physics, flight sciences, space flight and propulsion. Exchanging Boeing programs offer exceptional opportunities to obtain B.S., M.S. and Ph.D. degrees in aeronautical, mechanical, electrical, electronic and industrial engineering, and in engineering mechanics, engineering physics as well as mathematics and physics. Assignments are available in Washington, Pennsylvania, Kansas, Louisiana, Alabama, California and Florida.

You'll work in a small group where individual ability and initiative put photos of visibility. You'll enjoy many other advantages, including an opportunity to take graduate courses at company expense to help you get ahead faster.

Drop in to your Placement Office and arrange for an interview. We're looking forward to meeting you!

Handball Tourney to Start Monday

Intramural handball tourney, which will be limited to four personal fouls instead of the usual five, will begin Monday night. This should serve as a warning to those who have fouled out. This season, will be ineligible for intramural basketball.

North Facility, still active Bob Cousy to form

Beck, Inst year's CCAA rebounder and

Rommel, 1970's scoring champ, will fit here:

The late Grantland Rice's book "When the One Great Scorer Comes to Mark Against Your Soul," would fit here. There is a score of 100, which is the number of touches in the Big Ten. But this is not the score of the game. It is the score of life. It is the score of the soul. It is the score of the mind. It is the score of the body.

The man to talk to about your job opportunity at Pacific Telephone

Jack Sutch, Cal Poly '57 Traffic Superintendant

"I think my own history with Pacific Telephone has helped me understand the company's role in college graduates' lives. When I look back at my own career, I find太平洋 Telephone has offered opportunities to exercise individual judgment and creativity. As a result, I have seen first hand the tremendous, opportunity for advancement provided by the company's dynamic nature and progressive philosophy."
