"To meet for orders of priorities." Student Affairs Council was attended last week by members of a group labeled "Conflict of Interests." These students were discussing about the cancellation of the scheduled film, "Getaway," shown in the Little Theater, a week ago Friday.

This was the first step of the student's interest in the university and its problem- solving with a problem that is of interest to them. The council discussed the matter of film cancellations which, incidentally, is recurring for the third time.

As some apprehensions will demonstrate, similar events have arisen in the past three years over just this problem. What happens remains to be seen.
