Allocation of Funds Looms As Main Election Issue

The Fee Increase Controversy

Pros
1. Provides a definite budget from which the Finance Committee can derive the most efficient budget.
2. Will reduce and in many cases eliminate admission charges to campus events.
3. Will reduce the money spent by a person who is moderately active in campus activities by more than $8 worth of entertainment for $8 per year.
4. Increase value of ASCD cards.
5. Fee has been the same since 1956 while cost of living has increased 10.8 per cent.
6. Income due to increasing enrollment is not sufficient to do any more than make up for increasing costs.
7. Decreased fees will encourage more students to participate in activities.

Cons
1. Annual average cash outlay of $5.
2. May cause some persons to drop out of campus activities.
3. May cause some persons to drop out of the full time student role.
4. Starting fall fees, 50 percent of persons will not derive the full benefit.
5. Cost for ASCD cards is charged by SAC on whom some persons will have no choice but to recognize the necessity.
6. Some students are charged for concerts, plays, group sanctioned dances and Poly Royal activities. Why some and not for others?
7. No single budgeted group of the interclub category would benefit more than $500, with the average around $15. A few, a way out.
8. San Diego State, with 11,000 students, pays only $16, and has a budget rate of half the times Cal Poly.

Administration Plays With Student Tinker Toy

What will they do with the funds?

The Administrative committee, machinery moves into action. If this work, no one will know for certain. But some imaginative discussion is expected.

The first floor diameter goodness that was started from the administrative committee, moves to the campus in the spring and then the season's planning meeting.

SAC Officials, Editor Debate Fee Election Raise

President, Committeemen Favor ASB Card Boost

Who was a remote recommend? The major reasons included circulation of false information approached by a lack of means to correct the errors and unifying and misinformed wording on the official places of the SAC.

To correct the bad image, there are plans to meet the students and ask them to sign a petition to like to ask students to fix a $10 per student fee. There is no way to say that there is a $15 per year fee which results in a total increase of $2.50 per student fee. The maximum allowable by state laws.

Some suggest the use of an activity card to be purchased by students as a substitute for the student card. It would provide further reduction or elimination of cost to students. This apparently has not been done, however, for certain reasons.

First, it is necessary to abstract how many students would use the card and either making it difficult to track and an efficient budget. There would be no such problem with a fee increase budget.

Second, there would be unnecessary administrative costs involved which could be provided by a fee increase.

Lastly, the activity card could not provide enough funds to meet the needs of the student groups whereas the fee increase could come closer to meeting these needs.

The reason for a fee increase are many, some are concrete and some are difficult to explain. The main ones are:

1. The location of Cal Poly requires that it provide its own programs. This program can make these difficult to the cost of living basis and in some cases a fee can be charged.

2. Building groups are being restricted because of a lack of funds. The fee increase would add to nearly all budgets which needs to college, union, or otherwise.

3. Restoration of the fee card and thus encouraging more students to participate.

Administration savings, reduction of ticket-selling, bookkeeping, printing, etc.

What should you do? First it is important to be sure that you believe in the cause. Uplifted students and sheets to sheets by organizations should be frequently present what they want to be and not necessarily truth. If you are in doubt as to what is correct, ask a member of the Student Affairs Council or ask the SAC representatives.

One point to remember. If you favor the fee increase, as many do, but are against the proposed advertising spread in your opinion the article you are asked to speak out. The way in which the increase is to be allocated would be the students want and the Council is interested in all comment or suggestions.

You want to convey the facts carefully and after you have, than you, to continue all this process and keep.

Editor In-Chief: Questions Increase Fund Allocation

If at first you don't succeed, try, try again. The goal is apparent. However, the Berretti's "Wonders" has a record of not being able to do anything to try to get the money. Their recommendation is to try to get the money until they are able to do anything to try to get the money.

The figures on this breakdown? An unclear, unclear, unclear in which the SAC debated in various issues. For the most part, if there must be, they will be before the general public.

Examples: The raise of $2000 for Music Tour will be $200 above the 1963-64 budget, an additional $3000 to Cal Poly Union Drama will be $1000 below this year, $2000 for College Union Fine Arts will be $1000 below this year, $1000 for College Union Fine Arts will be $1000 below this year, $2000 for the larger pie. More motion issues are $2000 above $1000 below this year, $2000 for the larger pie.

There has been only one "publication" in this year, which is $200 above $1000 below this year, $2000 below this year, $2000 below this year, $2000 below this year, $2000 below this year, $2000 below this year.

A less expensive group? The Daily Mustang group spent $900 in the same period, with the extra $500 not spent.</ref>

How will the money be spent? Well, there is an increase in student fees, which raises the amount of money, and then there is money for the regular engagement. This raises the amount of money, and then there is money for the regular engagement. This raises the amount of money, and then there is money for the regular engagement. This raises the amount of money, and then there is money for the regular engagement. The group got its start at Ten-
ANIMAL HUSBANDRY BANQUET

Four Outstanding Students, Beck Are Honored

In REPSY KINNARD (Office of the Dean of the College of Agriculture) and the Animal Husbandry Department, an annual banquet was held to honor outstanding students and their achievements.

Trophies were presented to students who demonstrated excellence in various areas of animal husbandry. The banquet was attended by approximately 200 people.

Some of the awards included recognition for the highest ranking students in different categories, such as beef cattle, dairy cattle, and swine. The banquet was a formal event, and students were dressed in formal attire.

The event was sponsored by the Animal Husbandry Department and the College of Agriculture, and it was a way to celebrate the hard work and dedication of the students in the field of animal husbandry.

Instructor Sells Educational Article

Mrs. Hall, a professor at the University of California, San Diego, sold a book to support educational efforts. The book, entitled "The Future of Education in a Modern World," was well-received and generated significant interest.

The book focused on the importance of education in the modern world and the challenges faced by educators. Mrs. Hall was praised for her comprehensive and insightful analysis.

Classified Advertising

Classified ads are a common way to reach a specific audience. In the classified section, there are various ads for apartments, jobs, and goods for sale.

For example, there is an ad for a one-bedroom apartment available for rent. The ad includes the location, amenities, and contact information.

The classified section is a valuable resource for individuals looking to buy, sell, or rent items or services.
Mustang Golfers 10th in Tournament

Cinderellas Take Victory
From San Fernando State

Cal Poly’s shortened track squad ran to a 106-33 victory here Saturday over the San Fernando Valley State Mustangs as Mike Ferguson grabbed three throws to pace the Mustangs. Ferguson won the high jump at 6 feet 8 inches, the broad jump at 20 feet 3 inches, and the 300-yard intermediate hurdles in 51.8. He was second in the 110-yard hurdles, which was won by Mustang Gary Walker in 15.5 sec., and tied the top of the Mustangs second place in the javelin which will be a tie. Mustang second place in the 110-yard hurdles will be a tie. Mustang second place in the discus will be a tie.

The Mustangs as a team tied (106-33) with the Vikings in the overall meet.

Laville Sets Javelin Mark
At Fresno Relays

In other track and field action, Elroy Laville set a new personal record in the javelin throw at the Valencia Relays Saturday.

The Mustangs were second in the overall meet with 600 points, followed by the University of Southern California with 669 points.

The meet was held on the campus of the University of Southern California and was won by the University of Southern California with 669 points.

Mustangs Drop Pair At Fresno

Jim Dennis and Mary Owen continued to pitch the Cal Poly Blue Jay to victory as they won their second consecutive game of the weekend series. The Blue Jay, ranked first in the nation, defeated the Mustangs 10-3.

The Mustangs were led by pitcher Jim Dennis, who allowed five runs on nine hits in five innings.

The Blue Jays scored four runs in the first inning, and added three more in the third.

Dennis pitched well, allowing only one earned run in five innings.

The Mustangs scored one run in the sixth inning, but it was too little to overcome the Blue Jay offense.

The Mustangs ended the series with a 2-0 record, after winning the opening game 7-2.

Armchair Athletes

I suppose that every youngster looks forward to seeing the days of spring and summerWhen flowers bloom and the sunshine shines, the feeling of anticipation is strong. It is a time of sports and activities that bring joy to the heart.

For me, it is a time to think back to the days of my youth when I was a boy on the farm. It was a time of outdoor adventure and exploration.

But the days are short, and the nights are long. It is a time to remember those special moments when we were free to run and play, to dream and imagine.

Today, the days of spring and summer are here once again. It is a time to celebrate and enjoy the beauty of nature.
