Minutes: None.

Communication(s) and Announcement(s):

Special Guests: [TIME CERTAIN 3:15pm]
Justin Wellner, Cal Poly Director for Government and Community Relations, will introduce Katcho Achadjian, CA State Assemblyman, and Bill Monning, CA State Senator, who will be present to discuss educational matters in California.

Business Item(s):
A. Resolution in Support of the Quarter System at Cal Poly: Jim LoCascio, Academic Senate CSU senator, first reading (pp. 2-3).
B. Resolution on Graduate Certificate Matriculated Student Requirements: Richard Savage, Director of Graduate Education, first reading (pp. 4-6).

Reports:
A. Academic Senate Chair:
B. President's Office:
C. Provost's Office:
D. Vice President for Student Affairs:
E. Statewide Senate:
F. CFA:
G. ASI:

Discussion Item(s):

Adjournment:
WHEREAS, the Presidential Semester Review Task Force found no compelling benefits for changing from a quarter calendar to a semester calendar (report available at http://president.calpoly.edu/semesterreview/); and

WHEREAS, the Academic Senate endorsed the findings of the Presidential Semester Review Task Force Final Report (AS-757-13); therefore, be it

RESOLVED: That the Academic Senate approve of the attached statement and forward it to Chancellor Timothy White.

Proposed by: Academic Senate Executive Committee
Dated: November 25 2013
November 25, 2013

Reaffirming the conclusion of the Cal Poly SLO Presidential Semester Review Task Force Final Report that remaining on the quarter calendar best fits the polytechnic nature of our university and improves the educational outcomes of students at Cal Poly SLO:

- Preliminary research shows that first generation and Hispanic students at Cal Poly SLO are not statistically less likely to graduate within an additional quarter than otherwise comparable students with the same “major persistence pattern” (analysis available upon request).

- Quarter classes are commonly 4 units, making a 16-unit quarter a normal full load, thus allowing students to complete up to a 192-unit program in twelve quarters and allowing 12 units of extra curricular flexibility for students with a 180-unit degree program.

- The quarter system allows a wider breadth of course offerings. Wider course offerings can strengthen both the scope and depth of a department’s curriculum.

- The quarter system gives more flexibility for off-campus educational activities. Our students often qualify for internships before they graduate and benefit from being able to be away from campus for ten weeks.

- The quarter system allows flexibility in payments for students who do not have a surplus of cash. For many people, it is easier to make three tuition payments per year than two.

- When polled, the campus as a whole (faculty, staff, and especially students) expressed a strong opposition to a semester calendar system for Cal Poly SLO.
WHEREAS, AS-726-11 establishes and endorses University Guidelines for Academic Graduate Certificate Programs; and

WHEREAS, AS-726-11 provides no guidelines for the application of credit earned by non-matriculated students; and

WHEREAS, Graduate certificates are an academic, not a professional, certificate; and

WHEREAS, Non-matriculated students may take courses through Special Session, a program run by Extended Education, a self-support program run by Extended Education; and

WHEREAS, Cal Poly limits the number of degree applicable units earned as a non-matriculated student: a maximum of 36 Open University units may be applied toward a Cal Poly undergraduate degree (36/180 = 20%) and a maximum of 12 units toward a graduate degree (12/45 = 27%); and

WHEREAS, Cal Poly general graduation requirements state that “students must be formally admitted to the major in which they wish to graduate, and must matriculate, in order to earn a degree;” and

WHEREAS, Students may currently complete all requisite courses in a graduate certificate program without being matriculated; therefore be it

RESOLVED: That a 7th requirement be added to the Academic Graduate Certificate Programs Specific Requirements stating that “Upon achieving 50% of the units that are applied toward satisfaction of graduate certificate requirements, no further units will be counted toward the graduate certificate for non-matriculated students”; and be it further

RESOLVED: That enrollment for all non-matriculated students in the first course in Academic Graduate Certificate Programs require the consent of the graduate certificate program coordinator who will advise students of the matriculation requirements for the certificate before enrolling students in the course.

Proposed by: Academic Senate Curriculum Committee

ACADEMIC GRADUATE CERTIFICATE PROGRAMS
(http://www.academicprograms.calpoly.edu/content/academic-graduate-certificate-programs)

INTRODUCTION
Academic graduate certificate programs are designed to provide a specialized area of study that meets the requirements for professional competence and to expand access to specialized knowledge. The subject matter is advanced and narrow in focus.

The programs are typically designed for working professionals who are seeking to advance their career opportunities by obtaining specialized knowledge in their field or in a new field.

This policy does not apply to Continuing Education Units (CEUs) or other non-credit certificate programs offered by Continuing Education. This policy does not apply to existing academic certificate programs at Cal Poly, including Teaching English as a Second Language (TESL), Technical Communication, Organizational Leadership, and Gerontology.

DEFINITIONS
An academic graduate certificate program:

1. declares that a student has satisfactorily completed a sequence of advanced academic courses that provide instruction in a stand-alone, coherent body of specialized knowledge; and
2. is designed to meet requirements for professional competence, expand access to specialized knowledge, or meet occupational needs for advanced interdisciplinary work.

AN ACADEMIC GRADUATE CERTIFICATE PROGRAM:
is a stand-alone program that is distinct from a specialization taken in conjunction with or as part of a degree program;

1. provides a set of learning experiences with a specific set of educational objectives;
2. consists of 12-24 quarter units (3-6 courses);
3. may be provided via Special Sessions (self-support) through Continuing Education (see Executive Order 1047); and
4. has a formal application process and a distinct matriculation.

SPECIFIC REQUIREMENTS
1. The educational background and prerequisites for admission into the graduate certificate program must be clearly stated.
2. The graduate certificate program advisor must verify that applicants have the appropriate and relevant background to meet the prerequisites of the program and to be successful in the program.
3. Admission to a graduate certificate program requires a bachelor's degree from an accredited institution with a major in a relevant field of study. The applicant must have attained a minimum GPA of 2.5 in the last 90 units attempted or have earned a GPA of at least 2.5 in the last degree completed. Work experience may substitute (at the discretion of the program) for the relevancy of the bachelor's degree and for the minimum GPA requirements.

4. Courses taken to satisfy the requirements of a graduate certificate program may be applied to the requirements of a graduate degree program; however, students must apply separately for admission into a graduate degree program.

5. Students who are enrolled only in a graduate certificate program are exempt from the continuous enrollment requirement for graduate students.

6. The graduate certificate program may allow a maximum of one 4-unit course in transfer credit, as determined by the graduate certificate program advisor.

ESTABLISHING ACADEMIC GRADUATE CERTIFICATE PROGRAMS

1. An academic graduate certificate program, and all its courses, must be approved by the Provost upon the recommendation of the Academic Senate through the regular curriculum approval process.

2. A graduate certificate program will generally consist of courses at the 500 level. No more than half of the courses may be at the 400 level. No course-work may be below the 400 level.

3. An Outline for Request for Approval of a New Graduate Certificate Program form is required. Form is found under Catalog and Curriculum Development section of Office of Registrar’s Records Office Forms page.

4. The Financial Aid Office should be contacted prior to the establishment of a new graduate certificate program to ensure that federal regulations regarding “Gainful Employment” are satisfied.

5. Academic graduate certificate programs do not require approval by the CSU Chancellor’s Office.

6. Typically graduate certificate programs do not undergo WASC review; however, the WASC Accreditation Liaison Officer should be contacted to determine if the new graduate certificate program is subject to a WASC Substantive Change Review.

7. Academic graduate certificate programs will be published in the catalog.

8. A graduate certificate program will be required to undergo program review at a frequency determined by Academic Programs.

AWARDING AN ACADEMIC GRADUATE CERTIFICATE

1. A minimum GPA of 3.0 is required for successful completion of a graduate certificate program. Students may not elect to take courses required for the certificate as credit/no credit.

2. A graduate certificate program must be completed within 3 years.

3. The title of the graduate certificate will appear on the student's official transcript.

4. Completion of the graduate certificate program will be commemorated by a document bearing the University seal and signed by the program’s college dean(s).

-Adopted by the Academic Senate March 8, 2011, Resolution AS-726-11
