Committee On Coeds Gives Report;
But No Administrative Changes Yet

The first part of a report by a student-faculty com-
mittee concerning proposed changes of college regula-
tions for women was delivered a week ago to Student Affairs Cousel.

Committee Chairman Madson Kemp made the report.

The committee was formed by the Student Affairs Coun-
cil. It has been especially careful to avoid any appearance of
impartiality and has taken care not to be favorably con-
sidered by the administration or the BAC ac-
cepting them and presenting a resolution containing the
proposed policy changes to the administration this past
year. The recommendations for students over 21 would allow
women to vote and to run for student government and to hold
voting power in the Student Senate.

Committee chairman Kemp made the report.

Kemp promises an "equitable solution"

The following Tuesday, Jan. 28.

Editor:

Another letter mentions that the administration did not take any action. This is unfortunate. The administration should have taken action as soon as the protest began. The administration should have recognized the students’ concerns and addressed them.

Car Accessories

The administration must be given credit for taking note of the protest. The administration should have taken action to address the students’ concerns.

Student Affairs Council accepted the offer, and set up a conference of four SAC members hated by Malcom Kemp. The administration should have set up a conference of four SAC members hated by Malcom Kemp.

The administration should have recognized the students’ concerns and addressed them. The administration should have taken action to address the students’ concerns.

**Okay. Now what?**

While you're busy mapping out your future, you may find it worth your while to help solve one of our problems. Who's going to run the booming Pacific Telephone company a year from now — and for the next 50 years or so?

If the idea interests you — whether your major lies in the physical sciences, liberalism, engineering, or business — you may be sure of a growing opportunity to show your stuff.

In fact, your first assignment will be in management.

(We can afford to bank on your managerial potential, because existing positions are left up to average students.)

As a member of management, you'll have to solve your own problems. And from your first assignment, right on up into middle and top management, your pace will be in direct proportion to your performance.

While our representative is on campus, have a talk with him. He's interested in anyone who'd like to run Pacific Telephone.

**TALK TO OUR REPRESENTATIVES ON CAMPUS JANUARY 29 AND 30**

Jorgensen's Roundballers Look For First League Win

By JOHN PROH

The Poly Five, with only two seniors, will look to win their first intraleague basketball game Saturday night at 9 when they take on the Santa Barbara Gauchos at the Poly gymnasium.

The two teams, meeting for the first time this year, are expected to put on a fast-breaking, high-scoring game. Poly Five has won both of its first league games, while the Gauchos were tied with 1-1 after Tuesday's game with the Windovers.

Freshman guard Bill Crum, who scored 21 points last weekend, should be a key factor against Santa Barbara. "He can play any position on the floor and is very fast," said Poly Five coach Timmy Carr.

A key to the game will be the inside play of Poly Five center John Utterback, who scored 15 points in the previous game against the Willowcats.

The Gauchos, who are rated the No. 1 team in the state, will rely on the speed of their guards, including Gilson, who scored 20 points last weekend.

The game will be the first for Santa Barbara's Mike Hoagland, who was out last week with a sprained ankle. He is expected to make a strong showing against Poly Five.

"This is a very important game for us," said Hoagland. "We want to prove that we are the best team in the league and that we can beat any team in the league.

"We're looking forward to playing Poly Five and seeing how we stack up against them. They have a good team and we know we have to play our best to win.

"It will be a great game and I'm excited about it."

The Poly Five will be playing without their star player, Cal Poly's guard Bob laughing, who was out last weekend with a shoulder injury.

"Bob is our leader on the court and we'll miss him a lot," said Carr. "But we have a good team and we're confident we can win.

"It will be a tough game and we'll have to play our best to win," said Carr. "But we're looking forward to it and we're confident we can win.

"It will be a great game and we're excited about it."

The game will be played at the Poly gymnasium and will be televised by KOVR Channel 13.

Colts Bring $2600

Two Cal Poly basketball tickets were bought for $2600 by a local sports fan and will be given away in a drawing to benefit the Poly Five. The tickets are for the game against the Gauchos on Saturday night.

The money raised will be used to help finance the Poly Five's travel expenses for the season.

The tickets were bought by a local businessman who has been a Poly Five season-ticket holder for several years. He said he was interested in helping the Poly Five because he believes they have a bright future and he wants to support them.

"I'm a big fan of Poly Five and I think they have a great team," he said.

"I believe in what they are doing and I want to help them win.

"I think they have a great chance to win and I want to do my part to help them win.

"I'm excited about the game and I think it will be a great game.

"I believe in Poly Five and I want to help them win.

"I think they have a great chance to win and I want to do my part to help them win.
