Interim director of admissions selected

Dr. Euel W. Kennedy, a member of the faculty since 1974, has been appointed interim director of admissions, records and evaluations. In making the announcement, Dr. Philip S. Bailey Jr., interim vice president for academic affairs, said the professor of mathematics will take up his new duties on Aug. 1.

He will serve in the interim position until the appointment of a permanent director is made. The recruitment for a permanent director is expected to begin during the fall quarter.

Kennedy earned an undergraduate degree in physics and mathematics at East Central State University in Oklahoma and two advanced degrees in mathematics from the University of Utah.

He taught at San Diego State and Simon Bolivar University in Venezuela before joining Cal Poly. He received a Distinguished Teaching Award in 1983-84.

Sabol appointed to associate dean post

Dr. Joseph E. Sabol has been appointed associate dean of the School of Agriculture.

Sabol, who assumed the title immediately, joined the Agricultural Education faculty in 1972. He became head of that department in 1982 and continued in that post until mid-1988 when he was appointed interim associate dean.

He will continue to oversee the school’s student recruitment and admission activities. He will also coordinate Cal Poly’s activities as the chief support university of the newly opened College of Agriculture of the Humid Tropic Region located near San Jose, Costa Rica.

Sabol is a graduate of Fresno State, UC Davis, and Colorado State University. He also did graduate work at Cal Poly and Ohio State University.

He is a specialist in teaching effectiveness and in vocational agriculture and holds California life credentials in both general secondary teaching and vocational agriculture teaching.

His contributions to agricultural education have been recognized by the National Future Farmers of America and the California Association of Future Farmers of America.

Committee selected for affirmation action director position

Dr. Peter Lee, dean of the School of Engineering, has been appointed chairman of the consultative committee for the affirmative action director position.

Other committee members are Julia Waller, James Murphy, Jan Pieper, Kathleen Ryan, John Grice, David Cantu, and William Rife.

The deadline for applications for the position is July 18.

Placement Center, Counseling to move

Counseling and the Placement Center will be moving into the new Student Services Building the week of July 23-27. Counseling will be closed from July 23-25. However, emergency services will be provided. The Placement Center will be closed the entire week.

Perlick to be interim dean of Business

Dr. Walter W. Perlick, acting head of the Business Administration Department, has been appointed interim dean of the School of Business.

He will assume his new duties Aug. 31 following the resignation of Dr. Kenneth D. Walters, who will become dean of the Robert O. Anderson School of Management at the University of New Mexico.

A member of the Cal Poly faculty since 1979, he previously taught at Northern Illinois, Penn State, and Colorado State University. From 1979 to 1984 Perlick served as head of the Business Administration Department. Since 1987 he has been director of Cal Poly’s Small Business Institute Program.

Perlick is presently completing a textbook on small business management, which will be published next year.

He is a member of more than a dozen professional organizations, and he is a consultant in California, with prior consulting experience in Colorado, Illinois, and Minnesota.

Gary York

Gary York, 40, computer department manager at El Corral Bookstore, was killed in an automobile accident in Paso Robles June 24. A Foundation employee since 1987, he is survived by a wife and a daughter.

Faculty/Staff

Payday is July 31
Farewell reception

The Cal Poly Children’s Center will host a reception to bid farewell to Liz Regan, coordinator of the center. She has accepted the Early Childhood Studies faculty/coordinator position at Alan Hancock College in Santa Maria.

The reception will take place on the Business Administration lawn on Thursday, July 26, from 6:30 to 8:30 pm. Faculty, staff, students and friends are invited to attend.

Foundation board to meet July 20

The next regularly scheduled meeting of the Foundation board of directors will be Friday, July 20, at 9:30 am in the Foundation Administration Building, Conference Room 124. This is a public meeting. For further information about this meeting or to obtain a copy of the meeting agenda, contact Al Amaral (executive director, Cal Poly Foundation) at ext. 1131.

Stress management

The San Luis Medical Clinic is presenting a series of free classes on managing stress. The classes are open to the public and will be held on Wednesdays (Aug. 1, 8, 15, 22, and 29) from 6 to 8 pm at the San Luis Medical Clinic, 1235 Osos Street, San Luis Obispo. Each class will address a different topic related to stress management, and participants may attend some or all of the sessions. Enrollment is limited and pre-registration is necessary. For more information, call 546-5841 or 546-5737.

Cal Poly automobile in sun-powered race

Cal Poly’s student-built solar-powered automobile, Sun Luis, is competing in the largest sun-powered-car race ever held in the United States.

The 10-day, 1,800-mile General Motors Sunrayce USA started Monday (July 9) from Walt Disney World and runs on secondary roads through Alabama, Tennessee, Kentucky, Indiana, and Ohio. The race will end next Thursday (July 19) at the General Motors Technical Center in Warren, Mich.

Cal Poly’s Sun Luis will be competing against solar-powered cars from 31 other North American universities. Other California schools in the race are Cal Poly Pomona, Cal State Los Angeles, Cal State Northridge, and Stanford.

A total of 46 students and six faculty advisors helped with various phases of the project, which began in January 1989 with the drafting of a proposal. Seventeen team members and Dr. Safwat Moustafa of the Mechanical Engineering Department made the trip to Florida for the race.

The three-wheeled Sun Luis weighs about 650 pounds, is 6 meters long, and stands a shade less than a meter tall. It is powered by 3,000 solar cells covering a 2-meter-by-4-meter panel, two-thirds of which can be tilted for maximum exposure to the sun. The cells, donated by Westinghouse, generate one kilowatt of electricity that can power the car directly or charge its 123-pound battery.

Sun Luis is designed to cruise at 35 mph and reach a speed of 55 — in keeping with race rules that will limit speeds to posted limits.

Position Vacancies

Vacant staff positions at Cal Poly and the Cal Poly Foundation are announced in this column and are posted outside the respective offices. Contact those offices (State: Adm. 110, 805-756-2236 — Foundation Administration Building, 805-756-1121) for applications and additional position details. Both Cal Poly and the Foundation are subject to all laws governing affirmative action and equal employment opportunity. Cal Poly hires only individuals lawfully authorized to work in the United States. All eligible and interested persons are encouraged to apply. Applications must be received by 5 pm or postmarked by the closing date.
