Wesley Methodists Attend International Conference

"Resolution" and "action" were the two words on the Polynesian Islander when members of the Eastern Methodist University Council met recently in Anchorage, Alaska. According to Mr. Daniel Bowman, one of the ministers present, the conference was organized to promote better understanding and cooperation among the different branches of the Methodist Church.

Joe Nicholas, head of the conference, said, "The conference was a great success. We discussed many important issues and reached consensus on several key points." He added, "I believe this is a turning point for our church."

Berkeley In Retrospect

By Dr. G. Timp

Take a historical excursion to an agriculturally oriented university campus, an observatory, and a botanical garden. The University of California's campus is a treasure trove of academic and cultural history. This letter is in regard to the Berkeley campus, which is truly a unique and vibrant place.

The campus is a testament to the rich history of higher education. Berkeley was founded in 1868 and has since grown into one of the world's leading universities. With its beautiful architecture and expansive open spaces, the campus is a place where students and faculty can engage in intellectual pursuits.

Berkeley has been home to many prominent figures, including Nobel laureates and influential thinkers. The university has a strong tradition of academic excellence and has produced countless leaders in various fields.

The campus is also known for its vibrant cultural life. Berkeley is home to a diverse community of students, faculty, and staff, and there is a wide range of activities and events to participate in. Whether it's attending a lecture, attending a performance, or simply exploring the campus, there is always something to do.

Despite its many attractions, Berkeley is not without its challenges. The university faces issues related to funding, governance, and student life. However, the campus is resilient and continues to thrive.

In conclusion, Berkeley is a place where history and innovation come together. It is a campus where students are encouraged to think critically and to pursue their passions. Whether you are a current student, alumni, or simply a visitor, the Berkeley campus is a place that you will never forget.

Folk Festival Features All College Talent

The College Union Food Court Committee, sponsor a Folk Festival this Friday and Saturday night.
The first in a series of events is to be a square dance, to be sponsored by the Broad Street Dance Club, at 8 p.m. in Central Gym. An all-day tea party, sponsored by that committee, will be held in the Little Theater.
The part of the event is Saturday night, is a performance of a square dance at 8 p.m. It is to be sponsored by the College Union Food Court Committee. The performance will feature dancing and live music from various artists, including local bands and amateur performers.

Trustees Approve Academic Plan

An Academic Master Plan for Cal Poly was given approval by the Board of Trustees last week. The plan, which includes a comprehensive set of reforms, is designed to improve the quality of education offered at the university.

Dr. John G. Fink, a member of the faculty of the College of Agriculture, has received a research grant from the National Science Foundation (NSF). The grant will form the basis of a research project on the use of molecular markers in plant breeding.

During the weekend, there will be a variety of events to celebrate the academic achievements of the students. Among these are a faculty reception, a student art show, and a concert by the university band. The events are open to the public and are expected to attract a large crowd.

Doctor Asks For Donors

Dr. Robert Krumm, professor of botany at Cal Poly, has requested the assistance of donors in anticipating a large blood drive. The drive is scheduled for next week and will be held in the Student Union Building.

The experiments are being conducted in a laboratory and a greenhouse. The results are expected to be valuable to agricultural practitioners and researchers.

The Academic Master Plan for Cal Poly includes a number of reforms. Among these are the creation of new degree programs, the expansion of existing programs, and the enhancement of the quality of education offered at the university. The plan is expected to be implemented in the fall of 1964.

Campus Capers

The faculty and staff of the university are invited to a faculty reception to be held in the Student Union Building on Thursday evening. The reception is scheduled for 5:30 p.m. and is expected to conclude at 7:30 p.m.

The reception is to be held in honor of the university's faculty and staff, and is expected to be a social event. The reception will feature food and drinks, as well as music and entertainment.

For Study on Spot Virus

Dr. Charles Frank, of the University of California, has received a research grant from the National Science Foundation (NSF) to study the tobacco ring spot virus. The study is expected to provide valuable information about the virus and its effects on plants.

The experiments are being conducted in a laboratory and a greenhouse. The results are expected to be valuable to agricultural practitioners and researchers.

American College life

The new selection method to be introduced in the fall of 1964 is expected to be implemented in the fall of 1964.

An Academic Master Plan for Cal Poly includes a number of reforms. Among these are the creation of new degree programs, the expansion of existing programs, and the enhancement of the quality of education offered at the university. The plan is expected to be implemented in the fall of 1964.

Cagers Upset Top-Ranked Diablos; Bow To High Scoring Valley State

The Mustangs' upset of the Diablos was a big surprise to many. The Mustangs, led by Norm Arthur, pulled ahead early and held on for a 68-66 win. Arthur scored 23 points, including 15 in the first half, to lead the Mustangs. The Diablos' top scorer was Curtis Perry with 20 points.

Wrestlers On Top; Sponsor Tourney

The intramural wrestling tournament was held this week and the Mustangs dominated. The team, led by Capt. John Johnson, captured first place. The tournament included a round-robin format and a championship match.

Intramurals

The intramural basketball tournament, which began this weekend, has seen some exciting games. The Mustangs are currently in the lead, but the Valley team is close behind. The tournament continues this week with games scheduled daily.

Gymnasts Open Against L. A. State

Cal Poly's gymnastics team will face L. A. State in tonight's home meet. The Mustangs have been practicing hard and are ready to compete. The meet starts at 7:30 p.m. at the gym.
