Nation Feted Engineers; So Does Cal Poly

Relating somehow in the heart of every engineer's life is the spirit of the engineer. It is the spirit of the engineer that has inspired and motivated the students of the Polytechnic College to organize and hold an All-Poly Weekend in Dine Need Of Participants.

Registration for All-Poly Weekend will be held from 9 a.m. to 3 p.m. on March 28 at the Administration Building. If you have not yet registered, you are encouraged to do so. Three events are scheduled:

1. **Workshop on Engineering Problems:** The keynote speaker will be Dr. Robert E. Torrey, professor of electrical engineering at Cal Poly. The workshop will cover current problems in engineering.

2. **Seminar on Engineering Careers:** This seminar will feature discussions on various engineering careers, with panelists including representatives from different engineering fields.

3. **Innovative Ideas Contest:** Participants are invited to submit ideas for innovative engineering projects. The top three ideas will be presented to the public.

What's With Pendulum?

SAC Is Wondering

What is going to be done with the pendulum? This year, the pendulum will be on display in the Student Union. The pendulum is an interesting tool used in physics to study the effects of gravity on objects. It is a classic example of motion and change. The pendulum also serves as a useful demonstration for teaching the principles of mechanics.

Activity Committee is considering the matter of how to make the pendulum work and will make a decision soon.

Drop Date Is Feb. 20

For college majore interested in engineering, the drop date is Feb. 20. If you are considering changing your major or dropping out, it is important to understand the implications of this date.

Math Add Courses In Computers

"There have been new courses added to the mathematics curriculum this semester. "SAC Courses" is a computer course that has been introduced," explained the SAC president.

John Berlin, the Math Club president, pointed out that the SAC has been working on improving the curriculum to meet the needs of students.

It is important to note that the drop date is Feb. 20. If you are considering dropping out or changing your major, it is essential to understand the implications of this date and to make informed decisions.

Industrial Engineers Build Force Platform

John Berlin, the Math Club president, pointed out that the SAC has been working on improving the curriculum to meet the needs of students.

UNIVERSITY OF NEW YORK — Campusатегics will be selecting freshman this spring. Alpha Zeta, the honorary agriculture fraternity, will begin work on a new site and at the same time improve the college's facilities by putting the physics and chemistry faculties to use. The project will involve members of the Alpha Zeta delegates' trip to the annual convention next year.

WANTED

Young men of management caliber for rewarding careers in the world of modern banking

With Fargo offers competitive training.
If you're interested in the fascinating field of modern finance, Wells Fargo Bank offers post-graduation training in Branch Management, Branch Operations, Financial Analysis, Trust Administration, Agricultural Appraisal, and International Banking.
Can you measure up to the challenge of technical opportunities for growth?
Answer "Yes" and we'll help you to find business success with us.
The kind of business that makes the future brighter.
Wells Fargo Bank has played a leading role in the economic development of one of the most dynamic regions in the country — Northern California. Of the 2500 employees who make their home in the San Francisco area, 600 are employed in our bank's Northern California region.

Our Representative: W.B. COONEY

Students Report On Foreign Study

Sweden

EDITOR'S NOTE: The following report is a letter written by Mr. 
Svensson from Stockholm to his wife, Mrs. Svensson, in California. 
It is part of a series of reports on foreign study from various countries.

Mr. Svensson has been studying at the University of Stockholm for the past two semesters. He writes to his wife about his experiences and observations during his stay in Sweden.

Mr. Svensson notes that the organization of the program is handled by an advisor, Dr. Worserman, who is from the University of Stuttgart.

Mr. Svensson mentions that the courses are divided into two categories: those that can be taken on a regular basis and those that are optional.

The University of Stockholm is a large institution with a diverse student body. Mr. Svensson observes that the students are generally friendly and helpful.

Mr. Svensson also mentions that the accommodation offered at the University is good, with a variety of options available.

Mr. Svensson's stay in Sweden has been a valuable experience, both academically and personally.

Impala Super Sport Covey

Recondition your driveway

Park not front, at least for a while, and let the neighbors enjoy that sweet Impala Super Sport aroma. After all, you've paid for it. If you can't, let the neighbors benefit from your hard work. If you're cleaning up the driveway, you might consider the Impala Super Sport. It's a car that everyone will admire.
Mustangs Meet Diablos, 49'ers

With only three games left in league play, the Mustang basketball team will be looking to improve its second place standing in the Big West Conference. Long Beach is now 6-2 in the conference and 18-8 overall, while second place UC Santa Barbara is 7-1, 19-9.

Coach Vic Buccola's Mustangs will have their first home contest of the weekend against the Cal Poly Diablos this Friday, Feb. 19, at 8:00 p.m. Cal Poly, 10-11 overall, is currently in fifth place in the conference, 5-7 in league play.

Coach Buccola's Mustangs are coming off a big win over San Francisco State last weekend, 82-80 in overtime. The Mustangs led the Dons 60-56 after three quarters, but San Francisco State scored the first 11 points of the fourth quarter to grab the lead back. The Mustangs, however, were able to hold off the Dons' comeback attempt and capture the win.

The Mustangs are currently in second place in the Big West Conference, 7-1 in league play, 18-8 overall. Cal Poly, on the other hand, is in fifth place, 5-7 in league play, 10-11 overall.

Coach Buccola's Mustangs are looking to build on their recent success and continue their push for the conference championship. With only three games left in league play, every contest is crucial for both teams. The Mustangs will have to play well against Cal Poly to keep pace with the leaders in the conference.

Coach Buccola's Mustangs are looking for a win against the Diablos to help solidify their second place standing in the conference. With only three games left in league play, the Mustangs will have to play well against Cal Poly to keep pace with the leaders in the conference.
