Government Assailed

BY ROBERT HUY

"Negroes in Mississippi are much more intelligent than we have been given credit for," said Jerry Givens, 21, a graduate of Mississippi Valley High School. "We are not the same. Politics lacks a feeling of humanity."

Givens, who is a member of the Mississippi Freedom Democratic Party (MFDP), went to the "Liberals" of his state, and on March 9, he was to run for Congress on the MFDP ticket.

"If I win, I will try to make Mississippi a better place for the Negro," said Givens. "If I lose, I will try to make sure that the MFDP does not lose.

"There is also an authority and an approach to the issue of the Negroes in Mississippi. Our government spends millions of dollars on the war in Vietnam, but it can't see Mississippi."

"Politics lacks a feeling of humanity."

Friend Of Poly To Retire After 34 Years Of Service

BY OLIVER KLEIN

After 34 years of service to the university, one of the most dedicated Poly faculty members of the past is retiring in June. This must be the broadest, most diversified and most satisfying service I have ever done.

The popular opinion was that skateboarding at Poly was banned. Should skateboarding be banned at Poly?

In those days as publicity man in the California FFA, I would sometimes drive the FFA kids around in a blue car with my wife Gladys. At the time, I was writing a book on skateboarding for the FFA. I was the first to teach skateboarding as a sport and I was the first to write about skateboarding.

With a degree in Mathematics, and with the help of his wife, Marguerite, he assisted in the development of the FFA magazine. He is the first to teach skateboarding as a sport and to write about skateboarding.

After retiring from the FFA, he became a professor at Cal Poly and has been teaching skateboarding as a sport for the past 34 years. He is the first to teach skateboarding as a sport and to write about skateboarding.
