Col. Boyce retires, joins college staff

Col. William M. Boyce, retiring head of the Military Science Department, accepts the second highest-pension award, the Legion of Merit, from Maj. Gen. Ernest F. Easterbrook, Deputy Commander of the Sixth Army.

Colonel Boyce with the second highest possible medal in personnel for "exceptionally distinguished conduct in the performance of outstanding service rendered in a clearly exceptional manner. And for exceptionally high recognition of his civic and public obligations, and active participation in a variety of worthy faculty and educational institutions in the community of San Luis Obispo." The award was presented to Col. Boyce by Major General Ernest F. Easterbrook, Deputy Commander of the Sixth Army. Easterbrook has himself been transferred here from Fort Bragg, N.C., in September.

Easterbrook in the Military Science Department. He was briefly on the Army ROTC program.

Boyce, whose retirement from military service was formally accepted last week, went to Cal Poly for three years and has had a variety of assignments which have included Arabian Horse Show, Military Science Department, and the Arts and Sciences Department; the Arizona University, Retirement for employees working with the student body.

Boyce has served at Cal Poly for three years, and has been on the active duty list for 17 years. During this time, he has had assignments which have taken him all over the continental United States, to Europe, and the Far East. While on these assignments, he has had a variety of duties ranging from platoon leader, instructor, and group leader with the Chief of Staff.

Money available for needy students

President Johnson has approved the allocation of more than $176,000 in Federal loans to help college students in need of financial aid during the 1965-66 academic year.

The allocation, earmarked for 1,599 colleges and universities, was made available to help students in need of financial aid during the 1965-66 academic year. We have available today more

crime has generally increased.

Furthermore, the solutions

you propose are attempts to
treat the symptoms, rather than
to eliminate the cause of the

problem. Clamping down on civil liberties, for example,
can only aggravate stress.

Higher pay for law enforc-

Career openings

What are the opportunities for employment in the parastatal service of engineering, nursing, medical technology, public health, sanitation, and "medical liberalism"?

To help answer this question, a survey of women in professional nursing is being initiated by the Elite Lodge as a part of their youth activities movement, according to Bob Brown, chief medical technologist at the Los Angeles County Hospital.

The first of these seminars on Nov. 11, 8 a.m., at the Elks Lodge, 637 Marsh St., San Luis Obispo. Featured at this seminar will be a general technologist, a nurse, a sanitarian, an civil engineer. All students and faculty are invited to attend.

Douglas Geradot, college building coordinator, came out of the Administration Building in talk to the protesting students. As they talked one student held an eucalyptus branch over Geradot for shade.

As to why the trees are being removed, Geradot said they are in the way of improvement of the North Peripheral Road near the Administration Building and also in the way of a sidewalk to be laid in that area.

Geradot maintained that sometimes "trees are planted haphazardly without regard to the master plan." Such was the case of these eucalyptus trees.

But he pointed out that only five of the 12 trees were taken out and all efforts are being made to let the other seven remain.

**Poly behind on student role in policies, Boyd**

"The student movement is one that this college has not kept itself abreast of developments on other state college campuses to formally include students in the decision-making process of the college," said Poly student Robert Boyd when asked about the recent meeting of a committee of the California State College Academic Senate before which he appeared.

The seven-member committee had invited students from five state colleges to present their views on the role of students in a college's policy formulation and the college's involvement in student activity off campus.

Students from San Jose, San Francisco, Chico, Santa Barbara and Poly appeared before the committee. Unlike Boyd, the other students were either elected student officials or members of student government. All five presented their own personal point of view as well as their college's where the two did not coincide.

According to Boyd, the students spoke out strongly in favor of allowing recognized student groups on campus whenever they wished to do so. The student body president from San Francisco State pointed to his college's student, faculty and administration committees as Polara's different, all right. They have suggested that a federal commission be formed to investigate the boxing game. According to their plans, they will form a ‘boxing court’ to govern the sport.

If the federal government steps in, the boxing sport will not survive. The only solution, they suggest, is to stop its policy where several states are not being recognized by the WBA (World Boxing Association). The only step is to unite all of the fifty states under a central boxing association to avoid non-recognized champions.

Boxing on the decline? If it is, it only means that the average fan has placed too many bets.

CP vs Diablos
Facing an almost impossible task, Cal Poly's gridiron team will try to play out the script of success in the hard CCAA race as they try again to avenge the highly-regarded Cal State at LA Bulldogs tomorrow night in Pasadena's famed Rose Bowl.

The defending CCAA champions, the Diablos, will be out to put on a winning performance for their upcoming festivities.

However, the Diablos might be looking ahead to tomorrow night in competition with Cal Poly, who will face Cal State of Long Beach on Nov. 10. Cal State at Los Angeles will be last-by-running out of the league, where presently fifth in NCAA rushing dept. He had carried the pigskin 66 times for 716 yards. Total offensive-wise, Jones is also fifth with 714 yards on 118 plays executed.

On the other hand, Cal Poly will be trying for a clean sweep in league play in Southern California. Tenaya lead intramural play

Bob Swett and Jim Kuhue swept through a tough field of competitors last Wednesday on their way to the winner's circle in the annual Intramural double's tournament. Swett and Kuhue were not defeated. According to Intramural Director Vaughan Hitchcock, the handball singles tourney is scheduled for Thursday, Nov. 11, at 7 p.m. Signups will be at the courts. Tonight at 7 p.m. in the men's gymnasium there will be the table tennis finals. Last Wednesday night the opening field of 28 was pared to tonight's participants.

Coach Hitchcock also announced that singles badminton tournament will begin tonight at 7 p.m. Signups will be taken at the courts.

Moving into the sixth week of intramural football play, the Business Club continued to roll in the Tuesday league with a 5-0 mark. Pat McCawley, tying for a possible all-league berth, sparked the Businessmen to a 6-0 victory in their last outing. Jeff Fox was another Business Club standout, until sidelined by penalties.

Circle K, with a 4-0 record, kept pace with the leaders last week and will meet location with the Business Club Tuesday, Nov. 16.

Defending champion North Mustang, PB McAweeney, tried a half-gate behind. The Mustangs took the Crop Club, both 3-0-1, but each lost in 90 minutes' last week to deadlock the standings. The Champs (4-0) looked like "champs" in Thursday's upset of the South leading the way, as is the tradition with a 2-1 mark.

EXEMPLAR OF THE TRADITIONAL

Manhattan University Row Shirts satisfy the most authentic requirements

The most uncompromising men we know insist on Manhattan University Row shirts because they are right—without question. Every detail of "traditional" styling and tailoring is to be found: the authentic roll-button-down collar, box plait at the back with hangar loop, tapered body and half-sleeves of the correct length. Fabrics and patterns, likewise, conform to tradition. This authenticity should surprise no one because, after all, Manhattan has been the exemplar of traditional styling for many years. See our University Row collection today, to choose your personal favorites.
