Center for the Arts to host art$alute '88

A silent auction, a gourmet dinner, a live auction, a show by The Drifters, and dancing until midnight will all be part of art$alute '88 on Saturday, April 30.

The program, in Chumash Auditorium, will be hosted by the Cal Poly Center for the Arts. Proceeds will go to quality programming designed to serve both the campus and the community.

In addition, the Center for the Arts will present two major awards recognizing contributions to the cultural environment of San Luis Obispo County. The President's Award will honor a person, family or organization. A second award, the Student Arts Award, will honor a Cal Poly student.

The evening kicks off at 6 pm with a reception and silent auction. A gourmet dinner will follow at 7 pm. After the awards ceremony, the live auction will get underway.

Some of the auction items include an opportunity for six children to have a private practice session with members of the San Francisco Giants before a home game this season; a purebred Arabian filly; joining golf giants Jack Nicklaus, Lee Trevino, and others for a skins game in the desert; and the chance to buy memorabilia from the estate of Academy Award-winning director George Stevens.

The title of the evening is "This Magic Moment," taken from one of the many hits by the star group for the night, The Drifters.

Recently acclaimed as one of the greatest groups in music history, The Drifters were inducted into the Rock and Roll Hall of Fame earlier this year. The group will perform such mega hits as "Under the Boardwalk," "On Broadway," "Up on the Roof," "There Goes My Baby," and, of course, "This Magic Moment."

The evening will conclude with dancing until midnight.

Tickets for art$alute '88 are $50 per person. Seating will be on a first-come, first-served basis. To order by credit card, call the Cal Poly Center for the Arts, ext. 6556. Tickets also may be purchased at the Theatre Box Office daily from 10 am. to 4 p.m.

Apple in $300,000 computer donation

Apple Computer has announced it will donate Macintosh computers worth approximately $300,000 to Cal Poly. The computers will be arriving on campus this summer for utilization in the fall.

According to Bill Stack, Apple's account executive for Cal Poly, "the university is making a significant commitment to microcomputing and specifically Macintosh technology. Partnership is the key word," said Stack. "We are extremely confident that this commitment to the university will provide a solid platform for future programs and mutual endeavors."

"It is anticipated that this equipment will be used to enhance various departments using Macintosh technology, as well as provide a number of development systems for faculty to create instructional and curriculum applications," said Stack.

Peter Lee appointed dean of engineering

Dr. Peter Y. Lee, interim dean of the School of Engineering for the past year, can drop the word "interim" from his title.

President Baker has appointed Lee to the permanent dean's position, effective immediately, after a search that attracted 100 applications from top candidates across the nation.

Baker made the appointment with the recommendation of Vice President for Academic Affairs Malcolm Wilson and the enthusiastic recommendation of the consultative committee.

Lee succeeds Dr. Duane Bruley, who served as dean from August 1984 until he resigned to accept a position with the National Science Foundation in Washington, D.C., in March 1987.

Lee, 48, joined the Cal Poly faculty in 1981 as professor and head of the Civil and Environmental Engineering Dept.

In the spring of 1986 he was appointed associate dean of engineering, then was named interim dean upon Bruley's departure.

A specialist in soil mechanics, Lee taught at Tulane University for seven years and at South Dakota State University for five years before coming to Cal Poly.

He earned his master's degree and doctorate in civil engineering at Tulane, after earning his bachelor's degree at the National Taiwan University. He also received special training at UC Berkeley, MIT, Stanford University and Purdue University.

Born in China, now a U.S. citizen, Lee is a registered professional engineer.

As dean of engineering, Lee leads a faculty of about 150 in eight departments teaching more than 3,700 students.
Fun run scheduled

A 5-K fun run will be part of the fifth annual ASI Good Neighbor Day activities. The race will begin at 4:15 pm today (April 14) in front of the Main Gym.

Proceeds will benefit Neighbors Helping Neighbors, an independent, non-profit, volunteer organization that assists county residents through support of local health, youth, and human service groups.

Participants will proceed through campus to Poly Canyon, then to the Swine Unit, and back to the gym.

The $5 registration fee includes a Good Neighbor Day T-shirt and prizes. Sign-ups will be taken on the day of the event from 3 to 3:45 pm at the starting point.

'The World Game' slated for April 19

Participants in the fascinating World Game presentation will have an unforgettable opportunity to explore global issues and make realistic decisions concerning the state of the world.

This two- to three-hour event will take place in the Main Gym on Tuesday, April 19, at 7:30 pm.

Conceived in 1967 for the World's Fair in Montreal by the late scientist-educator-philosopher Buckminster Fuller, the game is an interactive presentation occurring on what has been called the largest and most accurate map of the Earth.

The map, almost the size of a basketball court, becomes a game board as 100 participants stand and move on the map. Each person represents one percent of the world's population.

Map participants will use flashlights to depict world energy production and consumption, loaves of bread to illustrate hunger and food consumption, and styrofoam missiles to portray nuclear proliferation and military spending.

The audience is invited to participate actively in polling, decision making, and scoring. Issues such as hunger, energy, population, nuclear war, education, economics, resources, and technology are worked out visually using videos and interactive simulations.

Activities will include a role playing simulation where participants are charged with the responsibility of averting a nuclear war.

This will be followed by a scenario that demonstrates the consequences of not averting nuclear holocaust, shown through a graphic display of the destructive potential of the world's 50,000 nuclear weapons.

From this point on the session will focus on creating a positive vision of the future — and the means for achieving it.

Those interested in participating on the map and in the decision-making process can sign up just prior to the event at the entrance of the Main Gym. Participants will be selected on a first-come, first-served basis.

The World Game presentation is sponsored the Student Life and Activities Office with funds provided by the Office of the Vice President for Academic Affairs.

Rec Sports to offer walking program

Rec Sports introduces a beginning walking program for faculty and staff. The program will begin Monday, April 25, at 5 pm and will continue every Monday and Wednesday for five weeks. The cost is $2.

Each class will last one hour and will include a fitness lecture. Class will be limited to 15 participants.

This is a pilot program and a medical consent form is required. To sign up and obtain a form, stop by the Rec Sports Office, UU 118. The deadline is Friday, April 22, at 4 pm.

Julia Morgan exhibit on display in Library

"Julia Morgan, California Architect: An Exhibition" is currently on display in the Special Collections Dept. (Room 409) of the Kennedy Library.

Best known for her work on Hearst Castle, Morgan also did architectural designs for Mills College, YWCA buildings, and UC Berkeley structures, as well as California residences.

The current exhibit includes memorabilia from her childhood and from her student years at the famed Ecole des Beaux Arts in Paris. Of particular note are original architectural drawings never before publicly shown. Also included are photographs and sketches.

The exhibition will continue through June 30. It is open Monday through Friday, 9 am to 4 pm.

Reduced fees set for sports camps

The Athletics Department is offering reduced enrollment fees on a limited number of spaces for Summer Sports Camps. The discount, available to the children of faculty and staff on a first-come basis, will apply to the "day camper" only enrollment fee.

Room and board fees for the "live-in" program will be charged at the full rate.

The camps offered include baseball, basketball, football, gymnastics, soccer, softball, tennis, track, volleyball, and wrestling.

Please note the NCAA rules forbid any graduating high school senior from participating in the camps.

For further information or a camp brochure, call Athletics, ext. 2923, or stop by Physical Education 123.
New food service director appointed

A Martinez resident who has been assistant director of food service at UC Berkeley since September 1986 has been named director of food services at Cal Poly.

The appointment of Nancy M. Williams was announced by Al W. Amaral, executive director of the Foundation. She will begin her new assignment on April 15.

Williams has 14 years of experience in the management of university food service programs.

Williams is a graduate of Illinois State University, where she earned her bachelor’s degree, and Ball State University (Ind.), where she earned her master’s degree.

At Cal Poly, she will direct a food service program with about 100 full-time employees and 700 student employees, and annual sales of approximately $8 million.

Facilities include two student dining rooms; a faculty-staff dining room; a full service restaurant; rapid service units including a snack bar, sandwich shop, burger bar, and ice cream parlor; a campus store featuring campus-grown and -produced products; various vending locations; and a campus catering operation.

Call for entries for annual flower show

Gardeners throughout the Central Coast area are invited to enter their best blooms in the Poly Royal Flower Show, April 22-23.

The show will be open to the public both days.

Entries will be judged in six categories — perennials, annuals, bulbs, blooms from flowering shrubs, roses, and container plants.

Ribbons will be awarded for the top three entries in each class and for the best in each section. Best of show and reserve best of show will also be given.

Entries should be delivered to the O.H. Unit on Via Carta north of the main campus between 5 and 9 pm on Thursday, April 21, or between 6:30 and 8 am on Friday, April 22.

All flowers entered in specimen classes must have been grown by the exhibitor. Containers will be provided by the flower show committee. Each entrant is being asked to identify, if possible, the variety of each entry.

For more information call the O.H. Department Office, ext. 2897 or ext. 2279.

Two talks scheduled by noted ag scholar

The politics of agricultural research will be the subject of two lectures by noted agricultural scholar Dr. Lawrence Busch.

Busch, who is co-leader of the University of Kentucky Committee for Agricultural Research Policy, will speak today (April 14) at 11 am in Chumash Auditorium and again at 4 pm in the Staff Dining Room.

His morning presentation will be on “Politics of Agricultural Research: Negotiations to Attain the Common Good” and his more informal remarks following an afternoon reception will focus on the revitalization of international agricultural education.

Task force created

Charles Crabb, chairman of the Academic Senate, has created a task force to evaluate faculty involvement in Academic Senate and university-wide committees.

The task force will study structure improvements, including the possible consolidation of committees.

The task force will also make recommendations regarding communications and faculty involvement in campus decision-making processes. Questions or input can be directed to Marjorie Snow (Academic Senate, ext. 1258) or Dr. Michael Stebbins, (Management, ext. 1416), chairman.

Trustee reappointed

Gov. Deukmejian has reappointed Marian Bagdasarian to the CSU board of trustees. The Fresno teacher was first appointed in 1984. Her new appointment will run until 1994. Her reappointment requires state senate confirmation.
Poly Royal concert by rock band Y&T

The hard-driving sounds of Y&T will be heard on Thursday, April 21, at 8 pm in the Main Gym as part of Poly Royal.

The San Francisco-based band recently came out with its new album, “Contagious.”

In 1981 the four-member group signed with A&M Records and a string of LP’s acclaimed by the rock press followed, including “Earthshaker,” “Black Tiger,” “Mean Streak,” “In Rock We Trust,” and the live “Open Fire,” which featured the hit single, “Summertime Girls.”

The group signed with Geffen in 1987.

As a group, Y&T has been described as everything from “anarchically exhausting,” to “full-blooded, hot rockin’, barnstormin’ metal maestros.”

Rock band Black ‘N Blue will open the Poly Royal show. Formed in Portland, Ore., in 1981, Black ‘N Blue emigrated to Los Angeles two years later. After playing clubs such as the Troubadour and the Country Club, Geffen signed the band in 1984.

Tickets for the concert can be purchased at the Boo Boo Records stores in San Luis Obispo and Arroyo Grande; Small Town Records and Tapes in Atascadero; The Music Center in Los Osos; and the UU Ticket Office.

Advance prices are $10.50 for students and $11.50 for the public. They will be $1 more at the door.

The concert is sponsored by the ASI Concerts Committee.

Amsterdam guitar trio to play April 16

The Amsterdam Guitar Trio, one of the finest guitar ensembles in the world, will appear as part of the Quintessence Series on Saturday, April 16, at 8 pm in the Theatre.

Formed in 1978, the trio (Helenus De Rijke, Johan Dorrestein, and Olga Frassen) was immediately recognized for their virtually flawless technique and ensemble, beauty of tone, and originality of repertoire.

Program selections for the concert will include “Winter” from Vivaldi’s “Four Seasons;” Chopin’s Rondo Op. 73; and Sonata in D Major, KV 448, by Mozart.

In addition, contemporary works commissioned especially for the trio will include “Collections for Three Guitars,” by Thai composer Dru Huntrakul, which premiered in Bangkok at a Royal Command Performance in 1983, and “Miss Garcia Doesn’t Ring Anymore” by Chiel Meijering, one of Holland’s most prolific composers whose composition has proven to be one of the most popular during the trio’s North American tour.

Tickets for the concert are $12 for the public and $8 for students for premium seats, and $10 and $6 for preferred seats. They are available at the Theatre Ticket Office between 10 am and 4 pm on weekdays, and can be reserved by calling ext. 1421.

The Quintessence Series is sponsored by the Cal Poly Center for the Arts.

Royal reception set

The Poly Royal Executive Board will welcome past members at the second annual Poly Royal Executive Board Alumni Reception. The celebration will take place on Saturday, April 23, from 1-2 pm in the Student Life and Activities Office on the second floor of the UU.

The gathering will provide an opportunity to share the experiences and enthusiasm generated by planning Poly Royal over the past 56 years.

All alumni and past executive board members are encouraged to attend.

Any questions or R.S.V.P’s can be directed to the Poly Royal Office at ext. 2487.

WSCU schedules three-day conference

“Crossing Boundaries: Working Together for Change in the CSU” is the theme of a three-day conference of the Women’s Council of the State University on April 21-23.

Cal Poly Pomona will host representatives from all 19 CSU campuses and the Office of the Chancellor at the fifth annual conference and staff training institute. State legislators and CSU trustee board members are also expected to participate.

Sessions will include the inter-relationship of race and ethnicity issues; employment status categories and academic hierarchies of faculty, staff and students; boundaries between units and functions; and legal and legislative barriers.

Classes cancelled

Malcolm W. Wilson, vice president for academic affairs, reminds all faculty members that classes scheduled during Poly Royal from noon, Thursday, April 21, through Saturday, April 23, will be cancelled. Although classes will not be held, all students and staff are expected to help prepare and participate in Poly Royal exhibits and events. These days are not academic holidays.

Meat now available

The Cal Poly Meat Lab is taking orders for sales of beef, lamb, and pork. For more information, call Matthew, Monday-Thursday, 8 am-noon, ext. 2114.
Program announced for forgiveable loans

A program to provide forgiveable loans of up to $10,000 a year for a maximum of three years to women and minorities to earn a doctorate will again be sponsored by the Chancellor's Office.

The loan is granted with the hope that participants will return to teach in the CSU in disciplines that are severely underrepresented.

Forgiveable Loan Program candidates do not have to be currently employed by the CSU to qualify, but all must be sponsored by a CSU campus to receive consideration.

Applicants must have an academic department support their nominations. Applications must be submitted with department and school endorsement to Robert Lucas, associate vice president for graduate studies, research, and faculty development (Adm. 317), by May 27. These will be reviewed by a university-wide committee.

An important aspect of each applicant is the willingness of the department to support the student during the three years he/she will be studying for the degree. Applicants should have the strong sponsorship of the department in which they might teach.

For guidelines, forms, a list of eligible fields for loans, and categories of minorities and women eligible for each field, call 1508.

---

March of Dimes walk participants sought

Interested faculty, staff, friends, and family are encouraged to sign up for the annual March of Dimes WalkAmerica.

If you are interested, please complete a pledge form (blank forms are located in the Personnel Office and Library), and bring it with you the day of the walk. Participants will meet at 7:45 am at one of the two locations for San Luis Obispo County (Paso Robles on April 30 and Arroyo Grande on May 7). Maps outlining the courses are printed on the back of the pledge forms. In order to save time on the day of the event, send in the pre-registration card that is attached to the pledge form.

Cal Poly walkers are encouraged to wear a Cal Poly T-shirt, but it is not mandatory. After the walk, there will be a free Santa Maria style barbecue for all participants. If you have any questions, phone the March of Dimes, 541-1310.

Note: Cal Poly assumes no liability and is not sponsoring a team. The walk will be done on your own time.

---

Photography subject of live teleconference

A live teleconference on photography, featuring master photographer Galen Rowell and Time/Life photographer Bill Pierce, will be broadcast on campus channel 8 from 10 am to noon, on Tuesday, April 9.

Rowell's presentation is about outdoor photography, and Pierce will discuss low-light black and white photography.

The broadcast can be viewed on all classroom monitors, as well as other locations such as the UU. At the conclusion, viewers will be able to use any available telephone to talk with the participants by means of an "800" number.

This presentation is made possible by Communications Services. Similar teleconferences will be made available if enough interest is expressed in this one.

---

'Cultural Views' spring presentations

The Multi-Cultural Center will present "Cultural Views" every Tuesday at 11 am in UU 217D. The April 19 presentation will feature Barbara Mori, a Social Sciences faculty member. Dr. Mori will discuss "Japanese Tea Ceremony" and give a demonstration.

Other weekly programs will include (April 26) "Economics and Agriculture in Somalia," presented by Somalian agriculture students Ali Robe and Abdul Kadir Farah; (May 3) "Contemporary Chicano Arts," Alurista, Foreign Languages; (May 10) "Evolution of Peruvian Culture," William L. Preston, Social Sciences; (May 17) "Foods of India," Kris Morey, Food Science and Nutrition; and (May 24) "Celebrations of Seville," Raul Cano, Biological Sciences.

SATURDAY, APRIL 23
Softball: Chapman College. Softball Field, noon.  
Baseball: Cal State Northridge, SLO Stadium, noon. ($)  

Position Vacancies
Vacant staff positions at Cal Poly and the Cal Poly Foundation are announced in this column and are posted outside the respective offices. Contact those offices (State: Adm. 110, 805-756-2236) — Foundation: mobile unit near the Fire Department (805-756-1121) for applications and additional position details. Both Cal Poly and the Foundation are subject to all laws governing affirmative action and equal employment opportunity. Cal Poly hires only individuals lawfully authorized to work in the United States. All eligible and interested persons are encouraged to apply. Applications must be received by 5 pm or postmarked by the closing date.

State
CLOSING DATE: 4-27-88
Administrative Operations Analyst I, $2126-$2545/month; confidential position, appointment effective 6-13-88, Vice President for Business Affairs.  
Clerical Assistant II-A, $1385-$1634/month; temporary 6-15-88 through 4-3-89, School of Architecture & Environmental Design.  

CUTODIANS, $8.09-$9.55/hour, temporary 6-11-88 to 9-9-88; up to 20 positions available; hours normally 7:30-4, but may vary. Housing and Conference Services.  

Painter II, $2376-$2607/month; temporary 6-1 to 12-1-88, Plant Operations.  

CLOSING DATE: 5-11-88
Public Safety Officer, $2255-$2714/month, Public Safety.  

Candidates for positions on the faculty of the university are presently being sought, according to Jan Pieper, director of personnel and employee relations. Those interested in learning more about the positions are invited to contact the appropriate dean or department head. Salaries for faculty commensurate with qualifications and experience (and time base where applicable), unless otherwise stated. This university is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. Cal Poly hires only individuals lawfully authorized to work in the United States. All eligible and interested persons are encouraged to apply.  

CLOSING DATE: 4-30-88
Lecturers (part-time), Economics. Department wishes to establish a pool of qualified individuals interested in part-time teaching assignments in principles of economics during the 1988-89 academic year. M.S. in Economics required; Ph.D. in Economics preferred. Teaching experience preferred.  

CLOSING DATE: 5-12-88 or until filled
Lecturers (full-time), Electronic and Electrical Engineering. Undergraduate teaching positions for at least 1988-89 academic year. M.S. degree required in electronic, electrical or computer engineering (Ph.D. preferred).  

CLOSING DATE: 5-16-88
Lecturer (part-time), Physics. Possible teaching of lecture or laboratory classes in physics or physical sciences during the 1988-89 academic year is anticipated. Bachelor’s degree required; doctoral degree preferred. Send letter, resume, and name of four references to Part-time Lecturer Appointments Committee, Physics Department, School of Science and Mathematics.  

CLOSING DATE: 5-30-88
Lecturer B (full-time, 12-mo.), Animal Sciences and Industry, beginning September 1, 1988. 12-month beef specialist position (asst. prof. equivalent) to teach various areas of beef cattle production, feeding and marketing, management of student internships and enterprise projects. Minimum of M.S. in Animal Science required; industry and/or teaching experience preferred. Must meet minimum requirements for ARPAS.  

CLOSING DATE: 6-1-88
Lecturers (part-time), Chemistry. Department is compiling a list of individuals who wish to be considered for possible part-time teaching assignments for Fall, Winter and Spring Quarters of the 1988-89 academic year. Duties include teaching undergraduate chemistry lectures and laboratories. Prefer Ph.D., minimum of B.S., in chemistry, biochemistry, or chemical engineering with professional teaching experience.  

Lecturers (part-time), Chemistry. Duties include teaching lower-division chemistry laboratories. Candidates must be enrolled in Chemistry Graduate Program and have passed chemistry qualifying exams. Positions available Fall, Winter and Spring Quarters of the 1988-89 academic year.
