**Admissions freeze lifted; Dumke says 'Go easy'**

The Board of Trustees decided to freeze the admission process for future college union building, according to Mike E1-

The Student Affairs Council approved a proposal for the future college union building, according to Mike E1-

The proposal includes aatorium for 100 people, a full-service bar, a restaurant, and a large banquet room. The council also discussed the possibility of adding a theater and a gymnasium to the building.

The council also discussed the possibility of adding a theater and a gymnasium to the building.
The time has come to give recognition to a couple of students who have done their share to help improve the campus.

That couple is Gary and Stanis Whitman. Gary is the president of the student council and Stanis is the editor of the Mustang Daily. They have been working behind the scenes to make sure that the campus operates smoothly and efficiently.

Gary has been involved with the student council for the past two years, and he has been instrumental in bringing about several changes on campus. He has been working on projects to improve the campus facilities and to make sure that the campus is a safe and pleasant place for students.

Stanis, on the other hand, has been working on the Mustang Daily for the past three years. He has been working on improving the quality of the newspaper and making sure that it is a worthy representative of the student body.

Since this will probably be the last chance for former Editor-in-chief to speak to SAC, all of us would like to thank you both for your contribution to the Mustang Daily.

As publicity chairman for the Mustang Daily, Gary has always been available to help with any problems that the students might have. He has been a source of support and guidance for the students and he has always been willing to help in any way that he can.

Stanis, on the other hand, has always been a source of inspiration for the students. He has always been working hard to make sure that the Mustang Daily is a newspaper that the students can be proud of.

Because of the contributions that Gary and Stanis have made, we would like to thank them for their hard work and dedication. They have done an excellent job and they have been a source of inspiration for the students.

We would like to thank them for their time and effort and we would like to wish them the best of luck in their future endeavors.
Conservatively Speaking

by Rich Reuben

The main battle is on, as far as we can tell, the primary role for the Klans' current leadership is to elect officials — or at least to support candidates who support their cause. More than 1,000 members have been elected to local office, and the Klans' Constitution provides for many other roles in the movement as well. In the case of the Ku Klux Klan, the primary role is to elect officials — or at least to support candidates who support their cause. More than 1,000 members have been elected to local office, and the Klans' Constitution provides for many other roles in the movement as well.

From the Horses' Mouth

By Dave Rosenberg

Noisy arguments over ticket prices and other issues have marred the otherwise smooth running of the 12th Army Special Forces Reserves. A weekend of guerrilla training was attempted by the ROTC forces at Camp Roberts. The operation was called off when the Man Francisco Special Forces attempted to leave. The weekend of guerrilla training was called off when the Man Francisco Special Forces attempted to leave.
Poly umpire back at work
Bill Longfellow, Residency Education junior, began the third season of his professional umpiring career. Last summer he umpired all the games played in Monahans, Texas, for the Monahans Dodgers. For this summer season, he will support the San Francisco Giants in their mid-season play. The program for the Giants will return against the Packers.

In January, 1967, he became the first umpire to be selected to travel with the Giants. In that capacity, he worked the 20th game of the season against the Chicago Cubs.

Jeff Beane will be the starting pitcher against the University of San Francisco tomorrow at 3:30 p.m. at the Madonna Inn. Beane makes all look easy as he takes a hurdle in stride.

Turner sets records
Cecil Turner, ace sprinter, was at the center of attention and was a two-time Augustee after the Homecoming football game. Against the USBS Bulldogs on Sunday afternoon, Turner set records in the long jump and 100-yard dash.

In the long jump, Turner was the only sprinter to break 24 feet and tied for second place with a 23-foot, 3-inch jump. The junior's performance was impressive, as he leaped 24 feet, 11 inches. The jump was a new personal best, shattering his previous record of 24 feet, 1 inch.

In the 100-yard dash, Turner broke the school record with a time of 10.4 seconds. His performance marked a significant improvement from his previous best of 10.8 seconds. Turner's achievement was recognized with a standing ovation from the crowd.

Cecil Turner, who is currently ranked second in the nation, said, "I'm really not concerned with my time right now. I'm more interested in breaking records."

Turner, who is a sprinter for the Mustangs, said, "It's been a great year for me. I've improved a lot and I want to keep it up."

New riding club for beginners only
A new riding club has been established at Fresno State College for beginners only. The club, known as the Mustangs, is open to anyone interested in horseback riding.

The club was founded by students who were passionate about riding and wanted to provide a place for beginners to learn the sport. The club is governed by a committee of experienced riders who ensure safety and proper training.

The club meets weekly to practice riding techniques and learn about horse care. Beginners are encouraged to join and learn at their own pace.

Upcoming events include horse shows, clinics, and trail rides. Members have the opportunity to ride in competitions and experience the thrill of riding. The club is open to anyone regardless of previous riding experience.

For more information, contact the Mustangs Riding Club at Fresno State College.
