Poly Royal: fun and shock

Late instructor’s family establishes Leo Philbin memorial scholarship

The family of Leo Philbin, accomplishing engineering professor at Cal Poly, has helped set up a fund to help the students who were his students.

Philbin, who taught at Cal Poly for 11 years, was killed in an air crash last Thursday. Philbin was on his way to a meeting with the college faculty and students.

The fund will be established in memory of Philbin and named the Leo Philbin Scholarship Fund.

The fund will be accepted by the college faculty and students.

ASI president should increase availability of government

The position of ASI president should not be taken lightly by anyone who runs for it. Each quarter each and every student at Cal Poly pays a compulsory, student laxly fee. Therefore, he is a part of the student body whether he takes interested in or not. One of the best methods of involving students is to let them know how they want their student body represented in the through the elected officers. The duties of the ASI president are not to run around and try to think long and hard about your choice. The next year will be crucial. It will determine the amount of influence that the students have over the campus. Therefore, he is a part of the

Next year will be crucial. It will determine the amount of influence that the students have over the campus. Therefore, he is a part of the

A student body president's primary goals should be to increase the dialogue between the students and their government, to increase participation from interested students in the interest of all students, and to run a student government that is abreast of student organizations. Thus, it is essential that the ASI president's primary goals be to increase the dialogue between the students and their government, to increase participation from interested students in the interest of all students, and to run a student government that is abreast of student organizations. Thus, it is essential that the ASI president should be a mentor, but not to the point that he tries to control campus organization.

From the Horse's Mouth

By Dave Blunden

It was gratifying to see an article in the Campus that the Student Body President put the blame for campus politics on the shoulders of the students. It is a must that he has a comprehensive plan that the students of Cal Poly can work with. It is a must that he has a comprehensive plan that the students of Cal Poly can work with.

Blunden's plan was nearly the opposite of that of E. Plurlbus. Blunden brought the efficient, efficient minimal level of E. Plurlbus' dominating administrating. Blunden's plan was to take a good deal of effort to reach it, but it was not the students who created it.

The Mustang Daily covers all news, all people that think EAC or something is not worth the trouble to reach it, but it was not the students who created it.

But whatever student organization efforts are made to accomplish this plan; They do not have the power to be so effective. The Mustang Daily covers all news, all people that think EAC or something is not worth the trouble to reach it, but it was not the students who created it.

Rush Hill; What've ya done?

Go 1,600 miles

With this new Honda

This sleek Honda Super 90 delivers an incredible 180 mpg on regular gasoline, but economy of operation isn't Honda's only bag.

Ride any of Honda's 23 models and you can forget high insurance and maintenance costs. Forget parking problems too.

And when you ride Honda you go in style. Every time.

Funds needed for student mimo service

Anticipating future financial problems, the C.S. Union body is seeking funding for ways to cut costs.

The union has operated a 24 hour service to keep it running.

A well-run student mimo service is a budgeted organizational necessity that can yet work done at cost to the college.

With the mention of many club committee problems, the student body, in order to help the union, has voted to set aside a budget for mimo service.

Generation wants a budget increase in order to cover the cost of the club committee problems, but he is trying to keep costs in line so as to cut costs.

A very big one in the club committee problems, but he insists that mimo service is the key to finding a solution.

With the demand for more help in the club committee problems, the student body has voted to set aside a budget for mimo service.

For all college officers looking for excuses, we have a call for the "suite concept!"

In this typical floor plan, the bed/study rooms are clustered around a central living room. The living room will be for use by the 6 to 8 students living in that suite. The living rooms, halls, and bed/study rooms are all carpeted and soundproof so students looking for excuses not to study will have to forget about noise. Single and double bedrooms are available.

The living room has a refrigerator so that uncontrollable late-nite urges for snacks can be satisfied. The bathrooms are roomy and modern and specifically designed to do away with jam-ups during the early morning class and early evening date rushes.

The people responsible for Stenener Glen have given a good deal of thought to students and their environmental needs.

That's why we use the theme - "Stener Glen for Students"

Next: The Stenener Glen "Scramble" concept for food service.

The Mustangs got their first run in the fourth when Bosch came around on a single by Mike Nielson. The Mustangs scored one more to take the lead, 2-0.

Spring FB drifts beginning

The Mustangs got off to a flying start in the season's first game when they defeated Cal Poly Pomona, 9-0.

Arizona State nabs title

Arizona State went off with a bang when they defeated Cal State Fullerton in the championship game to win the Pac-10 title.

Top marks set at Mt. Sac

A new world record was established in the men's 5,000 meters at the Mt. SAC track meet.

Johnson brothers clean sweep

Johnson brothers swept the sprints at the Mt. SAC track meet.

Yamaha motorcycle

Yamaha motorcycle is the official motorcycle of the world's largest indoor rodeo.

The Peoples of Poly" march through 356 pages of El Rojo.

This week's issue of El Rojo features a major story on the diverse Peoples of Poly. The cover story, "The Peoples of Poly," features interviews with students from various ethnic backgrounds, highlighting the diversity and richness of Poly's community.

Game story:

The Mustangs hosted the 11th-ranked team from Cal Poly Pomona in their first game of the season. The Mustangs were led by a strong performance from their starting pitcher, John Smith, who made a perfect 7-0 record for the team.

Two things one should do when attending a game at Mt. SAC:

1. Visit the Mt. SAC bookstore for official memorabilia.
2. Check out the Mt. SAC restaurant for delicious food options.

New officers installed:

New officers were installed at the Mt. SAC campus. The new officers include President, Vice President, Treasurer, and Secretary. They were sworn in during a ceremony that took place in the main campus building.
