Winter Quarter ‘Books at High Noon’ program

Books at High Noon has “something for everyone” in the Winter Quarter.

Dr. Habib Sheik will begin the series on Wednesday, Jan. 22, reviewing *Pullet Surprises* by Amsel Greene, a book dealing with literary errors and blunders, as the title might suggest.

He will be followed on Jan. 29 by Dr. Sonja Glassmeyer from the Physical Education and Recreation Administration Department with a book on a current topic of universal interest—*Growing Old, Staying Young*, by Christopher Hallowell.

On Feb. 5 Librarian Gertrude O’Neill, who has made several trips to China, will review two books on China—*The Great Wall* by Luo Zewen, and *Foreign Devils on the Silk Road: The Search for the Lost Cities and Treasures of Chinese Central Asia* by Peter Hopkirk, with an accompanying slide presentation.

Feb. 12 will bring Dr. Lee Parker, Biological Sciences Department, reviewing *The Illustrated Encyclopedia of Dinosaurs*, by David Norman. He will show slides on dinosaur research in Utah along with his presentation.

The last offering for the quarter will be on Feb. 26 with Paula Houston, a published author who is currently working on the biography of an 80-year-old man incarcerated for 35 years, will review *The Joint: Language and Culture in a Maximum Security Prison*, by Inez Cardozo-Freeman.

This outreach program of the Kennedy Library is held Wednesdays at noon in the Staff Dining Room beginning at 12:15 pm. Faculty, staff, students, and guests are welcome.

Social Security payroll tax rate increases

The Social Security payroll tax rate has increased to 7.15 percent for 1986, from 7.05 percent in 1985. In addition, the wage base on which the payroll tax is levied rises to $42,000, from $39,600 in 1985. These changes will push the maximum Social Security tax paid by employees, to $3003, from $2791.80 in 1985.

State printer to be Jan. 17 keynote speaker

Don Male, the state printer for the State of California, will be the keynote speaker at a luncheon on Friday, Jan. 17, marking Cal Poly’s contributions to International Printing Week.

The luncheon topic will be “State Printing: Moving Into the ‘80s,” and the program will begin at noon at McIntocks Saloon and Dining House in Pismo Beach.

Tickets for the Friday luncheon are $8. For reservations please call the Graphic Communication Department at ext. 1108. The week’s activities are sponsored by Mat Pica Pi, a student organization.

Computer Center tours offered

As a public service, Computer Services’ Computer Operations Group conducts tours of the Computer Center on a pre-arranged basis. These tours are open to all faculty and staff, as well as recognized student groups and campus organizations. Tours for groups outside the university, such as elementary and high school classes, may be arranged through Relations with Schools. Other visiting group tours may be sponsored by any Cal Poly employee.

Arrangements must be made at least two weeks in advance and requested in writing. Computer Services encourages all campus employees and departments to consider such a tour for new employees, computer-related classes, and visitors interested in learning more about the university’s computing resources.

To arrange a tour or for more information, contact Bob Westover or Barbara Mulholland, Computer Operations, CSc 101A, ext. 2005.

Copy deadline

Deadline for *Cal Poly Report* articles is 4 pm on the Thursday preceding the issue. Recently people have brought or mailed copy to the Public Affairs Department on Friday and Monday expecting it to be in the next issue. Because copy needs to be read, possibly rewritten, edited, typeset, proofed, and pasted down, the 4 pm Thursday deadline needs to be firm.
Martin Luther King Day food service

Friday, Jan. 17
Normal schedule, except Vista Grande Cafeteria will close after lunch.

Career symposium set for Feb. 3

Cal Poly's seventh annual Career Symposium will be held from 9 am to 3 pm on Monday, Feb. 3, in Chumash Auditorium.

The symposium will offer students of all majors an opportunity to explore career options, cooperative education and summer employment possibilities with representatives of more than 75 public and private organizations, businesses and agencies.

Seminars will be held on interviewing from the employer's perspective, smoothing the school-to-career transition, career paths for non-technical majors, and building marketable skills from freshman to senior year.

In addition, area high school and community college students and counselors have been invited to meet with the employers and learn about Cal Poly and higher education through a variety of seminars developed for their interests.

The symposium is sponsored by the Career Planning Center, the Placement Center, and the Relations with Schools, Student Academic Services, and Cooperative Education offices.

Other information about the Career Symposium is available from the Career Planning Center, ext. 2511, or Placement Center, ext. 2501.

Tickets for athletic events

Same-day sales of tickets for campus athletic contests will be available at the Ticket Office in the University Union on an experimental basis throughout the month of January.

Ron Bravo, ticket manager for the Associated Students Inc., said the arrangement includes tickets for men's and women's basketball, women's gymnastics, and wrestling events.

It is hoped that their availability during the day will relieve some of the pre-game wait in ticket lines for evening events.

The Ticket Office is open from 10 am to 4 pm on weekdays.

Meat for sale

The Food Science and Nutrition Department will be offering beef, lamb and pork for sale throughout the year. In addition to cutting carcass meat — ground meat and food service sections have been added to the meats classes. The additional cuts of beef will be ground beef (both bulk and patties), various cuts of beef steak (i.e., top sirloin, T-bone, rib eye) and possibly, roasts. These products will be quick-frozen and sold in boxes ranging from 10-15 pounds each.

Carcass meat will continue to be sold. Minimum sales are: half beef (300-450 lbs.), half pork (70-90 lbs.) and whole lambs (45-70 lbs.). Prices for both carcass meat and boxed cuts will reflect current market value. For more information, please call Cathleen Carter, ext. 2114.

Foundation board to meet Jan. 24

The next regularly scheduled meeting of the Foundation board of directors will be Friday, Jan. 24, at 9 am in Admin. 409. This is a public meeting. For further information about the meeting agenda, please contact Al Amaral (executive director, Cal Poly Foundation) in Fisher Science 290 or call ext. 1131.

Holiday observed

Monday, Jan. 20, will be observed as Martin Luther King Jr. Day. It is a holiday for all employees. The campus will be closed except for needed emergency services.

Campus mail

All campus mail should be addressed to the name of the person and the complete name of the department to which that person is assigned (written out in full). Please do not use initials of the person and initials for the department. Also, please spell out the name of the building and use the room number.

Award candidates

Candidates for the statewide Outstanding Professor Award need to fully document and submit applications to the office of the Academic Senate by Thursday, Jan. 30. Consult that office for criteria and format (FOB 25H).
Peace forum set for Jan. 17-18

How the nuclear arms race affects children — and what it takes to be a good parent in these times — will be discussed by America’s most famous baby doctor, Benjamin Spock, in a two-day peace forum Jan. 17-18.

Titled "Preventing the Last Epidemic: Prescriptions for Survival," the forum will be held in the main gym on Jan. 17, from 7:30 pm to 10 pm and on Jan. 18, from 8:30 am to 12:30 pm. Spock will be joined by six other scholars and experts on the effects and prevention of nuclear war.

The forum is sponsored by the ASI Speakers Forum and the San Luis Obispo Chapter of Physicians for Social Responsibility, the U.S. affiliate of the 1985 Nobel Peace Prize-winning International Physicians for the Prevention of Nuclear War.

Spock will speak Friday evening on "Children and the Nuclear Arms Race" and Saturday morning on "Parenting in the Nuclear Age."

The other forum speakers are Stanford University radiology expert Dr. Herbert Abrams, the founding vice president of the Nobel-winning international physicians group; psychiatrist and past president of the American Psychiatric Association, Dr. Judd Marmor; a representative of the Center for Religion, Ethics and Social Policy at Cornell University, Joan Bokaer; professor and vice chairman of the Department of Medicine at the University of California, San Diego, Dr. J. William Hollingsworth; Cal Poly political science professor Richard Kranzdorf; and Cal Poly physics professor David Hafemeister.

Passes for the two-day event are $4.50 for students and $5 for the public. Tickets will be available at Boo Boo Records, Cheap Thrills, the UU Ticket Office and at the door.

For more information call the Student Life and Activities Office at ext. 2476, or Physicians for Social Responsibility, 543-1308 or 541-1844.

Women in Architecture Week concludes Friday

Women in Architecture Week will be celebrated through Friday at Cal Poly, with speakers, a panel discussion and an exhibit.

"Women in Architectural Education" will be discussed today from 11 am to noon by a panel of several members of the School of Architecture and Environmental Design faculty in the Gallery of the Architecture Building.

On display in the Gallery will be the work of Julia Morgan and other California women architects.

The program was organized and sponsored in part by the Cal Poly chapter of the American Institute of Architecture Students. For more information call ext. 2267.

Statistics Dept. will offer consulting service

The Statistics Department provides a statistical consulting service to the university to facilitate research design and data analysis in a wide variety of disciplines.

This service will continue during Winter Quarter.

Kent Smith will be serving as the principal consultant. He is available to help in design and analysis of faculty and student research projects. In addition, he will be available to lead seminars or tutorials on requested topics and offer advice on various computer packages currently available at Cal Poly. If there is some special area concerning statistical inference that is of interest to a group in your department, feel free to contact him to arrange possible lectures on that subject.

Faculty members or students interested in utilizing the consulting service are encouraged to contact Smith, Computer Science Bldg., Room 203, ext. 2681 or leave message at ext. 2709.

Walk-in Consulting Hours:

Monday .......... 3:10-4 pm
Wednesday ...... 3:10-4 pm
Friday .......... 11:10-noon

Consulting by Appointment

Appointments may be scheduled by calling during walk-in consulting hours or during office hours for students.

Office Hours for Students

Mon., Wed., Fri. . . . . . 1:10-2 pm
Tues., Thurs. .......... 3:10-4 pm

Rutledge resigns

Cal Poly sports information director Steve Rutledge has resigned. Rutledge, 37, has been the SID for the Mustangs since August 1981. His 1984-85 women’s basketball program won “Best in the Nation” in NCAA Div. II as awarded by the College Sports Information Directors of America (CoSIDA).

The university is currently seeking an individual to assume the sports information duties on an interim basis through the end of the academic year.

Lockheed donates $5000 to school

The Lockheed California Co., continuing a tradition of several years, has donated $5000 to the School of Engineering.

The donation from the Lockheed Leadership Fund will be used chiefly for professional development of the school’s faculty.
Travel reimbursement rate increase

Effective Jan. 1, 1986, reimbursement rates for per diem and certain types of mileage have been increased. The current rates for the most common types of reimbursements are listed below. A copy of this rate schedule should be retained for reference. For additional information please contact the University Accounting Office, Admin. 129, ext. 2291.

*Designated High-Cost Area Zip Codes:
- San Francisco: 94101, 94030, 94080, 94102, 94103, 94104, 94105, 94107, 94108, 94109, 94110, 94111, 94112, 94114, 94115, 94116, 94117, 94118, 94212, 94122, 94123, 94124, 94127, 94128, 94129, 94131, 94132, 94133, 94134
- Long Beach: 90801, 90802, 90803, 90804, 90815
- Los Angeles: 90004, 90005, 90006, 90007, 90010, 90012, 90013, 90014, 90015, 90017, 90019, 90020, 90021, 90024, 90025, 90026, 90035, 90036, 90038, 90045, 90071, 90077, 90210, 90212, 90230, 90245, 90250
- Pacific Grove: 93950
- Sacramento: 95814, 95815, 95821, 95837
- San Diego: 92101, 92103, 92106, 92108, 92109, 92110, 92110, 92120, 92138

(1) Receipt required. Zip code must match table.*
(2) The Incidental Allowance may be claimed for each full 24-hour period.
(3) On trips of less than 24 hours, breakfast and/or dinner may be claimed if departure/return time exceeds the regular workday by one hour. The expense must be incurred more than 25 miles from the employee's normal work location, unless the employee is traveling by air.
(4) On trips of less than 24 hours, lunch expenses may not be claimed.
(5) If lodging is claimed at the high-cost area rate and a lodging receipt with a zip code matching the high-cost area table* is furnished, the high-cost area meal allowances may be claimed without furnishing receipts for each meal. The high-cost rates for meals may be claimed without a lodging receipt matching the high-cost area table* only if receipts are furnished for each meal claimed and if the address and zip code printed on the receipt or written on the receipt by the employee is within a high cost area as indicated by the high-cost area zip code table.*

### OUT OF STATE

Lodging — actual expense if receipt is furnished; otherwise the statewide lodging rate will be used.
Meals — use Designated High-Cost Area rates.
Incidentals — same as In State.

### PRIVATE VEHICLE MILEAGE

When a state car is available: $.165/mile
When a state car is not available:
- Without certification: $.205/mile
- With certification: actual up to $.30/per mile
(see Travel Claim Form STD 262 and CAM Section 571.2)

---

### Procedures listed for disposal of equipment

As many departments are now in the process of initiating the purchase of new and replacement equipment they are reminded of the procedures for disposal of state-owned property whether it be for sale, trade-in, junking or salvage.

Prior to the disposal of the equipment, the Property Office is to be notified, through the department head, of the property or equipment to be surveyed. Surveys should be requested on a "Request for Property Survey Report" form available from the Property Office. A complete description of the item, including the equipment number and serial number, if available, should be given. A Property Survey Report will be prepared by the Property Office in accordance with Section 8656-8657 of the State Administrative Manual (S.A.M.).

The Property Supervisor forwards the completed Property Survey Report to the university's Property Survey Board which receives and approves the document. Upon return of the approved survey, the equipment will be tagged by the campus Inventory Clerk for disposal by either the department or the Warehouse. The Warehouse will not accept items for disposal without prior authorization from the Property Office. The Procurement and Support Services Officer is responsible for coordinating the disposal of surveyed equipment and property stored in the Warehouse for future sale.

A copy of the approved survey will be forwarded to the department, if replacement equipment is involved, as it must accompany the requisition for the new equipment to the Purchasing Office. For further information, contact Fred Strasser (Property Accounting Supervisor) at ext. 2570.
DATELINE...

($) - Admission Charged
(1) - Admission Free
THURSDAY, JANUARY 16
Speaker: Langdon Winner (RPI) will discuss "Silicon Valley — California's High-Tech Culture," as part of the Arts and Humanities Lecture Series, UU 220, 11 am. (1)

Candidates in any computer science specialty area, especially computer engineering, are encouraged to apply.
Who, What, Where, When

Jim Nash, Health Center, has been named to an ad hoc group advising the San Luis Obispo County Department of Public Health and local school districts on policies and procedures for determining the optimal educational setting for children with AIDS.

Harvey Levenson, Graphic Communication, was a contributing author for "Techno-Economic Forecast: Education and Training Needs for the Printing Industry Through 1990." This publication was recently published by the Graphic Arts Technical Foundation, Pittsburgh.

Steven French, City and Regional Planning, is the co-author of a recently published book, "Flood Plain Land Use Management: A Natural Assessment." The volume is the fifth in a series of studies on water policy and management published by Westview Press.

Charles Burt, Ag Engineering, wrote an article, "Surge Flow Irrigation Is a Real Water Saver," for a recent issue of California Farmer magazine.

Pamela Cook Miller, Speech Communication, delivered "Jane Austen and the Power of the Spoken Word" to the annual meeting of the Jane Austen Society of the Southwest at Claremont. This article has also been competitively selected for publication in Persuasions, the national journal of the Jane Austen Society.

Harvey Levenson, Graphic Communication, was a speaker at the "Graphic Arts Education Night" of Printing Industries of Northern California and Litho and Printing House Craftsmen, a San Francisco-based organization. The title of his talk was "The Role of Baccalaureate Education in the Graphic Arts."

Michael Blum, Graphic Communication, had an article, "How to Duplicate Films Accurately," published in the November issue of Printing Journal.

Roger Swanson, Enrollment Support Services, was selected as a member of the Evaluation Services team by the Council for the Advancement and Support of Education (CASE) to evaluate the total marketing effect, from student recruitment through alumni relations, at Bemidji State University in Minnesota.

Harold Cota, Civil and Environmental Engineering, has been appointed vice chairman of the Air Pollution Control Association Education Council. He continues to serve as chairman of the APCA's Continuing Education Division and Student Affairs Committee, and as a member of the Marketing and Higher Education Councils and the International Training, Microcomputer Users and Noise committees, while editing the West Coast APCA Section Newsletters.

H. Mallareddy, Civil and Environmental Engineering, conducted a design feasibility study of an aerated-lagoon land-disposal treatment facility for the Templeton Community Services District.

Harold Cota, Civil and Environmental Engineering, has been appointed to a three-year term as a member of the California Air Resources Board's Research Screening Committee, which reviews research proposals and advises the board of research needed to help solve air pollution problems.

Peter Y. Lee, Civil and Environmental Engineering, has been appointed to a three-year term on the Civil Engineering CAD Education Committee of the American Society of Engineering Education.

Day Ding, School of Architecture, has been appointed to the Working Commission 7 (dealing with the application of heat, light and sound to building design) of the International Association for Bridge and Structural Engineering.

Leonard Davidman, Education, has published an essay, "Clinical Supervision in Pre-Service Teacher Education: The Logic and the Mismatch," in the Summer/1985 issue of Teacher Education Quarterly (Volume 12, No. 3).

David Schaffner, Ag Management, has been appointed a visiting reader at Massey University, Palmerston North, New Zealand. He will be at Massey from February through August consulting on agribusiness curriculum development and teaching a course in agribusiness management.

Michael Blum, Graphic Communication, had an article, "GCR Separations," published in the December issue of Printing Journal.

---

Slide show to look at life in N. Ireland

A San Diego State professor who was given access to the Irish Republican Army will present a slide show on Thursday, Jan. 23, about the conflict in Northern Ireland and how it affects people's daily lives.

Dr. Mary Duncan, a professor in SDSU's Recreation Department, has titled her presentation "Play, Revolution, Radical Politics and Terrorism." It is to begin at 11 am in Science North 201. Admission is free.

Over the past 10 years, through personal contacts in Ireland, Duncan has been granted an inside look at the IRA and Northern Ireland. Her presentation will include an historical perspective and update on the conflict as well as the results of her research on its effect on the use of leisure time.

For more information, contact Mike Swiderski in the Physical Education and Recreation Administration Department, ext. 2050.
