Rosenman named department head

Dr. Mona G. Rosenman, who has served as interim head of the English Department since last September, has been named permanently to the position.

The announcement was made by Dr. Jon M. Ericson, dean of the School of Communicative Arts and Humanities, following a recommendation of the English Department faculty. The recommendation was endorsed by Provost Fort and President Baker.

A member of the Cal Poly faculty since 1971, Rosenman succeeds Dr. Thomas A. Van, who returned to the University of Louisville in 1983.

She earned an undergraduate degree from the University of Michigan, and advanced degrees from Case Western Reserve University and Kent State University. She also attended Boston University.

Before coming to Cal Poly, Rosenman taught in Independence and Beachwood, Ohio, Winchester, Mass., and as a doctoral fellow at Kent State. She was also a master teacher in Harvard University's Master of Arts in Teaching Program.

A Mellon Fellow at Stanford University in 1981, she returned to the Palo Alto campus for seminars the next two summers. Rosenman presented a paper on James T. Farrell at the annual convention of the Modern Language Association in 1980. She is also active in the California Conference on English Education and the College English Association.

... Savings Bonds

The convenience of payroll deduction is one of the advantages of U.S. Savings Bonds. Cal Poly coordinators were told at a meeting last week. Carol Clifford, payroll supervisor, explained the process for completing the payroll form for purchasing bonds.

Mary Smith discussed other advantages, such as the competitive interest rates – 10% average over the previous three years and a guaranteed rate of at least 7 1/2%. She also mentioned the safeness of bonds and the tax advantages. Bond interest is exempt from state income taxes, and federal taxes on the interest can be deferred until the bonds are cashed.

Jan Pieper, Cal Poly Savings Bond chairman, told coordinators that Cal Poly was second in the CSU system last year in the number of new savings bond purchasers. Ann Reynolds, CSU Chancellor, is chairman of the Higher Education Industry U.S. Savings Bonds National Volunteer Committee for the second year.

Cal Poly employees who wish to purchase bonds should sign up by the first of the month during which they want the deduction to occur. A bond will be mailed to the employee about a month later.
