Governor’s Budget

Chancellor Glenn S. Dumke made the following statement about the 1982-83 Governor’s Budget at a Jan. 27 meeting of the Board of Trustees of The California State University:

“The 1982-83 Governor’s Budget submitted to the Legislature this month provides $996,708,585 for support and $27,221,000 for capital outlay to The California State University.

“It is clear that this allocation will make it impossible to realize fully the potential of the CSU to provide needed educational services to Californians. Such potential was envisioned by the Trustees when they adopted budget plans totalling $1,037,526,500 for support and $54,001,000 for capital outlay. However, the more critical fact is that the level of proposed state funding represents a retreat from traditional educational financing policies of this state. Specifically, a 2.5 percent reduction in state funding below an agreed-upon ‘base budget’ has resulted in the following:

1. No provision of $11,856,115 for needed program improvements.
2. An additional reduction of program funding below normal levels totalling $12,415,277.
3. Curtailment of student enrollment below normal projections by 2,000 FTE students.
4. Implementation of a new student fee averaging $41 per student to replace state funding.

“These reductions could have been much worse given the state government’s financial condition and the general economic condition of the State and Nation. This lessening of the reduction from a potential 5 percent to the present 2.5 percent resulted from the strong and united efforts of Chairman O’Connell, individual Trustees, faculty representatives and student representatives. I appreciate their initiatives and collaboration with my office in presenting the needs of this system in a balanced way.

“I also appreciate the response of the Governor and the Director of Finance to these efforts given the very difficult financial framework within which they must work. They, too, face monumental problems. Additionally, I support the Governor’s objective of improving education in engineering and computer science and look forward to close collaboration with the Governor’s Office in this effort. I especially appreciate the willingness of the Department of Finance to give the CSU maximum discretion over the details of the budget within the total funds available. “At the same time, I believe it is critical that we fully inform the public about the implications of the reduced budget support to ensure that expectations of students, parents and employers are not greater than our capability. In keeping with the budget discretion provided The California State University by the Department of Finance, we have developed plans for implementing the Governor’s Budget to balance more evenly the negative impact among program reductions, enrollment curtailment and increased student fees. However, we must administratively prepare ourselves and the public we serve, for a year’s operation at the reduced level of support. Certain problems will not be solved or will only be addressed in an awkward fashion. Students and parents must prepare themselves for higher fees. Prospective students will have increased difficulty in getting admitted to the campus of their choice, admitted students will have difficulty in enrolling in certain programs, and enrolled students will have difficulty in registering for the right courses in the right sequence.”

As far as Cal Poly is concerned, net expenditures projected by the Governor’s Budget for 1982-83 amount to $62,388,412 (up from $61,069,647 in 1981-82) for an expected enrollment of 15,470 FTE students (including 1,270 for the Summer Quarter). Budgeted enrollment for the current year (including Summer Quarter) is 15,500.

Under capital outlay expenditures, Cal Poly is earmarked for a total of $5,295,000, including $3,205,000 for working drawings and construction of a cogeneration and energy management system, and $2,090,000 for conversion of Dexter Building (the former library) for classroom and laboratory use.

Further collective bargaining election information will be published as received.
President to testify in Washington

President Warren J. Baker will be in Washington, D.C., next week to tell the nation’s lawmakers how important it is to support science and engineering education.

Dr. Baker will testify before the U.S. House of Representatives Subcommittee on Science Research and Technology on Wednesday (Feb. 17). He was asked to appear by officials of the American Association of State Colleges and Universities, which he serves as a member of the Committee on Science Research and Technology.

While in the nation’s capitol, President Baker will also meet with officials of the U.S. Department of Education to review aspects of the three-year, $1.15 million grant that Cal Poly received recently for its cooperative education program.

Women’s Chorus to perform

The Cal Poly Women’s Chorus will present its annual concert on Sunday, Feb. 21, at 8 p.m. in the Cal Poly Theatre. This year’s concert, the second in which the Women’s Chorus will be featured, has been titled “Alice in Wonderland.” The program will include Persichetti’s “Winter Cantata” with flute and marimba, Debussy’s “Salut Printemps,” and Irving Fine’s “Scenes from ‘Alice in Wonderland’.” Reserved seat tickets for the performance are $4 for the general public and $2 for students. Tickets will go on sale at the University Union ticket office beginning Feb. 8. Information and reservations can be obtained by calling Ext. 1421.

‘Organizational Effectiveness’

The Counseling Center is sponsoring a workshop for academic administrators on “Organizational Effectiveness” on Friday, Feb. 26 in University Union 220 from 1:30 pm to 3:30 pm. Bud Babb and Lois Dirkes will conduct the workshop. Interested faculty and staff may reserve a participant space by contacting the Counseling Center (Ext. 2511) prior to the workshop.

El Salvador documentary will screen at Cal Poly

A feature-length documentary on the political troubles of the Central American country of El Salvador will be screened for the public at Cal Poly on Tuesday (Feb. 16). Titled, “El Salvador: The People Will Win,” it is an advocacy film produced by the Film Institute of Revolutionary El Salvador. It will be shown at 8 pm in Chumash Auditorium. Admission is $1.

The 80 minute color film was produced in 1980, and written and directed by Diego de la Texera. It has English narration, and subtitles in some portions. The film is the recipient of numerous cinema awards, primarily in Third World countries, but has also garnered prizes at festivals in France and Russia.

Requisitions may be submitted after Apr. 30 for the 1982-83 fiscal year if the 1981-82 funds are depleted by that date.
Trustees’ actions reported

The Board of Trustees of The California State University took the following actions at its meeting Jan. 27:

- Amended Title 5, California Administrative Code to implement additional admission requirements in English and mathematics for entering freshmen adopted by the Board in November 1981 and effective in fall 1984.
- Amended Title 5 existing graduation requirements covering U.S. history, Constitution, and American ideals to clarify the nature and purpose of the requirements and to make provisions for implementation of the requirements in a manner which parallels implementation of the revised General Education-Breadth program. Guidelines will be set forth in an Executive Order to be issued by the Chancellor this spring.
- Adopted the Academic Master Plans for the 19 campuses, covering the years 1982-83 through 1987-88, as the basis for campus master planning; also resolved that a formal review of existing degree curricula continue to be conducted annually by the campuses as a part of the overall academic planning process.
- Removed the systemwide moratorium on the granting of Honorary Degrees.
- Amended the Non-State Funded 1981-82 Capital Outlay Program to include $550,000 for a cogeneration system for two residence halls at California Polytechnic State University, San Luis Obispo, and appointed SAI Engineers, Inc. as the project engineer.

Who, What, When, Where

Leonard Davidman, John Connely, Bobbi Hansen, Don Maas, Sue McBride, Leslie Ramsden, Joyce Webb, and Dennis Nulman, all Education, and Malcolm Wilson, Associate Vice President for Academic Programs, all presented papers at the annual meeting of the California Reading Association in Anaheim Nov. 5-7. Jack Jones, Education Department, is president of the association. Carl Cummins, Dean, Human Development and Education, made opening remarks at the third general session.

Jim Allen, Counseling and Testing Services, has been notified that his manuscript entitled “Shifting Priorities: College Counseling Centers in the Eighties” has been published in the Winter 1982 issue of the NASPA (National Association of Student Personnel Administrators) Journal.

M. Zafar Iqbal, Acting Head, Accounting, had his paper “Development of Inflation Accounting Standards in the United States” presented at the National Conference of Management Accountants. The paper is also included in the proceedings of the conference.

David B. Walch, Director Robert E. Kennedy Library, has been elected to lead the Library Directors’ Council of The California State University during 1982. Dr. Walch, who began his one-year term last month, described the council’s purpose as providing a means for libraries of the 19 CSU campuses to communicate with each other on common concerns and issues.

annual Baroque Concert coming

The Quintessence Concert series will present the Cal Poly Chamber Orchestra’s annual Baroque Concert on Saturday, (Feb. 27) at 8 pm in the Cal Poly Theatre. The concert, a perennial favorite of local audiences, will this year feature the talents of five soloists in Bach’s First and Fifth Brandenburg Concertos.

Special guest artist for this concert will be Arthur David Kriehbiel, principal french horn with the San Francisco Opera Company. He performed five years with the Chicago Symphony Orchestra and nine years as principal horn for the Detroit Symphony. He appears with the San Francisco Chamber Orchestra, the San Francisco Little Symphony, the Marin Symphony and the Carmel Bach Festival.

Featured soloists will also include: Rebecca Brooks, violin, Alice McGonigal, flute, Ronald V. Ratcliffe, harpsichord, and John Winter, oboe.

The Cal Poly Chamber Orchestra is under the baton of Clifton Swanson (Music). Swanson is a graduate of Pomona College and the University of Texas. He also serves as musical director and conductor of the Mozart Festival and the San Luis Obispo County Symphony.

Reserved seat tickets for the performance are $6 for the general public and $4 for students. Mail orders should be addressed to: Cal Poly Theatre Box Office, Cal Poly, San Luis Obispo, CA 93401. A stamped, self-addressed envelope should be enclosed with the order. Over the counter sales will begin on Feb. 16 at the University Union ticket office. Hours are from 10 am to 4 pm, Monday through Friday. For information and reservations call Ext. 1421.

Clyde Hostetter’s, Annual Giving, article showing how a 5000-year-old Sumerian myth is used to predict detailed movement of the Moon and of the planets Mercury and Venus was published in the February issue of the Griffith Observer, published by the Griffith Observatory of Los Angeles. The article, “Inanna Visits the Land of the Dead,” suggests that comprehensive celestial observations were being made in Mesopotamia long before the Pyramids were built.

Paul T. Adalian, Jr. and Ilene F. Rockman, both Library, had their revision of “BLISS: Basic Library Information Sources and Strategies,” the text for the Library 101 course, listed in the September 1981 issue of ERIC/IR Update, published by the ERIC Clearinghouse on Information Resources.
