Executive management restructured

A re-examination and restructuring of the executive management area of the university has occurred following the retirement of Executive Vice President Dale W. Andrews early this month.

The Office of the President now will include two line officers — the President and the Provost. Tomlinson Fort Jr., vice president for academic affairs since fall 1982, will become Provost.

All of the functions and programs currently reporting to the Vice President for Academic Affairs will report to the Provost. Intercollegiate Athletics will report to the Provost through the Executive Assistant in the President’s Office. Intercollegiate Athletics previously reported to the Associate Executive Vice President.

The current Executive Vice President position will be changed to Vice President, University Relations and Development. This position, which will report to the Office of the President, will have responsibility for all of the development and university relations functions including Public Affairs, Development, Alumni Relations and Annual Giving, and Athletic Development.

The Business Affairs, Personnel and Employee Relations, Facilities Planning and Operations, and Student Affairs areas will report to the Office of the President.

Staff to the Office of the President will include the Associate Executive Vice President Howard West, Executive Assistant Larry Voss, Affirmative Action Officer Smiley Wilkins, and a Special Planning Consultant, Curtis Gerald, now Associate Vice Provost for Computing, Communications and Information Systems. Gerald will become the Special Planning Consultant when the new associate provost is named.

Recruitment for a Vice President, University Relations and Development and an Associate Provost for Computing, Communications and Information Systems will begin soon.

In the first of a series of physical relocations, Larry Voss and June Powell have moved to Adm. 410-411, ext. 2101. Howard West and Corlyss Oates have moved to Adm. 407 A-407B. The extension (2248) is unchanged.

Former housing manager dies

Ray Baker, 64, housing manager at Cal Poly for 15 years, died last week in a San Luis Obispo hospital. The Rumford, Maine native served in the U.S. Army for 27 years before coming to San Luis Obispo in 1964. He was involved with the ROTC program at Cal Poly for two years before becoming housing manager. He retired last year. Private family services were held in Rumford, Maine.
August means Mozart Festival

Thirteen is a lucky number for the annual Mozart Festival, which marks its 13th year with an outstanding series of concerts and programs during the first week of August. A number of the concerts will be held at the Cal Poly Theatre.

The opening night (Aug. 2) will combine the talents of pianist Richard Goode and the Sequoia String Quartet. An orchestra concert under the baton of Festival Music Director and Cal Poly music professor Clifton Swanson is the fare for Aug. 3, with a piano recital by Richard Goode set for Thursday night. The New World String Quartet will perform on Friday night, and the following evening the Ko-Kela Piano Quartet will be the featured performers. The Festival concludes on Sunday afternoon with an orchestra concert. All of these concerts are in the Cal Poly Theatre.

Other Festival events at Cal Poly include a Ear Opener Concert Thursday afternoon (Aug. 4) and chamber concerts Friday and Saturday afternoons. In addition, master classes will be presented by James Bonn (Thursday afternoon) and Richard Goode (Friday afternoon) in Room 218 of the Music Building.

The traditional Mission concerts will be held Friday and Saturday nights, with creekside dining after the programs.

For additional information, please call the Festival Office at 543-4580.

Plea for rental units issued

Do you have a spare bedroom you'd like to rent, a vacant apartment or house — or acreage with space for a mobile home or recreational vehicle? Whatever rental you may have, the Cal Poly Housing Department is interested in it.

The university's director of housing, Robert M. Bostrom, said the on-campus residence halls are already full and the apartment complexes near the campus are filling up rapidly.

By September, Cal Poly students, faculty and staff who have not yet found housing will be competing for a very limited number of rooms, apartments or houses, unless property owners and managers in San Luis Obispo and outlying areas make more spaces available to them.

Bostrom urges all those interested in providing housing for Cal Poly students, faculty or staff to call the community housing listing service at 546-2938, 7:30 am to 4 pm, Monday through Friday.

In addition to the free rental listing service, the Housing Department's Community Housing Office makes available to students, landlords and other interested parties rental forms such as a model lease, month-to-month rental agreement, sub-lease, inventory checklist, roommate agreement and housing (tenant) application.

Position Vacancies

Candidates for positions on the faculty of the University are presently being sought, according to Donald L. Shelton (Director of Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This University is subject to all laws governing Affirmative Action and equal employment opportunity, including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.
