LOCKE WILL HEAD STUDENT AFFIRMATIVE ACTION

Appointment of Alfonso E. Locke of Syracuse, N.Y., to the position of student affirmative action coordinator at Cal Poly has been announced by Hazel J. Jones (Vice President for Academic Affairs). Locke, who most recently was director of the Center for Special Programs Development at the State University of New York Upstate Medical Center in Syracuse, began his new duties at Cal Poly on Monday (Mar. 23).

Dr. Jones said selection of Locke was recommended by a campus committee that reviewed candidates from throughout the nation. He will be responsible for coordination of Cal Poly's student affirmative action program through which qualified students from under-represented groups are encouraged to attend the university.

Health insurance alternative

Because of the number of Cal Poly employees who were affected by the change from Los Padres Group Health to other health insurance coverage, the Personnel Office will present a series of four articles focusing on filing health insurance claims. The topic of discussion for this article will deal specifically with filing a medical claim for those individuals holding First Farwest health insurance coverage.

The United Foundations for Medical Care, Inc., is an organization of Participating Foundations for Medical Care throughout California that have cooperated with First Farwest Life Insurance Company to establish a program of voluntary prepaid medical and hospital care. The benefits are available to the subscriber and family, anywhere in the world, regardless of your choice of physician or hospital.

Rights include choice of any physician or hospital desired. The Foundation Member Physicians guarantee that they will accept the foundation’s payment as payment in full. Payments to a non-foundation physician may or may not be payment in full—any balance will be the responsibility of the covered person. A list of member physicians is available in the Personnel Office.

All employees insured by First Farwest will be issued identification cards indicating the group and member numbers. Until these cards are received, the numbers to use are: group #82914; member # - employee's social security number.

Physician Services

No claim forms are required. At the time of an office visit, the doctor should be shown the identification card or the group and member numbers indicated above. A participating physician member should submit his

Poly Royal class guidelines set

Hazel J. Jones (Vice President for Academic Affairs) reminds all faculty members that classes scheduled during Poly Royal period from 12 noon, Thursday (Apr. 23) through Saturday (Apr. 25) will not meet as scheduled. Although classes will not be held, all students and staff are expected to participate fully in preparation of and participation in the Poly Royal exhibits and events. These days are not academic holidays.
Guest soloists will perform

Two soloists will perform with the Cal Poly Men's Chorus during a spring concert to be presented in the Cal Poly Theatre on Saturday (Apr. 11) at 8 pm. Kenneth Knight will be featured in Bohuslav Martinu's "Field Mass" and Kristi Dearing (Music) will perform two works by Franz Schubert with the group. James Dearing (Music) will conduct both concerts.

Reserved-seat tickets for the Cal Poly Theatre performance are available at the University Union ticket office and at the Cal Poly Theatre box office. Tickets are $2 for the public and $1 for students. For ticket information and reservations, call Ext. 1421.

The dramatic "Field Mass" is scored for male chorus and baritone solo. The chorus and soloist will be accompanied by a small ensemble made up of a variety of instruments that would be found in a military field band. Written to be performed out of doors, this unconventional mass invokes a soldier's prayer for safe delivery from battle.

Baritone Knight is a native of Texas. He received a degree in music theory from Yale University where he sang with the Yale Glee Club and the noted Whiffenpoofs. He later attended Manhattan School of Music in New York for graduate studies in voice and musicology. As a member of the Norman Luboff Choir, Knight toured nationally for three seasons. He has sung with the Gregg Smith Singers, the Don Ellis Band, and the Roger Wagner Chorale.

Mezzo-soprano soloist Kristi Dearing will be featured in Schubert's "Serenade" and "Night and Dreams," both scored for male voices and mezzo-soprano. Mrs. Dearing will sing the lyrics in the original German, while the chorus will interpret its parts in English.

She is a graduate of the University of Wisconsin School of Music and was a fellowship student at the Tanglewood Institute where she studied with Beverly Sills and Phyllis Curtin. She has toured with the Roger Wagner Chorale and appeared as soloist with the Kansas City Philharmonic.

The Men's Chorus will also perform music of Benjamin Britten and present the premiere of an arrangement of "American Pop Songs" prepared especially for the Men's Chorus by Edmund Najera.

Cal Poly will observe its annual Women's Week this year with six days of programs titled "Women: Yesterday, Today and Tomorrow" from Sunday, April 5 through Friday, April 10. All events are open to the public, with the majority of them being free except where noted.

The week will start off on Sunday night at 7 pm in the Cal Poly Theatre with a coffeehouse featuring members of the San Luis Obispo County Women's Music Collective. The music festival is $1 for students and $1.50 for the public. Children under 12 and senior citizens are free. Members of the collective will perform original songs that will be associated with the week's events and theme.

On Monday (Apr. 6) there will be five different programs in three locations on campus, culminating with the screening of the film, "A Doll's House," at 7 pm in Room E-27 of the university's Science Building. Coupled with a showing of the film, "The Spring and Fall of Nina Polanski," about working mothers, the films are free.

Feminist singer and songwriter Teresa Trull will perform during Cal Poly's Women's Week on Thursday (Apr. 9) at 8 pm in Chumash Auditorium. Tickets in advance are $4 for children, $4 for students and $5 for the public, and a dollar more at the door. Tickets are on sale in the university union on campus.

From Tuesday through Friday of the week, there will be numerous presentations of concern to both women and men, including dealing with the law, dancercize workshop, career interview strategies, the male point of view, investment tips, abusive images of women in the mass media, a program on minority women, and a panel discussion about lesbianism, identity and lifestyle.

The week's events are coordinated and presented by the Cal Poly Women's Collective and the Cal Poly Women's Center. For further information and details about the programs, call Nancy Pittman at Ext. 2927, Gretchen Beckmann, Ext. 2501, or Dr. Lorraine Howard, Ext. 2491.

The Student Affairs Division, in conjunction with various campus organizations, is sponsoring a week of programs, lectures, workshops, discussions, etc. Apr. 5-10, exploring women's issues and concerns. In keeping with university policy, employees wishing to attend any segment of this program during normal work hours must first obtain supervisory approval. Consistent with workload, supervisors are encouraged to provide as much opportunity as possible for interested employees to attend.

Quintessence Fine Arts Concert

Pianist Anna Teng will perform at Cal Poly in the fifth and final Quintessence Fine Arts Concert series of 1980-81. The recital, set for Friday (Apr. 10) at 8:15 pm, will be in the Cal Poly Theatre. The public is invited. Tickets for students are $4 at the door; the public tickets are $6.

Teng is recognized for her introductions of contemporary Chinese music to the Western world, and at the Cal Poly performance, she will play three fugues, Op. 9 by the composer Tsang-Huei Hsu. Born Azusa Fujita in Osaka, she began her studies at the age of four. Her early teachers were masters Leonid Kreutzer and Montonari Iguchi. By the age of nine, she was a soloist with major Japanese orchestras. Teng has since performed with London's Royal Philharmonic, Miami Symphony, Hong Kong Philharmonic, Taipei Symphony, Manila Symphony, and others. Quintessence is a fine arts concert series presented by the Fine Arts Committee of Cal Poly's Associated Students Inc. Now in its third year, the series presents five classical music concerts throughout the course of the academic year.
University Club Golf Tournament

The 1981 Cal Poly University Club Golf Tournament is scheduled for Saturday (May 2), at the San Luis Obispo Country Club. Tee off times will be between 11 am and approximately 12:15 pm. The tournament is open to all employees or retirees of the university and auxiliary organizations on a first come, first served basis. Persons wishing to play in the tournament should contact Bob Dignan Ext. 2291 or Gerry Punches, Ext. 2541 on or before Apr. 15. There is no entry fee for the tournament. A green fee of $12.50 will be required for each entrant, however. Golf carts are available at $7 for each half cart.

Prizes will be awarded in the club-house immediately following completion of the tournament for low gross for the first four places, low net (Callaway System) for the first four places, longest drive (on a hole to be selected prior to the start of the tournament) and the tee shot closest to the hole (on a Par 3 hole to be selected prior to the tournament). The names of the low gross and first low net winners will be permanently engraved on the respective trophies which the winners will retain until the next tournament. The winners of last year’s tournament which was held at the Morro Bay Golf Course were Ed Jorgensen (low gross with a score of 79) and Gerry Punches (low net with a score of 73).

Arts and Humanities Lecture

Ancient and modern philosophies have agreed that all human beings need to be happy. However, there is strong disagreement concerning what really constitutes happiness and the means by which it is attained. Henry B. Clark, associate director of the Center for the Humanities at University of Southern California, will consider these issues in a lecture to be given at 11 am on Thursday (Apr. 2) in Chumash Auditorium.

Admission to the event, which is scheduled as part of the University's Arts and Humanities Lecture Series, will be free and the public is invited to attend.

Dr. Clark is a graduate of Duke University, Union Theological Seminary, and Yale University, where he earned his Doctor of Philosophy Degree in social ethics, and has taught at Yale, Howard University, Union Theological Seminary, Duke, and USC.

The author of many books and articles on religion, ethics, and social problems, he received the Christopher Book Award in 1971, and, during 1979, was named the distinguished humanist of the year by the California Council for the Humanities.

Dr. Clark’s lecture at Cal Poly is also expected to address such questions as, "Will happiness arise if the basic human needs for pleasure and material resources are provided?" and "Why in such a wealthy nation as ours, is there so little happiness?"

The April 2 program will be the first of three Spring Quarter presentations on the theme of happiness that are scheduled as part of the continuing Arts and Humanities Lecture Series. The series is sponsored by the University’s School of Communicative Arts and Humanities.

POLY PEOPLE
ON SESLOC BOARD

At the annual meeting of the shareholders of SESLOC Federal Credit Union, held Mar. 24, Alex Capurso (Music, retired), was elected to the Board of Directors. Marcus Gold, (Audio Visual, retired), was re-elected to another two-year term on the Board of Directors. Other Cal Poly staff and faculty serving on the Board of Directors are: Robert M. Bostrom, (Director, Housing), Vic Buccola (Director, Athletics), and Dick Tartaglia (Associate Director, Plant Operations).

HEALTH INSURANCE (cont.)

bills directly to the foundation for Medical Care. A non-foundation physician may also bill the foundation directly. If the physician does not bill the insurance company, an itemized bill will be needed showing: (1) name of patient; (2) date services furnished; (3) type of service; (4) amount charges for each service; (5) group and member numbers.

Hospital Services

The identification card should be presented on admission to the hospital. California hospitals and many others in the West will bill the foundation directly for listed services. Outside California, have the hospital write the foundation for authorization to bill directly, or if a hospital bill is paid, the foundation will reimburse for covered hospital services received.

Bills for Prescriptions

Bills for prescriptions must show: (1) full name of patient; (2) purchase date; (3) name of prescribing physician; (4) prescription number; (5) purchase amount; (6) name of drug; and (7) group and member numbers.

All bills submitted for reimbursement should be sent to: Medical Care Foundation, Nine East Pedregosa, Santa Barbara, CA 93101. For any questions regarding a specific claim, call the Medical Care Foundation at (800) 322-6902. For general health insurance information or for questions regarding the above procedure, contact Barbara Melvin or Sandy Skinner in the Personnel Office, Ext. 2236.

FACULTY COMMENCEMENT REGALIA

Kathy Mitchell (El Corral Bookstore) reminds all faculty and staff that the time to order our cap and gown is here again. Rental regalia is available for approximately $15, and one-way disposable regalia is priced from $16.50 to $26.95. El Corral also offers a complete selection of durable custom-made regalia designed to be used year after year.

Complete information regarding caps and gowns is available at El Corral Bookstore. Cap and gown orders must be placed with Kathy Mitchell at the Customer Service counter in El Corral Bookstore by April 10.
Faculty/Staff receive service awards

One hundred fourteen members of the faculty and support staff were honored during the annual Service Awards Luncheon held on Thursday, (Mar. 19). Those receiving certificates recognizing their years of service as employees of the university included one with 35 years, 7 with 30, 6 with 25, 16 with 20, 32 with 15, and 52 with 10 years. President Warren J. Baker presented the awards during a luncheon held on campus in Chumash Auditorium.

Major certificate recipients, with their department assignments, include: Thirty-five Years of Service—Richard C. Wiley, head, Welding and Metallurgical Engineering; Thirty Years of Service—Grace E. Arvidson, President's Office, Atascadero; R.L. Graves, Architecture Department, San Luis Obispo; Norma W. Henderson, Academic Vice President's Office, Morro Bay; Irene R. Horvath, School of Communicative Arts and Humanities, San Luis Obispo; Dr. Edgar A. Hyer, head, Agricultural Management Department, San Luis Obispo; Michael J. O’Leary, Social Sciences Department; and Dr. William Thurmond, Biological Sciences Department, San Luis Obispo.

Twenty-five Years of Service—James G. Andresen, Aeronautical and Mechanical Engineering Department, San Luis Obispo; Robert M. Boström, director, Housing Department, San Luis Obispo; Dr. Richard K. Dickey, Electronic and Electrical Engineering Department, San Luis Obispo; Earl R. Hesch, Engineering Technology Department, San Luis Obispo; Dr. W. Boyd Judd, Mathematics Department, San Luis Obispo; and Howard Rhoads, Crop Science Department.

Twenty Years of Service—Thomas T. Chou, Electronic and Electrical Engineering Department, San Luis Obispo; Dr. William D. Curtis, Psychology Department, Pismo Beach; Lowell H. Dunigan, director institutional research, Arroyo Grande; Dr. Wallace F. Gildgen, Veterinary Science Department, San Luis Obispo; and Janice M. Gould, Audiovisual Services Office, Morro Bay.

Also, F. Jerald Holley, director, admissions, records, and evaluations, San Luis Obispo; Harry H. Honnegger, Welding and Metallurgical Engineering Department, San Luis Obispo; Dr. Starr Jenkins, English Department, San Luis Obispo; Dr. Corwin M. Johnson, head, Crop Science Department, San Luis Obispo; and Joyce C. Kalicicki, Education Department, San Luis Obispo.

Also, Irene Lund, Foundation Director's Office, San Luis Obispo; Daniel H. McCreary, Custodial Services Section, Plant Operations Department, San Luis Obispo; Kathryn P. Patterson, Purchasing Office, San Luis Obispo; Mary D. Smith, Personnel Office, San Luis Obispo; Melvin D. Thomas, Custodial Services Section, Plant Operations Department; and Dr. Robert R. Wheeler, Animal Science Department, San Luis Obispo.

The Service Awards Luncheon is an annual event presented by the University Club, a service and social organization for Cal Poly employees.

Inter-campus regional grant proposals

The CSUC Chancellor's Office is seeking to increase the impact of a selected group of successful projects supported during the past three years by the Fund for Innovation and Improvement in Education. A new program of Inter-Campus Regional Grants, ranging from $1,500 to $20,000, for 1981-82, will fund projects which directly address and complement the goals of the original project. The selected projects include the following areas: academic advising; basic skills; general education; and meeting the needs of underrepresented groups (women).

Faculty intending to apply for grants will need to contact the original project director to discuss inter-campus cooperative arrangements. Tenure track faculty, SAO III's and above, and librarians at the assistant level and above are eligible to apply.

Information regarding guidelines for submission and descriptions of the original projects can be obtained by calling Ext. 2051. The Chancellor's Office has established a deadline of May 8. Proposals will be due in Adm. 307 by Apr. 22 for review by the Cal Poly Committee, Malcolm W. Wilson (Associate Vice President for Academic Programs) and Hazel J. Jones (Vice President for Academic Affairs) prior to submission to the Chancellor's Office.

Legislature honors CSUC

The Legislature's Joint Rules Committee has honored The California State University and Colleges on its 20 years as the country's largest system of senior higher education institutions. The CSUC's Board of Trustees, meeting in Sacramento, was presented a resolution conveying the Legislature's congratulations by Sen. Walter W. Stiern, D-Bakersfield. The resolution was introduced by Senator Stiern and Assemblyman John Vasconcellos, D-San Jose.
University Club
Spring Quarter meetings

The following luncheon meetings for the University Club will start at 12 noon in the Staff Dining Room:

Apr. 2 Wes Conner (Ornamental Horticulture) showing slides of England.
9 San Luis Obispo Postmaster Pat Chevreaux talking about the U.S. Postal System.
16 Gerry Owen and Dave Montgomery (Biological Sciences) and Marlene Nye (Health Center) showing slides of New Guinea.
23 Celeste Grijava (Educational Services) showing slides of the Galapagos Islands.
30 Music by Dave Sanchez and his daughter.

May 7 Music by the Cal Poly "Dixieland Band."
14 Doral Sandlin (Aeronautical and Mechanical Engineering) presenting slides and a talk on the Nav-Air Research at Annapolis.
21 Loren Nicholson and Phil Bromley presenting a program on Elderhostel.
28 Dave Barons presenting slides of the "Underwater World."

Other University Club activities for the Spring Quarter are:

May 2 The Annual University Club Golf Tournament to be held at the San Luis Obispo Country Club. Reservations must be made with Bob Dignam, Ext. 2291 by Apr. 15 and the price will be $12.50.
7 The Annual University Club Family barbecue will be held at Cuesta Park. Reservations need to be made by May 5.

June 4 Luncheon on the President’s patio.

CSUC outstanding professors named

Faculty members from CSU, Chico and CSU, Los Angeles were named 1981 Outstanding Professors by the Board of Trustees of The California State University and Colleges. The designees, announced by Board Chairwoman Claudia H. Hampton and Chancellor Glenn S. Dumke, are Lloyd N. Ferguson, professor of chemistry at CSU, Los Angeles, and Valene L. Smith, professor of anthropology at CSU, Chico.

Sponsored throughout the 19-campus system by the trustees, the awards program has honored two faculty members each year since 1964. Designees are recommended to the chancellor and trustees by a special committee organized by the CSUC Academic Senate.

Each year since the program’s start the California State University and Colleges Foundation has awarded $1,000 to each Outstanding Professor. The awards have been made possible by a donation from the Joseph M. Schenck Foundation of Los Angeles arranged for by former Trustee Greg Bautzer. Professors Ferguson and Smith will be officially honored by the Board of Trustees later this year.

University library schedule

The Robert E. Kennedy Library will implement the following schedule during the Spring Quarter:

<table>
<thead>
<tr>
<th>Day</th>
<th>Entire Library</th>
<th>Extended Hours Reserve Book Room Only</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monday-Thursday</td>
<td>7:30 am - midnight</td>
<td>5 pm - 10 pm</td>
</tr>
<tr>
<td>Friday</td>
<td>7:30 am - 5 pm</td>
<td>8 am - 9 am, 5 pm - 10 pm</td>
</tr>
<tr>
<td>Saturday</td>
<td>9 am - 5 pm</td>
<td>10 am - 1 pm</td>
</tr>
<tr>
<td>Sunday</td>
<td>1 pm - 12 midnight</td>
<td></td>
</tr>
</tbody>
</table>

STAFF VACANCIES

Vacant support staff positions have been announced by Robert M. Negranti, Staff Personnel Officer. Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm. 110, Ext. 2236. Contact the Personnel Office to obtain an application. The University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Admendment Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

Clerical Assistant II-A/III-A, $946-$1330/month, Admissions Office. Duties include: Processing applications for admission, processing foreign applications for admission, calculating admission eligibility, preparing required data processing coding information documents, communicating with appropriate University officials. Requirements: Equivalent to one year of clerical experience for II-A, three years for III-A; type 45 wpm and must have taken the General Clerical Test by the closing date of 4/17/81.

Clerical Assistant II-B, $946-$1198/month, Biological Sciences Department. Duties: Distribute and deliver department mail; take dictation and/or transcribe from dictaphone, duplicate and collate test and course materials; type tests, letters, etc.; act as receptionist; order supplies. Requirements: Equivalent to one year of clerical experience, type 45 wpm, shorthand 80 wpm or dictaphone experience (to qualify as "B"), and must have taken the General Clerical Test by the closing date of 4/17/81.

Equipment Technician II (Mechanical), $1611-$1825/month, Civil Engineering Department (Temporary appointment - 11 months). Duties: Design, build, troubleshoot, and maintain widely varied engineering lab equipment; set up lab experiments; assist and supervise students using lab and shop; interact with vendors and suppliers; and initiate purchase requisitions. Requirements: Minimum of two years journeyman level experience in duties equivalent to above; machinist's background desirable. Closing date: 5/15/81.

Electrician I, $1663-$1825/month, Plant Operations. Duties: Under direction, install, maintain and repair all electrical systems and equipment such as lights, motors, heaters, generators, transformers, switchboards, high voltage lines, splices, new construction, preventative maintenance, etc. Requirements: Experience shall consist of completion of apprenticeship and/or three years as a journeyman with a thorough knowledge of materials, tools and equipment of the trade. Closing date: 4/17/81.
STAFF VACANCIES CONT.

CORRECTION

Clerical Assistant II-A, $473-$565/month; half-time with possibility of increase in time base dependent upon funding, Counseling Center. Duties: Typing for a professional staff of 19 persons; providing backup reception of persons coming into the Counseling, Testing and Career Center; various related clerical duties. Applicant must have ability to work with interruptions in a busy office environment and possess good interpersonal and communications skills. Requirements: One year of clerical experience, type 45 wpm (50+ preferred) and must have taken the General Clerical Test by the closing date of 4/17/81.

FOUNDATION
VACANCIES

The Foundation is accepting applications for the following open position as announced by J.L. Fryer, Personnel Officer. Interested applicants may apply at the Foundation Personnel Office, University Union Building Room 212, 546-1121.

Assistant Cook, $4.41-$5.28/hr. Assists in the preparation of meals and meal times; assist with sanitation, and maintenance of a standardized recipe system. Requirements: High school equivalent. Minimum of one year of commercial cooking experience. Closing date: 4/16/81.

WHO..WHAT..WHEN..WHERE??

Jeannine Schmid, Child Development/ Home Economics, presented research at the biennial meeting of the Society Research in Child Development titled, "on the Understanding of Relative Speeds, Distances, and Durations." on Friday, April 3, in Boston.

Steve Blank, Agricultural Management, had an article published in the April issue of Commodity magazine titled "Livestock Futures Price Theory." The article outlined a new futures market price theory developed by Dr. Blank.

Robert L. Hoover, Social Sciences, presented an illustrated slide lecture on the Ethnobotany of the California Indians and an update on excavations at Mission San Antonio for the Docent Council (prenado de los Tosoros) at La Purisima Mission State Historic Park, Lompoc, on March 29.

Candidates for positions on the faculty of the University are presently being sought, according to Donald L. Shelton (Director of Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

Veterinarian II, salary commensurate with training and experience, Animal/Veterinary Science Department, School of Agriculture and Natural Resources. Incumbent will plan and direct animal health programs for domestic livestock on campus, will coordinate animal health inspections with governmental agencies, act as field veterinarian and supervisor of clinic operation and teach as needed. DVM required with preference given to those with experience. Closing date: 5/10/81.

Assistant/Associate Professor or Lecturer, appointment level and salary commensurate with qualifications and experience, Industrial Engineering Department, School of Engineering and Technology. Position available September 1981. Applicants should be capable of teaching quantitative and management oriented courses in undergraduate and master's level industrial engineering. Ph.D. preferred, master's degree required with industrial experience highly desirable. Closing date: 6/5/81.

Lecturer(s), $5464-$5646/quarter, dependent upon qualifications, teaching load and experience, Ornamental Horticulture Department, School of Agriculture and Natural Resources. Position available for the 1981-82 academic year. Duties include teaching undergraduate courses in Fundamentals of Ornamental Horticulture, Nursery Production, Plant Materials, Landscape Design and other undergraduate courses in Ornamental Horticulture. Advanced degree in Ornamental Horticulture or closely related field plus industry or teaching experience. Closing date: 5/15/81.

Lecturer, $5980-$6275/quarter dependent upon qualifications and experience, Agricultural Engineering Department, School of Agriculture and Natural Resources. Position available for Fall and Winter Quarters for the 1981-82 academic year. Duties include teaching courses primarily in farm power and machinery plus related courses. BS in Agricultural Engineering, Mechanical Engineering or Mechanized Agriculture with industrial experience in the design and/or testing of farm machinery required. A master's degree with above industrial experience preferred. Closing date: 5/15/81.

Leonard Davidman and Patricia Davidman, both Education, have been recommended by the National Advisory Council for appointment to the Danforth Associate Program. The appointment will be from June 1, 1981, to May 20, 1986.

Dennis Phillips, Chemistry, has been selected by the National Advisory Council of the Danforth Foundation as a Danforth Associate for 1981-86. He will participate in conferences and other foundation activities directed toward encouraging effective teaching.

Charles J. Hanks, Head, Mathematics, the Coast Guard Reserve's first West Coast Rear Admiral, has retired from the Coast Guard after a distinguished 36-year career. His retirement party, held March 13 at the Fleet Admiral Nimitz Club in San Francisco, was hosted by the San Francisco Chapter of the Reserve Officers' Associated (ROA). He served in the Coast Guard during WWII as commanding officer of a sub-chaser in the Atlantic and skipper of a supply ship in the Pacific.
DISTRIBUTION OF OVERHEADS. On February 25, 1981, President Warren J. Baker approved distribution of 1979-80 uncommitted overheads as follows:

<table>
<thead>
<tr>
<th>Department</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Agriculture &amp; Natural Resources</td>
<td>$17,725.33</td>
</tr>
<tr>
<td>Architecture &amp; Environmental Design</td>
<td>$1,971.05</td>
</tr>
<tr>
<td>Business</td>
<td>$568.08</td>
</tr>
<tr>
<td>Engineering &amp; Technology</td>
<td>$6,821.98</td>
</tr>
<tr>
<td>Science &amp; Mathematics</td>
<td>$5,537.62</td>
</tr>
<tr>
<td>University Research Committee</td>
<td>$10,874.68</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td>$43,498.74</td>
</tr>
</tbody>
</table>

President Baker recommended that the Dean of each school receiving a share be encouraged to use these funds to support seed grants for research or other sponsored project development.

* WORLD WILDLIFE FUND. The International Union for Conservation of Nature and Natural Resources/World Wildlife Fund supports projects which identify and control factors which endanger species and biotic communities or find means for improving their status. Research projects must clearly serve to implement conservation goals. All projects must have the support of local organizations and priority will be given those which are operated in conjunction with local organizations.

**SOCIAL SECURITY ADMINISTRATION.** The S.S.I. has set a MAY 10 receipt deadline for research grants on Improving the Old-Age, Survivors, and Disability Insurance (OASDI) and Supplemental Security Income (SSI) Programs. Following is a brief synopsis of the areas of high priority research interest. For a more complete description of each, contact the Research Development Office: 1) Labor force participation and income coverage of women; 2) Social psychological, occupational, and financial factors affecting the aged and their retirement; 3) Impacts of immigration/policy; 4) Analysis of needs and of socio-economic factors affecting the disabled; 5) Comparative studies of other countries' systems and of alternative Social Security financing methods; 6) Analyses using Social Security Administration data bases in a number of areas.

*** NATIONAL SCIENCE FOUNDATION.** The NSF has established a program consolidating its research support in mineral processing and extractive metallurgy. The major goal of the program is to provide fundamental engineering knowledge needed for the development of innovative technologies ranging from one preparation to the production of metals, refractories, ceramics and inorganic chemicals derived from minerals. The program encourages two-to-three year projects and collaboration between universities and industry. For further information contact Dr. Tapan Mukherjee, Director, Mineral and Primary Materials Processing Engineering, National Science Foundation, 1800 G Street, N.W., Washington, D.C. 20550 (202)357-7423.

* The NSF's **Industrial Research Participation Program** has awarded grants to 23 research laboratories in 12 states to enable about 100 college and university science teachers to participate in research programs in industry, government and non-profit laboratories this summer. Participation is open to faculty members of United States colleges and universities, including junior and community colleges, who are U.S. citizens and who have been teaching science, mathematics, or engineering full-time for at least five years, primarily at the undergraduate level. Teachers must hold the rank of instructor or higher and have at least a baccalaureate degree or its equivalent. Participation is for 10 weeks during the summer with a possible 10 week follow-up during the academic year or the succeeding summer. A stipend for travel and living expenses is available. The Research Development Office has further information and a list of projects and project directors.
* CENTER FOR FIELD RESEARCH. The Center for Field Research awards grants averaging $16,000 and ranging from $5,000 to $50,000 for projects involving any field research in the humanities and sciences. All projects are funded by contributions from volunteer workers on the research teams, who are members of EARTHWATCH, a national field-research corps. The volunteers are qualified non-specialists, recruited and screened according to your needs. Past volunteers have been 20% students, 20% educators, 60% non-academic professionals; 45% have advanced degrees, 85% have some college education. Their average individual contribution to research expenses is $500, two weeks of valuable time, and their skills. Volunteers have been used to excavate, map, photograph, observe animal behavior, survey flora and fauna, gather ethnographic data, measure astronomical alignments, assist diving operations, lend mechanical and electronic expertise, record sounds, and share all field chores of expedition research. Their interest is in experiential education and support of significant scholarship.

There are no specific deadlines but preliminary proposals should be submitted immediately with full proposals invited therefrom for peer-review for June funding decisions.

UPCOMING DEADLINES: The following is a partial list of upcoming deadlines for May & June.

**Environmental Protection Agency - Office of Research & Development**

- June 1 Air Pollution Control Research Grants
- June 1 Consolidated Research Grants
- June 1 Partners in Research: 1) Environmental Biology, 2) Environmental Chemistry and Physics, and 3) Health Research
- June 1 Pesticides Control Research Grants
- June 1 Safe Drinking Water Research & Demonstration Grants
- June 1 Solid Waste Disposal Research Grants
- June 1 Water Pollution Control Research-Development-Demonstration

**National Institute of Health - Division of Research Resources**

- June 1 Biotechnology Resources Program
- June 1 Resource-related Research Project Grants

**National Institute of Health - Institute of Child Health and Human Development**

- June 1 Institutional Programs in Population Research

**National Institute of Health - Institute of Environmental Health Sciences**

- June 1 Center Grants
- June 1 Marine Freshwater Biomedical Center Grants
- June 1 Mid-career Development Award - Environmental Toxicology

**National Institute of Health - National Institute on Aging**

- June 1 Social and Behavioral Research Program

**National Endowment for the Arts**

- June 1 Film-video Exhibition
- May 12 Jazz Program - Institutional Grants
