The Board of Trustees of The California State University and Colleges took the following actions at its meeting July 13, 1977:

• Authorized salary increases of 5 percent for all faculty and other academic employees, effective July 1, 1977. Increases for Extension faculty will be effective September 1, 1977, and for Summer Session faculty will be effective with the 1978 Summer Session.

• Authorized salary increases for administrative, support staff and other personnel ranging from 5 percent to 8.5 percent, effective July 1, 1977. Funding for fringe benefits for academic and nonacademic employees was not provided in the final 1977-78 State Support Budget, but such funds are being proposed in separate legislation.

• Resolved that the Board continue its opposition to collective bargaining in higher education and to the Berman Bill (Assembly Bill 1091); further requested the Chancellor to take whatever steps he deems appropriate to eliminate or minimize the adverse effects on the quality of the CSUC of this and any other collective bargaining legislation introduced.

• Approved a change in name for California State College, Dominguez Hills, to California State University, Dominguez Hills, subject to approval by the California Postsecondary Education Commission; further resolved that the campus meets the criteria and compliance levels established for university status.

• Amended Title 5 of the California Administration Code to allow faculty at quarter system campuses to participate in the Preretirement Reduction in Time program by reducing their time base to two-thirds or one-third in addition to the reduction to half-time presently authorized.

GARDEN DISPLAY OPEN FOR TOURS

Nearly 120 different varieties of seed-grown annual flowers and seed-grown vegetables are on display at the Ornamental Horticulture Department's All-American Selections Display Garden. The 5,000-square-foot garden features the best new varieties of North American vegetables and flowers, emphasizing bedding plants, hanging baskets, vegetables, and container plants. It is one of only four in California and 65 throughout North America. Self-guided tours of the garden are open to the public from 8:30 am to 4:30 pm on Mondays through Saturdays through Sept. 15. Admission is free.

The all-American garden was planted and landscaped, and is being maintained, by ornamental horticulture students as part of a learn-by-doing special problems class for which they receive two to four units of credit. They are especially proud of the five AAS medal winners for 1978—Dianthus 'Snowfire,' Zinnia 'Red Sun,' Zinnia 'Cherry Ruffles,' Zinnia 'Yellow Ruffles,' and Zinnia 'Peter Pan Cream.' These five varieties are on display at the Cal Poly garden but won't be available to home gardeners, as seeds, until early in the 1978 season.

In addition, the Los Lecheros Dairy Club was honored as the nation's outstanding campus dairy club.
