Magic evening at Poly

Feats of prestidigitation and sleight-of-hand will treat the eyes and imagination of magic fans during the Magic Festival to be held at Cal Poly on Saturday, (Apr. 8). Scheduled to begin at 7:30 pm, the Magic Festival will be presented in several rooms of the University Union by the ASI Special Events Committee. The public is invited, with tickets available in advance at the University Union ticket office. Prices will be $3.50 for public and $2.50 for students and children under 12. Only 600 tickets will be sold.

Five professional stage and close-up magicians with international reputations, and seven amateurs will perform during the campus event. Dale Salwak, Stan Allen, Mike Caveney, Ed Justice Jr., and Tony Casano are the headliners. Salwak, Allen, Caveney, and Justice have all performed extensively at the Magic Castle in Hollywood, and have earned the acclaim of other professionals in the field.

The program will open in Chumash Auditorium. Also used during the evening for the close-up magic will be Rooms 220, 208, and 112 all in the University Union. Ticket holders will be free to move from room to room to watch the magicians perform tricks. School rules will be given to everyone attending, and while waiting in line, entertainment will be provided by a series of amateur magicians.

ADMINISTRATIVE INTERN PROGRAM ANNOUNCED

A systemwide Program Change Proposal for an Administrative Intern Program for 1978-79, which would provide funding for support of nineteen administrative interns (one for each campus) and for appropriate training seminars and workshops, has been announced.

The CSUC announcement states: "Both the Governor's and the Legislature's proposed budgets recommend support for the intern program. The final approval, however, will not be possible until the budget process is complete June 30, 1978. Because the program must be operational by September, the plans, procedures and selection process need to be developed and completed this Spring on a contingency basis.

"The purpose of the program as stated in the Governor's budget is '... to provide $510,510 for an upward mobility program aimed at ensuring that women and minorities are given equal opportunities for placement and advancement in administrative and managerial positions in the CSUC.' Accordingly, women and minorities are especially encouraged to apply.

"The objectives of the program are to identify a number of faculty and staff members who have evidenced a potentiality for effective academic leadership and to assist those persons through an experiential intern program, together with appropriate training seminars, to prepare themselves further to apply successfully for administrative or managerial positions in the CSUC or other institutions of higher education.

"Application for the Administrative Intern Program is open to those faculty and staff persons who have a permanent/tenured or probationary position on their campus and who desire to prepare themselves for a career option into administration or management. Final selection of interns and operation of the program will be on a nondiscriminatory basis.

"Every endeavor will be made to place the successful applicant on a campus near his/her home campus, but this may not be possible in all cases. Interns will be assigned to their home campus only under very unusual or compelling reasons. Therefore, applicants should seriously consider their mobility as a factor in their personal decision.

Internships will be for the academic year 1978-79; each intern will receive his or her regular salary during the internship. As noted, implementation of the program will be contingent on State funding.

TIMETABLE FOR APPLICATIONS
April 15, 1978 — Application forms may be obtained from the Personnel Office, Administration building.
May 8, 1978 — Final date of application. Applications must be filed in the office of the President by 5:00 pm, May 8, 1978.

Outstanding CSUC professors named

Faculty members at California State University Los Angeles, and California State Polytechnic University, Pomona, have been named 1978 Outstanding Professors by the Board of Trustees of The California State University and Colleges. The designees are Harold Goldwhite, professor of chemistry at Los Angeles, and Ruth Mulvey Harmer, professor of English at Pomona.

The Outstanding Professors selection program is sponsored annually throughout the 19-campus system with only two designees recommended to the Chancellor by a Special Committee of the Statewide Academic Senate. Each year since 1964 $1,000 has been awarded to each Outstanding Professor, been made possible by the Joseph M. Schenck Foundation.
Care Grants awarded

Robert A. Lucas (Coordinator, Research Development) has announced awarding of the following CARE grants to Cal Poly faculty:

Loren Nicholson (Journalism) - $240 - "Study of Land Promotion and Advertising in San Luis Obispo County"
Kingston Leong (Biological Sciences) - $800 - "Bacillus Thuringiensis var Thuringiensis"
Jan Simek (Chemistry) - $700 - "Preparation of Exocyclic Alkenes by Hoffman-Orientation Elimination"
Dane R. Jones (Chemistry) - $940 - "Determination of Properties of Macromolecules Using Laser Light Scattering"
Harold R. Kerbo (Social Sciences) - $680 - "Empirical Study of Factors Influencing Education Achievement Among American Indian College Students"
Walt E. Elliot (Physics) - $1,000 - "Atmospheric Aerosol Monitoring Program for the Central Coast Air Basin"
John Snetsinger (History) - $320 - "Ethnicity and American-Soviet Conflict in Eastern Europe, 1945-1956"
Ernest C. Miller (Management) - $640 - "An Investigation and Analysis of Discriminatory Entries in Organizational Personnel Application forms"

Trustee actions reported

The Board of Trustees of The California State University and Colleges took the following actions at its meeting last week:

Increased the Student Services Fee from $144 to $146 per year for all full-time students, effective with the spring 1979 term. The additional funds will support pharmacy service on campus to meet State Board of Medical Examiners standards.

Approved a joint doctoral (Ph.D.) program in Education with a "Multicultural Component" between San Diego State University and the Cal State University at San Marcos; also requested the State Department of Education and the Legislature to amend the Governor's Budget for 1978-79 to include $131,564 to cover first-year program costs. This is the first joint doctoral arrangement between a CSUC campus and a private university. Five other such joint programs currently exist at three campuses, including programs in chemistry, ecology, and genetics at San Diego State University. All are with University of California campuses.

Staff longtimers receive honors

Sixty-nine support staff employees with nearly 1,000 years of service to the university were honored during an awards luncheon held in the Vista Grande dining room on Tuesday (Mar. 21). Those receiving certificates recognize their years of service as employees at Cal Poly included 31 with 10 years, 27 with 15 years, 5 with 20 years, 4 with 25 years, and 2 with 30 years.

President Robert E. Kennedy assisted Jeffrey Debrish (Chairman, Staff Senate) and Hazel J. Jones, (Vice President for Academic Affairs) during the ceremony. Certificate recipients, with their department assignments and cities of residence, included:

Thirty Years of Service — Marcus Gold (Coordinator, Audio-visual Services), and June Powell (Administrative Secretary, President's Office).
Twenty-five Years of Service — Albert Fellis (Skilled Laborer, Plant Operations), John Heinz (Director, Audiovisual Services and Production), Margaret Hoyt (Clerical Assistant, El Corral Bookstore), and Margaret Wilmot (Library Assistant).
Twenty Years of Service — Loule Budoff (Chief Custodian, Residence Hall Services), Orlan C. Casey (Custodian, Plant Operations), Norman Johnson (Equipment Technician, Audiovisual Services), James G. Neelands (Supervising Equipment Technician, Science and Mathematics), and Arthur Young, (Chief Engineer, Plant Operations).

The Staff Awards Luncheon is an annual event sponsored by the Staff Senate, an elected council of staff employees which serves an advisory function to the university president.

Ag safety program

The School of Agriculture and Natural Resources safety program for farm equipment operators will be held in the Cal Poly Theatre on Friday, (Apr. 7) from 2 pm to 4 pm. All people planning to operate farm shop equipment who do not yet have a permit to do so should plan on attending this program. It will be the only one offered Spring Quarter.
Labounty named President

Hugh O. LaBounty Jr., acting President of California State Polytechnic University, Pomona, has been appointed President. Dr. LaBounty's appointment was announced by CSUC Board of Trustees Chairman Roy T. Brophy and CSUC Chancellor Glenn S. Dumke.

"Dr. LaBounty's contributions to the growth and development of Cal Poly have become well established over a quarter of a century through his service in administration and teaching," Chancellor Dumke commented. Dr. LaBounty has served as the 14,000-student campus' acting President since last July when his predecessor, President Robert C. Kramer, accepted a position with the W.K. Kellogg Foundation in Michigan. His administrative responsibilities at Pomona predate the campus' establishment as a separate higher education institution in 1966. Until then the Pomona and San Luis Obispo polytechnic campuses were jointly administered. Prior to his appointment as acting President, Dr. LaBounty was Executive Vice President from January 1976. He was Vice President for Academic Affairs from 1967 - 1975, and Dean of the College, 1966-67. He joined Cal Poly as a faculty member in 1953, developing the first English Department on campus. From 1958 to 1962 he was Chairman of the Social Science Department. For four years until 1966 Dr. LaBounty was Executive Dean, responsible for physical and academic planning for both Cal Poly, San Luis Obispo and Cal Poly, Pomona campuses.

Books at high noon

Dominic Perello (Economics) will review Paul E. Erdman's The Crash of '79 at the first meeting of Books at High Noon for the Spring Quarter. Erdman discusses whether the Arabs are going to take over the American economy. His predictions of Arab economic holdings in the U.S. have fallen short of what actually happened. Books at High Noon will meet at the Staff Dining Room, Tuesday (Apr. 11) from 12 noon to 1 pm. Faculty and staff are invited.

Basketball for Faculty and Staff

Again this quarter the faculty and staff basketball team will be entered in the university's intramural program. The team will play on Thursday nights at 7 pm starting the week of Apr. 9, entered in the "B" league. Anyone interested in playing on this faculty-staff team should call Don M. Morris at Ext. 2053 or 2903.

"Art coalition" Wives' Club topic

Alex B. McLachlan, local potter, will acquaint the Cal Poly Wives' Club with the recently formed "Art Coalition" of San Luis Obispo when he speaks to the general membership at their regular meeting on Tuesday (Apr. 11) at 8 pm in the Staff Dining Room. McLachlan is a 1974 graduate of Cal Poly. He started working with clay in 1972 and taught in the University Union Crafts Center. He established his own studio in San Luis Obispo and has shown his work at the Elizabeth Fortner Gallery in Santa Barbara, San Luis Art Center, So. Utah State College, Pacific States Crafts Fair in San Francisco and in Beverly Hills.

Wives' Club May luncheon

All members are invited to join in a tribute to California, the Golden State, at the "Merienda de Oro", (Golden Luncheon) on Saturday (May 6) at 12 noon in the Staff Dining Room. Arrangements are being made for a delicious lunch, a musical installation of officers and a happy social occasion to be enjoyed by all. Tickets will go on sale this week and may be obtained from Section Chairman or Marge Johnson and Miriam Hoyum. Cost of tickets is $4.00, including tax and tip. Ticket sales will end May 3rd.

Home concert plans

A new format, which will see the entire program devoted to vocal music, has been announced for the 1978 Home Concert at Cal Poly. Scheduled for 8:15 pm on Saturday (Apr. 15) in the Physical Education Gymnasium, the program will include performances by two larger groups, the Men's and Women's Glee Clubs; the Polyphonics, a smaller ensemble specializing in show music; and the "world famous" Majors and Minors, an all-male group known for its renditions of "barber-shop" music.

Stanley A. Malinowski Jr. (Music) conductor of the groups, said the University Jazz Band (Collegians), a group that has participated in the Home Concert since the series was initiated in 1938, will focus its spring rehearsals on preparation for the Jazz Night concert, which is being planned for Friday (June 3). Tickets for the Home Concert, which will be priced at $1.25 for students and $2.50 for all others, will go on sale at campus and community locations on Monday (Apr. 3). They will also be sold by members of the two glee clubs.

Announcement of Cal Poly Foundation board meeting

The Board of Directors of the California Polytechnic State University Foundation will hold a regular meeting on Thursday, April 13 at 1:30 pm in Administration Building, 409 on the California Polytechnic State University campus in San Luis Obispo, California. This is a public meeting. For further information about this meeting, or to obtain a copy of the meeting agenda, contact Al Amaral (Executive Director, Cal Poly Foundation) in University Union 212, or call Ext. 1131.

Cal Poly Report copy intended for the next issue should be submitted to Betty Holland, Adm. 125, Ext. 2576, prior to 12 noon on Monday.

Cal Poly Dateline is compiled by the Public Affairs Office, Adm. 401, Ext. 2246, and is published on Mondays. Typewritten copy intended for the next issue should be submitted to Cathy Burt, Adm. 401, Prior to 12 noon on Wednesday.

CSUC advanced placement tests offered

Prospective Cal Poly students now have an opportunity to earn as many as 36 quarter units of university credit by passing equivalency tests. Seven examinations, in English, science, and mathematics will be offered in April and May. The tests offer incoming students the chance to demonstrate knowledge of these subjects equivalent to that of collegians who have successfully completed regular courses in these fields.

Students passing both essay and multiple-choice parts of The California State University and Colleges' English Equivalency Examination qualify for nine quarter units. Even if they do not score high enough to earn university credit for English, many students are expected to do well enough to earn exemption from the CSUC's mandatory non-credit English Placement Test.

Participants in the examinations may earn up to 4.5 quarter units each for successfully completing any of the other six examinations. The subjects for the other tests are: general biology, algebra-trigonometry, calculus with analytic geometry, general chemistry, general mathematics, and statistics.

Application forms have been sent to all students who have applied for admission to Cal Poly. Forms are also available from high school counselors and the Counseling Center. English tests will be administered on Saturday (Apr. 29) and have a Friday (Apr. 27) application deadline. Science and mathematics tests will be administered on Saturday (May 20) and have a Friday (Apr. 28) application deadline. Additional information about the tests can be obtained by contacting Norman Murphy (Test Officer) at the Counseling Center.

FACULTY VACANCIES

Candidates for positions on the faculty of the University are presently being sought according to Donald L. Shelton, Director of Personnel Relations. Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

Lecturer, $8,672-$11,424/Winter and Spring Quarters, 1979 only, dependent upon qualifications and experience, Home Economics Department, School of Human Development and Education. Position available January, 1979. Duties include teaching in Teacher Education and one of the following subject areas: Clothing, Foods, Interior Design, Management, Consumer Education, Nutrition, or Textiles. Ph.D. preferred but will consider candidates with Home Economics Master's Degree with specialization in Teacher Education and one of the above listed areas. Closing date: 5-22-78.

Lecturer, $13,008-$21,624/academic year, dependent upon qualifications and experience, Home Economics Department, School of Human Development and Education. Position available September 1978. Duties include teaching in Foods and Nutrition. Ph.D. preferred but will consider candidates with Home Economics Master's Degree with specialization in above areas. Closing date: 5-22-78.

STAFF VACANCIES

Vacant support staff positions have been announced by Robert M. Negrantl, Staff Personnel Officer. Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm. 110, Ext. 2236. Contact the Personnel Office to obtain an application. The University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

Clerical Assistant II-A, $729-$871/month, Communications/Media/Productions. Duties: Preparing orders for processing by computer, corresponding with customers and distributors, ordering inventory, maintaining inventory records, coordinating student employees, and general office routine. Requirements: High school graduate with one year of related experience (will consider college education for required experience), 45 WPM typing. Closing date: 4-20-78.

The Foundation is accepting applications for the following open position as announced by J.S. Fryer, Personnel Officer. Interested applicants may apply at the Foundation Personnel Office, University Union Building, Room 212, 546-1121. Cal Poly Foundation is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

Clerical Assistant II-A, $729-$871/month, Library (Limited Loan/Reserve Section). Duties: Performs clerical duties such as charging and discharging books, filing, shelf reading, processing reserve book requests, and other reserve and circulation activities; assists with overdues and fines procedures, statistics, and performs other duties as assigned. Requirements: Equivalent to one year general clerical experience, type 40 wpm, and must have taken the General Clerical Test. Hours: Flexible 40-hour work week. Closing date: 4-20-78.

Campus Peace Officer, $1292-$1555/month, University Police, Business Affairs Office. Duties: Enforces laws, traffic regulations, safety regulations on campus, conducts investigations, prepares reports, and appears as witness in court when necessary. Requirements: Applicants with the POST basic certificate are preferred. Those applicants eligible for the Basic Certificate by completion of a POST certified basic academy and/or degrees in law enforcement, must pass a written exam, physical ability test, and meet requirements of pre-employment physical. Working knowledge of law enforcement methods, and traffic control procedures, ability to quickly learn and apply campus rules and regulations; should be able to relate well to the academic community. Hours: 40-hour work week, rotating shift. Closing date: 5-5-78.
NSF - UNDERGRADUATE RESEARCH PARTICIPATION PROJECTS. NSF supports student research through a cluster of Student-Oriented Programs (SOP) which share the following goals: (1) to provide talented students with science learning opportunities beyond those normally available in formal science programs; (2) to increase the variety of instructional patterns, by demonstrating the capacity of students to accept greater responsibility for planning and carrying out their own learning experiences; and (3) to identify science and engineering talent and encourage its development on an individual student basis. The Research Office (317 Administration) has received a Directory which briefly describes the 148 Undergraduate Research Participation projects which will permit collaborating colleges and universities to bring at least 1,170 talented and promising undergraduate students into a wide range of scientific and engineering activities during the summer of 1978.

Participating students must be enrolled as full-time undergraduates at the time of URP application. Participants should be between their junior and senior years; however, URP Project Directors may consider justifiable exception whenever circumstances and individual qualifications warrant.

NIA - RESEARCH ON AGING PROGRAMS. The National Institute on Aging has set a receipt deadline of July 1 for proposals to the following three programs on aspects of research on aging.

1. STUDIES ON NUTRITION IN RELATION TO HEALTH OF THE AGED AND AGING PROCESSES. Sought are grant applications for the study of the effects on nutrition on the aged, as well as the effects of nutrition on the basic processes of aging. Areas of research interest include but are not limited to: (a) nutritional status and requirements of the aged, particularly the influence of therapeutic modalities on nutritional status; e.g., amino acids, protein, vitamins, minerals, etc.; (b) the effect of social, psychological, and economic factors on dietary intake; (c) the effects of dietary modification on health, longevity, pathologic processes and physiologic responses, particularly immune and endocrine response; (d) nutrition, cellular structure and function as a function of age; (e) identification and characterization of specific models for nutrition and aging research.

2. SPECIAL RESEARCH AWARDS. The program encourages newly trained investigators to become active in aging research by supporting meritorious basic or clinical research projects directed toward understanding the underlying causes of the aging process. (i.e., cell biology, nutrition, metabolism, etc.)

3. SPECIAL INITIATIVE GRANTS FOR RESEARCH ON AGING. This program will provide support of up to $60,000 in direct costs per year for up to three years in order to enhance the quality and quantity of gerontological research, and to stimulate the development of additional institutional foci for aging research. Support can be provided in the following broad areas: (a) biology of aging; (b) medical and clinical aspects of aging; (c) psychological and behavioral aspects of aging; and (d) social and societal aspects of aging.

NSF - U.S./JAPAN COOPERATIVE SCIENCE PROGRAM - VISITING SCIENTIST GRANTS. This program enables American scientists to visit Japan to conduct research in collaboration with Japanese scientists and/or receive training at a Japanese research center.
or laboratory that provides unique opportunities for the American investigator. This program does not award grants for travel to international meetings and congresses held in Japan.

**DEADLINE: 8/31/78**

***USOE - ADVANCED PROCUREMENT INFORMATION FOR RESEARCH AND EVALUATION STUDIES.*** The U.S. Office of Education has released advanced procurement information on research and evaluation studies it may request by 9/30/78. Twenty-two possible studies have been identified:

1) Assessment of the operation of the Adult Education Act State Grant Program at the state and local levels.

2) Further analysis of the National Longitudinal Study of the class of 1972—second year follow-up data.

3) An assessment of the capacity-building accomplishments of the regional resource centers.

5) Evaluation of Cycle XIII of the Teacher Corps.

6) An evaluation of the right-to-read special emphasis projects.

8) Assessment of state plans for career education.

9) A study of factors affecting decisions about participation in postsecondary education.

10) An update of the guaranteed student loan program default experience.

11) An evaluation of the developing institutions program, Phase III.

12) An evaluation of the special services for disadvantaged students program.

13) A study of sources of funds for students and their parents.

14) Methods of integrating impact aid with state equalization plans.

15) Study of utilization of a wealth neutrality index.

16) Feasibility study for constructing a cost-of-education index at the state and federal levels.

17) Revision and update of software package for ESEA Title I evaluation and reporting system.

18) Impact assessment of the state-operated and state-supported programs for handicapped children under ESEA, Title I.

19) Study of the Role of ESAA funding in newly desegregating, pre-implementation school districts.

20) Field survey and revision of second set of project information packages.

21) Synthesis of findings of dissemination studies.

22) A study of federal-state dissemination efforts.

For additional information concerning any of the above potential projects, write, enclosing a self-addressed envelope or label, to: USOE, Grant & Procurement Management Division, ASE/Special Concerns Branch, 400 Maryland Avenue, SW, Room 5915, ROB #3, Washington, DC, 20202, ATTENTION: H. Guey-Lee.

For consideration of an OUTSTANDING STAFF EMPLOYEE AWARD, a staff nominee should be a truly dedicated and loyal employee – one exhibiting expertise in job performance and willingness to assist other enthusiastically, He or she should take initiative in trying to make a department more efficient and productive. The candidate's relationship with fellow employees, faculty members, and students should be outstanding. He or she should be University and community oriented.

Nominees must be permanent, full-time employees during the year of nomination (September to September) and be in at least the 3rd year of employment. Former recipients of the award are not eligible.

Nominations may be made by any individual staff or faculty member, or Department or Division Head of the University.
