SALARY INCREASE FUNDS INCLUDED IN 1973-74 STATE BUDGET

The state budget for 1973-74, signed by Governor Ronald Reagan on June 30 provided funds for a general average salary increase equal to approximately 7½ percent for faculty and average increases of more than 12 percent for support staff, according to Donald L. Shelton (Director, Personnel Relations). Support staff increases proposed vary by class and range from 5 percent to approximately 25 percent.

Prior to implementing proposed salary increases, clearance by the Federal Cost of Living Council and Board of Trustee action is necessary. Cost of Living Council action has been requested, according to information received from the Chancellor’s Office, and it is planned for the Board of Trustees to act on the proposed salary increases at its July 10-11 meeting.

"An analysis of all items and changes contained in the 1973-74 budget is not available at this time," Shelton said. "We have been informed, however, that despite strong and continuing efforts by the chancellor's staff, the 5 percent salary differential presently paid to 12-month department heads (Class Code 2385) and administrative faculty (Class Code 2386) was eliminated from the budget bill. Individuals occupying these positions will no longer receive a 5 percent differential after the end of the June pay period."

As additional information concerning the 1973-74 budget is released, it will be reported in Cal Poly Report.

EXTRA EFFORT BRINGS EXPECTED SALARY CHECKS FOR SOME SUMMER FACULTY

A behind the scenes effort on the part of employees of the Payroll Services Office brought first increment salary warrants on time last week for many Summer Quarter faculty employees who were unaware of a last-minute problem that changed announced plans for their payment.

James R. Landreth (Director, Business Affairs) said this week that extra efforts in locating available funds for meeting the $235,000 payroll were contributed by Joseph Surra (Budget Analyst).

Landreth explained that the problem developed when passage of the state's 1973-74 budget was delayed past the June 15 deadline. This made it impossible to pay the first increment salaries of Summer Quarter employees from 1973-74 monies and it then became necessary to locate unused funds from 1972-73 allocations.

Some $85,000 of the amount needed was taken from excess reimbursements in the university's 1972-73 budget. The remainder was requested from year-end balances remaining in the overall budget for The California State Colleges and University and Colleges. The use of statewide funds might have some effect on balances

CAL POLY MEN CAPTURE NATIONAL RODEO TITLE

After trailing by 200 points as the last round of competition began, the Cal Poly men's rodeo team came from behind to capture the 1973 championship of the National Intercollegiate Rodeo Association in Bozeman, Mont., on June 23.

The five men from Cal Poly eased into the championship with a 140-point edge by picking up first and second places in five of the six competitive events. They scored 1,080 in the five-day finals, compared to the 940 score tallied by both Southern Colorado State University of Pueblo and Tarleton State College of Stephenville, Tex.

The Cal Poly women's team ranked third in the national rodeo competition with a score of 250 points, trailing the University of Arizona at Flagstaff, which scored 450, and Ft. Hays State College, Hays, Kans. 270.

Tom Ferguson of San Martin, ending his career on the Cal Poly team won the national title for calf roping and the rodeo championship in steer wrestling. Colleen Simas of Auburn, a member of the Cal Poly women's team, was named national champion in the breakaway roping division.

The Cal Poly men's team won national championships previously in 1960, 1970 and 1971. Both the men's and women's teams won the West Coast Region titles at the end of a 10-meet season in May.

CONCERT BY "LOST AND FOUND" SLATED THIS EVENING

"Lost and Found," a Christian-oriented singing group, will appear in concert at Cal Poly this (Tuesday, July 3) evening. The 7 p.m. concert in Chumash Auditorium of the Julian A. McPhee University Union will be open to the public. Admission will be free. Inter-Varsity Christian Fellowship, a campus student organization, is sponsoring the program.

The 11 members of the singing group, representing colleges across the nation, are spending the summer giving concerts, making radio and television appearances, and sharing on a one-to-one basis how they have discovered real purpose and meaning to life. Musically, the concert will range from current popular numbers through soul music to contemporary religious songs.

"Lost and Found" has two long playing records, two books of musical arrangements, and has been featured in national magazines. The group had a major role in the film production, Just for The Love Of It.

EXTRA EFFORT BRINGS EXPECTED SALARY CHECKS . . . (Continued from Page 1)

earmarked for roll forward to help relieve some of the equipment replacement problems for Cal Poly and other CSUS campuses during 1973-74.

After the necessary funds for the first-increment salaries had been located, it was too late for the Controller's Office in Sacramento to issue regular payroll warrants, Landreth said, and it became necessary to have some local revolving fund checks prepared by the Payroll Services Office staff. Remaining Summer Quarter checks will be available about Friday (July 6).
CAPITAL OUTLAY PLANS EXPLAINED BY PRESIDENT KENNEDY

President Robert E. Kennedy used two meetings held last week to brief leaders of the campus academic community on the latest adjustments in Cal Poly's five-year plan for capital outlay projects. The presentations were before a meeting of deans of the various instructional schools and a meeting of the Academic Senate's Executive Committee.

Significant in Dr. Kennedy's discussions with both groups were changes involving the proposed new university library, which is programmed for start of construction during the 1974-75 budget year. As now planned, the $9 million structure, which will be located north of the present Library building, will also include office spaces for 150 faculty members.

President Kennedy explained that the decision to incorporate the office spaces, which had previously been scheduled for a separate faculty office building, in the new library came during a capital outlay discussion with members of Chancellor Glenn S. Dumke's facilities planning staff when it became apparent that the priority position of both buildings would otherwise be lost.

"Our understanding at this time is that the new library building, with the faculty offices included, will retain its priority position," the President said. "This should assure funding for the facility so that construction can start some time during the 1974-75 academic year and be completed about two years after that time."

Dr. Kennedy said although the solution was one of necessity in order to assure relief of the shortage of office space at the earliest possible time and to avoid postponement of construction of the new library, it also continues the Cal Poly philosophy of placing faculty offices in areas where faculty members are easily accessible to students.

Also reported by the president during his meetings with the academic deans and the Executive Committee of the Academic Senate was rescheduling of a utilities construction project for 1974, and scheduling of rehabilitation and modernization of the present Crandall Gymnasium and natatorium as an alternative to constructing a new facility for women's physical education activities.

SEMINAR FOR LATIN AMERICAN GROUP PLANNED NEXT WEEK

Twenty young Latin-American agriculturalists will spend five days at Cal Poly beginning Monday (July 9). During the five days, which will climax a year of experience on American farms, the men will participate in seminars on beef production, crops, ornamental horticulture, commercial fish production, and nutriculture.

The year-long stay on American farms was sponsored by the Association for International Collaboration of Farmers/America, an affiliate of the California Farm Bureau Federation. The campus seminar is hosted by the School of Agriculture and Natural Resources.

Cal Poly faculty members participating in the seminars are Corwin M. Johnson (Head, Crop Science); James A. D'Albro (Ornamental Horticulture); Frank W. Fox (Animal Science); Richard F. Johnson (Head, Animal Science); William R. Troutner (Crop Science); Robert R. Wheeler (Animal Science); Richard J. Birkett, (Animal Science); C. Dean Piper (Head, Soil Science); Lloyd H. Lamouria (Head, Agricultural Engineering).
CAL POLY NOT ELIGIBLE FOR CRANSTON AMENDMENT MONIES

Cal Poly is not eligible for Veteran's Cost-of-Instruction Payments under terms of the Cranston Bill after all, according to a statement issued last week by Everett M. Chandler (Dean of Students).

Dean Chandler, who said preliminary study of the federal legislation on veteran's educational benefits had indicated that the university might be eligible for the $300 per veteran enrolled payments, said more recent study shows it to be far short of the required figure of 10 percent more veterans enrolled in April, 1973 than were enrolled a year earlier.

Other financial aid monies available to Cal Poly students through federal legislation including those for the Work-Study Program, the Supplementary Educational Opportunity Grants, and the Basic Educational Opportunity Grants, are not affected by the Cranston Amendment.

While pointing out that the Cal Poly increase during that period was 4.7 percent, Dr. Chandler said that early nationwide expectation had been that a great many colleges and universities would be eligible for the special aid. More recent indications are that about 1,000 institutions have qualified and very few are four-year institutions.

The dean's statement also pointed out that further study of the Cranston Amendment shows that its intent is to benefit educationally-disadvantaged veterans, which in Cal Poly's case would mean those who fall in the 2 percent limitation beyond the prescribed admission standard, and that actual funding of the program may well be at a level well below the $300 per veteran level.

Colleges and universities which qualify for the program will be required to set up a veterans office with counselors and recruiters, and to establish a remedial educational program to assist the educationally disadvantaged veteran, Dr. Chandler added.

CANDIDATES FOR FACULTY POSITIONS BEING SOUGHT

Candidates for positions on the faculty of the university are presently being sought, according to Larry R. Voss (Director of Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. Cal Poly is an Affirmative Action Employer. Following is a description of the available positions:

Lecturer ($10,056-$12,878/annually), History Department, School of Communicative Arts and Humanities. Duties and responsibilities include a strong field in interdisciplinary studies and American Studies with emphasis on technological, intellectual, cultural, and ecological history. Candidate should be able to teach courses coordinating engineering and architectural input with history. Prefer completed Ph.D. Salary will depend upon experience and qualifications. Minority candidates are encouraged to apply. Position available: 1973-74 year only.

Senior Vocational Instructor ($15,588-$18,948/annually), Veterinary Science Department, School of Agriculture and Natural Resources. Duties and responsibilities include teaching courses in veterinary science and the practice of clinical medicine and surgery. Applicants must possess a doctorate in Veterinary Medicine. A California license to practice veterinary medicine and surgery must be obtained within one year after beginning employment. Minority candidates and women are encouraged to apply. Twelve-month position available September 1973.

Counselor ($10,056-$12,588/annually), Counseling Center, Student Affairs Division. Duties and responsibilities include individual and group counseling (personal, social, educational, vocational) with university students; consultation with faculty; work with outreach programs; group work, developmental counseling, academic advisement consultation, student living groups, inter-ethnic programs, community mental health, learning assistance. Candidates must possess a Ph.D. with experience desired. Minority candidates and women are encouraged to apply. Position available: September 1973.
DEEP SOUTH BLUES AND FOLK CONCERT SCHEDULED ON JULY 20

Two men who have performed folk blues as a team for over 20 years, after travelling separate similar paths along depression-dampened musical roads for two decades, will present a program of deep south folk and blues at Cal Poly at 8 p.m. on Friday, July 20.

Sonny Terry and Brownie McGhee will be featured artists in the presentation by the Concert Committee of the Associated Students, Inc., in Chumash Auditorium of the Julian A. McPhee University Union. The public is invited. Admission will be $1.50 for university students and $2.50 for all others. Tickets will go on sale at the University Union information desk on Monday, July 16.

Terry was born in North Carolina to a poor family eking out a living on a small farm 20 miles from Durham. McGhee's childhood was spent on his father's Kingsport, Tenn., farm. Both men were influenced by gospel music at an early age. Both suffered disablement at an early age -- Terry was blinded by accident, McGhee was stricken by poliomyelitis. He recovered but still walks with a limp.

In the decade of the 1960's, Terry and McGhee became a familiar sight on television shows and at major folk festivals. Although some of the recordings have echoed a touch of the gospel training they both had, most of the recordings feature the soulful blues of the southland.

REVISED OPERATING HOURS ANNOUNCED FOR EL CORRAL

A revised schedule of open hours for El Corral Bookstore will take effect on Monday (July 9), according to an announcement from Mrs. Mary Lee Green (Manager, El Corral). Beginning that day and continuing through Sept. 15, the store will be open from 7:45 a.m. until 1:45 p.m. on weekdays.

Mrs. Green said that lower Summer Quarter student enrollments caused the revised operating schedule for the store. The reduced operating hours are expected to make salary savings and accompanying savings in the cost of operation of the store possible, she said.

El Corral is closed this week (July 2-6) for its annual inventory.

FINAL SERVICES HELD FOR ALBERT BALDWIN

Interment for Albert Baldwin, a technician on the staff of the Industrial Engineering Department, who died on June 23, took place at the Arroyo Grande District Cemetery last Wednesday (June 27). Baldwin, 72, died at his home in Paso Robles on June 23. He had been employed at Cal Poly full-time from 1968 to 1971, and from 1972 to the present on a part-time basis.

Saturday, July 21, will be the final day of the first session of Cal Poly's 1973 Summer Sessions program for 1973.
VACANT SUPPORT STAFF POSITIONS LISTED

Vacant support staff positions have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm-110, 546-2236. Contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action Employer. The positions are:

- **Clerical Assistant II-B ($522-$635)**, Health Center, Student Affairs Division. Duties and responsibilities include transcribing medical notes and correspondence and performing duties of a general office nature in areas of the Health Center as needed. Applicants must have passed the General Clerical Test, be high school graduates with one year of office experience. Must be able to type 45 wpm; the ability to transcribe from a dictating machine is necessary with a high rate of accuracy and speed. Experience in the use of transcribers is helpful, but not essential when knowledge and ability are up to standard.

- **Keypunch Operator ($497-$605)**, Computer Center, Academic Affairs Division. Duties and responsibilities include operating IBM keypunch and verifying machines; assists in sorting and tabulating and performing related clerical tasks. Applicants must be high school graduates with six months of experience in the operation of IBM keypunch machines.

- **Graphic Artist ($683-$830)**, Audio Visual Production, Academic Affairs Division. Duties and responsibilities include planning and doing art work; executing the design of and production of Audio Visual materials for instructional use, for publications and public relations, and for slides; mechanical art for reproduction. Preparing charts and graphs, diagrams, crop and size photos, sets and lettering experiments. Applicants must be high school graduates with one year of experience in cartographic, scientific, or commercial art work involving freehand drawing, free form work, and lettering.

- **Equipment Technician I ($400.50-$486.50)**, half-time position, Industrial Engineering Department, School of Engineering and Technology. Duties and responsibilities include keeping the equipment in the department in first-class working order and to make set-ups on machine tools for laboratory instructional purposes. Applicants must be high school graduates with one year experience in the maintenance and repair of electronic or mechanical equipment.

- **Stationary Fireman ($791-$870)**, Power Plant, Business Affairs Division. Duties and responsibilities include operating boilers and all control systems for a central boiler plant. Maintains plant and equipment in good working order and makes sure all Safety Orders and Requirements are carried out. Makes chemical tests on water. Operates and assists in repair of all mechanical equipment, fans, and controls. Applicants must be high school graduates, with completion of a two-year college-level course in mechanical technology, which must have included the actual operation of steam boilers. One year of full-time paid experience in the operation and repair of boilers. Expect to fill August 1, 1973.

- **Plumber I ($715-$807)**, Power Plant, Business Affairs Division. Duties and responsibilities include making repairs and installing on high-pressure steam and hot water lines, gas lines, oil lines, piping on high-pressure boilers, steam traps, steam reducing stations and valves. Must work in high-pressure boiler room on all piping and steam manholes on an extensive steam distribution system utilizing both steel and copper pipes. Applicants must have the equivalent to the completion of the eighth grade, and completion of a recognized apprenticeship in plumbing, or three years of experience as a journeyman plumber. Expect to fill August 1, 1973.

- **Supervising Account Clerk I ($314.50-$345.00)** half-time, Senior Cashier Clerk ($394.50-$358.50) half-time, Accounting/Cashiering Office, Business Affairs Division. Duties and responsibilities include planning, assigning, and coordinating the cashiering function for the university, including day-to-day routine cashiering responsibility. Special cashiering requirements such as the quarterly registration of students, monthly payroll warrant processing and distribution. Supervises several subordinate cashiering staff members and performs periodic job performance evaluations. Applicants must be high school graduates, with four years experience in difficult financial record keeping work; at least one year of which shall have involved the supervision of the work of others. (Currently under reclassification review, if this reclass is approved the salary for this position will be $683-$830).

VACANT FOUNDATION STAFF POSITIONS LISTED

The following vacancies are listed on the Foundation staff of the University as announced by J. L. Fryer (Foundation Personnel Officer). Interested persons may call at the Foundation Personnel Office, University Union Building, Room 212, 546-4613, to make application. Cal Poly Foundation is an Affirmative Action Employer.

- **Custodian (1) ($522-$635)**, Foundation Custodial Department. Must have knowledge of methods and materials used in the custodial field; be knowledgeable in the proper use of general custodial cleaning equipment; be familiar with other related work that may be required. Must have the ability to maintain an effective relationship with co-workers. Applicants must have completed at least eight grades of elementary education.

- **Warehouse Clerk (1) ($522-$635)**, Bookstore. Requires high school education. Primary duties require all phases of shipping and receiving textbooks and general merchandise including processing of invoices and bills of lading.

Tuesday, July 3, is the last day to withdraw from Summer Quarter classes without penalty.
WHO • WHAT • WHEN • WHERE ? ? ?

John R. Healey (Head, Journalism) attended the 35th annual Editor's Conference which took place June 22-23 at Stanford University. The conference was sponsored by the California Newspaper Publisher's Association. Healey also spoke on early California newspaper history before a recent meeting of residents of the Daisy Hill Mobile Home Park in Los Osos.

Curtis F. Gerald (Computer Science and Statistics) is the joint author of a paper titled "Computer Science Programs in California" which was presented at a Symposium on College Computer Centers held on June 22 in Claremont. The other author, Kenneth Tom, director of the Computer Center at California State University at Long Beach, presented the paper at the symposium. Described in the paper are several of the curricula available at institutions in California.

Keith Nielsen (Speech Communication) took part in an Agency for International Development Communication Workshop in Battle Creek, Mich., June 10-15. Dr. Nielsen was a staff lecturer working with 42 participants from 30 developing nations on various aspects of human communication problems in their respective countries. The workshop was hosted by Michigan State University.

Neal Townsend (Mathematics) and Allan Miller (Coordinator, Liberal Studies and Mathematics) both have articles in the Spring, 1973 issue of The Bulletin of the California Mathematics Council. Dr. Townsend's article is titled "The Asymptotic Triangles of Hyperbolic Geometry." Dr. Miller's article is titled "Exercise in Transformations."

Walter Elliott (Physics, on leave) has recently completed a color film presenting the physics of weather phenomena. Dr. Elliott collaborated with the staff of WBAP-TV, the NBC Television affiliate in Ft. Worth, Tex. The film, which credits Dr. Elliott's affiliation with Cal Poly, is being exhibited not only to WBAP-TV viewers, but also to Fort Worth-Dallas area public schools and civic groups.

Joseph N. Weatherby (Political Science) spoke on "The Middle East from the Arab Point of View" at the United Methodist Church, San Luis Obispo, recently.

Phil Adams (Economics) attended an occupational projection workshop conducted by the Ventura County Manpower Research Team at Riverside on June 21.

Carl W. Myers (Physics) has received word from the Graduate Division of the University of California at Santa Cruz that all requirements for his Doctor of Philosophy Degree have been completed. Dr. Myers joined the Cal Poly faculty with the start of the Summer Quarter on June 18.

NEW TELEPHONE NUMBERS LISTED FOR A S I OFFICERS

A series of new telephone numbers for the offices of the Associated Students, Inc., services has been announced by John Holley (ASI President). The new numbers for the offices are 546-4751, 546-4752, 546-4753, and 546-4754. Calls for Roundhouse, the ASI-operated information service, should be placed to the latter number (546-4754).

Friday, Aug. 24, will be the last day of classes for the 1973 Summer Quarter for university students and faculty.
COMING EVENTS -- COMING EVENTS -- COMING EVENTS

AIFD Short Course -- Continuing through Friday, July 6, all day, Ornamental Horticulture Unit. Annual short course for floral designers from throughout the U.S.; sponsored by the American Institute of Floral Design and hosted by Cal Poly's Ornamental Horticulture Department. By registration in advance.

Academic Holiday -- Wednesday, July 4, all day. Independence Day holiday for Cal Poly students, faculty, and staff.

Agriculture Seminar -- Monday through Friday, July 9-13, all day, Erhart Agriculture Building. Special seminars for 20 Latin American agriculturalists; sponsored by the Association for International Collaboration of Farmers/America, an affiliate of the California Farm Bureau Federation and hosted by Cal Poly's School of Agriculture and Natural Resources. By special arrangement.

Blues Concert -- Friday, July 20, 8 p.m., Julian A. McPhee University Union, Chumash Auditorium. A program of deep south folk and blues will be presented by Sonny Terry and Brownie McGhee; sponsored by the Concert Committee of Cal Poly's Associated Students, Inc. General admission tickets - students, $1.50; all others, $2.50.

Farm Brokers Conference -- Sunday through Wednesday, July 22-25, all day, Campus Dining Hall. Educational conference for farm and land brokers from throughout the state; sponsored by the California Institute of Farm and Land Brokers and hosted by Cal Poly's Agricultural Management Department. By advance registration.

CLARIFICATION ON MULTIPLE PURCHASES OF TAX-DEFERRED ANNUITIES

Employees who wish to purchase tax-deferred annuities from more than one company should list all such companies and the amount of the monthly premium for each in a single compensation reduction agreement, according to a statement issued this week by Donald L. Shelton (Director, Personnel Relations).

Shelton said clarification on such agreements had been received in the form of an opinion from the Office of the General Counsel of The California State University and Colleges. It provides that while an employee may have more than one annuity purchase contract with an annuity company in effect at the same time, he may not enter into more than one compensation reduction agreement with the Trustees of the CSUC during any one taxable year of the employee.

Shelton urged any employee wishing further information or clarification on the matter of tax-deferred annuities to contact the Payroll Services Office, Adm-109, 546-2605.

TWO NATIONAL MAGAZINES FEATURE UNIVERSITY UNION

The Julian A. McPhee University Union, recent winner of the national honor award of the American Institute of Architects, has been featured in articles and photographs published recently in two national magazines. The May, 1973, edition of AIA Journal, official publication of AIA, included three pages of pictures and text. The building is also featured in a three-page illustrated article on campus union buildings which appeared in the June, 1973 issue of College and University Business.
