CAL POLY MEETS UNIVERSITY CRITERIA -- PRESIDENT KENNEDY

Cal Poly will meet criteria for change of its name to California Polytechnic State University, if standards adopted by Trustees of the California State Colleges are finally approved by the Coordinating Council for Higher Education.

President Robert E. Kennedy, who attended the Los Angeles meeting of the trustees who govern the 19-college system, said Cal Poly meets all five of the standards approved by the board this week.

The coordinating council is expected to consider the criteria during its meeting in Sacramento early this month, but final action and application of the standards to the individual state colleges is not expected until later.

To be eligible for the name change, according to Dr. Kennedy, the individual state colleges must rate higher than half of a group of 22 comparison universities, including the various University of California campuses and private universities in California in four of the five criteria.

Measures of Quality, Diversity

The Cal Poly president said the criteria adopted by the state college trustees during their meeting in Los Angeles are measures of quality and diversity dealing with such matters as graduate programs, accreditations, and faculty qualifications.

The first standard will depend upon number of students enrolled; Cal Poly enrollment is 11,497 full-time equivalent students.

The second standard will evaluate number of graduate students, of which Cal Poly has an enrollment of 949, or numbers of graduate degrees granted. In 1970-71 Cal Poly granted 351 master's degrees.

The third standard evaluates numbers of degree programs -- Cal Poly offers 48 bachelor's degree programs and 10 master's programs.

The fourth standard is one of accreditation; Cal Poly has 13 professionally- or academically-accredited degree programs.

The fifth standard is based on the number of faculty in disciplines in which the doctor's degree is the normal teaching degree. At Cal Poly this criterion applies to 419 faculty, of whom 215, or 51 per cent hold the doctorate.

Dr. Kennedy said the latter criterion was adjusted to accommodate such programs as architecture, agriculture, and engineering in which the doctor's degree is not the usual teaching degree.

(Continued on Page 2)
WINNER, CRUIKSHANKS BEGIN RETIREMENT

Two veteran members of the Cal Poly faculty and administrative staff have retired. They are Norman Cruikshanks, who had been with Cal Poly since 1947, and C. Paul Winner, who had served in various faculty and administrative capacities since 1940.

Both have been designated emeritus members of the Cal Poly faculty and were honored by the Academic Senate of the college just prior to their retirement.

Dr. Cruikshanks, who was acting head of the Social Sciences Department last fall during a leave of absence of the department head, William Alexander, was head of that department for 13 years, until 1964, when he asked to be returned to full-time teaching. Winner, who had been a member of the Cal Poly faculty and administrative staff for 31 years, was associate dean, school relations, at the time of his retirement. Before assuming those duties, he was a member of the college's agricultural mechanics faculty and was in charge of student admissions and records.

CAL POLY MEETS UNIVERSITY CRITERIA . . . (Continued from Page 1)

These particular fields of study at Cal Poly mandated by the legislative enabling act of the college. Cal Poly's total faculty of 707 persons includes 281 with doctorates, or 37 per cent of the total.

President Kennedy said that Cal Poly's qualifications in each of the five criteria areas place it well into the top half of the group of universities used for comparison in the name change considerations.

Assembly Bill 123 (1971), which Governor Ronald Reagan signed into law last Nov. 29, will take effect on March 4. Beside providing for change of the names of the individual state colleges to state university, it enables renaming of the California State Colleges system as the California State University and Colleges.

DRIVER TRAINING SESSIONS SCHEDULED WEDNESDAY AND THURSDAY

The only defensive driver training sessions planned for the Winter Quarter will take place tomorrow (Wednesday, Feb. 2) from 5 to 7 p.m., and Thursday (Feb. 3) from 3 to 5 p.m., in AgEngr-123. Successful completion of the driver training program is required of all members of the college faculty, staff, and student body before they can operate state vehicles. Those wishing to do so can attend either of the two sessions for next week.

SEN. GRUNSKY WILL SPEAK ON MONDAY EVENING

State Senator Donald L. Grunsky (R) of the 17th district, Watsonville, will speak in the San Luis Lounge, CU-203 at 7:30 p.m. on Monday (Feb. 7). The talk, which will be followed by questions from a panel of newsmen, will be presented as part of the "Meet the Constituent" series of the Cal Poly Social Sciences Club. The public is invited and admission is free.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Feb. 4, in the Office of Information Services, Administration-210.
VARIED PROGRAM LISTED FOR BUSINESS SEMINAR

A widely-varied program of topics of interest to businessmen has been announced for the independent business seminar being planned for next Monday, Tuesday, and Wednesday (Feb. 7-9) evenings at Cal Poly. Alex Madonna, who is general chairman for the three-day event, said the seminar theme is "How to Keep Independent Businesses Independent and Profitable."

The Monday evening program, titled "Phase II and You," will include presentations on "What's Ahead Economically and How It Will Affect the Independent Businessman" and "Phase II Controls: Coping with the Unknown."

Planned during the Tuesday evening session on "You and Your Business" are talks on "Cut Your Costs by Making Cash Go Further" and "Saving Cash by Cutting Taxes" and a panel discussion on "Designing a System for Your Decision Needs."

Wednesday evening's program, which is titled "Putting It All Together," will include a presentation titled "How to Stay Competitive" and two general discussions.

Madonna, who is president of Madonna Construction Company and a leader in the Central Coast Area business community, emphasized that persons involved in business, real estate, finance and agri-business throughout the Central California area are invited to attend the sessions.

Edward H. Barker (Dean of Business and Social Sciences) is in charge of arrangements for the seminar, which is being co-sponsored by the Society of California Accountants, the San Luis Obispo Telegram-Tribune, and the School of Business and Social Sciences.

A $5 registration fee is being charged to cover the cost of the seminar, which will meet from 7 to 10 p.m. in the Julian A. McPhee College Union. The Monday and Tuesday sessions are scheduled in Room 220, and the Wednesday session, in Room 208.

Reservations can be made by sending a check for the registration fee made out to "Cal Poly Foundation" to the School of Business and Social Sciences. Further information can be obtained by telephoning 546-2704.

RETROACTIVE SALARY INCREASES APPROVED

The Chancellor of the California State Colleges has announced a ruling which opens the way to retroactive payments of salary step increases prevented by the wage-price freeze established August 15, 1971.

All employees whose step increase payments were withheld during Aug. 15 - Nov. 13, 1971, will be eligible, according to word forwarded to the individual colleges by C. Mansel Keene, assistant chancellor.

More than 5,000 individuals will be affected by the Internal Revenue Service ruling. The Office of the Controller will automatically process the warrants to pay the amounts due, where such adjustments had been authorized.

Any special adjustment requested by an individual document will have to be resubmitted. The ruling includes lecturers and student assistants who were due similar step increases according to established state college practices in effect before the nationwide freeze.
C S C TRUSTEES' ACTIONS REPORTED

The Board of Trustees of The California State Colleges took the following actions at its meeting in Los Angeles last Wednesday (Jan. 26):

--amended Title 5, California Administrative Code, to assess all new graduate students applying for admission, whether from a different institution or within the same college, the present $20 application fee, effective the winter quarter and spring semester of 1972-73.

--established a fee for all summer session courses for which instructional costs, including faculty salaries, are borne by a sponsoring contracting agency, equal to $9 per semester unit or $6 per quarter unit.

--authorized the chancellor to designate specified courses offered in pilot external degree programs as courses which may be offered for residence credit.

--approved a building for the headquarters office of the state colleges, located at 6300 Wilshire Blvd., Los Angeles (present location is 5670 Wilshire Blvd.), subject to execution of a lease approved by the State Department of General Services.

APPLICANTS FOR TWO FACULTY POSITIONS BEING SOUGHT

Applicants for two teaching positions on faculty of the college are presently being sought. Those interested in learning more about either of the positions or in applying for either of them are invited to contact the appropriate school dean or department head. The brief descriptions for the positions read:

Intermediate Instructor ($777-$992), Women's Physical Education Department, School of Human Development and Education. Duties and responsibilities include gymnastic activity and methods classes; track and field activity and methods classes; camping and outdoor education lecture with one laboratory. Applicants should have completed a master's degree and have at least two years of teaching experience. (For Spring Quarter only - will consider one or more persons.)

Instructor ($705-$992), Foreign Language and Linguistics Department, School of Communicative Arts and Humanities. Duties and responsibilities include three beginning Spanish courses, or a combination of Spanish and French courses, for a 12-hour teaching load. Applicants should have a master's degree and two years of teaching experience at the college level. (For Spring Quarter only.)

STUDENTS SLATE THEATER OF THE ABSURD PERFORMANCES

San Luis Obispo theater-goers will have an opportunity to see a double-bill of theater of the absurdity in the Cal Poly Theater on Thursday, Friday, and Saturday (Feb. 3, 4, and 5). Curtain time will be 8 p.m. Edward Albee's American Dream and Eugene Ionesco's Bald Soprano, one-act satires, are being presented by the College Union Drama Committee of the Associated Students, Inc. Tickets will be available only at the door prior to show time. Admission is $1 for college students and $1.50 for all others.
COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Cal Poly Women's Club Sewing Section Meeting -- Tuesday, Feb. 1, 2 p.m., 1385 Cazadero, San Luis Obispo. Meeting to be held at the home of Mrs. Mary Kennedy. Members invited.

Varsity Basketball -- Tuesday, Feb. 1, 8 p.m., Men's Gymnasium. Cal Poly vs. Westmont College. General admission tickets - students, 50 cents; all others, $1.50.

Cal Poly Women's Club Newcomers Section Meeting -- Tuesday, Feb. 1, 8 p.m., 2033 Sky-lark Lane, San Luis Obispo. Meeting at the home of Mrs. Marjory Johnson. Members invited.

Speaker's Forum -- Wednesday, Feb. 2, 1 p.m., Julian A. McPhee College Union Room 220. Socialist Linda Jenness will speak on "Social and Economic Conditions in the U.S."; sponsored by the Speaker's Forum of Cal Poly's Associated Students, Inc. Public invited.

Chemical Society Lecture -- Wednesday, Feb. 2, 8 p.m., Julian A. McPhee College Union Room 204. Dr. Kenneth N. Trueblood of University of California at Los Angeles, will speak on "Symmetry in the Natural World"; sponsored by the Cal Poly Chapter of the American Chemical Society. Public invited.

Speaker's Forum -- Wednesday, Feb. 2, 8:30 p.m., Julian A. McPhee College Union Chumash Auditorium. Socialist Linda Jenness will speak on "How to Make a Revolution in the U.S."; sponsored by the Speaker's Forum of Cal Poly's Associated Students, Inc. Public invited.

Chemistry Colloquium -- Thursday, Feb. 3, 11 a.m. Science Building Room E-45. Dr. Kenneth N. Trueblood of University of California at Los Angeles, will speak on "X-Rays for Determination of Molecular Structure"; sponsored by Cal Poly's Chemistry Department and School of Science and Mathematics. Faculty, staff and students invited.

Panel Discussion Program -- Thursday, Feb. 3, 11:15 a.m., Julian A. McPhee College Union Room 220. Panel discussion on "Is There a Counter Culture in the Making?" by Dr. Keith Nielsen and Dr. Mike Wenzel; presented as part of a series of programs sponsored by Cal Poly's School of Communicative Arts and Humanities. Public invited.

Cal Poly Staff Club Luncheon Meeting -- Thursday, Feb. 3, 12 noon, Staff Dining Room. Dale W. Andrews and Fuad Tellew will discuss "State Colleges Education Program Abroad." Faculty and staff invited.

College Theater Comedies -- Thursday-Saturday, Feb. 3-5, 8 p.m., Cal Poly Theater. Performances of two one-act satires, Edward Albee's American Dream, and Eugene Ionesco's Bald Soprano, presented by the College Union Drama Committee of Cal Poly's Associated Students, Inc. General admission tickets - students, $1; all others, $1.50.

(Continued on Page 6)

Washington's Birthday, Monday, Feb. 21, will be the only Academic holiday of the Winter Quarter for members of the college student body and faculty.
COMING EVENTS . . . (Continued from Page 5)

Jazz Concert -- Thursday, Feb. 3, 8:30 p.m. Men's Gymnasium. Big band sound jazz concert, featuring recording star Don Ellis; sponsored by the Assemblies Committee of Cal Poly's Associated Students, Inc. General admission tickets - students, $2.50; all others, $3.50.

Physics Colloquium -- Friday, Feb. 4, 3 p.m., Science Building Room E-29. George Cassidy of the University of Utah will lecture on "Under the Rocks in Search of the Vector Boson"; sponsored by the Physics Department. Faculty, staff and students invited.

Varsity Basketball -- Friday, Feb. 4, 8 p.m., Men's Gymnasium. Cal Poly vs. University of San Diego. General admission tickets - students, 50 cents; all others, $1.50.

Black Heritage Week -- Sunday, Feb. 6, through Sunday, Feb. 13. Events in observance of Black Heritage Week; sponsored by the Black Students Union of Cal Poly. See special Black Heritage Week calendar for information on individual events.

Independent Business Seminar -- Monday, Tuesday, and Wednesday, Feb. 7-9, 7 p.m., Julian A. McPhee College Union. Business, agri-business, and financial leaders of Central California will participate in the conference; sponsored by Cal Poly's School of Business and Social Sciences, the San Luis Obispo Telegram-Tribune, and the Society of California Accountants. By reservation in advance.

Political Forum -- Monday, Feb. 7, 7:30 p.m., Julian A. McPhee College Union Room 203. Talk by State Senator Donald L. Grunsky (R) of the 17th Senatorial District; sponsored by the Cal Poly Social Sciences Club. Public invited.

Cal Poly Women's Club Bridge Sections Meeting -- Monday, Feb. 7, 8 p.m., Dexter Library Room 129. Meeting with bridge for both beginning and experienced players. Members invited.

Cal Poly Women's Club Walking Section Meeting -- Tuesday, Feb. 8, 9 a.m. Baptist Church, Johnson Ave., San Luis Obispo. A walk in the Wilding Lane area is planned. Members invited.

Academic Senate Meeting -- Tuesday, Feb. 8, 3:10 p.m., Staff Dining Room. Regular meeting of the Cal Poly Academic Senate. Members of the senate and faculty invited.

CSEA Board of Directors Meeting -- Tuesday, Feb. 8, 7:30 p.m., Staff Dining Room. Meeting of the Board of Directors of Cal Poly Chapter #97 California State Employees Association. Interested faculty and staff invited.

Varsity Tennis -- Wednesday, Feb. 9, 3 p.m. Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. University of California at Santa Barbara. Public invited.

College Hour Concert -- Thursday, Feb. 10, 11 a.m., Cal Poly Theater. Program by the Cal Poly Women's Glee Club, Collegiate Quartet, the Majors and Minors vocal ensemble and the Collegians state and dance band; sponsored by Cal Poly's Music Department. Public invited.
LECTURES ON CHEMISTRY SCHEDULED THIS WEDNESDAY, THURSDAY

"Symmetry of the Universe" will be the topic of a lecture given by K. N. Trueblood on campus next Wednesday (Feb. 2). Dr. Trueblood, sponsored by the American Chemical Society chapter at Cal Poly, will speak in Room 204 of the Julian A. McPhee College Union, beginning at 8 p.m. Admission is free and the public is invited.

Dr. Trueblood is dean of the College of Letters and Science at University of California at Los Angeles. The recipient of UCLA's Distinguished Teaching Award in 1961, he earned his doctorate in chemistry at California Institute of Technology.

Also scheduled during Dr. Trueblood's campus visit, which is being co-sponsored by the Chemistry Department and the School of Science and Mathematics, is a chemistry colloquium on Thursday (Feb. 3) morning and visits with students and faculty of the Chemistry Department.

The colloquium, to which students, faculty, and staff are invited, will take place starting at 11 a.m. in Sci-E-45.

REPORTS ON P E R S OPERATIONS, FINANCES AVAILABLE FOR REVIEW

The Personnel Office has received copies of the yearly financial and operations report of the Public Employees Retirement System. This comprehensive and detailed review of the financial and operational aspects of the retirement system is available for study by the faculty and staff in the Personnel Office. The Annual Report to the Governor and Legislature by PERS is also available for reviewing. These documents contain pertinent information not only on the administration and financial standing of PERS, but also on the Social Security Program and the Medical and Hospital Care Program, as well as recommendation for new and revised legislation.

NIELSEN, WENZL TALKS ON "COUNTER CULTURE"

Keith E. Nielsen (Speech Department) and Michael J. Wenzl (English Department) will discuss what some call "the counter culture" during the second in a series of arts and humanities programs. Topic of the program, which is scheduled for 11:15 a.m. on Thursday (Feb. 3) in the Student Council Chambers of the Julian A. McPhee College Union, will be "Is There a Counter Culture in the Making?" Thursday morning's program is part of the "Arts and Humanities - 1972" series which began two weeks ago and will continue through mid-May under sponsorship of the School of Communicative Arts and Humanities.

TICKET SALE BEGINS FOR C S E A EVENT

Tickets for the "South of the Border" party, being planned for Feb. 26 by Cal Poly Chapter 97 of the California State Employees Association, are now available, according to Lezlie Labhard (Home Economics Department), who is social chairman for the CSEA chapter. The party will be held at the Veteran's Memorial Building in San Luis Obispo with dinner, dancing, and games scheduled from 6 p.m. to midnight. Tickets priced at $3.50 each may be purchased from Francine Hapgood (Business Affairs Division Office).
MUSTANG CAGERS WILL HOST WESTMONT, CHAPMAN, AND SAN DIEGO

Basketball teams from Westmont College, Chapman College, and University of San Diego will provide the opposition for Cal Poly's varsity cagers for a trio of home games this week. The Mustangs, who dropped an exciting 79-77 contest to University of California at Riverside in their only outing last week, will host the Westmont five this (Tuesday, Feb. 1) evening, Chapman on Friday (Feb. 4) evening, and USD on Saturday (Feb. 5) evening. All three contests are scheduled for 8 p.m. in Men's Gymnasium.

Cal Poly's varsity wrestlers, who turned their season around with five dual match victories last week, are on the road for four matches against opponents in the Pacific Northwest this week. They will meet University of Washington tomorrow (Wednesday, Feb. 2) evening, Portland State College on Thursday (Feb. 3), University of Oregon on Friday, and Oregon State University on Saturday. Last week's victories extend the Mustangs' string of consecutive wins over California opponents to 107 and ran their record for the 1971-72 season to 9 wins and 2 losses.

The only other event of this week's home schedule for Cal Poly sports teams will find Coach Augie Garrido's Mustang baseball varsity opening its 1972 season against an Alumni team. Starting time for the game, which will be played in the new San Luis Obispo Stadium in Sinsheimer Park on Sunday (Feb. 6) will be 2:30 p.m.

SOCIALIST CANDIDATE WILL APPEAR ON CAMPUS TOMORROW

Linda Jenness, the 1972 Socialist Workers Party presidential candidate, will appear at Cal Poly tomorrow (Wednesday, Feb. 2). The Speaker's Forum Committee of the Associated Students, Inc., is sponsoring two sessions — the first in Room 220 of the Julian A. McPhee College Union at 1 p.m., and the second in the Chumash Auditorium of the College Union at 8 p.m.

At 1 p.m., in a session designed primarily for students, Linda Jenness will discuss the "Social and Economic Conditions in the U.S." At the evening appearance, she will lecture on "How to Make a Revolution in the U.S." The public is invited to the evening program. Admission for both programs will be free.

The SWP candidate's visit to Cal Poly is part of a two-week campaign trip in California — although her name will not appear on the primary ballot in California. She is co-author of several pamphlets on Women's Liberation: "Women and the Cuban Revolution," "Abortion: A Woman's Right," and "Kate Millet's Sexual Politics: A Marxist Appreciation."

40TH POLY ROYAL WILL BE APRIL 28, 29

Poly Royal, the cavalcade of educational opportunities at California State Polytechnic College, San Luis Obispo, will unfold on the campus this year on Friday and Saturday, April 28-29. The 40th annual Poly Royal includes open house and displays in 45 instructional departments; art, fashion, and flower show; livestock shows, rodeos; sporting events; special interest activities; entertainment; a student carnival; and the traditional beef barbecue. Crowds estimated at 60,000 people have viewed the vast array of Poly Royal activities in recent years.
BORLAUG WILL BRING "GREEN REVOLUTION" TO CAL POLY

The Nobel Peace Prize awardee who is known as the "Father of the Green Revolution" will speak at Cal Poly on Feb. 11 at 11 a.m. in Chumash Hall of the Julian A. McPhee College Union. Norman E. Borlaug's talk, to which the public and members of the campus community are invited, will be titled "The Green Revolution."

Dr. Borlaug, who received the Nobel prize for development of a high-yield strain of wheat, has been a much-sought-after public speaker since he received the peace prize. He prefers, however, to devote his time to research with International Maize and Wheat Improvement Center in Mexico City.

A member of the Nobel Peace Prize Awards Committee said of the prize award: "We awarded it to the man, Dr. Borlaug, of whom the scientist is just one well-integrated part. You have made the fight against hunger your life long mission, your passionate calling, to which you have devoted your brains, the brains of a first-rate scientist, your hands, the hands of an Iowa farmer, and your open, broad, warm heart."

The Cal Poly appearance of the internationally-acclaimed agronomist whose recent comments about the use of DDT have created considerable discussion in news media throughout the world, is being sponsored by Cal Poly and by the Student Council of its School of Agriculture and Natural Resources. Admission to his address will be free.

CHINESE NEW YEAR'S EVENTS LISTED BY CHINESE STUDENTS

The Year of the Rat will be celebrated by Chinese students at Cal Poly with the traditional Chinese New Year's Dinner and a special showing of a cultural film. Both events are sponsored by Poly Chi, student organization at Cal Poly. The dinner will be held in the Chumash Auditorium of the Julian A. McPhee College Union at 6 p.m. on Saturday, February 12. The public is invited to attend. Tickets are $3.50 per person. The film will be shown on Tuesday, Feb. 15, in Chumash Auditorium. Again the public is invited and admission will be 50 cents for college students and 75 cents for all others. It will be shown at 7 and 9:30 p.m. Russell Lowe, who is student chairman for the observance, points out that Poly Chi will be able to accommodate twice as many people at this year's Chinese New Year's Dinner than in recent years. Many people have been turned away in recent years. Reservations may be made by telephoning Lowe, 544-2389, or Mrs. Young Louis, 543-1445.

DRUG ABUSE DISCUSSION SCHEDULED BY AREA LAWMEN

San Luis Obispo County lawmen will participate in a panel discussion on "The Role of Law Enforcement in Drug Abuse Control" at 8 p.m. this (Tuesday, Feb. 1) evening. The discussion is part of the Project 9 series of the Speaker's Forum Committee of the Associated Students, Inc. The session will be held in Erhart Ag-223. The public is invited and admission is free. Participating in the panel will be Dale Hiner of the Paso Robles Police Department; Robert Kalicicki of the San Luis Obispo Police Department; Pete Osteyee, San Luis Obispo County Sheriff's Department; and Walter Smith, Pismo Beach Police Department.

Wednesday, Feb. 23, will be the official end of the seventh week of instruction for the Winter Quarter.
VACANT STAFF POSITIONS LISTED BY PERSONNEL OFFICE

Six vacant positions on the college support staff have been announced by S. Milton Piuma (Staff Personnel Officer). Persons interested in applying should contact the Personnel Office to obtain an application. Cal Poly is an equal opportunity employer. The positions are:

Clerical Assistant II-A ($228.50-$278.00) (half-time), Library, Academic Affairs Division. Duties and responsibilities include typing and filing catalog cards. Applicants must be high school graduates, be able to type 45 wpm, and have one year of general office experience.

Parking Officer ($535-$651), Security Department, Business Affairs Division. Duties and responsibilities include patrolling parking lots and areas on and adjacent to campus; checking cars for proper permits; issuing citations, reporting incidents, and evidence of vandalism and malicious mischief; directing traffic on campus during special events and emergencies; and providing general information and campus directions to members of the public. Applicants must be high school graduates and have at least one year of experience as a watchman or a guard.

Clerical Assistant II-A ($457-$556), Student Financial Aids Accounting Office, Business Affairs Division. Duties and responsibilities under direction of senior student financial aids clerk include assisting in maintenance of external reports, student loans, scholarship trust accounts, and balancing of related books of account. Applicants must be high school graduates and have passed the General Clerical Test, and have training and experience as a statistical typist. Knowledge of general fields of credits, collections, and bookkeeping would be beneficial.

Clerical Assistant III-A ($548-$666), Records Office, Student Affairs Division. Duties and responsibilities include providing certification and processing for students receiving benefits from state, government, and educational assistance programs; handling information relative to veteran requirements; preparing correspondence; serving at registration in charge of fee lines for all loans, scholarships, foreign students, EOP; and supervising three clerical assistants. Applicants must be high school graduates, have passed the General Clerical Test, and have two years of office experience. Applicants with 45 wpm typing proficiency preferred.

Head Resident I ($556-$676), Housing Office, Student Affairs Division. Duties and responsibilities include general supervision of residence hall as a live-in staff member, advising students, training and advising resident managers, assuring custodial and maintenance of the residence hall, and participating in staff meetings and hall activities. Applicants must have equivalent to graduation from college and two years of full-time paid experience as head resident of a residence hall or living unit housing. (Seven days and five nights a week with two weekends off each quarter.)

Intermediate Account Clerk ($457-$556), Accounting Office, Business Affairs Division. Duties and responsibilities include providing bookkeeping assistance and maintenance of financial aids records of students, including posting on bookkeeping machine, assisting immediate supervisor in assignments related to accounting, disbursements, and reporting requirements. Also providing cashiering and other accounting assistance. Applicants must have equivalent to graduation from high school and have passed the General Clerical Test, with one year of experience. Additional training in accounting machine bookkeeping, and collections is desirable.
OFF-CAMPUS MASTER'S PROGRAM ANNOUNCED BY CAL STATE FULLERTON

The California State Colleges' first program to offer a master's degree through off-campus studies has been announced by Chancellor Glenn S. Dumke and L. Donald Shields, president of California State College at Fullerton.

Under the new program, Cal State Fullerton faculty will begin conducting courses next month at the Santa Ana Civic Center for advanced students seeking to earn a Master of Public Administration Degree.

Chancellor Dumke announced approval of the pilot program following a recommendation by the systemwide Commission on External Degree Programs and the granting of enabling authority by the 19-campus system's Board of Trustees.

The plan is the first to be implemented on a pilot basis as the result of trustees' action authorizing the chancellor to designate courses in external degree programs as extension courses which may be offered for residence credit.

It is the second external degree program to be offered in the State College system. The first, begun last fall by Chico State College, aligns that college's summer and extension courses into a schedule that leads to a baccalaureate degree.

The Chico plan, enrolling about 140 and conducted at 3 locations in the northernmost part of the state, was implemented within existing procedures and prior to the designation of the Commission to review pilot proposals.

BLACK HERITAGE OBSERVANCE SLATED NEXT WEEK

A queen pageant on Sunday (Feb. 6) will launch Black Heritage Week at Cal Poly. Black Heritage Week, a national observance, is sponsored by the Black Students Union, a student organization. The queen will reign over eight days of special activities. Here is the schedule of events:

Queen's Pageant -- Sunday, Feb. 6, 7:30 p.m., Cal Poly Theater. Pageant for selection of a queen to reign over Black Heritage Week; sponsored by Cal Poly Black Students Union. General admission tickets - 75 cents.

Panel Discussion -- Monday, Feb. 7, 7 p.m., Cal Poly Theater. Panel discussion featuring black members of the Cal Poly student body and faculty; sponsored by Cal Poly's Black Students Union. Public invited.

Black Art Exhibit -- Tuesday and Wednesday, Feb. 8 and 9, all day, Julian A. McPhee College Union Room 221. Exhibit of art by black artists; sponsored by Cal Poly's Black Students Union.

Speaker's Forum -- Thursday, Feb. 10, 8 p.m., Julian A. McPhee College Union Chumash Auditorium. Warren Widener, mayor of Berkeley, will speak on "Working For a Change Within the System"; sponsored by Cal Poly's Black Students Union and the College Program Board of Cal Poly's Associated Students, Inc. General admission tickets - students, $1; all others, $1.50.

(Continued on Page 12)
COLLEGE AND UNIVERSITY ADMINISTRATIVE VACANCIES ANNOUNCED

Information on administrative positions at other colleges and universities, for which applicants are currently being sought, is available in the college Placement and Financial Aid Office, Adm-213, 546-2501. Positions presently listed include:

The California State Colleges, Los Angeles -- Director of International Programs, salary range $1,871 to $2,274 monthly, doctor's degree and five years of experience in college or university educational programs required, application deadline is Feb. 8, 1972.

The California State Colleges, Los Angeles -- Executive Secretary, salary range $734 to $893 monthly, ability to assume initiative and demonstrate sound judgment and five years of general office experience required. (Eligible Cal Poly area applicants for the position may contact Clyde Scott, Personnel Office, Adm-110, 546-2236, for additional information.)

California State College at Los Angeles -- Dean of the School of Business and Economics, salary not listed, application deadline is March 10, 1972.

California State College at San Bernardino -- Dean of Academic Planning, salary range $19,404 to $23,604 annually, doctor's degree and five years of full-time teaching experience and three years of relevant administrative experience required, position available Sept. 1, 1972.

Riverside City College -- District Superintendent and President, salary not listed, community college administrative and teaching experience and a doctor's degree are desirable, possession of, or eligibility for, the necessary California credential is required, application deadline is March 10, 1972.

St. Cloud State College, Minn. -- Vice President for Academic Affairs, salary is open to be paid on a 12-month contract, earned doctor's degree and teaching and administrative experience required, application deadline is March 1, 1972.

BLACK HERITAGE EVENTS . . . (Continued from Page 11)

Film Festival -- Friday, Feb. 11, 7 and 9:30 p.m., Julian A. McPhee College Union Chumash Auditorium. Two showings of the satirical film Watermelon Man; sponsored by Cal Poly's Black Students Union and the Associated Students, Inc., College Program Board. General admission tickets - students, 75 cents, all others, $1.25.

Film Festival -- Saturday, Feb. 12, 7 p.m. and 10 p.m., Cal Poly Theater. Two showings of the film Right On; sponsored by Cal Poly's Black Students Union and the Associated Students, Inc. College Program Board. General admission tickets - students, 75 cents; all others, $1.25.

Banquet and Fashion Show -- Sunday, Feb. 13, 5:30 p.m., Veterans' Memorial Building, San Luis Obispo. Show of African and contemporary fashions and dinner; sponsored by Cal Poly's Black Students Union. General admission tickets - students, $1.50; children, 75 cents; all others, $2.50.

Monday, March 13, will be the last day of classes for the 1972 Winter Quarter.
The Budget

PROJECTED IMPACTS

A LOOK AT THE STATE BUDGET

Early in January Governor Ronald Reagan asked the California Legislature to come up with $7,616,673,213 for fiscal year 1972-73. It was up almost a billion from the current year's $6.7 billion.

The increase was said by the Governor to be only a slight relaxation of the austerity in state funding which he insisted upon last year. The increases reflect the Governor's optimism for a business upturn in the state, an expected decline in welfare expenses, and the impact of tax reform which includes payroll withholding.

The budget proposal was turned over to the Legislature in two packages to identify "local assistance" in the amount of $4.9 billion, and "traditional functions" of State government for the remaining $2.9 billion.

HIGHER EDUCATION

The governor's budget proposal includes $376.5 million for the University of California and $350.2 million for the California State University and Colleges (which the state colleges become in March). Both systems were given prospects of a 7.5 per cent faculty pay increase after two years of no salary increases. Although the figures show nearly 12 per cent in university funding increases, and almost 10 per cent for the colleges, the effects of inflation and increased needs in higher education are still being debated in the Legislature and the news media.

THE STATE COLLEGES AND CAL POLY

A summary of the State Colleges budget appeared in last week's Cal Poly Report and in the January 20 issue of The Chancellor Comments. Essentially, the support budget recommended by the Board of Trustees was for $382,138,951. The Governor's Budget submitted to the Legislature trimmed the request to $350,167,004. Cal Poly's portion of the budget amounts to $19,903,745. A summary of the 1972-73 proposed budget shows the following general fund categories:

<table>

CAL POLY ROLE IN INTERNATIONAL STUDY AN IMPORTANT ONE

A very significant role in the overseas study programs of the state college system is played by Cal Poly, according to a program official.

Terence Van Becker, associate director of the state college International Programs, who visited the campus recently said that Cal Poly students are among the very best in the overseas studies programs of the California State Colleges.

"This year we have about 300 students studying overseas and about 40 of those are from Cal Poly," Van Becker said. "This is a very significant part of the total enrollment, and we're pleased with the enthusiasm that's been shown by Cal Poly students."

At Cal Poly Dr. Fuad H. Tellew (Head of the Economics Department) is coordinator of the International Programs, which have enrolled more than 2,500 students from throughout the 19 state colleges since 1963.

The state pays no more for the student in International Programs than it does for the student who remains at the California state college campus. Students overseas pay their transportation, room and board, and other living expenses.

Although the overseas program has experienced some budget cuts, Van Becker said he felt the program will return to former levels of support as an increased understanding of its nature and benefits is achieved.

A S I-SPONSORED CONCERT WILL FEATURE DON ELLIS BAND

Don Ellis and his big band are living proof that the big band is not dead, but its sound has been reincarnated. Ellis, the composer of the score for the movie French Connection, and his band will perform in concert at Cal Poly on Thursday (Feb. 3) at 8:30 p.m. The concert, sponsored by the Assemblies Committee of the Associated Students, Inc., will be held in the Men's Gym.

General admission tickets for the concert are priced at $2 for students, and $3 for all others. Reserved seat tickets are $2.50 for students and $3.50 for others. General admission tickets are available at several San Luis Obispo locations and at the information desk in the Julian A. McPhee College Union at Cal Poly. Reserved seat tickets are being sold at the College Union only.

DISTAFF CAGERS SLATE LEAGUE OPENER ON FRIDAY EVENING

Cal Poly's women's basketball team play the first home league game of the Southern California Intercollegiate Athletic Conference season on Friday (Feb. 4) against California State College at Los Angeles. The game will be played in Crandall Gym, with the junior varsity game starting at 7 p.m., and the varsity at 8:40 p.m. Admission will be free.
Hint to proposal writers quoted from a Washington newsletter: "Elaborate proposals are like maxi-skirts. They obscure the essential facts."

The U. S. Office of Education (Institute of International Studies) announces a new program that could be very exciting. Only about 10 grants are expected to be made, which implies keen competition, but this should not deter us. There is an institutional matching requirement, but this can be from ongoing budgets. The title is "New Program for Strengthening the International Dimensions of General Education at the Undergraduate Level." The deadline is March 1, 1972, and since the proposal must be multi-departmental, and probably involve more than one school, it will take time to assemble. The purpose of the program is "... to stimulate and assist innovative efforts to infuse an effective international perspective into general education at the undergraduate level, particularly in the first two years of post secondary education."

The proposal should describe an integrated approach to contemporary world problems; it should include non-European politics and cultures; it would help if the performing arts were included - and here we have an opportunity with so many students from non-Western cultures; teacher-training overtones will be very favorable. Perhaps we should have such a program even if we don't get a grant. Please see details in this office.

The National Science Foundation has a new pamphlet on the Science Course Improvement Program. Proposals may be submitted at any time. Science includes the biological, physical and social sciences, mathematics, engineering, and the history or philosophy of science.

Support is available, but not limited to:

1) Development of course segments with new approaches to subject matters involving written materials, films, television, laboratory experiments, or programmed materials.

2) Development of completed model courses or course sequences.

3) Small-scale experimental projects (teaching).
4) Committee and conference studies to identify specific problems and to formulate guidelines for the evaluation of instructional programs.

The deadline for the National Science Foundation Instructional Scientific Equipment program is March 1, 1972, but we have no guidelines!!! All I know is that they are quite different from the old ones.

This office has the NASA-ASEE directory of 1972 Summer Faculty Fellowships. Participants must be U. S. Citizens. The deadline for receipt of applications is March 1, 1972. The Engineering Systems Design Institutes will be at:

- Auburn University -- NASA, Marshall Center
- Stanford -- NASA, Ames Center
- Old Dominion University--NASA, Langley Center
- University of Houston & Rice University -- NASA Manned Spacecraft Center

The Aeronautics and Space Research Institutes will be at:

- The Catholic University & University of Maryland -- NASA, Goddard Center
- Stanford -- NASA, Ames Center
- Auburn University & University of Alabama -- NASA, Marshall Center
- University of Houston & Texas A & M -- NASA, Manned Spacecraft Center
- Old Dominion University-NASA, Langley Center
- Case Western Reserve-NASA, Lewis Center

Further details and application forms are available in this office.

This College is eligible to take part directly or through a cooperative arrangement in the programs sponsored by the Department of Health, Education, and Welfare's Social and Rehabilitation Service (SRS). Such programs include:

- The Administration on Aging
- The Youth Development and Delinquency Prevention Administration
- The Rehabilitation Services Administration
- The Community Services Administration

The SRS is a labyrinth, and it will take dedication to find out exactly how you or the College may participate. Feel free to come in to look at the voluminous literature.

We also have details on the program administered by the California Commission on Aging.
The NSF Directory of Summer Institutes for secondary school teachers may be examined in this office.

We also have guidelines for Centrally Funded Research from the Agency for International Development.

The Camille and Henry Dreyfus Teacher-Scholar Grants are for young faculty members in chemistry, chemical engineering and related sciences. Applicants are nominated by the College, and only one nominee is permitted in any year. "Young" means that the person should have had the doctorate for five years or less. Sixteen grants (about $25,000 each) were made in 1971. See details in this office.

Department of Governmentese

Although I still haven't understood the difference between "protective reaction" and bombing, the U. S. Office of Management and Budget has a beautiful phrase that isn't likely to get into the headlines. It has designated Ceylon and Sudan as "near-excess currency countries." Ah, Noah Webster, be glad you're dead.

We have some information from the Environmental Protection Agency printed in agate type (5 1/2 point) which is readable if you have 20-20 vision and a magnifying glass. We also have some readable application forms from EPA research fellowships. Citizenship is not required for these fellowships.

The National Institute of Mental Health has an attractive 50 page brochure on its programs. There are so many programs, it would take an entire issue of these notes to describe them.

The American Federation of Teachers has a grant program called Educational Research for Action. Grants of $200-$1,000 are to help support research or writing projects related to "major issues facing all levels of education." Such issues include: certification of teachers, class size, transfer policies, to mention only a few.

This office has a small pamphlet about this program.
The National Science Foundation recently established the position of Experimental Projects Coordinator, who is responsible for supervising the processing of Science Education proposals that don't fit into the regular Science Education programs. This is a big step forward, provided the bloke has a budget to go with the program.

The Agency for International Development is funding a program through NSF for research and for teaching for 8-12 months abroad or for shorter and usually specific objectives, such as a survey of progress in curriculum development. Applicants must be tenured members of a U.S. academic institution who will return to their institution on completion of the grant.

The eligible countries are:

Afghanistan, Bolivia, Brazil, Colombia, Costa Rica, Dominican Republic, Ecuador, El Salvador, Ethiopia, Ghana, Guatemala, Honduras, India, Indonesia, Jordan, Kenya, Korea, Liberia, Mexico, Morocco, Nepal, Nicaragua, Nigeria, Panama, Paraguay, Peru, Philippines, Tanzania, Thailand, Tunisia, Turkey, Uganda, Uruguay, Venezuela, Zaire Republic.

The deadline is March 15, 1972. Better look at the brochure in this office.

The National Science Foundation also has a Special Foreign Currency Program for research, science education, and related activities. Details are too lengthy to report here. The brochure is small, but chock full.

An expert on the Washington scene, Grant Swinger, has made some predictions for 1972. For example:

March: One hundred unemployed engineers are enrolled in a special course on ecology; one hundred unemployed ecologists are enrolled in a special course in engineering.

September: California announces a new university curriculum, combining senior year of high school with freshman year of college; sophomore year on work-study program; junior year abroad, and senior year combined with first year of graduate school. Campus unrest subsides with total absence of undergraduate student body.

October: Two hundred unemployed engineers and ecologist graduate from special retraining programs and are enrolled in an acupuncture course.

December: Upon completion of an acupuncture course, two hundred scientists and engineers are enrolled in a computer-technology course.
