BELAUNDE WILL SPEAK ON LATIN AMERICAN RELATIONS

"The Challenge of U.S. -- Latin American Relations" will be the subject of Peru's exiled president Fernando Belaunde-Terry when he speaks at Cal Poly on Thursday (Jan. 25) evening. Being presented by the university's Convocation Series, his lecture is set for 8 p.m. in Chumash Auditorium of the Julian A. McPhee College Union. The public is invited and admission will be free.

An architect educated in France and at the University of Texas, Belaunde decided to enter the political arena in 1944 and immediately won a seat in Peru's federal assembly. Soon his sights were set on the presidency of the South American nation.

But his efforts for the high office took him over a rough, rocky trail. His first venture for the presidency left him short of his opponent by 110,000 votes by 1956. Undaunted, he worked harder to obtain his goal. In 1957, he fought a saber duel with a fellow congressman who called him a "demagogue and conscious liar" (both men were slightly wounded).

Two years later Belaunde was imprisoned on an offshore island for denying a presidential ban on political rallies during a general strike. He staged an exciting prison break by attempting to swim to an escape boat. Though he failed by swimming to the wrong boat, Peruvians thrilled to the story.

With his popularity increasing, Belaunde lost the next election by less than 13,000 votes. But his opponent was not able to take office when the military took control of the government after Belaunde charged fraud.

A year later, Belaunde won the presidency. At this point, his job got even tougher. His opponents succeeded in making life tough for him with control of two-thirds of the Peruvian assembly. Yet he overcame the opposition with his tough tactics and started the country toward economic prosperity.

Though his main problems came from internal affairs, Belaunde became involved internationally with his opposition to his country's contracts with foreign investments. Most noted is his handling of the International Petroleum Company.

(Continued on Page 2)
MUSIC CRITIC WILL SPEAK ON THURSDAY

San Francisco Chronicle music critic Robert Paul Commanday, will be a guest lecturer for the next program of the "Arts and Humanities 72-73" series at Cal Poly. Titled "The Year 2000 and Music: A Projection," his lecture is set for Thursday (Jan. 25) at 11 a.m. in Room 220 of the Julian A. McPhee College Union. The public is invited to the free lecture.

Commanday has conducted concerts on the West Coast and prepared choral performances for the San Francisco and Oakland Symphonies, and has conducted on tours of his groups to Japan, Hawaii, and Europe. He served as director of the Glee Club and Treble Clef Society at the University of California at Berkeley for 13 years and has been active with other musical organizations throughout California.

Commanday's career also includes teaching at the University of Illinois, Ithaca College in New York, California State University at Hayward, and California State University at San Francisco. He holds degrees from Harvard University and the University of California at Berkeley and has studied at the Juilliard School of Music.

BELAUNDE WILL SPEAK . . . (Continued from Page 1)

Many Peruvians thought the contracts unfair and illegal and desired to take complete control of the foreign company. Despite national sentiment for national takeover, Belaunde refused to do so. Instead, he cancelled all the contracts and hammered out details for a new contract that kept the company in Peru but gave the government a greater share of the profits.

Also noted for his efforts at development of South America's Marginal Forest Highway and as an architect and urban planner, Belaunde is a guest of Cal Poly for two weeks and will spend part of that time lecturing to classes.

His talk on Thursday evening is being sponsored by the university, the student council of the School of Architecture and Environmental Design, and SCARAB, an honorary society for architecture students.

PLANS FOR TAHOE SNOW TRIP ANNOUNCED BY UNIVERSITY CLUB

Plans for a fun and snow excursion to the Lake Tahoe area have been announced by the Cal Poly University Club. Mrs. Doris Barrowman (Duplicating), who is making arrangements for the trip, said it will be made by bus over the Washington's Birthday weekend. Cost for the trip which will leave San Luis Obispo on Feb. 16 and return on Feb. 19, will be $51, including three nights of lodging at the Hyatt Lodge and round trip bus transportation. Those interested in learning more about the tour are invited to contact Mrs. Barrowman, Adm-129, 546-2195.

The return of excess supplies of inter-campus mail envelopes is being requested by the General Office. Offices and departments that have quantities of the envelopes in excess of their current needs are asked to return them to the Duplication Center, Adm-129.
CAL POLY TOTALS FROM 1973-74 STATE BUDGET LISTED

Cal Poly will receive a general fund allocation of $23,200,335 in state funds, if the 1973-74 budget submitted by Governor Ronald Reagan is approved by the Legislature. James R. Landreth (Director, Business Affairs) and E. Douglas Gerard (Executive Dean) made that statement early this week as they completed a preliminary analysis of the budget, which was submitted on Thursday (Jan. 18).

Landreth said the total general fund budget, which is $1,829,488 more than that for the present year, is based on a $27,056,831 expenditure budget with reimbursements of $3,856,496. It is also based on an increase of 570 FTE students in the 1973-74 year to 13,700 FTE. The 13,700 FTE students is made up of 12,500 annual FTE and 1,200 Summer Quarter Annualized FTE.

Summer Quarter Annualized FTE is a number derived when the actual FTE figure of 3,600 full-time students for the Summer Quarter has been divided by three and added to the Academic Year FTE to produce a more meaningful number for planning purposes.

Landreth explained that the total general fund budget includes an increase of 62.7 faculty and staff positions but does not include salary increase funds. The salary increase package for 1973-74 includes a 7.5 percent increase for academic and academic related positions and 12.1 percent for staff positions. The increases will not be across-the-board increases but are average percentage increases that will be handled in a manner similar to those received in the current year. Details of distribution of the increases for 1973-74 are not presently known.

Yet to be included in the university's budget for 1973-74 is a share of $11,834,624 in unallocated program funds that are earmarked for The California State University and Colleges in the governor's budget.

In addition to the general fund budget, Cal Poly received $730,000 in capitol outlay funds in the governor's projected expenditures, according to Gerard. Included are funds for further development of the campus utilities distribution system ($380,000) and funds for conversion of a portion of the Science Building from botany laboratories to chemistry laboratories ($350,000). Additional monies for minor construction projects will be available but actual allocation information is not presently available.

Gerard pointed out that construction funds for the new Architecture Classroom Building ($3,500,000) and the new Highland Drive Access Road from Highway 1 ($804,000) were appropriated in the 1972-73 budget. In addition, some $900,000 from non-state sources has been identified for construction of the Health Center Addition. All three of these projects are scheduled to begin sometime this calendar year.

STATEMENT OF EARNINGS NOW AVAILABLE

Statements of Earnings (Form W-2) for all university employees are presently being processed and are either now available or will be within the next few days. An announcement from the Payroll Services Office this week said those for state faculty and staff employees will be mailed to departments within the next few days. Those for student employees on the state payroll will be available for pickup now through Jan. 31 in the Payroll Services Office, Adm-109, and those for student employees on the Cal Poly Foundation payroll will be available in the Foundation Office, CU-212, also through Jan. 30. Statements that have not been picked up by noon on Jan. 31 will be mailed.
TELEVISION PSYCHOLOGY COURSE WILL BEGIN NEXT WEEK

Interested persons throughout San Luis Obispo and Santa Barbara Counties will be able to study psychology without leaving their homes through a cooperative program developed by Cal Poly and Television Station KCOY, Channel 12, Santa Maria. Beginning on Tuesday, Jan. 30, "Personality Theory and Creativity" (Psy E301-ETV) will be offered as part of Cal Poly's extension program. The series will run Tuesdays, Thursdays, and Saturdays, from 6:30 to 7 a.m. through mid-May.

The course will consider the role of motivational factors, anxiety defenses, psychosexual, moral, interpersonal behavior development, etc., in patterns of adjustment as these reflect in the thinking of several major personality theorists: Freud, Jung, Adler, Murray, among others. Methods used to collect data and test hypotheses drawn from theory will be shown.

Television instructor for the course, which is programmed by CBS-TV as part of its continuing "Sunrise Semester" series, will be Morris I. Stein, New York University. Larry V. Hutchinson (Psychology) is the coordinator of the course. Dr. Hutchinson said those who watch the programs and successfully complete the mid-term and final examinations, which will be given at Cal Poly, will earn three quarter units of university credit. Registration fee for the course is $18.

The televised course is among 30 courses on such subjects as aeronautical engineering, art, business administration, education, English, history, home economics, military science, political science, and speech, that are being offered by Cal Poly Extension this winter. All of the self-supporting extension courses offered by Cal Poly are open to any adult who meets the course requirements.

Information about the televised psychology course and others offered by Cal Poly Extension may be obtained by contacting the Continuing Education Office, Adm-317, 546-2053.

GRAND OPENING FOR VISTA GRANDE POSTPONED

Damage resulting from last week's rain storm has forced postponement of the grand opening for the recently-completed Vista Grande dining facility, according to John Lee (Foundation Food Services Director). The grand opening had been planned for this Thursday, Friday, Saturday, and Sunday (Jan. 25-28).

Lee said rain damage to carpeting and mechanical equipment in the building forced closure of both the restaurant and dining room portions of the building. He estimated that two weeks will be required for necessary repairs and replacements and said a new date for the grand opening will be announced at that time.

CONCERT BY CAL STATE LONG BEACH CHOIR SET FOR THURSDAY EVENING

A varied program of early and contemporary music, including motets and madrigals, will be performed by the Chamber Choir of California State University, Long Beach, during a concert scheduled for 8 p.m. on Thursday (Jan. 25) evening in Room 220 of the Julian A. McPhee College Union. Wes Reed of the Cal State Long Beach faculty will conduct the 26 members of the vocal ensemble, who will spend the night with members of the Cal Poly University Singers.
SAN LUIS OBISPO CONCERT WILL FEATURE WOMEN'S GLEE CLUB

The 85 voices of the Women's Glee Club of Cal Poly will be featured in a program of song on Sunday (Jan. 28) at the Presbyterian Church, Marsh and Morro Sts., San Luis Obispo. The program is set for 5 p.m. in the Hart Building of the church. The public is invited to attend the free concert.

Under the direction of Harold P. Davidson (head, Music), the group will perform songs such as Angelus Ad Virginem, a Latin song depicting the Angel's visit to Mary telling her she will be the mother of Christ; Lovely Spring, Braum's German love song; and Sometimes I Feel Like a Moaning Dove, a soft American folk song.

In addition to the Women's Glee Club, performances by the Women's Sextet and the Collegiate Quartet are included on the program for the concert. Both are select groups made up of members of the university's Men's and Women's Glee Clubs. Davidson said a brief talk by Pastor James W. Bell of the host Church will also be included on the program.

SATURDAY CONFERENCE MOVED TO STAFF DINING ROOM

The "Directions '73" conference, which had originally been scheduled for the Vista Grande Dining Room, will take place in the Staff Dining Room instead. Planned for an 8:30 a.m. start on Saturday (Jan. 27), the program will cover such topics as educational goals, enrollment trends, faculty staffing, the 1973-74 budget, and career guidance opportunities. Participants will include Academic Senate and Associated Students, Inc., representatives; academic division and department heads; and members of the university's administrative staff.

1973 POLY ROYAL DATES ANNOUNCED

Poly Royal, the Cal Poly open house that is often called a country fair on a university campus, will be held this year on Friday and Saturday, April 27-28. Larry Hopson of San Bernardino, student general superintendent for the annual event, says Poly Royal for 1973 will include all of the old favorite attractions plus some new concepts designed to keep the event, which attracts 60,000 visitors to the campus, new and interesting.

A C U I GAMES TOURNAMENT SCHEDULED IN FEBRUARY

About 200 students representing college unions at 20 universities and colleges in the Pacific Coast states will participate in the Region 15 games tournament of the Association of College Unions International at Cal Poly on Friday, Saturday, and Sunday, February 16, 17, and 18.

John Blassius, chairman of the Recreation and Tournament Committee of the Associated Students, Inc., at Cal Poly which is co-host for the tourney, says there will be intercollegiate competition in bowling, billiards, chess, table tennis, bridge, and Foosball. Separate competitions for men and women's teams in bowling, billiards, and table tennis is planned.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Jan. 26, in the Office of Information Services, Administration-210.
ILLNESSES CAUSE DEATHS OF TWO UNIVERSITY EMPLOYEES

Illnesses caused the deaths of two members of the Cal Poly faculty and staff last week. Erling A. Breckan (Business Administration), 55, died at his home in San Luis Obispo on Thursday (Jan. 18) and Howard D. Bello (Custodial), 55, died at Sierra Vista Hospital in San Luis Obispo on Tuesday (Jan. 16).

Breckan, who joined the teaching staff of the university in 1958, had been ill for some time. He had completed his disability retirement at the end of December. Final services were held in San Luis Obispo on Friday and interment was at Los Osos Memorial Park.

Bello had been a university employee for just over two years. Final services and burial took place in Salt Lake City also on Friday. He had been ill for the past month.

CANDIDATE FOR FACULTY POSITION BEING SOUGHT

Candidates for a position on the faculty of the university are presently being sought, according to Larry R. Voss (Director of Personnel Relation). Those interested in learning more about the position are invited to contact the appropriate dean or department head. Cal Poly is an Affirmative Action employer. Following is a description of the available position:

Counselor, Counseling Center, Student Affairs Division. Duties and responsibilities include working with students, faculty and various groups. Prefer candidates with doctorates in Counseling Psychology and college counseling experience. Minority applicants and women are encouraged to apply.

VACANT SUPPORT STAFF POSITION LISTED

Vacant support staff positions have been announced by S. Milton Pluma (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm-110, 546-2236. Contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action Employer. The positions are:

Medical Officer I ($766-$2044), Health Center, Student Affairs Division. Duties and responsibilities include serving as college physician at the Campus Health Center attending to the medical needs of the students. Generalist with current California license who is sensitive to the medical needs of the young adult. This is a ten month position with the option to rotate through night and week coverage. Tour of duty: September 1 - June 30. Regular hours of work are 8-5, Monday through Friday.

Clerical Assistant II-B ($522-$635), Health Center, Student Affairs Division. Duties and responsibilities include transcribing medical notes and correspondence, and performing duties of general office work in all areas of the Health Center, such as X-ray, receptionist-front office, insurance claims, pharmacy, laboratory, record room - whenever the need is greatest. Applicants must have passed the General Clerical Test, be high school graduates with one year of experience in transcription-transcriber machine. Experience in the use of transcribers is helpful, but not essential, when knowledge and abilities up to standard. Must be able to take dictation at 90 wpm, and able to type 45 wpm.

Clerical Assistant III-A ($589-$717), Records Office, Student Affairs Division. Duties and responsibilities include working with student records in college Records Office assisting with registration, preparation of grades, etc. Experience and proficiency in maintaining University student permanent record card files. Applicants must have passed the General Clerical Test, be high school graduates with two years of office experience, and able to type 45 wpm.

Departmental Secretary II-A ($589-$717) or II-B ($605-$714), Industrial Technology Department, School of Engineering and Technology. Duties and responsibilities include operating the office aspects of a ten member faculty and 136 student instructional department, supervision of student assistants, maintaining records and files, preparing reports and transcribing tape dictation. Applicants must have passed the General Clerical Test, be high school graduates with two years of office experience. Some university training highly desirable. (Applicants with 100 wpm shorthand skill will be considered for Departmental Secretary II-B level).

Custodian ($522-$635), Custodial Services, Business Affairs Division. Duties and responsibilities include sweeping, mopping, scrubbing, waxing and polishing floors in classrooms, offices, laboratories, shops and lockers. Knowledge of custodial methods, materials, chemicals and equipment and one year experience required. Qualifying experience may be substituted for required education on a year-for-year basis.
George H. McMeen (Mathematics) is the co-author of a new 1973 series of elementary school mathematics texts titled Target: Meeting Mathematics, which is being published by American Book Company. Including teachers guides, workbooks, separate tests, duplicating masters, and record-keeping cards, the new series has already been awarded a state adoption in Alabama. It is the sixth series of elementary mathematics texts Dr. McMeen has co-authored.

Roland Pautz (Dairy and Poultry Science) has been named to the Youth Committee of the Pacific Egg and Poultry Association. A member of the Cal Poly faculty since 1959, he represents higher education on the committee which advises the association's Board of Directors on its relations with youth. Approximately 100,000 persons involved in poultry production, processing, and distribution are members of PEPA.

Gary Epstein and Stuart Goldenberg (both Mathematics) and Neil Webre (Computer Science and Statistics) attended a workshop on interdisciplinary applications of computer and graphics at California State University, Chico, on Jan. 11-13.

David W. Hafemeister, W. Reed Langford, and Leonard W. Wall (all Physics) took part in seminar/workshop on student programming in general physics laboratories on Jan. 5-6 in San Francisco. Sponsored by the California State University and Colleges, the program consisted of lectures and seminars on how experimental data is incorporated into computer programs and how to use the CSUC system-wide computer through time-share terminals at the various campuses.

INFORMATION ON ANNUITIES AVAILABLE TO FACULTY, STAFF

Faculty and staff members are reminded of the tax sheltered annuities program offered by the Trustees of the California State University and Colleges. More than 60 companies offer both fixed and variable tax sheltered annuities which are available through monthly payroll deduction plan. These programs allow employees to reduce their gross income. Federal and state income taxes are then chargeable on the reduced salary.

Payment of taxes on the excluded income become taxable, normally later, when received as part of an annuity income at retirement. Generally, tax liability during retirement could then be expected to be less. A listing of tax deferred annuity companies which employees may contact are available in the Personnel Office, Adm-210, 546-2236.

The 1972 Form W-2 for university employees who are participating in tax deferred annuities programs will show only that earning total on which federal and state income taxes are due. Inquiries regarding this matter may be directed to the Payroll Office, Adm-109, 546-2605.

Those wishing them can pick up copies of the forms needed for filing federal income tax returns in the Personnel Office, Adm-110. Forms for use in filing state income tax returns will be available there in the near future.
BASKETBALL, WRESTLING TEAMS HAVE HOME EVENTS SCHEDULED THIS WEEK

Three events featuring Cal Poly's varsity basketball and wrestling teams are at the top of the campus sports calendar this week. First to see action will be the Mustang matmen, who will host University of California at Los Angeles in a dual meet scheduled to begin at 7:30 p.m. on Jan. 26.

Saturday, Jan. 27, will see both Cal Poly teams engaging in an unusual sports doubleheader beginning at 7 p.m. That program will open with a basketball game between Cal Poly and University of San Diego and conclude with a dual meet featuring Cal Poly's wrestlers and University of Oregon starting at 9 p.m.

Both the wrestling match on Friday and the basketball-wrestling doubleheader on Saturday will take place in the Men's Gymnasium.

STATE PUBLISHER'S AWARD FOR MUSTANG DAILY

Mustang Daily, the newspaper published by journalism students at Cal Poly, has been called many things during its lifetime, but now a new name -- award winner -- has been added to the list. Kathleen Beasley, editor of the 6,000 circulations campus newspaper, received word last week that it has been given one of two top awards in the California Newspaper Publishers Association's 1972 Better Newspapers Contest.

The association announced that its 76 judges, all of whom have extensive newspaper backgrounds, have chosen three consecutive Mustang Daily editions from the week of Nov. 13 as the winning material. Figures for the 1972 Better Newspapers Contest show that 1,270 newspapers were entered in 34 categories. Each category was broken down to specific circulation sizes, Mustang Daily's being the "less that 15,000" classification.

According to CNPA, which is composed of most of California's major newspapers and includes student papers among its members, the winning entries will be displayed later this year in the CNPA Awards Book, which is published annually by Crown Zellerbach Paper Company.

SPEAKER FOR AGRICULTURE PROGRAM ANNOUNCED

Mrs. Ann Merrill of Salinas, the farmer's wife who organized opposition to the United Farm Workers Organizing Committee boycott efforts, will be speaker for the Winter Ag Speakers Night program at Cal Poly on Wednesday, Feb. 28.

The Speakers Night is sponsored by the student council of the university's School of Agriculture and Natural Resources. The public is invited to the free program which will be held in the Cal Poly Theatre starting at 8 p.m. Mrs. Merrill will speak on "Common Ground."

Type font elements for IBM Selectric typewriters that have broken teeth and can no longer be used are being collected by the Information Services Office. Campus offices that wish to dispose of broken type elements are asked to forward them via campus mail or bring them to the Information Services Office, Adm-210.
COMING EVENTS

Independent Business Seminar -- Monday and Tuesday, Jan. 22-23, 7 p.m., Cal Poly Theatre. "What Makes Your Business Tick!" is the theme for the two-session seminar for businessmen; sponsored by the Society of California Accountants, the San Luis Obispo County Telegram-Tribune, and Cal Poly's School of Business and Social Sciences. Registration fee, $10.

Cal Poly Women's Club Books and Music Section Meeting -- Thursday, Jan. 25, 10 a.m. 1775 Conejo Street, at the home of Lorraine Hensel. Mrs. Lorraine Hensel will present a program on the natural foods cookbooks, during meeting in her home; natural foods refreshments will be served. Members invited.

Power Systems Seminar -- Thursday, Jan. 25, 11 a.m. Engineering East Building Room 140, Tim E. Boyle will discuss "You, Power Systems, and the Seventies"; sponsored by the Electronic and Electrical Engineering Department. Students, faculty, and guests invited.

Arts and Humanities Series -- Thursday, Jan. 25, 11 a.m., Julian A. McPhee College Union Room 220. Robert Paul Commanday, music critic, will discuss "The Year 2000 and Music: A Projection"; sponsored by Cal Poly's School of Communicative Arts and Humanities as part of the "Arts and Humanities '72-'73" series. Public invited.

Cal Poly University Club Luncheon -- Thursday, Jan. 25, 12 noon, Staff Dining Room. Loren Nicholson will present a program titled "Strolling in Leningrad." Faculty and staff invited.

Grain and Feed Workshop -- Thursday and Friday, Jan. 25-26, all day, Julian A. McPhee College Union, Chumash Auditorium. Annual production workshop for persons in the feed and grain industry; sponsored by California Grain and Feed Association and hosted by Cal Poly's School of Agriculture and Natural Resources. Association members invited; advanced registration required.

Convocation Speaker -- Thursday, Jan. 25, 8 p.m., Julian A. McPhee College Union, Chumash Auditorium. Fernando Belaunde-Terry, constitutional president of Peru from 1963 to 1968, will speak on "The Challenge of U.S.-Latin American Relations:" sponsored by Cal Poly, the student council of the university's School of Architecture and Environmental Design, and SCARAB honorary society for architecture students. Public invited.

Physics Colloquium -- Friday, Jan. 26, 3 p.m., Science Building Room E-47. Sergio S. P. Porto, of University of Southern California, will speak on "Lasers and Physics at USC." Faculty, staff and students invited.

Bike-A-Thon -- Saturday, Jan. 27, 9:30 a.m., beginning and ending at the Mission Plaza, San Luis Obispo. Twenty-eight mile bike-a-thon to raise money for the Multiple Sclerosis Association; sponsored by the Cal Poly Circle-K Club. Public invited.

Varsity Basketball -- Saturday, Jan. 27, 8 p.m., Men's Gym. Cal Poly vs. University of San Diego (Preliminary game, 5:45 p.m. - Cal Poly Colts vs. California State University, Fresno, freshman team). General admission tickets - students and children, 50 cents; all others, $1.50.

Women's Glee Club Concert -- Sunday, Jan. 28, 5 p.m., Presbyterian Church, Marsh and Morro Streets, San Luis Obispo. The Cal Poly Women's Glee Club, under the direction of Harold P. Davidson, will present a concert; sponsored by the university's Music Department. Public invited.

(Continued on Page 10)
COMING EVENTS ... (Continued from Page 9)

Chinese New Year Celebration -- Sunday, Jan. 28, 5 p.m., Veteran's Memorial Building, San Luis Obispo. Annual Chinese New Year observance featuring a six-course dinner; sponsored by Cal Poly's Chinese Students Association. Tickets - $4.25 per person.

Varsity Basketball -- Monday, Jan. 29, 8 p.m., Men's Gym. Cal Poly vs. California State University, Hayward. General admission tickets - students and children, 50 cents; all others, $1.50.

Cal Poly Women's Club Walking Section Meeting -- Tuesday, Jan. 30, 9 a.m., Veteran's Memorial Building, San Luis Obispo. Meeting for a walk in the Monterey Heights area of San Luis Obispo. Members invited.

Speaker's Forum -- Thursday, Feb. 1, 8 p.m., Julian A. McPhee College Union, Chumash Auditorium. Address by Assemblywoman, March K. Fong; sponsored by the Speaker's Forum Committee of the Associated Students, Inc. Public invited.

Arts and Humanities Lecture -- Thursday, Feb. 1, 11 a.m., Julian A. McPhee College Union, Room 220. Talk on "A Quest for Identity" by Dr. Fred Krinsky of Pomona College; sponsored as part of the 'Arts and Humanities '72-73' Series by Cal Poly's School of Communicative Arts and Humanities. Public invited.

Jazz Concert -- Friday, Feb. 2, 8 p.m., Julian A. McPhee College Union. Guitarist, Charlie Byrd, will present a jazz concert; sponsored by the Fine Arts Committee of Cal Poly's Associated Students, Inc. General admission tickets - students, $1.50; all others, $2.50.

Varsity Basketball -- Friday, Feb. 2, 8 p.m., Men's Gymnasium. Cal Poly vs. Athletes in Action. General admission tickets - students and children, 50 cents; all others, $1.50.

100 RIDERS EXPECTED FOR BIKE-A-THON FOR MULTIPLE SCLEROSIS

One hundred cyclists are expected to huff and puff over San Luis Obispo roadways on Saturday (Jan. 27) so that victims of Multiple Sclerosis may someday themselves be able to pedal bicycles. Sponsored by the Cal Poly Circle-K Club, the 28-mile Bike-A-Thon will begin at Mission Plaza in San Luis Obispo, travel along Johnson Ave. and Orcutt Rd. to Lopez Dr., and return along Highway 227 (Edna Rd. and Broad St.) to the starting point.

Donors will pay to the Multiple Sclerosis fund a pledged amount for each mile that their sponsored bike rider covers. The mile rate varies according to the donors wishes. Application blanks are available at the activities office in the Julian A. McPhee College Union at Cal Poly, and at the SLO Transit Authority, the Record Exchange, Cope­land's Sports, Serendipity, Stereo West, and the Tropicana and Velancia West student residences, all in San Luis Obispo. Participants obtain their own donors.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Jan. 26, in the Office of Information Services, Administration-210.
Some months ago the University applied for membership in the NASA-AMES University Consortium. Membership permits faculty and graduate students to work with a scientist or engineer on an ongoing project at the Center just north of San Jose. Membership used to be almost automatically approved upon application, but the rules have been changed. The University will not become a member unless one of our faculty members can convince a scientist or engineer at AMES that the collaboration will be mutually helpful. In some instances, the faculty or students will be paid for their participation. There are other benefits to membership, such as the use of the NASA-AMES library, and the possibility of having guest speakers from the Center at no cost to us.

The immediate task is to persuade some of our faculty to investigate the possibilities. This office has a copy of some current projects (although there is no date on the report!). Each School representative on the University Research Committee also has a copy. If you are interested, please let me arrange for an interview at the Center, since this office is the official liaison.

This office has the Atomic Energy Commission's brochure that describes the biological, medical, and environmental research program. You are welcome to read it.

We also have a copy of the 1973 Directory of Summer Institutes for Secondary School Teachers of Science, Mathematics, and Social Science. This program is sponsored by the National Science Foundation. You are welcome to look at it in the office.

The James D. Phelan Awards for 1973 are for painters in all media. The awards will total $2,000; first prize is $1,000. Applicants must be native Californians, between 20 and 40. The work must be original and executed within the last two years. Application forms are available in this office.

The National Science Foundation has a new brochure from the Division of Environmental Systems and Resources, under the general program called Research Applied to National Needs. The major program areas of this Division are:

- Regional Environmental Systems
- Environmental Aspects of Trace Contaminants
- Weather Modification

This office has an excellent handbook published by the American Association of State Colleges and Universities: A Guide to Federal Funds for Urban Programs at Colleges and Universities. You are welcome to look at it in the office.
Here are some deadlines for the National Institutes of Health:

- Feb. 1, June 1, Oct. 1, 1973
  - Research Project Grants
  - Research Training Grants
  - Academic Career Awards

The Small Grant Program of the National Institute of Mental Health accepts proposals at any time.

- Special Improvement Grants, under Allied Health Manpower: Nov. 1, 1973
- Allied Health Special Project Grants: July 1, 1973

No new NIMH Training Grants will be made this fiscal year.

*****

The American Philosophical Society Committee on Research meets five times a year to make awards for basic research in all fields. You must have a doctorate; the average grant is $800 and few grants exceed $2,000. For further information write:

Committee on Research
American Philosophical Society
Philadelphia, Pennsylvania 19106

*****

The Leverhulme Visiting Fellowships program is open to a holder of a Ph.D. from any university in the commonwealth (other than U.K.), South Africa, and the U.S.A., but preference will be given to those who recently received or are about to receive the doctorate. The fellowships are for one year, pays £1400 plus a travel grant of £250 plus £25 a month if the fellow's wife accompanies him. The fellowships may be at any one of about a dozen British universities, not including Oxford or Cambridge. For information write:

A.G. Bartlett M.A.
Academic Registrar
The University of Exeter
The Registry, Northcote House
The Queen's Drive
Exeter, England

The deadline seems to be March 1, 1973.

*****

The Society of Sigma Xi Committee of Grants-in-Aid of Research meets three times a year to make awards to faculty with a doctorate to support scientific research. Grants are made directly to the scientist, not the University. The maximum is $1,000. For information write:

Sigma Xi National Headquarters
155 Whitney Avenue
New Haven, Connecticut 06510
Attention: Committee on Grants-in-Aid of Research

*****

The University of Wisconsin (Madison) publishes a list of available awards in the humanities and social sciences, and recipients of the list are free to quote from it. We publicly acknowledge the usefulness of this list and are grateful to the University of Wisconsin for sharing this information which appears in Encouraging Notes from time to time.
