EDUCATIONAL EXHIBITS, SPECIAL ATTRACTIONS WILL BE HIGHLIGHTS OF 41ST POLY ROYAL

A potpourri of educational exhibits and special attractions will be spread out over Cal Poly's 374-acre campus core for the 41st annual Poly Royal on Friday and Saturday (April 27-28). Officially, the "country fair on a campus" will open at 10:30 a.m. on Friday with a welcome by President Robert E. Kennedy and the crowning of Gay Draxler of Pomona as Poly Royal Queen. The ceremony will be held in the plaza of the Julian A. McPhee University Union. The queen's court, Janet Anderson of Rio Vista and Patricia Sibley of Van Nuys, will be introduced.

Actual activity will begin on the campus at 8 a.m., when hundreds of high school students begin registering for the 21st Poly Royal Mathematics Contest.

Planning Begun Last Year

The Poly Royal weekend is the culmination of hours of work begun last December, when the 21-man executive Poly Royal board began formulation of plans for the event.

In recent weeks more than 2,000 students at Cal Poly have been engaged in the planning and preparation of the exhibits in the 50 instructional departments and the host of special attractions which surround the open house program.

Educational exhibits will range from a Poultry in Art Show through a demonstration of a Moog electronic music maker.

Special activities include a four-performance Poly Royal Rodeo, aquacade, horse shows, jazz-rock concert, tractor pulling (Continued on Page 2)
SERVATIUS NAMED ACTING DEAN OF BUSINESS, SOCIAL SCIENCES

The appointment of Owen L. Servatius (Head, Business Administration) to the position of acting dean of Cal Poly's School of Business and Social Sciences has been announced by President Robert E. Kennedy. Servatius, who will begin his new duties on May 1, succeeds Edward H. Barker, whose appointment as savings and loan commissioner for the State of California was announced last week by Governor Ronald Reagan.

An alumnus of Cal Poly, where he earned two degrees, Servatius will continue to serve as head of the Business Administration Department. He joined the university staff as supervising clerk in 1947 and joined the university's teaching faculty in 1958. Servatius, who has been head of the Business Administration Department since 1964, served in the U.S. Navy and worked for the Baker-Fentress and Company brokerage in Chicago before moving to San Luis Obispo.

Dr. Barker, who will be on leave during his appointment on the state's executive staff, has announced his intention to return to his campus duties when his 21-month term is completed. He and his wife, Louise, plan to continue to make their home in San Luis Obispo.

HIGHLIGHTS OF 41ST POLY ROYAL . . . (Continued from Page 1)

contest, the Poly Royal 500 soap box race, powder puff football, band concerts, dramatic presentations, and the Poly Royal barbecue. For the athletically-minded there will be intercollegiate baseball, track and field, and tennis events.

Admission to the campus and all educational exhibits is free and the majority of activities and special attractions are also free. A shuttle bus service will provide transportation around the campus and the abundant wide open spaces of the campus will offer plenty of resting room for the more than 60,000 visitors expected for this year's extravaganza.

The 45 special concessions operated by student clubs will offer food choices ranging from hamburgers and hot dogs to exotic foreign dishes. A pancake breakfast will get visitors off to a good start on Saturday morning, and the Poly Grove barbecue and services in the campus dining facilities and Vista Grande restaurant will offer complete meal choices.

Mrs. Trudy Beck of Arroyo Grande, secretary-receptionist in the Activities Office at Cal Poly, is the honored guest for the 1973 Poly Royal.

Exhibits in the instructional departments will be open from 11 a.m. to 5 p.m. on Friday and from 9 a.m. to 5 p.m. on Saturday.

Poly Royal will culminate with the Mark-Almond jazz-rock concert in the Men's Gymnasium at 9 p.m. on Saturday and a Western dance in the farm shop from 9 p.m. to 1 a.m.

The return of excess supplies of inter-campus mail envelopes is being requested by the General Office. Offices and departments that have quantities of the envelopes in excess of their current needs are asked to return them to the Duplication Center, Adm-129.
VOSS NAMED EXECUTIVE ASSISTANT TO THE PRESIDENT

President Robert E. Kennedy today announced that he was filling the position of executive assistant to the president with Larry R. Voss, currently the university's director of personnel relations. The executive assistant position had been filled since 1967 by the late Chester Young.

Prior to Voss's appointment as Cal Poly's director of personnel relations in January 1968, he served for seven years as senior personnel analyst in the Faculty and Staff Affairs Division of the Chancellor's Office. This assignment included assistance in the development, implementation and administration of a personnel management program in the California State Colleges under the newly-created state college Board of Trustees.

During this time he was assigned a number of special projects designed to develop or improve personnel programs in the state colleges. In addition, while on leave of absence for 18 months, he was assistant director for a research project under the U.S. Office of Education which included the development of guidelines and recommendations for improving personnel practices in the State Education Agencies.

Since leaving the Chancellor's Office, Voss has been called, on a number of occasions by the Chancellor's Office, to serve on various systemwide study committees, advisory bodies, and other special assignments.

Prior to his service with the Chancellor's Office, Voss was the assistant personnel officer for the California State Department of Education from 1957 to 1961. In this capacity he worked primarily in the personnel program for The California State Colleges at which time the colleges were under the jurisdiction of the State Board of Education. Voss also served for one year as Placement Supervisor at Sacramento State College.

Voss received his bachelor's degree in business administration from California State University, Sacramento, and has done graduate work in public administration at both Sacramento State and California State University, Los Angeles. He is a member and past chairman of the Western Region of the College and University Personnel Association and is currently serving on the Board of Directors for the San Luis Obispo County AID-United Givers organization.

Voss will remain as director of personnel relations until a replacement has been found. Recruitment for the position of Personnel Officer III ($17,436-21,192) will begin immediately. Interested persons are encouraged to send applications to Voss, Adm-110.

MUSIC CRITIC WILL BE CAMPUS LECTURER

Robert Commanday, music critic for the San Francisco Examiner and a member of the music faculty at University of California at Berkeley, will be featured during a program of the "Arts and Humanities 1972-73" on Thursday (April 26) at 11 a.m. in Room 220 of the Julian A. McPhee University Union. Title of Commanday's lecture will be "Music and the Year 2,000: A Prediction." Commanday has conducted concerts on the West Coast and prepared choral concerts for the San Francisco and Oakland Symphonies, and for concerts in Japan, Hawaii, and Europe. Admission will be free and members of the campus community, as well as the public, are invited to attend.
ANTI-TUITION DRIVE LAUNCHED BY STUDENT LEADERS

Robin Baggett and Denny Johnson, president and vice-president, respectively, of Cal Poly's Associated Students, Inc., last week announced the launching of a petition and letter writing campaign among university students aimed at forestalling any possible adoption of tuition for students of The California State University and Colleges.

Baggett called upon Cal Poly students to sign petitions indicating opposition to any form of tuition. They also are asked to write their legislators indicating their opposition to tuition.

Baggett and Johnson were joined by President Robert E. Kennedy and Everett Chandler (Dean of Students) in statements of opposition to the philosophy of tuition for students of the state university and colleges system.

Baggett said there are no current bills before the state legislature calling for tuition at the state university and colleges, but that the long-range legislative program of the trustees and the chancellor's office of the system contains tuition proposals. In recent years tuition proposals have been introduced into the legislative channels but they have failed.

The preamble of the petition states, "We, the undersigned, oppose the imposition of any tuition on students within The California State University and Colleges system. Higher education should be available to all people and free from any form of economic discrimination. The imposition of tuition would allow only the most fortunate citizens to acquire a higher education, thereby undermining the democratic philosophy on which our society was founded."

President's Statement

In a prepared statement, Dr. Kennedy said, "I am opposed to the concept of tuition for public tax-supported institutions of higher education, particularly as those charges are becoming increasingly closer to the actual costs per student for the education received. I am opposed to it because the public education program in the United States has already proved conclusively that making educational opportunity as the cultural achievement of the nation."

He continued, "If we are to increase student costs on the assumption that the student benefits more from the educational experience than does the remainder of society, we are making a tragic mistake. This mistake could lead us eventually into an elitist concept of education which, historically, has prevented many nations from achieving the level of prosperity enjoyed by the citizens of the United States of America."

Dean Chandler said he "opposes tuitions of the ground it is the state, rather than the students, who benefits most from the higher education system." He pointed out, "California has gained industrial development because of our higher education system. The electronic and aerospace industries are examples of this. The industrial development of the state, and the higher earnings of our educated citizenry returns handsome taxes to the state. The state does not lose from free higher education. Tuition for students of higher education would be a false economy."

Currently students at Cal Poly pay fees totalling $52 a quarter to cover materials, services and activities (student body) costs.
CINCO DE MAYO FESTIVAL WILL OPEN ON MONDAY

Civic leaders and university administrators will meet with Chicano students for lunch at noon on Monday (April 30) to launch Cal Poly's week-long Cinco de Mayo observance. The week of speakers, films, cultural experiences, ballet, art displays, and a fashion show and dinner-dance is sponsored by MECHA, an organization of Cal Poly students of Mexican-American descent, and the Ethnic Program Board of the university's Associated Students, Inc.

Members of MECHA will unveil plans for the week-long observance at the luncheon in the Staff Dining Room on campus. Any interested person is invited to attend. A Mexican menu will be served for $1.50 per person.

The art display in the university library will include work by Cal Poly students, inmates at the nearby California Men's Colony, and a special collection of children's art.

A Cal Poly student Ballet Folklorico, formerly the MECHA dancers, will offer a program in Chumash Auditorium of the Julian A. McPhee University Union at 7 p.m. on Tuesday, May 1. David Sanchez (Head, Ethnic Studies) will explain the significance of Cinco de Mayo during the program which will be open to the public. Admission will be free.

Contemporary films depicting life for the Chicano in the United States will be shown on Wednesday, May 2, and Thursday, May 3. Also planned are speakers who will elaborate on the themes of the films. The public is invited to both performances. Admission will be 50 cents for each.

Mexican fashions, Mexican food, and dancing to Mexican music will be available on Friday, May 4, in the Veterans Memorial Building in San Luis Obispo. The public is invited. Persons who wish to attend only one event -- either the fashion show and dinner or the dance, may obtain tickets for $2. Those wishing to attend both the fashion show-dinner and the dance, may obtain tickets for $3.

Climax of the week-long festival will be the presentation of Fiesta Folklorico, Mexico's national ballet dance company, in the Men's Gym at Cal Poly at 8 p.m. on Saturday, May 5. The public is invited. Admission will be $1 for children under 12, $2 for students, and $3.50 for the public.

Tickets for the May 4 dinner and dance and for the Fiesta Folklorico will be available at King and Queen Stereo in San Luis Obispo, the information desk in the University Union on campus, and from members of MECHA.

"BACK DOOR" TO CAMPUS CLOSING NEXT WEEK

Next Tuesday (May 1) has been set as the date for closure of the "back door" to the Cal Poly campus, according to E. Douglas Gerard (Executive Dean). The closure of North Campus Dr. to through traffic from Highway 1 will be required for construction of the extension of Highland Dr. across Highway 1 to the campus via the Southern Pacific underpass.

The start of construction was purposely delayed to accommodate Poly Royal campus traffic Friday and Saturday (April 27-28). Warning signs will be installed on Highway 1 on Monday (April 30) and thereafter traffic from Highway 1 should enter the campus via Foothill Blvd. and California Blvd., Dean Gerard said.
CEMENT CANOE RACES SLATED AT LAGUNA LAKE

Tradition has it that cement does not float too well. But students from several universities expect to prove the old adage wrong when they gather in San Luis Obispo for the 2nd annual West Coast Ferro-Cement Canoe Race. The race will take place at 10 a.m. on Saturday (April 28) at Laguna Lake in San Luis Obispo. It is being sponsored by Cal Poly's School of Architecture and Environmental Design.

Other schools that will be participating are the University of California at Davis, University of California at Berkeley, California State University at San Jose, Stanford University, Arizona State University, California State University, Fresno, and Cal Poly.

Competition will consist of four races. There will be two men's crew races over a 300-yard course, a 150-yard women's race, and a faculty or mixed race over 150 yards. In addition an open class race is planned over a 300-yard course. In the open race, power for the canoes may come from any source (excluding engines), including swimming, pulling, and pushing.

Using ferro-cement is relatively new to the boating world, especially in the making of canoes, according to Jeff Jackmond, who heads the student committee in charge of arrangements for the races in San Luis Obispo.

The Cal Poly entry is 16 feet long and 18 inches wide. Hull thickness is three-eighths of an inch. Its $350 cost is being funded by the participating students.

WOMEN'S CLUB LUNCHEON BEING PLANNED FOR MAY 5

"We never promised you a rose garden, but . . . " will be the theme for the Cal Poly Women's Club May Luncheon for 1973, which has been announced for Saturday, May 5, at 12:30 p.m., in the dining room of the new Vista Grande building. Only 200 tickets, priced at $2.25 each, are available for the luncheon and each person attending the traditional event will be asked to make a choice of a fresh fruit salad or a chef's salad at the time of purchase of tickets. The limitation of the number of tickets for the luncheon is made necessary by the seating capacity of the dining room where it will be held.

Mrs. J. Murray Smith and Mrs. Rod Kief, who are in charge of planning for the event, said that tickets are being sold at all meetings of Cal Poly Women's Club sections during April and by ticket committee members located throughout the San Luis Obispo area. Ticket sales will close at 5 p.m. on May 2. Mrs. Gerald Punches, who is in charge of ticket sales for the luncheon, said club members who are selling tickets are Mrs. William Armentrout (543-2202), Southwood area; Mrs. William Boyce (544-0865), Country Club area; Mrs. James Culbertson (543-1581) and Mrs. Kief (544-0124), Foothill area; and Mrs. Smith (544-0781), Cal Poly area. Tickets may also be obtained from Mrs. Punches (543-8844), Laguna Lake area.

FACULTY STAFF INVITED TO JOIN ANGLERS' CLUB

Faculty and staff are invited to join Anglers Anonymous, a new fishing club being formed on campus. John Gordon, president of the student organization, said the next meeting of the club will be next Tuesday (May 1) at 8:30 p.m., in SciN-206. Additional information can be obtained by telephoning Gordon (544-5395).
Robert Sennett (Transportation Engineering) has just completed a six-week short course titled "Ultimate Strength Design of Reinforced Concrete," which took place at California State University, Los Angeles. In addition, Dr. Sennett has just been selected as a participant in a summer fellowship program to be held at Stanford University. His summer study is expected to focus on the problem of transporting people and material to fight forest fires.

Randy Donant (Activities Planning Center) was a participant in a programming workshop held in connection with the recent meeting of the American Association of College Unions-International in San Francisco. Conducted by the association's consultant team on college union programming, the workshop dealt with programming philosophy, priorities, and strategies.

Leonard W. Wall (Physics) has been accepted as a participant in a summer short course in modern astrophysics to be held June 2-27 at the University of Illinois in Chicago Circle. The program is being sponsored by the National Science Foundation and is for college teachers of physical sciences, astronomy, and engineering.

Allen K. Settle and Carl E. Lutrin (both Political Sciences) presented a paper during the 27th annual meeting of the Western Political Science Association in San Diego on April 5-7. Title of the presentation by Lutrin and Settle was "The Public and Ecology: An Analysis of California's Pollution and Coastal Conservation Initiatives."

Paul E. Scheffer (Industrial Engineering) presented a paper titled "Computer Aided Facilities Planning" at the Northern California Institute of the American Institute of Industrial Engineers which took place March 30 in Berkeley. Theme of the program was "The Industrial Engineer as a Bridge Builder."

Alfred M. Bachman, Rex Hutton, Allen Miller, and Neil Townsend (all Mathematics) have taken part in professional development programs recently. Drs. Bachman and Miller attended the San Francisco meeting of the National Council of Teachers of Mathematics, where Dr. Miller spoke on "Change of Face Through Transformations" before a section meeting. Dr. Bachman, Hutton, and Dr. Townsend were participants in a conference on the use of computers in training teachers of mathematics and science, which took place in Fullerton.

Howard F. Smith (Economics) is the author of an article titled "Rich Nations and Poor: Is an International Tax the Answer to World Poverty?" which appeared in the January 1973 issue of Economic Activity, a quarterly journal published by the University of Western Australia Press. The article resulted from work undertaken by Dr. Smith while he was a visiting professor at University of Western Australia last summer.

John Y. Hsu (Computer Science and Statistics) has learned of the recent publication of his article titled "On Designing a Chinese-Oriented Computer" in Chinese in the Central Daily news of Taiwan. Dr. Hsu has also just been appointed as a consultant to the ILLIAC IV project which is considered to be the largest and fastest computer in the world. He will mainly consult on computer architecture and operating system design.

Robert E. Norris (Social Sciences) has written a chapter titled "Migration and Political Attitudes" for a book on Problem Solving in World Geography, which is being prepared for spring publication by Educational Associates Publishing of Tempe, Ariz. L. Lloyd Haring is author of the new book.
WHO . . . WHAT . . . (Continued from Page 9)

David W. Hafemeister (Physics) expects to continue his study of the Mossbauer effect while participating in the Summer Faculty Research Program at Argonne National Laboratory in Argonne, Ill., this summer. Dr. Hafemeister has written an article on the Mossbauer effect which was published in the Journal of Applied Physics and two other articles which are scheduled for early publication in other journals.

Curtis F. Gerald (Computer Science and Statistics) was the leader of a session on teaching computer science at the annual meeting of the California Educational Computing Consortium held April 5-6 at the Kellogg West center at Cal Poly, Pomona. Dr. Gerald, who also acted as Cal Poly's representative during the meeting, is chairman of the consortium's interest group on teaching computing science.

Leo W. Pinard (Social Sciences) attended a short course on population which took place recently at Stanford University in Palo Alto. The Chautauqua-type program was sponsored by the National Science Foundation.

Barton C. Olsen (History) attended the annual conference of the Organization of American Historians on April 11-14 in Chicago. Dr. Olsen is a member of the Historical Sites Committee of OAH and served as chairman of that committee during the meeting.

POLY ROYAL CLASS GUIDELINES NOTED

Dale W. Andrews (Academic Vice President) has noted that guidelines relative to Poly Royal which have been in effect for a number of years will apply this year. They provide that "Classes scheduled during the Poly Royal period (from 12 noon, Thursday, April 26, through Saturday, April 28) may be deferred. Although classes will not be held, all students and staff are expected to participate fully in preparation of and participation in the Poly Royal exhibits and events. These days are not considered academic holidays."

PUBLICATION OF CONFERENCE PROCEEDINGS ANNOUNCED

Publication of the proceedings of the 1972 Conference on Federal and Private Foundation Programs in Support of Higher Education has been announced by the Office of the Chancellor of The California State University and Colleges. Expected to be available soon, the 180-page volume may be purchased by writing to "Documents Division, Room 705, Office of the Chancellor, The California State University and Colleges, 5670 Wilshire Blvd., Los Angeles, 90036." Checks or money orders covering the $6 per copy cost, plus five percent sales tax for California residents, must accompany requests.

NOON CONCERT SCHEDULED ON THURSDAY

The Percussion Ensemble of University of the Pacific will be presented in concert starting at 12 noon on Thursday (April 26) in the Cal Poly Theatre. Rodney Loeffler of the UOP faculty will conduct the group, which will present an instructional clinic for percussion students at 11 a.m. on Thursday. Admission for the concert, which is being sponsored by the Cal Poly Music Department, will be free.
VACANT SUPPORT STAFF POSITIONS LISTED

Vacant support staff positions have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm-110, 546-2236. Contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action Employer. The positions are:

**Departmental Secretary I-B ($548-$666)**, Child Development Department, School of Human Development and Education. Duties and responsibilities include advising of students and prospective students, responsible for nursery schools waiting list, dictation and typing for department head and entire faculty, receptionist, keep accurate account of department budget and also nursery school budgets, and orders supplies. Applicants must have passed the General Clerical Test, be high school graduates with two years of office experience, be able to take dictation at 90 wpm and be able to type 45 wpm.

**Clerical Assistant II-A ($484-$589)**, Library, Academic Affairs Division. Duties and responsibilities include assisting with computerized and manual circulation activities; assist with overdue and fines procedures, and perform other duties as assigned. Applicants must have passed the General Clerical Test, be high school graduates with one year of office experience. Must be able to type 45 wpm.

**Electrician I ($915-$1007)**, Plant Operations, Business Affairs Division. Duties and responsibilities include installation of all electrical lines; assembles, repairs and installs electric lights, motors, heaters, generators, transformers, switchboards; maintains a shop and works with other tradesmen, and leads and directs unskilled student assistants. Applicants should have a thorough knowledge of principles, methods, materials, tools and equipment of trade; a general knowledge of the National Electric Code, Electric Safety Orders and ability to follow written or verbal orders. Completion of a recognized apprenticeship or three years as a Journeyman Electrician on installation and repair work.

**Stock Clerk ($560-$633)**, Temporary Help Position, Property Management Section, Business Affairs Division. Duties and responsibilities include the marking or otherwise affixing identification to equipment, including the use of small power tools; assist in the taking of revolving inventories, including the reconciling to observed items with departmental listings; processing items for transfer and/or survey for junk or as items beyond further utilization; miscellaneous typing required as well as some adding machine or calculator operation. It is understood that the individual as Temporary Help (Stock Clerk) would understudy and train as the ultimate replacement for the present incumbent in September. Applicants must have one year of full-time experience as a stock or shipping clerk, with shop situations involving the use of a wide variety of tools or testing equipment.

VACANT FOUNDATION STAFF POSITIONS

The following vacancy/vacancies are listed on the Foundation staff of the University as announced by J. L. Fryer, Foundation Personnel Officer. Interested persons may call at the Foundation Personnel Office, University Union Building Room 212, 546-4613, to make application. Cal Poly Foundation is an Affirmative Action Employer.

**FOUNDATION FOOD SERVICE**

**GRILLMAN (1) - $2.84 per hour, full-time.** One year of experience as a fry cook in a commercial restaurant required. Primary duties include working of griddle, deep fryers, sandwich making and to assist cook. All employee benefits.

**CAL POLY PROGRAMS FEATURED IN DAIRY MAGAZINES**

Two dairy publications have featured Cal Poly during April. Western Dairy Journal, serving the dairyman of the Western States, reported on the selection of a Cal Poly Holstein cow as an All-American. Western Milk News, serving the dairy manufacturing industry of the Western States, included a two-page feature story on the milk processing plant and its role in the educational program for dairy manufacturing majors at Cal Poly.

**PLEA FOR SWORDS ISSUED BY SPEECH COMMUNICATION DEPARTMENT**

A desperate need exists for two or more dress swords that can be either loaned or donated for use in campus drama productions, according to Robin Lake (Speech Communication). Lake said swords of any type from any period can be used. Anyone having information about swords that may be available is invited to contact either Lake or Murray Smith (also Speech Communication) by telephoning 546-2486.
STUDENTS RECEIVE APPROVAL FOR NEW TRAFFIC ENGINEERS CHAPTER

Formation of a student chapter of the Institute of Traffic Engineers (ITE) at Cal Poly has been announced by Andrew Jones, head, Transportation Engineering. Approval of the student chapter at Cal Poly came from the District 6 ITE board. With the approval, the board gave the new campus chapter a $50 grant for support.

Dr. Jones explained that establishment of the student ITE chapter at Cal Poly allows students in the three-year old department to be exposed to the professional world and current news in the transportation industry. Pat Flynn, a senior transportation engineering major from Corona del Mar, is the president of the new chapter.

FACULTY, STAFF TENNIS TOURNAMENT BEING PLANNED

Faculty and staff members who are tennis players are being reminded to begin loosening up their elbows in preparation for a campus tennis tournament scheduled for May 12-13. Being sponsored by the Cal Poly University Club, it will be played on the courts located near the Men's Gymnasium.

Edward Jorgensen (Men's Physical Education), who is in charge of arrangements for the event, said men's singles, men's doubles, and mixed doubles competition will be held. Each player will be required to bring a can of balls, with the winner of the match taking the can of new balls to the next match and the loser keeping the used balls for practice.

Those interested in playing can sign up for the tournament by contacting Jorgensen MPE-207 (546-2604); Robert Mott (Head of Men's Physical Education), MPE-216, (546-2546); or Richard Heaton (also Men's Physical Education), MPE-104 (546-2754).

ORDERS FOR COMMENCEMENT GOWNS STILL BEING TAKEN

Orders for caps, gowns, and hoods for faculty for use in Commencement activities in June are still being taken now at the El Corral Bookstore. They can either be rented ($8 for bachelor's, $9 for master's, and $10 for doctor's) or be purchased. Purchased sets of caps, gowns, and hoods are available at several price levels ranging from $14.95 up to $87.85, depending upon the material. The deadline for ordering (either rental or purchased) gowns for guaranteed delivery in time for Commencement is next Tuesday (May 1). Delivery cannot be guaranteed for orders placed after that date.

DATE FOR "SPRING FLING" ANNOUNCED

Bob Adams (Chief, Maintenance and Operations) has announced that the University Club Spring Fling will be held on Saturday, May 12, at White Oak Flat, Santa Margarita Lake. A top sirloin barbecue dinner will be served at 1 p.m. Tickets will be priced at $3.25 for University Club members and $4.25 for faculty and staff who are not members of the University Club. Adams, who is chairman for the event, said the club will reimburse drivers for the $1 park entrance fee. Tickets will go on sale soon.

Monday, May 14 will be the end of the seventh week of instruction for the Spring Quarter.
COMING EVENTS

Computer Science and Statistics Seminar -- Tuesday, April 24, 11 a.m., Computer Science Building Room 256. Gary Fuller will discuss "The Use of Time Sharing Programs in Analysis of Variance." Faculty and staff invited.

Pottery III Show -- Continuing through Monday, April 30, all day, Julian A. McPhee University Union. Third annual national ceramic contest and show with entries from amateurs and professionals; sponsored by the Fine Arts Committee of Cal Poly's Associated Students, Inc. Public invited.

Varsity Baseball -- Wednesday, April 25, 12 noon, Poly Field. Cal Poly vs. California State University, Chico, doubleheader. General admission tickets - students with ASI card, free; children, 50 cents; adults, $1.

CAHPER Banquet -- Wednesday, April 25, 7 p.m., Julian A. McPhee University Union, Chumash Auditorium. Awards banquet featuring a talk by Joan Parker, a member of the President's Council on Physical Fitness and Sports on "Fitness -- Facts and Fallacies:" sponsored by the Cal Poly student chapter of the California Association for Health, Physical Education and Recreation. Tickets - $7.50 per person.

Cal Poly Women's Club Books, Music and Art -- April 26, 10 a.m., 2033 Skylark Lane, San Luis Obispo. Musical reading by Mrs. J. R. Greffenius will be held in the home of Mrs. Richard F. Johnson. A potluck luncheon will be served following the program. For reservations call 543-7420; 543-5470, or 543-8949.

Concert -- Thursday, April 26, 12 noon, Cal Poly Theatre. The Percussion Ensemble of the University of the Pacific, Stockton, will present a concert; sponsored by the Music Department. Public invited.

Poly Royal -- Friday and Saturday, April 27-28, all day, campus. Forty-first annual Poly Royal open house festival presented by the Poly Royal Board of Cal Poly's Associated Students, Inc.; see special schedule of events for detailed information about the various activities planned. Public invited.

Rock Concert -- Saturday, April 29, 9 p.m., Men's Gymnasium. Mark-Almond will present a blues-jazz-country program; sponsored by the Concert Committee of Cal Poly's Associated Students, Inc. Tickets - reserved seats, $2.50 and $4; general admission seats, $1.50 and $3.

Cinco de Mayo Observance -- Monday, April 30, 12 noon through Saturday, May 5. The week of speakers, films, cultural experiences, ballet, art displays, and a fashion show and dinner-dance; sponsored by MECHA, an organization of Cal Poly students of Mexican-American descent, and the Ethnic Program Board of the University's Associated Students, Inc.

Varsity Tennis -- Thursday, through Saturday, May 3-5, all day. Tennis courts adjacent to Men's Gymnasium. California Collegiate Athletic Association Round Robin featuring teams from throughout California. Public invited.

Interdisciplinary Symposium -- Thursday, May 3, 11 a.m. Dexter Library Room 128. James Lau will discuss "Behavioral Scientist in Public and Private Organizations:" sponsored by Cal Poly's Political Science Department. Public invited.

(Continued on Page12)
STAGE SEATING PLANNED FOR CAMPUS PRODUCTION

A twist has been added for the production of *Tom Paine* the Spring Quarter dramatic presentation of the Speech Communication Department at Cal Poly. The play will be presented in the Cal Poly Theatre on May 9, 10, 11, and 12 (Wednesday through Saturday). Performances will begin at 8 p.m. each evening and a special afternoon matinee is planned at 4 p.m. on May 12.

The new twist added for *Tom Paine* is the seating of the audience. Instead of filling the nearly 500 seats of the campus theatre, director Robin Lake (Speech Communication) has chosen to place the audience on stage with the performers. Three types of seating will be available on a first-come, first-seated basis -- folding metal chairs, carpeted risers, and bleachers. Those planning to attend are being urged to bring a cushion to the show. Because of the space limitations, only 170 seats will be available for each performance.

Lake pointed out that the play also presents something different for Cal Poly students and actors. It is in the form of a historical flashback, a dramatic visualization and discussion of Tom Paine, his life, his character, his ideals, his writings, his reputation (a role in the play), and his effect on the course of the United States history. Written by Paul Foster, *Tom Paine* was first performed in 1967 by La Mama Troupe of New York.

Advance tickets for the Cal Poly performances will go on public sale Monday (April 30) at the Information Desk of the Julian A. McPhee University Union. General admission tickets are $2 for adults and $1 for students.

CAHPER BANQUET WILL FEATURE TALK BY PRESIDENT'S COUNCIL MEMBER

Joan Parker, a member of the President's Council on Physical Fitness and Sports, will be the guest speaker for the Spring Awards Banquet of the Cal Poly student chapter of the California Association for Health, Physical Education, and Recreation (CAHPER). Planned for Wednesday (April 25), the banquet will be held at 7 p.m. in Chumash Auditorium of the Julian A. McPhee University Union. The public is invited to attend.

Tickets for the CAHPER banquet may be purchased at the Men's Physical Education Office, Room 215 of the Men's Gymnasium, and from CAHPER officers. Cost for the evening meal and ceremonies is $7.50 per person.

COMING EVENTS .. (Continued from Page 11 )

This office has a copy of the 1973-74 Directory of Leadership Development Projects for Secondary School Teachers and Supervisors of Science, Mathematics, and Social Science. These projects are not to be confused with summer institutes or workshops for secondary school teachers; the Leadership Development Projects are for the academic year and often include a summer program as well. The directory may be examined in this office. These projects are sponsored by the National Science Foundation.

The Organization of American States has two kinds of fellowships: advanced study (such as postgraduate work), and research. Fellowships are made for 3-36 months, and are open to citizens or permanent residents of any nation in the western hemisphere except Canada and Cuba. Fellowships are to be held in any country except the one of citizenship or permanent residence, which means that applicants must have a working knowledge of the language of the country. Application forms may be obtained from this office or from:

Office of Fellowship and Training  
Secretariat for Technical Cooperation  
Organization of American States  
Washington, D.C. 20006

Applications must be submitted before June 30 for fellowships beginning between January 1 and August 31 of the following year (most Latin American universities begin the academic year early in the calendar year).

The National Science Foundation announces a new program; the deadline for receipt of proposals by NSF is May 17, 1973. The program is called "Exploration Technology Assessments in Selected Areas" and is part of Research Applied to National Needs (RANN). The new program is concerned with the effects on society when a new technology is introduced, extended, or modified. The technologies eligible for consideration at this time are:

1) Impacts of advanced data processing and telecommunications on criminal justice systems
2) Alternative strategies and methods for conserving energy
3) Electronic banking
4) Biological substitutes for chemical pesticides
5) Integrated hog farming (Industrialized production methods)
6) Conversion from the English to the metric system in the U.S.A.
7) Alternative work schedules

The detailed announcement may be examined in this office

The National Endowment for the Humanities has expanded its grant opportunities through the Division of Education. The program "is designed to support well-defined programs in the humanities that are basic in their content and broad in their perspective." Proposals (which include released time) are expected "to undertake the task of redefining and reorganizing humanities instruction..." The NEH also supports Institutional Development Grants, Project Grants, and Planning Grants. For further details, you may write:

Division of Educational Programs  
National Endowment for the Humanities  
Washington, D.C. 20506
