INCREASED FEES SLATED FOR WINTER QUARTER

The increased Materials and Service Fee and new Facilities Fee announced recently by Trustees of the California State Colleges will become effective for Cal Poly students with start of the Winter Quarter, 1969-70, according to Donald S. Nelson (director of business affairs). The total combined Registration Fee for the Winter Quarter for Cal Poly students will be $46.50 for regular students and $24.50 for limited students.

Planned to provide for partial financing of costs for student personnel services such as counseling, testing, placement, and health care at the state colleges, the Materials and Service Fee increase will be $2 per quarter for regular students and $1 per quarter for limited students. Regular and limited Cal Poly students who paid $34 and $17, respectively, during the Fall Quarter for materials and services, will pay $36 and $18 during the Winter Quarter.

The new Facilities Fee will provide funds for needed health center facilities at campuses throughout the California State Colleges system, according to Nelson. It will be 50 cents per quarter for all students during the Winter Quarter.

The business affairs director pointed out that in the near future Cal Poly is scheduled to benefit from both fees. Preliminary planning for enlargement of the present Health Center is expected to begin soon. In addition to the Materials and Service Fee and the Facilities Fee, an Associated Students, Inc., membership fee of $5 for regular and $3.50 for limited students and a College Union Fee of $5 and $2.50, respectively, are included in the combined Registration Fee which students will pay for the Winter Quarter.

TRUSTEES APPROVE LARGER APPLICATION CHARGE

Students seeking to enroll at Cal Poly after Feb. 2, 1970, will have to pay an application fee of $20, according to F. Jerald Holley (director of admissions, records, and evaluations). An increase of $10 over the present fee was approved by Trustees of the California State Colleges at their Nov. 25 meeting. The new fee becomes effective Feb. 3 at all 19 state colleges.

Holley said that all applicants for admission to Cal Poly for the Fall Quarter, 1970-71, and succeeding quarters, will be required to pay the $20 application fee if their applications are submitted after Feb. 2. He pointed out that Fall Quarter applications filed on or before Feb. 2, 1970, will be received with the $10 fee.

Not included in the quarters covered by the increased fee, according to Holley, are applications for admission to Cal Poly's forthcoming Spring 1970 and Summer 1970 Quarters. They will also be received with the $10 fee.
STUDENT AFFAIRS INTERNS COMPLETE FIRST YEAR

Two graduate students in the Education Department have completed the first twelve months of coordinated internship-graduate studies in college student affairs. Joined this fall by eleven new candidates, Gerry Reynolds and Thomas Waters began last Winter Quarter as the "pilot" students in a new program combining one-half time work experience in the Student Affairs Division with graduate study in the Education Department, and leading to the MA degree in education.

Emphasis in the new program is on preparation of higher education professionals whose future responsibilities will be concerned with the total development of the college student. Graduates of the program are expected to find ready employment on junior college, college, and university student affairs staffs in such areas as activities, counseling, and housing.

Everett M. Chandler (Dean of Students) and Walter P. Schroeder (Head, Education Department) direct the education program for which Cal Poly has unique resources in faculty, staff, facilities, and concepts of higher education. Recruitment of ten to twelve new candidates who will begin their internships and program studies during the Fall Quarter, 1970-71, is expected to begin shortly after the first of the year, according to Dean Chandler. Harry Scales (Education Department) is coordinator of the program and academic adviser for students.

DISCIPLINARY ACTION PROCEDURES AWAIT LEGAL REVIEW

Copies of the Disciplinary Action Procedures for Academic Personnel recently developed and adopted by the Academic Senate of the college have been forwarded to the Office of the Chancellor of the California State Colleges and are presently awaiting legal review by the general counsel of the college system. Following the required six-week waiting period for legal review, the new procedures will be promulgated as an administrative bulletin by President Robert E. Kennedy and will be made available to faculty through the college Personnel Office.

CHRISTMAS LUNCHEON SLATED BY WOMEN EMPLOYEES

Thursday (Dec. 11) is the date selected by women employees of Cal Poly for their 1969 Christmas Luncheon. The event, which will take place in the Staff Dining Room, will include an appearance by Santa Claus, an exchange of gifts (50 cents value), and singing of Christmas songs. All women employed by the college and college auxiliary organizations are invited to bring their lunches or go through the serving line and participate in the festivities. Dessert will be provided.

FINAL SERVICES FOR BRUCE MILLER HELD IN SAN LUIS OBISPO

Private funeral services for Bruce Miller, a member of the Cal Poly English Department faculty during 1968-69, were held in San Luis Obispo last week. Miller, who passed away Dec. 1 following a brief illness, was the son of Douglass W. Miller, an emeritus member of the college faculty and still a part-time consultant on publications for the college. He was 48 at the time of his death.
SURVEY OF MARRIED STUDENTS BEING CONDUCTED BY COLLEGE

A survey of married students is being conducted by Cal Poly to determine whether a housing project for married students would be feasible. In a letter to married students President Robert E. Kennedy indicated that the college's only chance of having new housing by next September "will be through entering into a contract with private developers to construct apartment units on college-owned property."

Dr. Kennedy's letter stated, "This has not been accomplished at any of the state college campuses but we have reason to believe it can be done here at Cal Poly, San Luis Obispo. The project is dependent upon some basic data being furnished by the college to establish the need for housing."

President Kennedy declared that no commitments had been made regarding the type of facility or features it might contain, but indicated that survey results will be presented to interested developers. "We are interested in an attractive, functional, reasonable project," he stated, "that will last for a satisfactory length of time without undue maintenance costs."

There are approximately 1,200 married students included among the 11,350 presently attending Cal Poly. Some 2,437 single students live in campus residence halls. A similar survey is being conducted among faculty members.

1970 SUMMER QUARTER WILL BEGIN JUNE 15

Current information indicates that there will be a continuation of year-round operations through the 1970 Summer Quarter. In addition to increased emphasis on the self-support summer session, the college is planning to offer a regular Summer Quarter program beginning with registration on June 15 and continuing through Aug. 28, according to George C. Beatte (Associate Dean, Special Programs), who is coordinating the Summer Quarter program. Budget requests include additional faculty positions to provide for an increase in excess of 15 percent over the 1969 Summer Quarter, during which 2,570 students enrolled. Recent newspaper reports regarding discontinuing year-round operations refer to the 1971 Summer Quarter, not to 1970. Additional information will be forthcoming early in the Winter Quarter.

STATE COLLEGES GET NEW VICE CHANCELLOR FOR BUSINESS AFFAIRS

Appointment of D. Dale Hanner as vice chancellor, business affairs, for the California State Colleges was announced last week by Chancellor Glenn S. Dumke. Hanner, whose appointment will be effective about Jan. 15, 1970, is chief of the Audits Division of the State Department of Finance and is on temporary assignment as the department's program budget manager.

In his new position, Hanner, 44, will be responsible to the chancellor for the business and financial operations at the policy level of the California State Colleges. He succeeds Harry E. Brakebill, who held the position of vice chancellor, business affairs, from 1965 until his appointment as executive vice chancellor of the college system in June.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Dec. 26, in the Office of Information Services, Adm-210.
Innovation in higher education at Cal Poly has resulted in several courses that will be offered for students at the college for the first time next month. Included are seven Winter Quarter courses to be offered on an experimental basis and others that have been added to the college’s regular offerings for 1969-70. Among the experimental courses available to Cal Poly students for the first time this winter are:

--Design and Analysis of Engineering Experiments (IE 421x), a three-unit course explaining methods for designing experiments and interpretation of test results. To be offered by the Industrial Engineering Department, it will be taught by Paul E. Scheffer.

--Mexican History (HIST 341x), a three-unit course which describes the obtrusion of Spanish institutions upon Mexican civilizations. It is being offered in the History Department and will be taught by Scott J. Maughan.

--Latin American History (HIST 308x), a three-unit course which examines how Spanish and Portuguese institutions have been superimposed upon native American cultures. It is also being offered by the History Department and will be taught by Maughan.

--American Minorities (SOC 316x), a three-unit course describing the problems in assimilation of the Afro-American, Mexican-American, and American Indian. Being offered in the Social Sciences Department, it will be taught by Mrs. Anne C. Fowler.

Experimental courses were authorized by President Robert E. Kennedy earlier this year as a means of providing for innovation in the college curriculum. Changes in courses have traditionally been hampered by the lengthy process of approval and publication before new courses can be included in college catalog listings. Dr. Kennedy's authorization makes experimentation with new course ideas and opportunities possible without cumbersome delays. Under the new procedure, experimental courses may be offered by Cal Poly departments on an interim basis while the longer, formal procedure is progressing.

Two other experimental courses slated during the Winter Quarter are part of a three-course cluster being offered to students as a means of broadening their understanding of the humanities. They are:

--Art and the Humanities (ART 215x), a one-unit course which integrates art within the framework of ideas or chronology of a selected course in the humanities. To be offered in the Art Department, it will be taught by Bernard Dusek.

--Music and the Humanities (MU 215x), a one-unit course providing an integration of music within the framework of ideas or chronology of a selected course in the humanities. Being offered by the college Music Department, it will be taught by Alexander Capurso.

Typical of the courses that have completed the formal approval process and are being offered for the first time this winter is Technology and Man (ENGR 210), a three-unit course designed to relate modern technology to current society for non-engineering students. Archie Higdon (dean of the School of Engineering and Technology) will teach that course.
COMING EVENTS

Final Exams -- Continuing through Thursday, Dec. 11, campus. Fall Quarter final examinations for all students.

Future Farmers of America Banquet -- Tuesday, Dec. 9, 6 p.m., Staff Dining Room. Banquet for area high school Future Farmers of America who are participating in annual cooperative quiz and their teachers and administrators; sponsored by the California Bureau of Agricultural Education. By invitation.

CSEA Meeting -- Tuesday, Dec. 9, 7:30 p.m., Staff Dining Room. Open meeting of the Board of Directors of Cal Poly Chapter 97 of the California State Employees Association for discussion of constitutional amendments voted on at the General Council meetings held in Sacramento during October. Members invited.

Cal Poly Women's Club Handcraft Section (Day) -- Wednesday, Dec. 10, 10 a.m., City Recreation Center, San Luis Obispo. Demonstration of Christmas wrappings by Mrs. Pat Rice during regular meeting of section; those attending are asked to bring empty boxes, non-glossy shelf paper, a paring knife, and a potato or two. Members invited.

End of Fall Quarter -- Thursday, Dec. 11. Official close of the Fall Quarter for students and faculty.

Christmas Luncheon -- Thursday, Dec. 11, 12 noon, Staff Dining Room. Annual Christmas luncheon for women employees of Cal Poly and Cal Poly auxiliary organizations. All women employees invited.

Mid-State Holiday Basketball Tournament -- Thursday, Friday, Saturday, Dec. 11-13, afternoons and evenings, Men's Gymnasium. Tournament featuring eight junior college basketball teams from throughout California; sponsored by Cal Poly Block "P" Society, Cuesta College, and the San Luis Obispo Jaycees. Tickets, tourney package - adults, $3.50; students, $2; individual games - adults, $1.50; students, $1; children, 50 cents.

Cal Poly Women's Club Foreign Students Section -- Thursday, Dec. 11, 6:30 p.m., Methodist Church, San Luis Obispo. Annual Christmas party for Cal Poly foreign students and host families; co-sponsored by Cal Poly's student People-to-People chapter. Members, foreign students, and host families invited.

Christmas Academic Holiday -- Friday, Dec. 12, through Friday, Jan. 2, 12 noon. Official academic holiday for Cal Poly students and faculty.

ROTC Commissioning -- Friday, Dec. 12, 2 p.m., Music, Speech, and Drama Building Room 218. Ceremony conferring second lieutenant commissions in the U.S. Army on 15 students who have completed their study as members of the Reserve Officers Training Corps unit of the Military Science Department. Public invited.

Christmas Dinner-Dance -- Friday, Dec. 12, 7 p.m., Elks Club, San Luis Obispo. Dinner and dancing beginning with social hour at 7 p.m., and dinner at 8, followed by dancing with music by the Jack LaForte Music Makers; sponsored by the Cal Poly Women's Club and Cal Poly Staff Club. Members invited - tickets, $4.50 per person.

Varsity Basketball -- Friday, Dec. 19, 8 p.m., Men's Gymnasium. Cal Poly vs. Sonoma State College. Tickets - general admission, $1.50; students and children, 50 cents.

(Continued on Page 6)
EIGHT OPENINGS ON SUPPORT STAFF OF COLLEGE LISTED BY PERSONNEL OFFICE

Eight vacant positions on the support staff of the college have been listed by Milton Piuma (Staff Personnel Officer). Descriptions of the positions, which are posted on the bulletin board located in the Personnel Office, Adm-111, 546-2236, are:

Clerical Assistant I, Range A (Part-time, 30 hrs. per week), Audio-Visual Department, School of Applied Arts ($2.28 hr.).

Clerical Assistant II, Range B (Half-time, 20 hrs. per week), School of Applied Sciences Office ($234.50).

Clerical Assistant II, Range B, School of Architecture, ($469-$571).

Clerical Assistant II, Range A, Admissions and Records, Student Affairs Division ($435-$530).

Intermediate Account Clerk, Accounting Office, Business Affairs Division ($435-$530).

Athletic Equipment Attendant I, Physical Education Department ($457-$556).

Clerical Assistant II, Range A, Library, School of Applied Sciences ($435-$530).

Clerical Assistant II, Range B (Half-time, temporary), Engineering Pool, School of Engineering and Technology ($234.50).

COMING EVENTS (Continued from Page 5)

Varsity Basketball -- Saturday, Dec. 20, 8 p.m., Men's Gymnasium. Cal Poly vs. University of California at San Diego. Preliminary game, 5:45 p.m., Cal Poly Colts vs. Porterville College. Tickets - general admission, $1.50; students and children, 50 cents.

College Holiday -- Thursday, Dec. 25. Christmas Day holiday for all Cal Poly faculty, staff, and students.

Jr. College Articulation Conference -- Monday, Dec. 29, 9 a.m., Erhart Agriculture Building Room 128. Articulation conference on natural resources management for representatives of 37 area junior colleges; sponsored by the School of Agriculture. By reservation.

College Holiday -- Thursday, Jan. 1. New Year's Day holiday for all Cal Poly faculty, staff, and students.

Winter Quarter Registration -- Friday, Jan 2, 12 noon to 5 p.m., and Saturday, Jan. 3, 8 a.m. to 6 p.m., Men's Gymnasium. Registration for all students attending Cal Poly for the Winter Quarter.

Varsity Basketball -- Saturday, Jan. 3, 8 p.m., Men's Gymnasium. Cal Poly vs. University of Redlands. Tickets - general admission, $1.50; students and children, 50 cents.
ADMINISTRATIVE INTERN SERVING SCHOOL OF ENGINEERING AND TECHNOLOGY

Dalhart Eklund, a member of the faculty of Oregon Technical Institute, is in the midst of a five-month-long assignment as an administrative intern with the School of Engineering and Technology. His campus stay, which is part of the Academic Administration Internship Program of the American Council on Education, began in early November and continues through close of the Winter Quarter.

Archie Higdon (Dean of the School of Engineering and Technology) is serving as mentor for Eklund, who will return to the campus in Klamath Falls for a month and conclude his internship by spending about six weeks in the office of Oregon's chancellor of higher education located in Eugene.

A graduate of both University of North Dakota and Washington State University, from which he received his master's degree in mechanical engineering, Eklund is on the faculty of Oregon Tech's Mechanical Engineering Technology Department. He was president of that institution's Faculty Senate during 1968-69, chairman of its Dean of the Faculty Selection Committee, and a member of its President's Commission on Student Government. Eklund joined the OTI faculty in 1966.

Selection of Cal Poly as the location of Eklund's internship is a reflection of a continuing relationship between the college and Oregon Tech. Winston Purvine, president of OTI, has visited Cal Poly to study its technical programs and practical approach to education on two occasions. Several department heads and key administrators from the institute located in Klamath Falls were on campus as recently as last week to observe long-range planning procedures.

FACULTY, STAFF URGED TO OBSERVE COLLEGE MAIL RULES

Abuse of the college mail system creates unnecessary drains on the college communications budget and may lead to development of a review system, Donald S. Nelson (Director of Business Affairs) has announced. Nelson said postage costs for large mailings need to be watched by all college personnel.

Guidelines for use of college mail services are set forth in the College Administrative Manual, Sec. 532. Nelson pointed out that regulations limit use of college postage and postage meter to official college mail only. College-related organizations (Cal Poly Alumni Association, college foundation, Associated Students, Bureau of Agricultural Education, college-sponsored workshops) are billed quarterly for postage costs.

Persons having responsibility for departmental mail are urged to see that mail is properly charged either against the college budget or a workshop, research project, special program, or related organization which should bear its own costs.

Nelson noted that departmental secretaries in some areas are responsible for the preparation of all mail. In some departments one person has the responsibility of determining that only official mail is submitted for mailing at college expense. He invited suggestions for procedures which would be effective in reducing abuses and which would make a college-wide review of mailings unnecessary.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Dec. 26, in the Office of Information Services, Adm-210.
R. C. Carlston (Welding and Metallurgical Engineering Department) described "Deterioration of Metallic Coatings in Saline Solutions" during a symposium on Environmental Resistant Coatings Research and Technology, which took place last month in Los Angeles. Dr. Carlston's remarks will soon be published by the National Association of Corrosion Engineers.

James R. Emmel (Head of Speech Department) was appointed to membership on a steering committee, which is directing development of the newly formed California Speech Association, during meetings held in late November in San Diego. The meetings of CSA were held in conjunction with meetings of the Western States Speech Association, which Dr. Emmel also attended.

James P. Bacon (Biological Sciences Department) has been notified of completion of all requirements for his Doctor of Philosophy Degree by University of Chicago. Dr. Bacon, who formerly was a researcher and field assistant for the Field Museum of Natural History of Chicago, joined the Cal Poly faculty in 1967.

Walter P. Schroeder (Head of Education Department) and Richard Jones (also Education Department) were in Salinas last Thursday (Dec. 4) to arrange for expanding student teacher operations for the college. Dr. Schroeder attended the meetings of the Policy Commission of the California Association of Secondary School Administrators which took place in San Francisco the following day.

W. R. Phillips and Gregory Loe (both School of Architecture) participated in programs concerning the use of computers in graphics systems late last month. Loe attended a demonstration of an alternate computer graphics system at Colon-Harrison Company in Goleta. Phillips visited computer graphics system activities at University of California at Santa Barbara.

Ethel Hartman, a junior animal husbandry major, can claim the honor of being the nation's best judge of show sheep following competition at the International Livestock Exposition in Chicago, Nov. 29-30. She was the highest individual competitor in the International Intercollegiate Livestock Judging Contest's sheep competition. Miss Hartman was a member of the Cal Poly team, which finished 8th in sheep judging and 18th overall among 42 teams which entered the event.

Cal Poly's student chapter of the American Chemical Society has been commended by the society for its activities during 1968-69. President Robert E. Kennedy received word of the commendation from J. Trygve Jensen, chairman of ACS's Committee on Chemical Education, who called the Cal Poly chapter one of an "elite group of outstanding chapters." Harold J. Watson (Chemistry Department), advisor to the chapter, said that one of the reasons for the commendation was the chemistry tutoring service it conducts.

ASSISTANCE WITH ENROLLMENT OFFERED TO FACULTY, STAFF

Faculty and staff members may obtain assistance with registration for Winter Quarter classes through the Registrar's Office. F. Jerald Holley (Director of Admissions, Records, and Evaluations) recently said staff and faculty who will be enrolling should complete their registration booklets and leave them in the Registrar's Office Adm-219, before Friday (Dec. 12). Any student or member of the faculty or staff who was not enrolled during the Fall Quarter must clear through the Admissions Office, Adm-205, before they can enroll for the Winter Quarter.
TICKETS FOR CHRISTMAS DINNER-DANCE STILL AVAILABLE ON CAMPUS

Tickets for the Cal Poly Women's Club-Cal Poly Staff-Club Dinner-Dance, which will take place Friday (Dec. 12), starting at 7 p.m., at the Elks Club in San Luis Obispo, may still be purchased on campus, according to an announcement from the sponsoring groups. They are priced at $4.50 each and include the price of the steak dinner and dancing.

In addition to being available from neighborhood ticket chairmen located throughout San Luis Obispo and other areas, they may be purchased on campus from J. Barron Wiley (Education Department), George Davies (Admissions Officer), William M. Boyce (Business Administration Department), Richard F. Johnson (Head, Animal Husbandry Department), Herbert Miles (Electrical Engineering Department), James Neelands (Sciences Equipment Technician), and Lt. Col. George Silva (Military Science). Ticket information may also be obtained by calling either Mrs. J. Murray Smith (544-0781) or Mrs. Robert Treacy (543-5543).

The dinner-dance will begin with a no-host social hour at 7 p.m. Dinner, which will be followed by dancing and games for those who do not wish to dance, will be at 8 p.m. Music for both dinner and dancing will be provided by Jack LaForte's Music Makers.

POINSETTIAS AVAILABLE ON CAMPUS

Christmas poinsettias are available again this year at the Ornamental Horticulture Unit's flower shop, according to Ray Houston (Ornamental Horticulture Department). Presently available, according to Houston, are red, white, and pink varieties. Also on hand at this time is an excellent selection of cyclamen and pot mums.

Houston urged that those planning to make purchases do so at their first opportunity while selections are good. The OH Unit, which is located on Campus Way near the Horse Unit, will be open from 1 to 5 p.m., Mondays through Fridays, and all day on Saturdays, through Christmas.

ILLNESS CLAIMS LIFE OF "RIP" HANSEN

Illness last week claimed the life of Robert P. Hansen, a member of the college English Department faculty for the past six years. Known to many on campus as "Rip," Hansen, 53, died Dec. 1 in a San Luis Obispo hospital after the second major operation in a period of a week. He was a highly successful author, having written a number of short stories, television plays, and novels. Best known of Hansen's work was the novel, Rites of Summer, which was nominated for a Pulitzer Prize in 1961.

RECORDS OFFICE WILL REMAIN OPEN TO RECEIVE FALL QUARTER GRADES

The college Records Office, located in Adm-222, will be open from 8 a.m. to 12 noon on Saturday (Dec. 13), for the purpose of receiving Fall Quarter grades from members of the faculty.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Dec. 26, in the Office of Information Services, Adm-210.
DEADLINES FOR GRANTS, FELLOWSHIPS DRAW NEAR

Deadlines for the grant and fellowship programs listed below are drawing near, according to information issued by George H. Cluas (Director of Research and Development). Those wishing information about any of them are invited to contact the Research and Development Office, Adm-307, 546-2630, and refer to the folder number indicated. All deadlines are 1970.

CHRISTMAS HOLIDAY SLATED FOR "CAL POLY REPORT"

Cal Poly Report, which regularly appears each week that classes are in session during the Fall, Winter, and Spring Quarters, will join the faculty of the college in taking a Christmas holiday. Copy for the next issue, which will be published Dec. 30, will be due in the Office of Information Services, Adm-210, by 12 noon, Dec. 26.

SPENCER, COOK NAMED TO HEAD PAPERWORK MANAGEMENT PROGRAM

Arthur Spencer (Supervisor of Payroll Services) has been appointed paperwork management coordinator for the college, according to Donald S. Nelson (Director of Business Affairs). Michael Cook, a former member of the Payroll Services Office staff, will manage the project under Spencer's supervision. Cook, whose office will be in Adm-125, will work in schools and divisions of the college in matters concerning paperwork management. Spencer, a member of the Cal Poly administrative staff since 1968, will continue his responsibilities for supervision of the payroll operation.

PARKING PERMITS ON SALE IN ADMINISTRATION BUILDING

Faculty and staff parking permits for the Winter Quarter are now available and may be purchased for $9 each at the State Cashier Window, Adm-131C. In addition, annual parking permits are available for the Winter and Spring Quarters at $18. Parking enforcement will begin on the first day of classes.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Dec. 26, in the Office of Information Services, Adm-210.
BASKETBALL ACTION WILL HIGHLIGHT HOLIDAY SEASON SPORTS ACTIVITY

Cal Poly's basketball varsity will provide the major action for campus sports fans during the Christmas holiday season. The first of three home games, which will take place between now and start of the Winter Quarter, is slated this (Tuesday, Dec. 9) evening, when the Mustang cagers host Fresno Pacific College in a contest billed for 8 p.m., in the Men's Gymnasium. The Cal Poly Colts will meet FPC's freshman five in a preliminary game slated for 5:45 p.m.

Also on tap for the Neale Stoner-coached Mustang roundballers are a pair of games Dec. 19 and 20, also in Men's Gym. Opponent for the green and gold clad Cal Poly quintet on Dec. 19 will be Sonoma State College's Cossacks. University of California at San Diego's Tritons will provide the opposition the following evening. Both games are scheduled for 8 p.m., and the Dec. 20 contest will be preceded by a 5:45 p.m. clash between Cal Poly's Colts and the Pirates of Porterville College.

The Mustang cage varsity opened its 1969-70 campaign last week with two victories before running into a California State College at Long Beach team that is already being touted as one of the nation's best. They upset University of California at Santa Barbara 95-90 and whalloped California State College at Hayward 97-72 before falling to Cal State Long Beach 79-55.

Other sports action last week saw Coach Vaughan Hitchcock's Mustang wrestling team post its second dual-match victory of the season and finish second to a strong Oregon State University team in the University of Arizona Invitational Tournament. Three Cal Poly grapplers won championships during the meet in Tucson. They were Terry Hall, Rick Arnold, and Jerry Maiofli. The Cal Poly grapplers, who will next be in action at home on Jan. 8, opened the week by besting San Francisco State College 29-3.

NATIVITY SCENE BEING DISPLAYED BY O H DEPARTMENT

A life-size nativity scene is being displayed by the Ornamental Horticulture Department during the Christmas season. The scene includes a large star, figurines, and animals, all life-size. Located at the new OH Unit on Campus Way near the Horse Unit, the scene will be lighted nightly from 6 to 10 p.m. until New Year's Day.

APPLICATIONS FOR GRANTS FROM HOUSING ACT OF 1964 DUE JAN. 5

The Coordinating Council for Higher Education has announced it will accept applications up to Jan. 5, 1970, for grants under Title VIII of the Housing Act of 1964. The CCHE expects to award $300,000 on a 50-50 matching basis for projects to begin July 1, 1970. Projects can involve training of public employees in matters of environmental quality, problems of poverty and minority groups, inter-governmental relations, housing codes, and recruitment of persons from minority backgrounds into public service. Additional information may be obtained by contacting the Office of Research and Development, Adm-307, 546-2630.
