COLLEGE-WIDE ANTI-POLLUTION EFFORT LAUNCHED

A survey of anti-pollution resources of the college occupied the organizational meeting of the college-wide Ad Hoc Committee to Promote Elimination of Environmental Pollution last week. The committee of faculty, staff, and students "will act as a clearing-house for ideas and a catalyst for effective action," President Robert E. Kennedy said in forming the group.

Committee members from each school and division reported on instructional programs and campus activities related to the anti-pollution issue.

Lachlan P. MacDonald (Director of Information Services), chairman of the group, said the committee will present a college-wide view of instructional resources, individual and small group efforts, and make recommendation for action to eliminate what one committee member called "insults" to the environment.

The following list of members of the ad hoc committee is provided so that faculty, staff, or students may communicate with members of the committee. MacDonald said that instances of "insults" to the environment should be reported to the committee. Particularly invited are reports of individual or group actions being taken to end pollution, and suggestions for areas of study and action by the committee. Members of the committee are:

School of Agriculture -- Ruben J. Greffenius (Soil Science Department), Gordon L. Van De Vanter (Crops Department), and William R. Griffin and David J. Silviera, both students.

School of Applied Arts -- Donald Reilly (Printing Technology and Management Department), E. J. Zuchelli (Journalism Department), and Linda Madsen and Robert Leonard, both students.

School of Applied Sciences -- Norman L. Eatough (Chemistry Department), Richard Krejsa (Biological Sciences Department), and Steve Isakson and Terres Williams, both students.

School of Architecture -- Kenneth Haggard and Geoffrey Stanford, both members of the faculty, and Ross J. Andrews and Dan L. Conrad, both students.

School of Engineering and Technology -- Walter Holtz (Head of Environmental Engineering Department), Chester Bishop (Mechanical Engineering Department), and Russell S. Kearney and Daniel H. Matthews, both students.

Student Affairs Division -- Barbara Andre (Student Activities Counselor).

Business Affairs Division -- Arthur J. Young (Chief Engineer).

Cal Poly Foundation -- Gene Brendlin (Foundation Manager).
ELECTRIC CARS WILL BE EXHIBITED AT CAL POLY

Two vehicles using electrical motors for power are among the technical and engineering exhibits that are available for public viewing on campus this week during Engineering Week (Feb. 22-28). Scheduled for display and demonstration through Friday (Feb. 27) will be an electrically powered Lotus sports car and a small bus made available by Westinghouse Electric Corp.

Glenn Takahashi of the student Engineering and Technology Council, said the Lotus will be available for viewing in the courtyard connecting the new Computer Science Building and Engineering West Building. The bus will be used throughout the week to transport those who wish to ride in it between various parts of the campus. Other exhibits for the Engineering Week program are being provided by General Electric Co., Pacific Telephone and Telegraph Co., and Pacific Gas and Electric Co. On display in the foyer of Dexter Library will be an exhibit showing operation of a nuclear boiler reactor from General Electric and a laser communications system provided by Pacific Telephone. The PG and E exhibit on electrical power generation and distribution will be housed in a large truck trailer which will be parked between Dexter Library and Engineering West Building.

Also being planned during the Engineering Week program at Cal Poly, according to Takahashi, an agricultural engineering major from French Camp, are a series of programs to which the public is invited.

In addition to the Engineering Banquet, which took place Monday (Feb. 23) evening, lectures this (Tuesday, Feb. 24) evening in the Cal Poly Theater and Thursday (Feb. 26) evening in the Staff Dining Room, and a discussion by a panel of professional engineers on Wednesday (Feb. 25) evening, also in the campus theater, are planned. All will be related to the theme for the week, "Engineering -- Environmental Design for the '70's," Takahashi said.

Planned as an area-wide activity for the benefit of the entire Central California Coast area, the Cal Poly students' annual Engineering Week observance is sponsored by the Engineering and Technology Council with the cooperation of the Central Coast Chapter of the California Society of Professional Engineers. It traditionally coincides with the National Engineers Week program which is sponsored by the National Society of Professional Engineers.

150 EXPECTED FOR WORKSHOP FOR GROUNDSMEN

More than 150 groundsmen from San Luis Obispo and Santa Barbara Counties will attend a one-day workshop on campus Friday (Feb. 27). Ornamental Horticulture Department faculty members and industry specialists will present new information on turf and grounds care to the men who care for city and county parks, school grounds, and public building landscaping in the two counties.

Winton (Woody) Frey (Ornamental Horticulture Department) will be host for the program sponsored by the department. Thomas E. Eltzroth and E. Wesley Conner (also Ornamental Horticulture Department) will cover the "Uses of Herbicides" and "Trees for Beauty and Usefulness."
CAL POLY EXTENSION ON TRUSTEES' AGENDA

A proposal to establish and maintain an extension program at Cal Poly will be presented to the Board of Trustees of the California State Colleges when it holds its monthly meeting in Los Angeles this week (Feb. 24-25). Gerhard Friedrich, state college dean of academic planning, will recommend adoption of the program to the trustees' Committee on Educational Policy. His recommendation will support development of such programs at California State College, Long Beach; California State College, San Bernardino; and California State College, Bakersfield, in addition to the program at Cal Poly.

Also included on the trustees' agenda is a Chancellor's Office staff recommendation that a proposal to use student body organization funds be disapproved, but that proposals to use such funds for counseling services and transportation services be approved. A discussion of the year-round operation will also be included in a report on the status of the 1970-71 budget. The trustees are also scheduled to act on a recommendation to increase the Materials and Service Fee for part-time students, and to approve development of a new state college site in San Mateo County.

SYMPHONIC BAND CONCERTS THIS WEEK WILL FEATURE SPECIALTY GROUPS

A Dixieland band, percussion ensemble, and brass quintet are among the specialty groups that will perform when the college Symphonic Band presents its fourth annual Winter Concert on Friday (Feb. 27) evening in the Cal Poly Theater. Curtain time for the program, to which the public is invited, will be 8 p.m. Both the 71-piece band and the three specialty groups are directed by William V. Johnson (Music Department).

The Dixieland Band is a six-member group that specializes in New Orleans jazz as played in the first half of this century, while the six-man Percussion Ensemble is a specialty group made up of the entire drum section of the Symphonic Band. A newly formed group made up of five of the top players of the Symphonic Band's brass section, the Brass Quintet is a chamber ensemble which specializes in serious works for the brass quintet.

Tickets for the Friday evening concert are priced at $1.25 for adults and 75 cents for students and children. They may be purchased in advance at Brown's Music Store, Ogden Stationers, and Premier Music Company, all in San Luis Obispo, and at the Temporary College Union Building, as well as from individual members of the band.

A program of excerpts from the evening performance will be presented by the Symphonic Band during a College Hour Concert scheduled for Thursday (Feb. 26) morning starting at 11 o'clock, also in the campus theater. The public, as well as Cal Poly students, faculty, and staff, are invited to attend the morning concert, which will be presented without an admission charge.

RETIREMENT SYSTEM REPRESENTATIVE SLATES CAMPUS VISIT

Louis Larsen, a Public Employees Retirement System representative, will be on campus April 21 and 22. Any employee who will be retiring in the near future and desires an appointment with Larsen should contact the Personnel Office, Adm-111, within the next week.
GROWTH IN AG CAREER OPPORTUNITIES REPORTED BY DEAN GIBSON

Career opportunities are increasing in six fields of agriculture. This is indicated in data being compiled for the state liaison committee on higher education for agriculture and natural resources. J. Cordner Gibson (Dean, School of Agriculture) reported on this on his return from a committee meeting at Pomona on Feb. 13 and 14.

Guy H. McLeod, coordinator for the committee, says a preliminary study of 4,000 interviews with employers and employees reveals this trend. According to Dr. McLeod, job opportunities are on the increase in:

1. Year-round skilled production specialists, particularly in crop farming.
2. Supervisory personnel both on the farm and in the related industries.
3. Sales and service personnel.
4. On and off the farm equipment operators and mechanics
5. Office personnel with management and business preparation.
6. Recreational and environmental personnel for nurseries, turf farms, floristry, parks and highways.

Dean Gibson reports that the study is developing a new definition of agriculture. The definition is that agriculture brings together the resources, knowledge, management skills and other inputs which are organized and used to improve the productivity, profitability, consumer service, enjoyment and recreation, convenience and economy of the nation all directed toward long-term personal satisfaction.

The liaison committee's membership includes representatives of state colleges offering agriculture, the University of California, and the state Department of Education. Dean Gibson is a member of the sub-committee on occupations which serves as an advisory board for the study.

DEADLINES FOR PURCHASES FROM 1969-70 APPROPRIATIONS LISTED BY PURCHASING OFFICE

All requests (Form 5's) for supplies or equipment which are to be charged to current 1969-70 appropriations must reach the college Purchasing Office as follows: (1) Equipment items requiring further justification or for the use of savings March 15; (2) Items which must be processed through the State Office of Procurement on estimate forms April 15; (3) All items which can be purchased for $500 or less on a local order June 1. Additional information or clarification may be obtained by contacting the college Purchasing Office, Adm-117, 546-2231.

RESEARCH OR CREATIVE ACTIVITY LEAVE APPLICATIONS DUE NEXT MONTH

Faculty members interested in applying for Fall Quarter, 1970, Research or Creative Activity Leaves should submit completed application forms to their department heads by March 13, according to a reminder issued by the Research and Development Office. A total of three leaves will be available for the fall term. The policies governing these leaves, the criteria established by the College Research Committee in reviewing the applications, and the forms may be obtained from department heads or from the Research and Development Office, Adm-307, 546-2630.
COMING EVENTS

Engineering Week -- Continuing through Saturday, Feb. 28, various times and locations, see individual calendar entries. Annual "Engineering Week" observance for California Central Coast area; sponsored by Cal Poly's student Engineering and Technology Council with cooperation of Central Coast Chapter of the California Society of Professional Engineers.

Engineering and Technical Exhibits -- Continuing through Friday, Feb. 27, all day, various campus locations. Exhibits, including two electrically powered autos; sponsored by the student Engineering and Technology Council, with cooperation of the Central Coast Chapter of the California Society of Professional Engineers, as part of the area's Engineering Week observance. Public invited.

Lecture on Pollution -- Tuesday, Feb. 24, 7:30 p.m., Cal Poly Theater. Talk on air pollution caused by autos, by Lawrence J. Grunder, a consulting engineer with A. E. Gosselin Engineering Co.; sponsored by the student Engineering and Technology Council, with cooperation of the Central Coast Chapter of the California Society of Professional Engineers, as part of the area's annual Engineering Week observance. Public invited.

Varsity Wrestling -- Tuesday, Feb. 24, 8 p.m., Men's Gymnasium. Cal Poly vs. Stanford University. Tickets - general admission, $1.50; students and children, 50 cents.

Cal Poly Women's Club Choral Section -- Tuesday, Feb. 24, 8 p.m., 954 Mantalban, San Luis Obispo. Regular meeting of section in home of Mrs. Lloyd Dietrich. Members invited.

Cal Poly Women's Club Handcrafts Section (Day) -- Wednesday, Feb. 25, 10 a.m., City Recreation Center, San Luis Obispo. Regular meeting of section featuring a demonstration of paper flower making by Mrs. Larry Talbott; those planning to attend are asked to bring colored wrapping tissue. Members invited.

Ornamental Horticulture Lecture -- Wednesday, Feb. 25, 7:30 p.m., Engineering Auditorium (formerly Air Conditioning Auditorium). Donald Bonebrake of Alpha Beta Acme Markets, Inc., will discuss marketing of flowers and plants. Sponsored by the Ornamental Horticulture Department. Public invited.

Panel on Pollution -- Wednesday, Feb. 25, 7:30 p.m., Cal Poly Theater. Discussion on pollution by panelists Frank Bonamassa, California Air Resources Board; Paul Matthew, manager, Steam Generation Department, Pacific Gas and Electric Co.; David Discher, professor, School of Medicine, University of California at Los Angeles; Sydney R. Frank, meteorologist; and Mark S. Grody, assistant regional manager, General Motors Corp.; scheduled as part of annual Engineering Week program sponsored by the student Engineering Council with cooperation of the Central Coast Chapter of the California Society of Professional Engineers. Public invited.

Cal Poly Women's Club Newcomers Section -- Wednesday, Feb. 25, 8 p.m., 1124 Nipomo, San Luis Obispo. Regular meeting of the section at Hawks Interiors for presentation by Mrs. Pat Hawks. Members invited.

(Continued on Page 6)
COMING EVENTS (Continued from Page 5)

Cal Poly Women's Club Book and Music Section -- Thursday, Feb. 26, 9:45 a.m., 1385 Cazadero St., San Luis Obispo. Report on the Kabuki Theater to be given by Mrs. Eugene Smith during meeting in home of Mrs. Robert E. Kennedy. Members invited.

Cal Poly Women's Club Foreign Students Section -- Thursday, Feb. 26, 10 a.m., 237 Del Mar Court, San Luis Obispo. Regular meeting of section in home of Mrs. Robert Rodin. Members and wives of Cal Poly foreign students invited.

College Hour Concert -- Thursday, Feb. 26, 11 a.m., Cal Poly Theater. Cal Poly Symphonic Band, under direction of William V. Johnson, in program of excerpts from its annual winter concert to be presented Friday (Feb. 27) evening; sponsored by the Music Department. Public invited.

Cal Poly Staff Club Luncheon -- Thursday, Feb. 26, 12 noon, Staff Dining Room. Talk on water quality control legislation by Ken Jones of the state Regional Water Quality Control Board. Faculty and staff invited.

Physics Colloquium -- Thursday, Feb. 26, 11 a.m., Science Building Room E-27. Talk on "Recent Experiments at the University of Illinois Cyclotron Concerning He Interactions with Some lp and 1d Shell Nuclei," by Tony Buffa; sponsored by the Physics Department. Public invited.

Public Speaking Competition -- Thursday, Feb. 26, 8 p.m., Cal Poly Theater. Final round of competition for beginning Cal Poly public speaking speech students; sponsored by the Speech Department. Public invited.

Engineering Lecture -- Thursday, Feb. 26, 7:30 p.m., Staff Dining Room. Discussion of "The Role of Engineering in Environmental Control" by Don M. Keagy of the U.S. Public Health Service; sponsored by the student Engineering and Technology Council, with cooperation of the Central Coast Chapter of the California Society of Professional Engineers, as part of the area's Engineering Week observance. Public invited.

Cal Poly Women's Club Hospital Auxiliary Section -- Thursday, Feb. 26, 7:30 p.m., Cal Poly Health Center. Meeting for members of the Cal Poly Women's Club who are interested in Hospital Auxiliary activities. Members invited.

Groundsmen's Training Session -- Friday, Feb. 27, 8:30 a.m., Engineering Auditorium (formerly Air Conditioning Auditorium). Workshop for groundsmen from San Luis Obispo and Santa Barbara Counties; sponsored by the Ornamental Horticulture Department. By reservation.

Varsity Tennis -- Friday, Feb. 27, 2:30 p.m., courts near Men's Gymnasium. Cal Poly vs. San Francisco State College. Public invited.

Varsity Basketball -- Friday, Feb. 27, 8 p.m., Men's Gymnasium. Cal Poly vs. California State College at Fullerton; preliminary game, 5:45 p.m., Cal Poly Colts vs. CSCF Frosh. Tickets - general admission, $1.50; students and children, 50 cents.

Winter Band Concert -- Friday, Feb. 27, 8 p.m., Theater. Winter concert by Cal Poly Symphonic Band under direction of William V. Johnson; sponsored by the Music Department. Tickets - general admission, $1.25; students and children, 75 cents.

(Continued on Page 7)
FUNERAL SERVICES HELD FOR ROBERT HOOVER

Final services were held Saturday (Feb. 21) morning at the Presbyterian Church in San Luis Obispo for Robert F. Hoover, who died last week in a local hospital following an extended illness. Burial will be today (Tuesday, Feb. 24) in the Oakland area. Dr. Hoover, who retired nearly a year ago after having been a member of the Cal Poly faculty since 1946, was an emeritus member of the faculty.

COMING EVENTS (Continued from Page 6)

Journalism Write-Offs -- Saturday, Feb. 28, all day, Graphic Arts and Science Buildings. Annual competition for high school journalists; sponsored by the Northern Counties Journalism Association and hosted by Journalism Department. Members and contestants invited.

Varsity Basketball -- Saturday, Feb. 28, 8 p.m., Men's Gymnasium. Cal Poly vs. University of California at Irvine in final game of 1969-70 schedule; preliminary game, 5:45 p.m., Cal Poly Colts vs. UC Irvine Frosh. Tickets - general admission, $1.50; students and children, 50 cents.

Varsity Baseball -- Sunday, March 1, 2 p.m., Baseball Diamond. Cal Poly vs. San Francisco State College. Tickets - general admission, $1; students and children, 25 cents.

Chamber Concert -- Sunday, March 1, 3:30 p.m., Old Mission church, San Luis Obispo. Concert by Cal Poly's Chamber Orchestra and Chamber Singers under direction of Clifton E. Swanson and John Russell; sponsored by the Music Department. Public invited.

Cal Poly Women's Club Bridge Section -- Monday, March 2, 8 p.m., Dexter Library Room 129. Regular meeting of section with play for both beginning and experienced players. Members invited.

Cal Poly Women's Club Walking Section -- Tuesday, March 3, 9 a.m., Laurel Lanes parking lot, San Luis Obispo. Regular meeting of section for drive to Rolling Hills for walk in that area. Members invited.

Chamber Orchestra Concert -- Friday, March 6, 8:30 p.m., Cal Poly Theater. Concert by Cal Poly Chamber Orchestra under baton of Clifton E. Swanson; sponsored by Cal Poly's Music Department. Public invited.
Orvin E. Wagner (Physics Department) has been notified by the U.S. Patent Office that he has been granted a patent for a material that can be used as a dielectric in fabricating a thermally sensitive capacitor or can be utilized as a semiconductor in a novel thermistor. The material developed by Dr. Wagner is comprised of a solvated particulate salt disposed in the pores of a matrix.

Homer Hoyt (Education Department) gave the commencement address during ceremonies at the East Facility of the California Men's Colony late last month. Hoyt joined the college faculty in September 1969 after having been a member of the San Joaquin County Schools central staff for several years.

George M. Lewis (Mathematics Department) has received word from University of Southern California that all requirements for his Doctor of Philosophy Degree have been completed. Dr. Lewis joined the Cal Poly faculty in 1967 after having been an instructor at San Fernando Valley State College and teaching and research assistant at USC.

Three home economics students are attending classes under $300 Sears-Roebuck Foundation Home Economics Scholarship Awards for 1969-70. All freshmen, they are Mary Jo Deaver of Plymouth, Shirley DeBacker of Los Osos, and Carolyn Glass of San Jose. The awards go annually to three women students who are planning to major in home economics.

Edward Scott Ebright, a fourth-year architecture student from Carlsbad, is the recipient of a $500 scholarship made possible by the San Diego Chapter of the Women's Architectural League. Ebright's academic record places him in the upper one percent of the 1,400 students enrolled in the School of Architecture, according to George J. Hasslein (Dean of Architecture). He is an active member of the campus student chapter of the American Institute of Architects.

Five Cal Poly students performed well in forensics competition held in two separate parts of California on Feb. 13-14. Upinder Dhinsa finished second in expository speaking and Peter Van DerWerf and Dale Mardiros just missed the final rounds in expository and impromptu speaking, respectively, at the Raisin Center Invitational Tournament in Fresno. Showanda Smeltzer and Joan DiTomasso received Excellence Certificates for their efforts in the Cerritos Oral Interpretation Festival at Norwalk.

LIBRARY TOURS PLANNED BY STAFF SENATE GROUP

Tours of the college Library for members of the college support staff have been scheduled for tomorrow (Wednesday, Feb. 25) and Thursday (Feb. 26) afternoons. They are planned to begin at 2 p.m. and 3 p.m., respectively. Interested members of the staff are invited to meet in the main lobby of the Library. The tours are being sponsored by the Staff Senate's Staff Visitation Committee.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Feb. 27, in the Office of Information Services, Adm-210.
CAL POLY CAGE, WRESTLING TEAMS WILL CLOSE HOME SCHEDULES

A quartet of basketball games and one wrestling match, all scheduled for this week, will close the regular season for Cal Poly's varsity and freshman basketball teams and varsity wrestling team. The basketball teams will be in action both Friday and Saturday (Feb. 27-28) nights against California State College at Fullerton and University of California at Irvine, respectively. Stanford University's Indians will provide the opposition for the Mustang grapplers this (Tuesday, Feb. 24) evening. All five events will take place in the Men's Gymnasium.

Head Coach Vaughan Hitchcock's green and gold clad wrestlers will carry a 19-6 won-lost record in dual-match competition into the Stanford contest. They soundly beat four opponents including Fresno State College (31-2), California State College at Long Beach (40-0), University of California at Los Angeles (24-6), and Cal State Fullerton (42-0) last week. The Mustang wrestlers' next action after this evening's match will come March 28, when they journey to Pomona to defend their California Collegiate Athletic Association championship.

This weekend's action for Coach Neale Stoner's Mustang basketball varsity will be a battle with the percentages. They need to win both contests to finish over .500 for the season after dropping games to San Fernando Valley State College (100-87) and Chapman College (91-80) on the road last week. A win in either or both games would give the 1969-70 team the most victories recorded by a Cal Poly varsity cage club since 1961-62 when the final record was 16-7. The Mustangs own a current record of 12 wins and 12 losses.

The future for Cal Poly basketball looks bright, however. Freshman Coach Ernie Wheeler's Colts chalked up three victories last week to boost their won-lost mark for 1969-70 to 17-4. They defeated Cuesta College (83-72), the SFVSC Frosh (78-76), and Chapman's junior varsity (80-72) last week. The Colts' 17-4 mark assures them of finishing their season ranked as the best Cal Poly freshman cage club in many years.

Other sports events on tap locally this week will find varsity baseball making a second attempt at getting in its first home contest of the 1970 season, after having an earlier game rained out. Coach Augie Garrido's Mustang nine will host San Francisco State College in a single game slated for a 12 noon start, Sunday, (March 1) on the diamond located near Poly Grove. The Mustangs will host Fresno State in a doubleheader billed for a 12 noon start next Tuesday (March 3), also on the campus diamond.

Also scheduled for action at home this week are Coach Ed Jorgensen's tennis varsity and Coach Dick Anderson's varsity swimming team. Details on those events are included in the "Coming Events" listings included on pages 5-7 of this issue of Cal Poly Report.

CAREER DATA AVAILABLE THROUGH NEW LIBRARY SERVICE

Information on more than 70 business and industrial concerns is contained in a new Recordax Microstrip reader service which has been established in the career center of the Reference Services Department of the college Library. The new service is designed to assist senior students in their efforts to learn more about career opportunities.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Feb. 27, in the Office of Information Services, Adm-210.
FIVE POLY ROYAL QUEEN FINALISTS NAMED BY JUDGES, ELECTION SLATED NEXT WEEK

Five finalists in the competition to select "Miss Cal Poly, Queen of Poly Royal" for 1970 were selected by a panel of judges during the annual Poly Royal Queen's Pageant last Wednesday (Feb. 11) evening in the Cal Poly Theater.

Chosen from field of 12 candidates were Anne Barnum, a social sciences major from Fresno; Mary Candiello, an English major from El Segundo; Linda Farrell, a social sciences major from Gridley; Kathy Nesbitt, a child development major from San Juan Capistrano; and Carole Vedder, a home economics major from Sacramento.

Final selection of the queen will come during a campus-wide student election scheduled for next Monday and Tuesday (March 2-3), with the other four finalists designated princesses in the queen's court. Together they will reign over 38th Poly Royal festivities on campus April 24-25.

NEUNER NAMED TO C S C ACADEMIC PLANNING DUTIES

Edward J. Neuner, a professor of economics at San Diego State College, has been named deputy state college dean for instructional resources in the Division of Academic Planning, Office of the Chancellor, California State Colleges. Dr. Neuner will be responsible for all fiscal aspects of academic planning including preparation of budgetary support requests for academic and academic-related programs, review and analysis of academic-related aspects of capital outlay proposals, and system-wide studies of support and development programs.

The new member of the system-wide staff of the state colleges is a graduate of Brooklyn College, University of Wisconsin, and Columbia University, from which he received his doctor's degree. Dr. Neuner has been at San Diego State since 1957. While there he has been director of the Economics Research Center and chairman of the college Academic Senate's Budget Committee. He is a panel member of the American Arbitration Association.

Dr. Neuner replaces William J. Mason, who has resigned from the Office of the Chancellor Staff to become vice president for academic affairs at Stanislaus State College.

STAFF SENATE SCHEDULES SPECIAL SESSION

Discussion of the final report of the Campus Parking Committee will be on the agenda when the Cal Poly Staff Senate meets in special session tomorrow (Wednesday, Feb. 25), starting at 3 p.m., in Room B of the Staff Dining Room. All members of the senate are urged to attend.

SALARY WARRANTS WILL BE AVAILABLE MONDAY

Salary warrants for the February pay period for members of the college faculty and staff will be available on Monday (March 2). They may be picked up in the Business Affairs Division Office, Adm-114, that day. After that date, they will be available at the Cashiers Office, Adm-131C.
