WALNUT (UPI)- President Nixon said today he will not personally welcome the prisoners of war returned to the United States because they are entitled to privacy with their families.

"This a time when we should not grandstand it, we should not exploit it," Nixon said in response to a news conference question whether he planned any ceremonial welcome for the returning POWs.

Nixon also denied reports he had ever refused to believe the American release was legal. He said the release was the American prisoners he insisted were held by the People's Republic of China.

The two lie Cmdr. Robert Flynn and Maj. Philip Smith, returned on the initiative of the President said they are entitled to privacy with their families as soon as possible.

Pentagon officials were still waiting word from Hanoi that the first contingent could be brought out of North Vietnam.

The President was less sanguine about the early release of John Doveney, a CIA agent jailed by the Chinese on espionage charges. He noted that Peking already had reduced Doveney's sentence from 15 to 10 years and because of the nature of the charges, they consider him in a different category than Flynn and Smith.

Nixon pointed out he had dictated the personal message to the two Air Force men during his visit to Peking last summer and said if Beijing ever renewed its promise he believes these flyers will be returned to the initiative of the People's Republic of China.

The Leadership Conference has a new name and new leadership.

The new Human Relations Workshop will be held tomorrow through Sunday at Lake Cachuma.

The Human Relations Committee now puts on the workshop. It consists of about 30 people, all with the experience of at least one workshop and Pهج. $31. The fee is $7.50, which includes room and board, and a memorable experience. Sign-ups are being taken at the Union information desk.

The weekend will begin by dividing into groups, and then doing exercises together that will familiarize the members. This exposure allows for general feedback that will be the basis of the weekend exercises.

This experience gives the individual a chance to find out in an organized manner how they communicate with other people, and increase self-awareness and relationships with others.

Nixon said he had taken a "big step" toward ending the war, which was "not begun while we were here." And he added I am not casting any sort of accusation on these presidents who were in office who can no longer be here to speak for themselves for the causes of the war.

Nixon also heartfully told a news conference he doubted that the Vietnam war critics were genuine. Nixon said he had taken a "big step" toward ending the war, which was "not begun while we were here." And he added I am not casting any sort of accusation on these presidents who were in office who can no longer be here to speak for themselves for the causes of the war.

Draft dodgers must face penalties for violations

WASHINGTON (UPI)- President Nixon yesterday rejected amnesty for draft dodgers and Army deserters, asserting they must pay criminal penalties for violating federal laws if they want to return to the country.

Nixon also heartedly told a news conference he doubted that the Vietnam war critics were genuine. Nixon said he had taken a "big step" toward ending the war, which was "not begun while we were here." And he added I am not casting any sort of accusation on these presidents who were in office who can no longer be here to speak for themselves for the causes of the war.

"I am simply saying this that as far as this administration is concerned, we have done the very best that we can against very great obstacles, and we have achieved a peace with honor." Nixon said that as far as amnesty was concerned, his views "remain exactly the same" as he stated several times last year that he would never grant it. He said there might be a tendency now to say to those few hundred who want to Canada or Mexico or some other country "and chose to desert their country because they had a higher morality, we should not give them amnesty."

But he declared "amnesty means forgiveness" and he added, "We cannot provide forgiveness for them. Those who served paid their price. Those who deserted must pay their price, and the price is a bullet in the Peace Corps or something like that, as some have suggested.

STUDENTS BEWARE

Big fee hike proposed

Sacramento (UPI)- A legislative report Saturday recommended that student fees be increased by as much as $1.70 per cent at California's colleges and universities.

The report said the increase would raise more than $1 billion a year to finance an expanded student aid program designed to enable more low-income students to attend college.

The Academic for Educational Development, Inc. of Palo Alto, a nonprofit planning agency, conducted the education financing study of the request of the joint legislative committee on the higher financing systems that released the report.

The report recommended that student fees be raised to a level equal to the cost of in-state tuition.

The action, the report said, would increase student fees from the current level of about $80 a year to $94.01 at the University of California and from the $117 to $148 range to $147.47 at the University of California and from the $117 to $148 range to $147.47 at the University of California and from the $117 to $148 range to $147.47 at the University of California and from the $117 to $148 range to $147.47 at the University of California.

"Full-cost pricing, if coupled with need-based student aid, can maximize access to higher education," the report said. "This report suggested that the state could operate a direct loan program, underwrite student loans under a guarantee program, or set up a deferred tuition plan which borrowers repay their tuition in proportion to their earnings after leaving college.

The report also said the state's policy of "little or no tuition" at its institutions of higher learning was failing in its purpose "to provide access to public higher education for all who want it." Despite the low student charge policy, the report said, there currently exists a $75 million gap between available aid and the financial needs of students already attending a college or university in California.

"It said tuition or student fees represent only a small portion of the out-of-pocket expenses of college students.

In addition to student fees, it said, costs range up to $2,700 a year for campus residents and $5,200 for students who commute between home and college.

[Ad for goods or services]

I wish to reply to Paul Dirk who condemns persons who have stated that the presence of the United States in Vietnam has been a cause for continuing hostility. I know of no recognized authority that in 1964, the Vietnam war was over. The fact that the United States refused to sign the Geneva accord indicates that it did not think the accord was proper or that the war was indeed over.

Now as to Dirk's comment that America played no part in the "restart-up" of the war. I would like to know who forced the U.S. lead Biafran Military Mission under Colonel Lansdale to wage covert paramilitary actions in North Vietnam in 1964-68. Who forced the U.S. to give "under the table approval" to the overthrow of Ngo Dinh Diem in November 1963? Who forced the U.S. to carpet-bomb civilians after failing to achieve success on both military and diplomatic fronts? Lastly, who in 1973, forces the U.S. to recognize the southern part of Vietnam as a separate and distinct sovereign nation when the war was over. The battle is won; the enemy has retreated, but the war isn't over.

The Board of Trustees of the California Universities and Colleges has postponed the parking fee increases through the next fiscal year. The Trustees have proposed an increase in the parking fee from 99 cents per quarter to $1011 per quarter. This means the price of joining the ISUH others at Cal Poly in the struggle to locate one of the 3,898 parking spaces will cost $1 more dollar per quarter.

Additionally, the majority of the fee increase money will be used to construct costly multi-story parking facilities for those already located campuses. It's about time for the Board of Trustees to attend to the entire problem of transportation and not solely to the inflationary problem of building parking spaces for automobiles. We can continue building parking lots till Doomsday and still not solve the problem of moving people from one place to another.

If we are ever to live in a healthy environment we must devise a means to reduce the use of our worst polluting device—the automobile. Thus a feasible mass transportation system could be more beneficial and efficient than new parking lots.

One would think the Trustees could have gotten the hint from California State Legislature, which made significant amendments to Senate Bill 148. What the legislature foresaw was that the new revenues could be utilized to purchase land to construct any parking facilities, but may be used for the maintenance of existing parking facilities and alternatives methods of transportation of students and employees of the State Universities and Colleges system.

The Los Angeles Civic Center has a transportation system of minibuses in operation and seems to be working fantastically. The Los Angeles Times, Letters to the Editor, Susan Drucker of Encino commented on the system. "Constant running buses coupled with minibuses—a good beginning to a sane system of transportation."

What we need is a beginning and it will take some "sane" people to initiate any actions. It will probably take students—for some people to know nothing.

Parking fee proposal out of sight—not mind

Robin Baggett

The battle is won; the enemy has retreated, but the war isn't over.

The Board of Trustees of the California Universities and Colleges has postponded the parking fee increase proposal through the next fiscal year. What we need is a beginning and it will take some "sane" people to initiate any actions. It will probably take students—for some people to know nothing.
Reporters to be denied POW interviews

CLARK AIR BASE, Philippines (UPI) — An Air Force spokesman said Wednesday newsmen will be barred from interviewing returning prisoners of war because hostile or bitter statements by the freed Americans could endanger POWs left behind in North Vietnam.

Although the POW evacuation task force gathered here was on full alert Wednesday, ready to leave on an hour's notice, there still was no indication when the first prisoners would be released.

"We're thinking of a basic point—not jeopardising the position of returnees who have not come back with the first group," the spokesman said, explaining why the corps of IN newsmen and cameramen gathered here would be prohibited from talking to POWs and the doctors, nurses and others who work with them.

"Obviously you can understand that any offhand remark someone might make that subsequently appeared publicly could jeopardise the others still in North Vietnam. It would be very tragic."

Matmen battle Midwesterners

Mustang matmen are in the midst of a tough Midwest road trip that has seen and will see them tackle top-ranked University Division power Iowa State, Wednesday night, Northern Iowa University tonight and a triangle meet with Mankato State College and South Dakota University on Saturday. No team on the trip will be easy. Coach Vaughan Hitchcock said, "Unless we wrestle our best in each meet, we could lose all four matches. I'm expecting a real battle in every match." Mustang chances are hurt with the loss of Mike Wazum and an Athlete's plan fellowship meet.

Real football star Dan Flotrock will be the featured speaker at the fall meeting of the newly formed Fellowship of Christian Athletes tonight.

The former All-American middle linebacker from the University of Arizona will present a challenge with "Are You Big Enough for God?"

Flotrock now works at Interservice Christian Fellowship as a staff member at Redlands University.

Meeting time has been set for 8:00 p.m. in Union 116.

Intramural mat meet scheduled

An intramural wrestling tournament has been scheduled for Feb. 6 and 7, according to intradivisional director, Richard Hesston.

The tournament is open to all those who are not on an intercollegiate wrestling team. Signup deadline is Feb. 4 in coach Hesston's office, Men's Gym 104.

Dorms and fraternities are urged to enter teams since individual and team trophies will be given to winners. Finals of the tournament will be held before the wrestling match between this university and UC Riverside Feb. 13.

Entry fee will be 30 cents per match and six meetings will be scheduled from 5 to 8 p.m. on the days of the match.

Colts attempt to stretch win streak at Pomona

The Colt baseball team, with a 1-0 record after a doubleheader sweep of Cal State College last Saturday, will travel to Cal Poly Pomona this Friday and Saturday for a tough three-game series.

The Colts, after dropping their first game of the season 7-1 a week ago, battled back to rip the Mustangs by a 3-2 score in the second game.

Athletes plan University Division power Iowa for top-ranked easy. Coach Vaughan Hitchcock

Saturday, will travel to Cal Poly Pomona after a sweep of Cuesta College last week ago, battled back to rip the Mustangs by a 3-2 score in the second game.

Gentler gained his first win of the year in the first game. Freshman Sue Rosner scored her first hit of the year as she came in to relieve in the fourth inning of the second game and tied the score.

After three games coach Dave Schleimer commented, "The team picked up a great concentration on certain situations on Saturday when they worked so well as a unit. Our pitching has been very strong and should be an asset to the team in the near future. Our only weakness has been too many physical errors."

According to Coach Hitchcock, the pitchers that have been impressive are Barns, Bier, Dozier, and Condler. Coach Schleimer also pointed out that the hitters have been making good contact. He named Highstreet, Williamson, and Fowler as those who have been swinging the bat well.

Cal Poly Pomona should provide a stern test for the young Colts, as will Hancock College, later in the year who were state and college JC champions last year.

No cash, change will be given. Meet the young man in front lot of stadium. All meets will be held in Pomona, California.
