NEW ORGANIZATIONAL STRUCTURE ANNOUNCED BY PRESIDENT KENNEDY

A new academic organization for Cal Poly has been revealed by President Robert E. Kennedy. The new structure, which will take effect by the Fall Quarter, 1970, increases the number of academic schools at Cal Poly from five to seven and creates five new academic departments.

President Kennedy said faculty members of the newly established schools and departments will be involved in consultative procedures for the selection of two academic deans and five department heads.

The new structure provides for a new School of Business and Social Sciences and a new School of Communicative Arts and Humanities. New instructional departments to be formed are: Economics, Foreign Language and Linguistics, Philosophy, Transportation Engineering, and Women's Physical Education.

Under the new academic plan of organization Cal Poly's academic schools will be: School of Agriculture and Natural Resources, administered by Dean J. Cordner Gibson; School of Architecture and Environmental Design, Dean George Hasslein; School of Engineering and Technology, Dean Archie Higdon; School of Human Development and Education, Dean Carl Cummins; School of Science and Mathematics, Dean Clyde P. Fisher; and the two new schools with deans to be appointed.

MILITARY BALL PROFITS WILL BENEFIT VIETNAMESE ORPHANAGES

Two orphanages in South Vietnam will soon benefit from the annual Military Ball staged by student members of Cal Poly's chapter of Scabbard and Blade honorary society for military science students. Checks totaling $200 were mailed last week for use in orphanages at Hue and Quang-tri City, according to an announcement issued by Cadet Capt. Martin Hatley and Col. William L. Hastie (head of the Military Science Department).

Col. Hastie said the checks are being transmitted through the wives of two present and former members of the college military science faculty.

Mrs. Malcolm Wallace, wife of Maj. Malcolm Wallace (Military Science Department), forwarded a check for $100 to the KinLong Orphanage, which is operated by the Catholic Church in Hue. Maj. Wallace formerly served in Vietnam as a member of the 101st Airborne Division. The second $100 check has been forwarded to the Trui-Bru Orphanage in Quang-tri City by Mrs. Mark Biedinger whose husband, 1st Lt. Mark Biedinger, is presently assigned to Advisory Team 37 in South Vietnam. He is a former member of the Military Science Department faculty.

(Continued on Page 3)
NEW ORGANIZATIONAL STRUCTURE ANNOUNCED . . . (Continued from Page 1)

Responsibility for all departments and disciplines remains with the deans of existing schools until the appointment of new deans, Dr. Kennedy pointed out.

The reorganization process was begun in March, 1969, and consultation with the Cal Poly faculty was conducted through an ad hoc committee of the Academic Senate, established in April, 1969. A tentative proposal for reorganization, distributed to the total faculty in January, 1970, was given a public hearing conducted by the ad hoc committee.

President Kennedy said the new organizational structure "appears to be acceptable to a very substantial majority of all faculty members" and includes adjustments made to the original proposal as a result of faculty input from all departments.

The new organization, which will be reflected in Cal Poly's 1970-71 catalog, reflects the following alignment of schools, departments, and academic programs:

The School of Agriculture and Natural Resources (MS Agriculture): Agricultural Management Department (BS Agricultural Business Management and BS Farm Management); Agricultural Education Department; Agricultural Engineering Department (BS Agricultural Engineering and BS Mechanized Agriculture); Animal Science Department (BS Animal Science); Crops Science Department (BS Crops Science and BS Fruit Science); Dairy Science Department (BS Dairy); Food Processing Department (BS Food Processing); Ornamental Horticulture Department (BS Ornamental Horticulture); Poultry Industry Department (BS Poultry Industry); Soil Science Department (BS Natural Resources Management and BS Soil Science); and Veterinary Science Department.

The School of Architecture and Environmental Design: (B. Architecture, BS Architectural Engineering, and BS City and Regional Planning).

The School of Business and Social Sciences: Business Administration Department (BS Business Administration and MBA Business Administration); Economics Department (BS Economics in 1971); Social Sciences Department (BS Social Sciences).

The School of Communicative Arts and Humanities: Art Department; English Department (BA English and MA English); Foreign Language and Linguistics Department; Graphic Communications Department (BS Printing Technology and Management); History Department (BA History); Journalism Department (BS Journalism); Music Department; Philosophy Department; and Speech Department (BA Speech).

The School of Engineering and Technology (M. of Engineering): Aeronautical Engineering Department (BS Aeronautical Engineering); Electrical Engineering Department (BS Electrical Engineering); Electronic Engineering Department (BS Electronic Engineering); Engineering Technology Department (BS Engineering Technology); Environmental Engineering Department (BS Environmental Engineering); Industrial Engineering Department (BS Industrial Engineering); Industrial Technology Department (BS Industrial Technology); Mechanical Engineering Department (BS Mechanical Engineering); Transportation Engineering Department (BS Transportation Engineering); and Welding and Metallurgical Engineering Department (BS Metallurgical Engineering).

The School of Human Development and Education: Child Development Department (BS Child Development); Education Department (MA Education); Home Economics Department (BS Home Economics and MS Home Economics); Men's Physical Education Department (BS Physical Education); Women's Physical Education Department (BS Physical Education); and Psychology Department (BS Behavioral Sciences - Interdisciplinary in 1973).

(Continued on Page 3)
APRIL "CAL POLY TODAY" HAS ENVIRONMENT CONCERN THEME

Concern for our environment is the theme of the April issue of Cal Poly Today just published by Cal Poly for alumni and friends of the college. A feature article, "The Militant Biologists," tells of the activities of Cal Poly faculty members and students in biological sciences who are dedicated to opposing pollution and advancing conservation.

Other articles include "Time is Still on Our Side," containing the views of Donald M. Keagy, director of the Western Region, United States Public Health Service, and "Fifteen Lessons to Learn" by Harry A. Anthony, a professor at the Columbia University School of Architecture.

"LUNCHEON AT TIFFANY'S" WILL FEATURE INSTALLATION, AWARDS

Installation of its officers for 1970-71 and recognition of the outstanding woman in each Cal Poly class will be program features when the Cal Poly Women's Club holds its traditional May luncheon. Theme for the event, which will take place May 9, beginning at 1 p.m., at the San Luis Obispo Country Club, will be "Luncheon at Tiffany's."

Tickets for the luncheon are priced at $2.75 each. They may be obtained from either Mrs. William Stansfield (543-7901) or Mrs. Neale Stoner (544-4523). The chairman of the women's club's various special interest sections also have tickets and will be selling them.

NEW ORGANIZATIONAL STRUCTURE ANNOUNCED . . . (Continued from Page 2)

The School of Science and Mathematics: Biological Sciences Department (BS Biological Sciences and MS Biological Sciences); Chemistry Department (BS Biochemistry, BS Chemistry, and MS Chemistry in 1971); Computer Science and Statistics Department (BS Computer Science and BS Statistics in 1971); Mathematics Department (BS Mathematics, MS Applied Mathematics, and MA Mathematics); Military Science Department; and Physics Department (BS Physics).

The Library and the Audio-Visual Services and Production Department will be placed under the administration of the academic vice president.

MILITARY BALL PROFITS WILL BENEFIT VIETNAMESE . . . (Continued from Page 1)

In both cases, the checks are being transmitted through sponsoring U.S. Army units currently on duty in the Southeast Asian nation. Sponsor of the orphanage at Quang-tri City is the 1st Battalion of the 77th Armored Division. Maj. Douglas Smith, also a former member of the Military Science Department faculty, is that battalion's executive officer. The children's home at Hue is sponsored by Company A, 1st Battalion, 327th Infantry of the 101st Airborne.

Cadet Capt. Hatley, president of the Cal Poly Scabbard and Blade chapter and a member of the campus U.S. Army Reserve Officers Training Corps unit, said the two checks represented profit from the annual military ball, which took place the evening of Feb. 13 at the Madonna Inn located in San Luis Obispo.
SMALLER ENSEMBLES EXPECTED TO ADD VARIETY TO HOME CONCERT PROGRAM

Three smaller vocal groups that have become big favorites with music audiences in the Central Coast area will provide most of the musical variety for the 29th Home Concert April 17. The Collegiate Quartet, Women's Sextet, and Majors and Minors are all scheduled to join Cal Poly's Collegians stage and dance band, Men's Glee Club, and Women's Glee Club for the program, which is being planned for 8 p.m., in the Men's Gymnasium.

Membership for the three smaller vocal ensembles is drawn from the two glee clubs. All five of the vocal groups, as well as the Collegians, are conducted by Harold P. Davidson (Head of the Music Department).

Both the quartet and sextet specialize in popular and folk music and the Majors and Minors, all 12 of them members of the Men's Glee Club, are known for their renditions of traditional barbershop numbers. Typical of the numbers scheduled by the three smaller ensembles for the April 17 concert are Turn Around, Can't Take My Eyes Off of You, and Scarborough Fair by the quartet; Sidewalks of New York, Ida - Sweet as Apple Cider, and The Old Songs by the Majors and Minors; and Fool on a Hill, Promises, Promises, and Lisa Lee by the sextet.

Tickets for the traditional spring highlight of the campus music season are priced at $1.25 each for adults and 75 cents each for students and children. They are being sold at several locations in San Luis Obispo; at the Temporary College Union on campus; and by members of the performing groups.

U S O E ASKS PROPOSALS FOR "TARGETED RESEARCH" TO AID READING PROGRAM

The U. S. Office of Education is asking for proposals for the first phase of a new research effort called the "Targeted Research and Development Program on Reading" as part of Education Commissioner James E. Allen, Jr.'s "right to read" project. Objective of the program, USOE said, is to teach every child in a large national sample to read well enough to pass a test of reading competence by age 10.

Projects in the first stage will include a search of the scientific literature to pinpoint promising lines of investigation, studies to determine the extent of the reading problem and to identify the major approaches to reading instruction, and development of a test to measure progress toward the goal.

Eligible bidders may include colleges, universities, non-profit organizations, or profitmaking firms. The deadline for receiving proposals is May 11, 1970. Copies of the request-for-proposal kit can be obtained by writing: Tess Diorio, Contracts and Grants Division, Planning, Research, and Evaluation Branch, Room 3040, 400 Maryland Ave., S.W., Washington, D.C. - 20202.

In requesting the kit, respondents should include information on: the professional qualifications and experience of the person who will direct the program, professional qualifications and experience of all persons who would be available for the research, resume of pertinent projects completed or being conducted, and other material setting forth the respondents' qualifications.

Announcement of the winners will be made in June, 1970; and the projects are to begin before the end of that month.
COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Cal Poly Women's Club Sewing Section -- Tuesday, April 7, 2 p.m., 208 Hathaway St., San Luis Obispo. Regular meeting of section in home of Mrs. Bert Fellows. Members invited.

College Hour Concert -- Thursday, April 9, 11 a.m., Cal Poly Theater. Concert by Cal Poly's Men's Glee Club and Collegians stage and dance band; sponsored by Cal Poly's Music Department. Public invited.

Physics Colloquium -- Thursday, April 9, 11 a.m., Science Building Room E-26. Talk on "Nuclear Structure Studies from Neutron Capture Gamma-Rays" by David Hafemeister; sponsored by the Physics Department. Faculty, staff, and students invited.

Education Symposium -- Thursday, April 9, 11 a.m., Business Administration and Education Building Room 215. Discussion on "Environmental Influences on Reading" by Jack B. Jones; sponsored by the Education Department. Faculty, staff, and students invited.

Cal Poly Staff Club Luncheon -- Thursday, April 9, 12 noon, Staff Dining Room. Talk on development of the Port San Luis Obispo harbor by Harbor Commissioner Gerald Parsons. Faculty, staff invited.

Mathematics Colloquium -- Thursday, April 9, 4 p.m., Mathematics and Home Economics Building Room 148. Lecture by Daniel Stubbs on "The Maximum Principle"; sponsored by the Cal Poly Mathematics Department. Public invited.

Architecture Speaker -- Thursday, April 9, 8 p.m., Engineering Auditorium (formerly Air Conditioning Auditorium). Architect Edward H. Fickett is expected to speak on land use and planning studies; sponsored by the School of Architecture and student chapter of the American Institute of Architects. Public invited.

Varsity Golf -- Friday, April 10, 1 p.m., San Luis Obispo Country Club. Cal Poly vs. California State College at Fullerton. Public invited.

Education Coordination Meeting -- Saturday, April 11, all day, Staff Dining Room. Meeting of California Community College Food Service Association; hosted by Cal Poly. By invitation.

Manuscript Display -- Sunday, April 12, through Saturday, April 18, during library hours, Dexter Library foyer. Exhibit of manuscripts by California poet Robinson Jeffers; sponsored by College Program Board Fine Arts Committee of the Associated Students, Inc. Public invited.

Special Metallurgy Seminars -- Monday, April 13, 1 p.m. and 3 p.m., Environmental Engineering Building Room 107H. Talks on the activities of the Centre Belge D'Edude de la Corrosion in Brussels, Belgium, by Antoine Pourbaix, who is director of the center's Technical Works Department; sponsored by the Welding and Metallurgical Engineering Department. Faculty and staff invited.

Cal Poly Women's Club Walking Section -- Tuesday, April 14, 9 a.m., Williams Brothers Market parking lot, Higuera and High Streets, San Luis Obispo. Regular meeting of section for a caravan to Sunset Palisades. Members invited.

(Continued on Page 6)
COMING EVENTS ... (Continued from Page 5)

Speakers Forum -- Tuesday, April 14, 11 a.m., English Building Quad. Presentation on California poet Robinson Jeffers, by poet and former Dominican monk Brother Antoninus; sponsored by the College Program Board Speakers Forum Committee of the Associated Students, Inc. Public invited.

Books at High Noon Luncheon -- Tuesday, April 14, 12 noon, Staff Dining Room. Review of Milton Mayer's On Liberty: Man v. the State by Harry Woolpert. Public invited.

Cal Poly Women's Club General Meeting -- Tuesday, April 14, 8 p.m., Dexter Library Room 129. General meeting for election of officers for 1970-71 and program on mental health. Members invited.

Cal Poly Women's Club Handcraft Section -- Wednesday, April 15, 10 a.m., City Recreation Center, Santa Rosa and Mill Sts., San Luis Obispo. Regular meeting of section with presentation on cake decorating by Mrs. James Rice. Members invited.

Cal Poly Women's Club Home and Garden Section -- Wednesday, April 15, 1:30 p.m., Madonna Inn, San Luis Obispo. Regular meeting of section for tour of Madonna Inn's newest rooms. Members invited.

Mathematics Colloquium -- Thursday, April 16, 11 a.m., Mathematics and Home Economics Building Room 222. Presentation by Bernard Banks on "The Definition of a Category;" sponsored by the Mathematics Department. Public invited.

Sigma Xi Meeting -- Thursday, April 16, 7:30 p.m., Science Building Room E-27. Discussion of "Ecology of the Pacific Island Rainforests" by Grady Webster of University of California at Davis during meeting of the Cal Poly Sigma Xi Club. Public invited.

Architecture Speaker -- Thursday, April 16, 8 p.m., Engineering Auditorium (formerly Air Conditioning Auditorium). Lecture by Richard Lee Dorman, a prominent Los Angeles architect; sponsored by the Cal Poly School of Architecture and student chapter of the American Institute of Architects. Public invited.

Speakers Forum -- Thursday, April 16, 8 p.m., Staff Dining Room. Reading of original poetry by Brother Antoninus, a former Dominican monk; sponsored by the College Program Board Speakers Forum Committee of the Associated Students. Public invited.

Varsity Baseball -- Friday, April 17, 2:30 p.m., Baseball Diamond. Cal Poly vs. San Fernando Valley State College. Public invited.

Varsity Tennis -- Friday, April 17, 2:30 p.m., Tennis Courts near Men's Gymnasium. Cal Poly vs. San Fernando Valley State College. Public invited.

California Mathematics Council Conference and Workshop -- Friday, April 17, 6:30 p.m., and Saturday, April 18, 8 a.m. to 5 p.m., various campus locations. Laboratory workshops and other programs for California elementary, secondary, and junior college mathematics teachers; sponsored by the California Mathematics Council, and hosted by the Mathematics Department. By registration -- members invited.

Home Concert -- Friday, April 17, 8 p.m., Men's Gymnasium. Traditional Home Concert featuring the Men's Glee Club, Collegians stage and dance band, and Women's Glee Club; sponsored by Cal Poly's Music Department. Tickets - adults, $1.25; students and children, 75 cents.
OUELLETTE APPOINTED TO C S C DEAN'S POST

Vernon A. Ouellette has been appointed Dean of Student Affairs for the California State Colleges by Chancellor Glenn S. Dumke. Dr. Ouellette has been acting dean of student affairs at Stanislaus State College. His appointment to the statewide position is effective April 15.

"Dr. Ouellette's varied assignments will include development of a common admissions program for our 19 state colleges which, when fully implemented, will greatly increase our ability to aid students in their higher education goals," Chancellor Dumke said.

Dr. Ouellette succeeds Alvin Marks. Dr. Marks has accepted a position with General Research Corp. of Santa Monica.

Born in June, 1917, Dr. Ouellette has been an administrator at Stanislaus since 1968. He received his Bachelor of Arts Degree in education from San Francisco State College in 1940, his Master of Business Administration Degree from Stanford University in 1947, and his Doctor of Education Degree from Stanford in 1951.

LOAN FUND WILL HONOR MEMORY OF WILLIAM KIRKPATRICK

A student loan fund has been established in memory of a former Cal Poly faculty member who was active in the Agency for International Development programs of the college. The William Kirkpatrick Memorial Loan Fund will be used to make short-term loans available to deserving students enrolled at Cal Poly under AID programs.

Kirkpatrick, 47, taught at Cal Poly from 1949 to 1951 and 1953 to 1969. He was a member of the agricultural engineering faculty. He died last December following an illness caused by cancer.

Contributions to the fund may be addressed to Mrs. Mary Eyler (Financial Aid Counselor), Adm-213.

REPORT ASKS RESEARCH ON RURAL PROBLEMS

More research should be directed toward the vital areas of inquiry where answers are needed to speed up rural development, according to a report on the effectiveness of present rural assistance programs released by President Richard M. Nixon's Task Force on Rural Development.

Among the many recommendations made, the task force asked that rural development research needs be met by a redirection of authorizations and funds allotted to low priority federal programs, and that the National Science Foundation award research grants to institutions showing greatest promise of developing multidisciplinary rural community development as well as human resource development research programs.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Apr. 10, in the Office of Information Services, Adm-210.
MUSTANG ATHLETES SLATE ROAD ACTION THIS WEEK

A pair of golf matches that will find Coach Bill Hicks' Mustang linksmen hosting teams from California State College at Fullerton and Vandenberg Air Force Base are the only home events on the campus sports calendar this week. Led by the varsity baseball and track and field teams, which will be in Southern California for weekend competition, all other Cal Poly athletic teams will be on the road this week.

Last week's action produced mixed results for Mustang teams. The brightest spot in the whole picture was the performance of Coach Ed Jorgensen's tennis team, which swept five matches in the first championship round robin of the California Collegiate Athletic Association's 1970 season. Victories over University of California at Riverside, Cal State Fullerton, San Fernando Valley State College, and Cal Poly at Pomona, give the Mustang netmen a 15-3 won-lost mark for the season and an inside track in the race for the CCAA crown. They journey to UC Riverside and Cal Poly at Pomona for matches this Friday and Saturday (April 10-11).

Coach Dick Purcell's Cal Poly track and field varsity, a 94-51 winner over San Fernando Valley State last Saturday, journeys to Riverside this Saturday for a quadrangular meet which will find them meeting UC Riverside, Cal Poly at Pomona, and California State College at Los Angeles. The Mustang thinclads won 11 events en route to their rout of the SFVSC trackmen in the meet which took place on the campus oval. Next home action for the Cal Poly team will be April 18 when it will play host to a powerful Fresno State College track team.

A series which began on a high note for Coach Augie Garrido's Mustang baseball varsity ended in disappointment last weekend. The Mustangs tagged UC Riverside with a 2-0 loss in the first of a three-game series, but dropped a pair of games (13-11 and 3-1) to the same team on Saturday. A sweep in the series would have boosted the Cal Poly nine into serious contention for the 1970 CCAA championship. Next home action for the Mustang diamond club, which will journey to meet Chapman College in a non-league series on Friday and Saturday, will come April 15 when it will host San Diego State College in a single game.

Other action last week saw the Cal Poly golf varsity best Cal Poly at Pomona 34-20 in a CCAA match. That win gives the Mustang linksmen a 7-6-1 won-lost-tied mark for their 1970 campaign. They were to have met Fresno State's Bulldogs in a match yesterday (Monday, April 6) and will host Vandenberg and Cal State Fullerton on Thursday (April 9) and Friday, respectively. All three matches are slated for the San Luis Obispo Country Club links.

VACANCY ON COLLEGE SUPPORT STAFF LISTED BY PERSONNEL OFFICE

A vacant position on the support staff of the college has been announced by the Personnel Office. Posted in greater detail on the bulletin board located in the Personnel Office, Adm-111, it is:

Departmental Secretary I-B ($492-599) .25 Food Processing, .25 Vet Science, .25 Manufacturing Processes, .25 Dairy Manufacturing, School of Agriculture. Duties and responsibilities include telephone and visitor contacts, correspondence, typing technical reports, class materials, and examinations. Applicants must have stenographic experience.
Orvin E. Wagner (Physics Department), L. G. Christophorou, and J. G. Carter are the authors of a paper entitled "Lifetimes of Liquid Benzene, Toluene and Mesitylene Excited by a Pulsed-Electron Beam," which appeared in the November, 1969, issue of Chemical Physics Letters. The paper reported lifetimes of fluorescence-emitting species in organic liquids under high energy electron impact. Dr. Wagner's co-authors are presently at Oak Ridge National Laboratory in Tennessee.

R. N. Sykes and Herman West (both Mechanical Engineering Department), Harry H. Honegger (Welding and Metallurgical Engineering Department), and Maurice P. Taylor (emeritus, Mechanical Engineering Department) are among new officers installed recently for 1970-71 by the Central Coast Group of the American Society of Mechanical Engineers. Sykes is the group's vice-chairman; West, its secretary; Honegger, its treasurer; and Taylor, its program chairman. Edward O. Stoffel (also Mechanical Engineering Department) is the ASME organization's immediate past president.

Mrs. Marie Pfeiffer (Head of Child Development Department) and Winifred Reynolds and Josephine Stearns (both also Child Development Department) attended the annual state conference of the California Association for Education of Young Children, which took place last month in Fresno.

Ronald L. Ritschard (Biological Sciences Department) has been selected to participate in a summer institute on radiation biophysics at University of Kansas. Purposes of the program, which is being sponsored by the National Science Foundation, are to instruct college teachers in the biological effects of radiation, especially at the cellular level, to use radioactive isotopes as tracers, and to gain a better understanding of the effects of radiation on man's environment.

Kenneth Schwartz (School of Architecture) took part in a panel discussion on "The Growth and Future of Our Local Counties and the Architect's Involvement in Their Planning" before the March 25 meeting of the Santa Barbara Chapter of the American Institute of Architects. Other members of the panel were Santa Barbara City Manager Clifford Petrie; Santa Barbara County Administrative Officer Raymond Johnson; Santa Barbara City Planning Director Bruce Thompson; and Santa Barbara County Planning Director Herbert Divelbiss.

"Who Cares?" was the topic of Leslie A. Whitaker (Chemistry Department) when he addressed members of the California Cottey College Club at a luncheon meeting last Saturday (April 4), at the Disneyland Hotel in Anaheim. Dr. Whitaker was dean of the faculty at Cottey College in Missouri prior to joining the Cal Poly faculty in 1967.

Tom Haskell, Wesley Hosken, Marten Lang, and George Mach (all Mathematics Department) attended the 50th regular meeting of the Southern California Section of the Mathematical Association of America, which took place March 21 at University of California at Irvine.

Santosh K. Ghosh, Carl C. F. Hsieh, and Fikry N. Morcos (all School of Architecture) have begun their new duties as members of the Cal Poly faculty. Ghosh most recently was a member of the staff of the Ford Foundation Training Center in Calcutta, India; Dr. Hsieh was an engineer for the Chrysler Corporation Advanced Development Group; and Dr. Morcos has taught at both Massachusetts Institute of Technology and Illinois Institute of Technology. All three began their teaching duties with start of the Spring Quarter.
DEADLINES LISTED FOR GRANT PROGRAMS

Deadlines have been announced for selected Federal grant programs. For more information on the following programs contact the Research and Development Office, Adm-307, 546-2630.

Office of Education

Educational Talent Search (108) -- April 16. This date is the date of the postmark, not receipt at USOE.

Cooperative Education Program -- April 27. Submit application to Task Force on Coop Education, Division of College Support, Bureau of Higher Education, USOE.

Teacher Corps (102) -- June 30. This date is for submission of a concept paper. Proposals due in November.

Public Health Service and National Institutes of Health

Research Project Grants (116). Date for new application is June 1.

Peace Corps

Peace Corps Research (193) -- Prior to June 30. No firm date, but the review committee begins its work in July.

National Science Foundation

Institutes and Short Courses for College Science Teachers (79) -- June 1.

Institutional Grants for Science (87) -- June 30.

Environmental Sciences Training Institutes (114) -- May 1. This date is for renewal only.

Housing and Urban Development

Parks in Cities Program -- April 30.

MATHEMATICS TEACHERS SLATE CONFERENCE AT CAL POLY

The Central California Mathematics Council will hold its seventh annual conference at Cal Poly, April 17-18. Some 150 to 200 mathematics teachers from the 12 central counties are expected to attend, according to Allen D. Miller (Mathematics Department), who is chairman of the conference.

Featured speaker this year will be Robert Karplus from the University of California at Berkeley. Topic of his remarks will be "Piaget's Developmental Theory and the Laboratory Teaching of Mathematics." Also, during the second day, Carol Kipps of the University of California at Los Angeles, will speak on the subject: "Who's Committed? Who's Involved?"

The Conference will be divided into elementary, secondary, and junior college departments, according to Dr. Miller.
FACT SHEET -- 38TH ANNUAL POLY ROYAL

Dates: April 24 and 25, 1970

Place: California State Polytechnic College, San Luis Obispo

Time: 9 a.m. to midnight, April 24
8 a.m. to midnight, April 25

Queen and Court: Anne Barnum of Fresno - "Miss Cal Poly, Queen of Poly Royal"
Mary Candiello of El Segundo - Princess
Linda Farrell of Gridley - Princess
Kathy Nesbitt of San Juan Capistrano - Princess
Carole Vedder of Sacramento - Princess

Highlight Events: Intercollegiate Horse Show - 7:30 a.m., April 24
Opening Ceremonies - 10:30 a.m., April 24
Exhibits Open - 11 a.m. to 5 p.m. and 6:30 to 8:30 p.m., April 24; and 9 a.m. to 5 p.m., April 25
Championship Intercollegiate Rodeo - 2 and 8 p.m., April 24; and 2 p.m., April 25
Carnival - 6 p.m., April 24
Carnival Dance - 8 p.m., April 24
Pancake Breakfast - 8 to 11 a.m., April 25
Steak-Chicken Barbecue and Family Luncheon - 11 a.m. to 1 p.m., April 25
Coronation Ball - 9 p.m., April 25
Western Dance - 9 p.m., April 25

Miscellaneous Info: Best description of "Poly Royal" is the event's subtitle, "A Country Fair on a College Campus"
Last year's 37th Annual "Poly Royal" drew an estimated 65,000 visitors to Cal Poly
Other activities beside those listed above include some 50 special interest exhibits and demonstrations; car, water, and fashion shows; livestock judging contests; etc.
