Five-man group named to expedite SAC budget

Robin Baggett has formulated a new financial arm called the "Committee of Five" to help speed and devise a more balanced and justifiable SAC budget.

Finance Committee of ASI listens to budget requests of ASI groups and draws up the budget after those meetings. Finance Committee has the necessary experience of "financial savvy" to see student funds so the student ropes the greatest benefit on his dollar.

The new group, "Committee of Five", chosen from the Finance Committee, will recommend the use of Robin Baggett's view of any of the Student Affairs Council's actions on the budget.

Withdrawal deadline near

The college catalog states: "Except for college recognized emergencies, no withdrawals from a course will be permitted after the scheduled "seventh week of instruction.

"The alternative chosen will make some people unhappy on the third floor of Santa Lucia," President Johnson said. Room checks and window displays are not big of an item, but refrigerators and visiting hours are, he said.

Denny Johnson, ASI vice-president, has released an informal survey among 800 dorm residents and found that right now it is an experimental program and the P.E. requirements. He stated that there shouldn't be obscene drawings, and the need for more housing for men at the least discomfort and inconveniences to our residents.

Special teachers to be chosen for yearly award

The Distinguished Teacher Awards will be made again this year in a continuing program started in 1964. This allows the student to submit nominations for an instructor who has been excellent in the student's opinion. The instructors names will be submitted to a committee made up of faculty and students who will narrow down the student's submitted names to three instructors. In the selection process, the committee will attend the classes of the nominated instructor and talk to the other students in the class sections.

Further criterion for selection is evidence of an interaction between student and instructor, application of learning to future experience, competencies, personal integrity, knowledge and accuracy of subject matter, good teaching procedures, and impact of instructor's own knowledge and teaching experience.

Wayne W. Ward, Professor of Architecture, is heading up the program and urges students to nominate an instructor who has done more for them to fill out the application blank and return to the Student Affairs Council Office on Tuesday and Thursday and selection will be made the first week of March.
Cellist to add his touch

Editor: Gabor Rajko is indeed "a fabulous cellist," and the students of Cal Poly will have a rare opportunity to witness his performance with the Cal Poly Chamber Orchestra this Friday at 8:15 p.m. in Chumash Auditorium.

The orchestra is enjoying another successful year, as demonstrated by Fall quarter's standing-room-only concert. Anyone who has not attended a performance of the Cal Poly Chamber Orchestra has really missed out on some fine concerts. It is guaranteed that this is one event at Cal Poly that will not be a disappointment.

Admission to this Fine Arts Committee-sponsored event will be $1.80 for students. The program will include Beethoven's Eighth Symphony, Ragtime for Eleven Instruments by Stravinsky, Bach's Third Unaccompanied Cello Suite, and the Haydn D Major Cello Concerto, the latter two being performed by Gabor Rajko.

Don't miss this opportunity to hear fine music at its best.

Business interaction series to begin tonight

To promote interaction between businessmen and students, the pilot program of a series entitled Businessman Interaction Series is scheduled for tonight at 7:00 p.m. in the Tenaya Hall lounge.

Sponsored by the campus chapter of the Society for the Advancement of Management, the series purpose is to promote an exchange of ideas between the students and businessmen and to shed light on subjects pertinent to both groups.

According to Joan Carbrey, student chairwoman for the program, the guest speaker for this exploratory session will be Ed Jenkins, the director of the Los Angeles branch of the Small Business Administration. After his presentation, the audience will break into small integrated groups of students and businessmen for discussion. This will be followed by a question and answer period to close the meeting.

The complete program will consist of six meetings a year and will cover such topics as Small Business and the Law, The Better Business Bureau, and Motivation of Employees.

This introductory meeting is open to the public. Admission is free.

Anti-poverty cuts protested

WASHINGTON (UPI)—Thousands of persons rallied Tuesday on the U.S. Capitol steps under leadership of a coalition of civil rights groups to protest administration cuts in federal antipoverty programs. One sponsor said it foreshadowed a "long hot summer."

The Mustang baseball team offensively exploded for 11 runs last weekend as it swept three games from defending Pac-Western Conference champions Cal State Hayward.

The Mustangs, who improved their spotless record to 4-0, defeated the Pioneers, 10-2, last Friday, and swept a doubleheader on Saturday. Mike Krubowitch pitched seven strong innings as he gained his second win of the season. He received help from his teammates as they blasted 18 hits and 16 walks in the game.

The Mustangs, holding on to a slim 1-lead, blew the game wide open in the third inning as they scored five runs. The big hit in the inning was a single by Gary Knuckles which scored two runs and a single by Krubowitch which also scored two runs. Carl Hathaway completed the three game sweep as he shut out the Pioneers for five innings in record the win. Dave Brunell nailed it up for Hathaway and preserved the win for the Mustangs.
