TRENDS IN LIFE-STYLES WILL BE TOPIC OF CAMPUS ADDRESS

Current trends in life-styles will be examined by the Rev. Pierce Johnson in a talk to be given at 10 a.m. on Thursday (June 3) in College Union-203. The program will be open to the public without an admission charge.

Dr. Johnson, author of a forthcoming book, Dying Into Life, will deal with the consequences of choosing particular life-styles. Topics he will cover include "Present Day Communes," "The Jesus People," "Charismatic Religious Movements," and other religious trends.

A graduate of Harvard University, with a PhD in European history from the University of New Mexico in 1952, and a BD in theology from Union Theological Seminary in 1957, Dr. Johnson has pursued a dual career as a teacher and as a minister in the United Methodist Church.

He resided in Claremont where he has been president of the Intercultural Council and the Claremont Council of Churches. His major interests are the interdisciplinary relationships of history, anthropology, philosophy, and religion.

Rev. Johnson's appearance is being co-sponsored by Cal Poly and by the campus chapter of Phi Gamma Mu social science honorary society. His talk will describe the historical life-styles of St. Paul through monks, aesthetes, mystics, troubadors and others, to Melville, Whitman, Dag Hammarskjold.

WORKSHOP ON DRUG ABUSE PLANNED FOR JUNE 21-25

"Drug Abuse," is the title of a workshop to be offered June 21-25 as part of Cal Poly's 1971 Summer Session. Designed as an in-depth course to allow adults to "catch up and pass" the knowledge of children and teenagers, the program is but one of 12 such workshops and more than 130 courses that will be offered during the Summer Session.

Dr. Stanley B. Brown (Education Department), who will direct the drug abuse workshop, says that although it is primarily for teachers who will use the information in their classes, parents are welcome if there is room.

The workshop will include discussions, field trips, and guest speakers to explain the chemistry, sociology, law, and culture of drugs. Guest speakers will define the laws and display the various drug and paraphernalia, and ex-addicts will tell of their experiences. The week-long short course at Cal Poly will offer 1.5 quarter units of college credit.

(Continued on Page 2)
SUMMER SWIMMING PROGRAM SCHEDULED TO OPEN ON JUNE 22

Registration for participation in the Summer Swimming Program of the Men's Physical Education Department will take place on June 21 from 9 a.m. to 12 noon, at the front entrance to the Natatorium on College Ave., according to an announcement from Robert A. Mott (Head of Men's Physical Education Department).

The swimming program will begin on June 22 and continue through July 29 with the instructional classes on Monday through Thursday from 10 a.m. to 12 noon, and the recreational swimming from 1 to 3 p.m. on Monday through Friday. The program will be open to students, faculty, and staff of the college and their dependents.

Richard Heaton (Men's Physical Education Department), MPE-102, 546-2301, will be in charge of the Summer Swimming Program and will be happy to answer questions.

NEXT "CAL POLY REPORT" WILL BE LAST OF 1970-71

The June 8 issue of Cal Poly Report will be the last regularly scheduled edition of the 1970-71 college year under a publication schedule announced recently by the Information Services Office. Current plans provide for publication every two weeks during the Summer Quarter beginning on June 22 and continuing through Aug. 31.

A back-to-campus issue is planned for Sept. 17 and resumption of the regular weekly publication schedule for the Fall Quarter is planned on Sept. 28.

Deadlines for receipt of copy for Cal Poly Report will continue to be 12 noon the Friday before publication during the Summer Quarter. Suggested copy, which may be mailed or taken to the Information Services Office, Adm-210, should be typewritten, double-spaced, and bear the name and telephone number of the person providing the information.

WORKSHOP ON DRUG ABUSE . . . (continued from Page 1)

Other Summer Session courses scheduled this summer are in aeronautical engineering, agricultural management and engineering, art, biological sciences, chemistry, computer science, education, English, history, home economics, mathematics, music, ornamental horticulture, physical education, psychology, social sciences, and soil science.

Any adult who meets the course requirements may attend Summer Session classes at Cal Poly. Tuition is $16 per quarter unit and formal matriculation (admission and enrollment) procedures are not required. Additional information about any of the college's 1971 Summer Session workshops or courses may be obtained by contacting the Continuing Education Office, Adm-311, 546-2053.

RECORDS OFFICE WILL REMAIN OPEN ON JUNE 12

The college Records Office, Adm-222, will be open from 8 a.m. to 12 noon on June 12 to receive Spring Quarter grades from members of the faculty.
OFFICERS FOR 1971-72 ELECTED BY PHI KAPPA PHI CHAPTER

Mrs. Lorraine Howard (Associate Dean, Women) heads the slate of officers for 1971-72 elected recently by members of the Cal Poly Chapter of Phi Kappa Phi national academic honor society.

Beside Mrs. Howard, who was elected president, other officers chosen were Oscar E. Reece (Crops Science Department), vice president; Lezlie A. Labhard (Home Economics Department), secretary; Elmo Al Keller (Mathematics Department), treasurer; Edgar A. Hyer (Agricultural Management Department), public relations officer. Kenneth G. Fuller (Computer Science and Statistics Department) is past president of the chapter.

Miss Labhard will represent the Cal Poly Chapter at the 75th anniversary meeting of Phi Kappa Phi, which is scheduled for Aug. 15-18 at University of Maine, where the first chapter of the society was founded.

REGISTRATION AID OFFERED TO FACULTY, STAFF MEMBERS

Faculty and staff members are being reminded that they can receive assistance with registration for Summer Quarter courses if they are planning to attend classes during that quarter. F. Jerald Holley (Director of Admissions, Records, and Evaluations) said those who will be enrolling should complete their registration booklets and leave them at the Registrars Office, Admin-219 by June 11. Any student (or faculty or staff member) who was not enrolled during the Winter or Spring Quarters must clear through the Admissions Office (Admin-206) before they can register for the summer Quarter.

PRESIDENT KENNEDY WILL BE LUNCHEON SPEAKER

President Robert E. Kennedy will report on the past year and the year ahead at the Cal Poly Staff Club luncheon meeting in the Staff Dining Room at 12 noon on Thursday (June 3). Arrangements have been made to accommodate a larger than usual crowd at the meeting. All faculty and staff are invited to attend.

RETURN OF KEY CARDS REQUESTED BY SECURITY OFFICE

Faculty and staff members who hold key cards for the automatic street gate located between the Mathematics and Home Economics Building and Erhart Agriculture Building and will be off campus and not be using them this summer are being asked to turn them in so they can be repaired. They should be taken to the Security Office.

PRESCHEDULING PERIOD WILL BE THURSDAY

Prescheduling for all students planning to attend Summer Quarter will be held at 11 a.m. on Thursday (June 3) according to F. Jerald Holley (Director of Admissions, Records, and Evaluations). Students are requested to check their department bulletin boards for the departmental prescheduling program.
A book by two Cal Poly counselors is going into a second printing. Robert E. Alberti and Michael E. Emmons (both Counseling Center) are the authors of Your Perfect Right: A Guide to Assertive Behavior. The book published in January, 1971, is on sale at El Corral Campus Store and by mail from Dr. Alberti and Dr. Emmons, who report that it is being purchased by many colleges and universities and is being adopted as a text.

Owen L. Servatius (Head of the Business Administration Department) was the guest speaker for a recent dinner meeting of the Central Coast Club of Printing House Craftsmen. Title of the remarks by Servatius, who has been a member of the Cal Poly faculty since 1947, was "In Our Time."

Leland S. Endres (Chemistry Department) will perform research with Elliot Marvell at Oregon State University this summer. Dr. Endres' work with Dr. Marvell will be under a program sponsored by the National Science Foundation. He will study the structure of organic molecules by several spectroscopic methods.

David A. Lein (Industrial Technology Department) has received word of his appointment as a participant in a summer Institute in Engineering Technology for Teachers of Electronics Technology and Mechanical Technology, which will take place at University of Illinois campus in Urbana. The institute, which will be run from June 21 through August 14, is being supported by the National Science Foundation. Lein is presently completing the dissertation for his doctor's degree at University of California at Los Angeles.

Kris S. Morey (Home Economics Department) is the author of an article which appeared in a commemorative publication issued in January of this year by the Department of Biochemistry of India's Nagpur University on the occasion of its 25th anniversary. Titled "Significance of Cortisol Metabolite Binding in Liver," the paper reviews the study carried on by Dr. Morey during his post-doctoral research at Temple University's Medical School in Philadelphia.

Richard J. Krejsa (Biological Sciences Department) will attend the 51st annual meeting of the American Society of Ichthyologists and Herpetologists to be held June 15-19 in Los Angeles. Dr. Krejsa, who will present a paper titled, "Skin-shedding in South African horsefishes, genus Congiopodus" which he co-authored with graduate student Robert Heinbach, will also be chairman of a Stoye Award Competition Session. The Stoye Award is given each year for the best student paper in ichthyology. Dr. Krejsa won the award in 1963.

Richard E. Miller (Counseling Center) served as convener at the International Conference on Foreign Student Affairs held in Vancouver, B.C., on May 11-14. Dr. Miller was elected to the Board of Directors of the National Association for Foreign Student Affairs and was reappointed to the association's Professional Development Committee during meetings held in conjunction with the conference.

Thomas G. Frey (Chemistry Department) is the co-author of a paper which appeared recently in the Journal of Organic Chemistry. The paper, titled "The Stereochemistry of Addition of Methanol to Hexafluoro-2-butyne and Trifluoromethylacetylene," was written with E. K. Rannie of University of Idaho. Dr. Frey presented the information in his paper last summer at the 25th annual Northwest Regional Meeting of the American Chemical Society.
COMING EVENTS

Nurserymen's Refresher Course -- Tuesday through Thursday, June 1-3, all day, campus. Annual short course for nurserymen from throughout California; sponsored by the California Association of Nurserymen and hosted by the Cal Poly Ornamental Horticulture Department. Members invited; by advance registration.

OH Banquet -- Tuesday, June 1, 7 p.m., Julian A. McPhee College Union Room 207. Annual banquet of students and faculty of the Ornamental Horticulture Department; sponsored by the Cal Poly Ornamental Horticulture Club. Tickets - members, $4; guests, $5; advance sale only.

Speech Contest -- Tuesday, June 1, 7 p.m. Music, Speech, and Drama Building Room 212. Annual public speaking contest for Cal Poly students; sponsored by the Speech Department. Public invited.

Lecture -- Thursday, June 3, 11 a.m., Julian A. McPhee College Union Room 203. Talk on current trends in life-styles by Pierce Johnson of Claremont; sponsored by Cal Poly and the campus chapter of Pi Gamma Mu national honorary society for social sciences students. Public invited.

Birth Control Seminar -- Thursday, June 3, 8 p.m., Julian A. McPhee College Union Room 203. Panel discussion on birth control; sponsored by the Cal Poly student Wesley Foundation organization. Public invited.

PHT Ceremony -- Sunday, June 6, 1 p.m., Cal Poly Theater. Traditional 'Pushing Hubby Through' Ceremony honoring the wives of students graduating from Cal Poly; sponsored by the Cal Poly Student Wives Club. Public invited.

Final Examinations -- Tuesday through Friday, June 8-11, campus, all day. Spring Quarter final examination period for Cal Poly students and faculty.

Senior Barbecue -- Friday, June 11, 6 p.m., Cuesta Park. Annual barbecue for students who are graduating from Cal Poly; sponsored by the Senior Week Committee. Graduating seniors and graduate students and their guests invited; admission by Senior Class Card or tickets purchased in advance only.

Senior Brunch -- Saturday, June 12, 10 a.m., Julian A. McPhee College Union. Annual brunch for students who are graduating from Cal Poly; sponsored by the Senior Week Committee. Graduating seniors and graduate students and their guests invited; admission by Senior Class Card or tickets purchased in advance only.

Commencement -- Saturday, June 12, 3:30 p.m., Mustang Stadium. Sixty-fifth annual commencement ceremonies with principal address by Dr. Chester O. McCorkle, Jr. Public invited.

Reception -- Saturday, June 12, 1 - 3 p.m., Julian A. McPhee College Union Room 203. Reception honoring newly-initiated members of the Cal Poly chapter of Phi Kappa Phi national academic honor society. Public invited.

Senior Ball -- Saturday, June 12, 9 p.m., Madonna Inn, San Luis Obispo. Traditional semi-formal ball for students who are graduating sponsored by the Cal Poly Senior Week Committee. Graduating seniors and graduate students and their guests invited; admission by Senior Class Card.
WOMEN'S CLUB MEETING WILL BE NEXT TUESDAY MORNING

The patio of Polyhouse, the former on-campus President's Home, will provide the setting for the first Cal Poly Women's Club meeting under the club's 1971-72 officers. Persons on the college staff and faculty who have been of assistance to the club's programs during recent months will be special guests during the meeting.

After a brief coffee hours, a short business meeting will be conducted by the club's new president, Mrs. John Merriam and membership dues for 1971-72 will be accepted.

Also planned in the next few days is a meeting of the Women's Club's Bridge and Beginning Bridge Sections. They will meet at 6:30 p.m. on Monday (June 7) in Lib-129 for combined play and a potluck dinner. Members of both sections are invited to attend. Information may be obtained by contacting Mrs. Max Darnielle, 546-6306.

RETURN OF KEYS ASKED BY PLANT OPERATIONS DEPARTMENT

Students, faculty, and staff who have been assigned keys to college facilities and will be terminating their tenure with the college at the close of the Spring Quarter are being reminded that the keys should be returned to the Maintenance Office located in the Warehouse Building before they leave campus. Robert Adams (Chief of Plant Operations) asked this week that members of the faculty and staff remind students, for whom they ordered keys, of the need that the keys be turned in before they leave campus.

FURNITURE NEEDED FOR FOREIGN STUDENT FAMILY

Loans or donations of furniture for a foreign student family of three persons that has just moved into an unfurnished apartment are needed, according to Richard E. Miller (Counseling Center). Particularly needed are a dressing table, a desk, chairs, carpeting, a washer, and a dryer. Anyone who has any of those items and is willing to loan or donate them for the family's use is invited to contact Dr. Miller at the Counseling Center, Adm-211, 546-2511.

NEW "CHANCELLOR COMMENTS" ISSUE BEING DISTRIBUTED ON CAMPUS

Copies of the May 18, 1971, issue of The Chancellor Comments, a newsletter issued periodically by Chancellor of the California State Colleges Glenn S. Dumke, arrived on campus last week and are being distributed as an attachment to this issue of Cal Poly Report. Contained in the issue is a progress report on Dr. Dumke's "new approach to higher education" proposals.

FACULTY, STAFF REMINDED TO CLEAR MEN'S GYMNASIUM LOCKERS

Members of the college faculty and staff who are utilizing lockers and baskets in the Men's Gymnasium are being reminded this week that June 7 will be the last day to clear them. Robert A. Mott (Head of Men's Physical Education Department) issued the reminder.
TO THE PRESIDENTS, FACULTIES, ADMINISTRATIVE AND SUPPORT STAFFS, AND STUDENTS OF THE CALIFORNIA STATE COLLEGES:

New Approach for the State Colleges

In February I reported to you the details of my "new approach to higher education . . . for the California State Colleges," as outlined before the Committee on Educational Policy of the Board of Trustees. Since then I have appointed two special task forces and a special commission to pursue the goals of these proposals.

The task forces have met on several occasions and are being supplemented by working groups on the campuses. So far, over 40 proposals have been submitted to Task Force I (Innovation in the Educational Process) for review. Task Force II, Improving Efficiency in the Use of Resources, is currently reviewing a subcommittee report.

During the week of April 19-23, I traveled East to visit the Carnegie, ESSO, Sloan, and Ford Foundations, and the Department of Health, Education and Welfare — to discuss the possibilities of securing funds to help implement these proposals. Considerable interest was expressed in our new approach, and I am hopeful that we may receive some help from these organizations.

Recently, I appointed a Commission on External Degrees — headed by President Thomas H. McGrath of Sonoma State College — to consider ways of permitting higher education requirements to be met outside of typical campus settings. This six-member group, which may be expanded later, is concentrating on ways to improve and expand our extension programs — with a view toward granting external degrees through these programs. The Commission, too, is exploring such possibilities as credit for certain work experience, cooperative plans with industry and governmental agencies and performance testing of students not enrolled in regular programs.

We have in recent years witnessed marked growth in our extension programs. Currently, there are nearly 70,000 enrolled in State College extension programs; projections indicate this figure will jump to 125,000 by 1975.

We can, I believe, better serve our extension students — and open access for many others who seek higher education in a "College Without Walls" — by concentrating on means to offer an external degree. I have asked this Commission to examine new ways to serve new adult populations — by televised instruction, correspondence, taped lectures and classroom instruction on or off campus — through programs of academic soundness and integrity.
In addition to Chairman McGrath, Commission members are President S. I. Hayakawa, San Francisco State College; D. Dale Hanner, Vice Chancellor, Business Affairs, and Dr. John L. Houk, Deputy Dean, Academic Planning, both in the Chancellor's Office; Dr. Ralph C. Mills, Associate Vice President, Academic Affairs, Chico State College, and Dr. Nelson Norman, Professor of History, San Diego State College. Dr. Richard Barbera, Coordinator of Continuing Education in the Chancellor's Office, will serve as staff consultant to the Commission.

Dr. Mills, who has major responsibility for extension and developing continuing education at Chico State, and Dr. Norman, a member of San Diego State's Advisory Committee on Continuing Education, were nominated for Commission membership by Dr. Levern Graves, Chairman of the Statewide Academic Senate.

President McGrath, who had been assigned to Task Force I, is reassigned to the Commission. President John H. Bunzel of San Jose State College has been named in his place.

**Kellogg West**

A unique and impressive center for continuing education — Kellogg West — opened in April at Cal Poly, Pomona. The only center of its kind west of the Great Plains, Kellogg West has been designed to serve the State College system and its communities by providing residence and educational facilities for continuing education, short and long conferences, training programs, seminars and other educational events linking the colleges with the public.

Planning for the Center began in 1966 and was made possible through a $3 million grant to the State Colleges in 1968 from the W. K. Kellogg Foundation of Battle Creek, Michigan. The Center was endorsed by the Trustees in 1967, with further planning approved in 1969.

Kellogg West consists of an educational center and dining and residence facilities. Audio and video connections to instructional services will link Kellogg West to all major academic areas of the Cal Poly campus. When fully implemented the system will permit participants to observe lectures and laboratory demonstrations conducted throughout the college.

In addition to being able to provide thousands of Californians with valuable educational experiences during the years ahead, Kellogg West makes the Voorhis campus of Cal Poly available for selected innovative programs — at a time when we are exploring new approaches to higher education.

**Guidelines for Student Air Travel**

Our systemwide guidelines governing student travel on chartered aircraft recently had the distinction of being endorsed by a Federal agency. Secretary John A. Volpe, of the U.S. Department of Transportation, recommended in letters to more than 2,400 governors and college and university officials that guidelines similar to those of the State Colleges be adopted. Secretary Volpe said, "... we feel the California guidelines serve as an excellent model by identifying criteria essential for safety and reliability." Copies of State College policy were included with his letter.

This is the first time, to our knowledge, that a Federal agency has endorsed a State-developed transportation standard for national application. Our current policy, which was a tightening of a previous policy established in 1961, was authorized by the Trustees in 1969 following development by our Legal Office, under the supervision of Mr. Norman L. Epstein, Vice Chancellor and General Counsel. The Secretary's recommendation grew out of the 1970 air tragedies involving Wichita State University and Marshall University football teams.

Sincerely,

Glenn S. Dumke
Chancellor
