**ASI programs put in limbo**

Students on this campus may see a large setback on programming as a direct result of Pres. Robert Kennedy's moratorium on facility use. Pending the creation of guidelines and policy regarding state-owned and state-supported facilities, Campus Auditoriums alone remains available for programs booked through the ASI Program Board committees.

Chumash is exempt from the moratorium because it is state-owned and operated by the ASI. According to Bob McEntee, vice-chairman of ASI Commissions, the auditorium is available for small concerts in the stipulation from the University Union Board of Governors that there be good audience conduct.

The moratorium has already affected University Union facilities. According to Dean Gelvin, chairman of Concerts Commission, plans for a concert on June 3 to be held in the football stadium were halted because of the order. There are no concerts for next year's concerts, usually June 1 to have been held in the football stadium were halted because of the order. There are no concerts for next year, its season, usually underway by now, are also in limbo.

**United States adopts the metric system as its official system of measurement.**

Although no definite date has been set for the change from the present system to the metric system, some schools on this campus welcome the change, while others express concern. Many large industries are introducing the change in manufacturing procedures. The change could be hampered when the universities, Lee E. Rogers of the universities machine shop, says recently purchased uncompensated machinery is on the metric system and Rogers indicated that any equipment purchased in the future will also be on the metric system.

State Superintendent of Public Instruction Walter Rill announced recently that starting in 1971 all new math and science textbooks will contain the metric system.

Potential math teachers will find the math department pushing the metric system like a traveling salesman peddling his wares. Chemistry and physics majors are ahead in the game because most of them were exposed to the metric system in high school. Dr. Robert Frost of the physics department has already used the metric system and the British system of measurement. No matter what your life's work is, you may expect to be touched by the metric system. Legislation has been introduced in the California State Assembly that would require the State to use new road mileage signs listing the distance in meters instead of miles.

There are at least basic units of measurement but three units will get most of us through the storm. All one needs to know is that meters are used to measure length, kilometers measure longer, and centimeters measure shorter.

In comparing these units with the present system of pounds, ounces and inches, a kilogram is equal to 2.204 pounds and in the future will be measured in centimeters as 12 degrees Celsius and 100 degrees Fahrenheit.

The United States is the last nation in the world to adopt the metric system.

**Tuition bill protested; June hearings slated**

Hearings will be held the second week of June on a bill that would allow the State University system to charge tuition.

Joe Bay, Legislative Advocate for the California State University and Colleges Student President's Association (CSCSPA), reports that assembly deadlines will almost certainly bring about the hearings before June 13.

The hearings will deal with Assembly Bill 82 which is the California State University and Colleges Education Fee. Bay said this is basically the same bill that has failed the last three years.

McCord reports clemency offer

WASHINGTON (UPI)—James W. McCord Jr. testified Friday that at secret meetings during the Watergate trial a former White House aide pressured him to plead guilty and lie to the grand jury. Chief Justice Warren E. Burger granted McCord conditional release, saying he was aware of the President's offer.

McCord, convicted of burglaring Democratic headquarters at the Watergate Hotel June 17, 1972, told Senate investigators he offered executive clemency—which only the President can grant—was made by John J. Connally of the Nixon administration.

The crush of reporters and spectators in the Senate Caucus Room, straining in almost total silence, as McCord's irrevocable recitation, gasped when he mentioned the President.

Sen. Sam J. Ervin, D-N.C., leading the select Senate Watergate investigating committee, interrupted McCord to confirm that his testimony was based on headway and research and was admissible in court as evidence "to impeach the President and the words Mr. Cfando was doing."

**Finance has ten openings**

Finance Committee will begin interviews of candidates for ten openings at the end of next month, May 31 or June 1 at the latest, according to Finance Committee Chairman Mike Day.

The ten vacancies include two each in the Schools of Engineering and Humanities, Business and Social Sciences, Science and Mathematics, Development and Education. The applications for the School of Technology and Agriculture and Natural Resources have been completed.

Interested students may either attend the meeting of the Student Senate May 30 in the Activities Office.
Sequoia Hall issues a tug-of-war challenge

Editor:
I witnessed a disastrous triumph of Muir Hall's Muchamuda tug of war with Delta Sigma Phi last Saturday evening in which Delta Sigma Phi took the first two out of three matches with little sweat.

It was quite obvious to me that the inexperienced Muchamosas were no match against the well coordinated fraternity men. One would think that with approximately 80 guys in Muir Hall, they would find 18 guys who were relatively strong.

Now it is a known fact that Muir Hall and Sequoia Hall are orbiting on campus but have been limited to name calling and playing stereo music at full blast across from each other very late in the evening.

To prove that the men of Sequoia are stronger than Muir, we hereby challenge Muir Hall to a tug-of-war unlimited, preferably during the week to assure participation from both sides. If you accept, please notify Dan Bryant at 2300.

Edward B. Louis

Straight facts have a purpose

Editor:
I would like to remind Pete Evans that keeping the facts straight is very important when exposing persons. You made numerous references to the active campaigning done by Robin Baggett and Denny Johnson for the so-called Republicans. Pete, I worked to help the Republicans elected. Next time you point a finger in blame, make sure you are pointing at the right person.

Laura Lamphere

LOOK AGAIN! minorities in band personnel

Editor:
Dear Mr. Greer,
If by "niggers" you are referring to the people otherwise known as Afro-Americans or Blacks, please look again. The Cal Poly Symphonic Band has a very black student in its personnel.

You will also find a number of Orientalists, Hindus, and other minorities. No black student (or any student for that matter) has been refused membership into the band for any reason other than musical ability.

If you are interested in joining the band, even if you only play a little, please go talk to Mr. Johnson in the Music Dept. or call me at 544-4681. You can hear the band and see minorities in action Saturday May 19 at 8:15 in Chumash Auditorium.

Plan ahead to save time and hassles with meals

by GRETA BEETTIIA

You have better things to do besides cooking meals. Two points that are essential to saving time are organization, and suitable recipes.

If you keep your kitchen free of unnecessary utensils and clutter, you'll have less to think about the place of use you can cut your preparation time down a great deal. Planning ahead to have all utensils and foods on hand will enable you to make meals in a short time. Here are a couple of quickies.

Baked Cod Fillets Au Gratin

3 pkg (15-0z size) frozen cod fillets, partially thawed
1 can (8-0z) tomato sauce
1/2 lemon juice, to taste
1  clove garlic
1/2 tsp. salt
1/4 tsp. pepper
1/2 lb. chopped parsley

Sprinkle potatoes evenly in a young with melted butter. Mix potatoes, garlic, parsley, and salt with the meat and then pour remaining tomato mixture over top. Bake in moderate oven (350°F) about 1 hr. Serve with rice or pasta, and salad if you wish.

Meat Loaf

1 lb. ground beef
1/3 c. oatmeal
2 pkg (1-0z size) frozen cod fillets, partially thawed

Mix lightly, then put in a loaf pan to be certified. Bakes in moderate oven (350°F) about 1 hr. Serve with rice or pasta, and salad if you wish.

The next important component is the quickie recipe. There are lots of low time and cost recipes that will suit your needs. Such things as meat loaf, Casseroles, and sweet and sour pork can be made ahead of time, frozen and later heated in the oven.

With a little planning, organization, common sense, and suitable recipes one can come up with good meals in a short time. Here are a couple of quickies.

Baked Cod Fillets As Gretna

3 pkg (15-0z size) frozen cod fillets, partially thawed
1 can (8-0z) tomato sauce
1/2 lemon juice, to taste
1 clove garlic
1/2 tsp. salt
1/4 tsp. pepper
1/2 lb. chopped parsley

1  tsp. sugar
1  tsp. nutmeg
3 egg yolks

Preheat oven to 400 F. Lightly butter a Square, baking dish. Fish in the dish.

1. In small pan, heat tomato sauce, 1/4 tsp. salt, 1/4 tsp. pepper and the parsley. Bring just to bubble; pour over Cod. Bake uncovered for 10 minutes, or until fish flakes easily when poked with fork.
2. Meanwhile prepare mashed potatoes as label directs, with milk; add remaining rest of ingredients.
3. Remove fish from oven. Spoon potatoes around edge and down center of baking dish. Broil 3 to 5 min., or until potatoes are slightly golden. Makes 8 servings.

Meat Loaf

1 can (1 lb.) stewed tomatoes
1 clove garlic
1/2 tsp. salt
1  clove parsley

1  lb. ground beef
1  cup bread crumbs
1  tsp. salt

Mix tomatoes, garlic, parsley and egg. Mix the bread crumbs and salt with the meat and then pour into the tomato mixture. Mix lightly, then put in a loaf pan and pour remaining tomato mixture over top. Bake in moderate oven (350°F) about 1 hr. Serve now or freeze for a later date.

Veterans need to be certified

Veterans who were previously certified to attend Summer Quarter but will not be attending and those who will be attending, but do not know whether they are certified for payment should contact Mrs. Sharon Faust, veteran's affairs clerk.

"Any veteran who does not know whether he is certified as a recipient for GI Bill benefits for the 1975 Summer Quarter should contact me as soon as possible," said Mrs. Faust.

Veterans who do attend school this summer can become certified by contacting Mrs. Faust after registering. She will be at a table in Chumash Auditorium during registration.

"Several of the 100 vets on campus have already contacted me in the Records Office in Administration 203 and I urge the rest who are uncertain of their certification status to do so immediately," said Mrs. Faust.
New members sought for Business Council

The Business and Social Science Council needs new members for next year to fill vacancies caused by current members who will be graduating.

The council is a liaison group between the Business and Social Science students and the Student Affairs Council. It members are required to represent the department of Business, Social Science, Political Science and Economics.

The basic qualifications are a 1.80 grade point average and a genuine interest in the affairs of the university.

According to Steve Curtis, the present council chairman, two upcoming council meetings are scheduled. The first will be on Wednesday, May 11 at 11 a.m. in the Union E16.

Elections for chairman, vice-chairman and secretary for next years council will take place during the Wednesday, May 19 meeting at 11 a.m. in Union E16.

All interested persons are encouraged to contact Curtis by leaving a note in box E19, in the Student Activities Planning Center in the Union or by calling 484-8838.

Loe Campero Marischi band to play Cuesta

Cuesta College will be presenting an evening of Mexican marischi music for Loe Pieter on Monday, May 11, at 8:00 p.m. in the Cuesta College Community Auditorium.

"Loe Campero," consisting of a dozen men, corchelo guitarists, violins, clarinets, trumpets, and bass in an exciting and uniquely different style. The group is best-known for its regular performances at the popular Wislbre Boulevard neighborhood, La Fonda, and as a leading attraction at Santa Catalina Island.

Dr. Jim Greathouse, director of Cuesta College community services said that the group is considered among the most skilled and highly professional marischi musicians in the country.

The concert will be open to the public and admission is free.

Tuition bill protested; hearings slated...

(Continued from Page 1)

Assembly Bill 1498, deals with current land fees. This bill would allow the State Universities and colleges to impose an increase in tuition on students taking units beyond the number required to graduate.

Both bills deal with tuition and will be presented by Cal Poly with an anti-tuition petition with 1,000 signatures to the Assembly Education Committee.

The tuition bill would allow the California State University and Colleges to establish an Education Fee and collect money from it for an Education Revenue Fund. Money from the fund would only be used for educational programs and for financial assistance.

Baggett pointed out that the potential cost to students was enormous.

Hay agreed with Baggett saying that since the money would be used for anything but capital colleges and salaries that the cost was potentially great.

The bill allows the Trustees to set the Education Fee levels and decide where it should be spent.

Both Baggett and Hay urged all students to write their assemblymen and state senators and also sign the petitions being circulated around the state campuses.

With TWA it pays to be young.

Armed with just a pack on your back and a TWA Youth Passport* in your hand, you can see a lot more of the U.S. for a lot less with TWA.

Here are some ways we help.

Overnite Pass* TWA's terrific new money saver. It gets you guaranteed student dormitory accommodations (at the least) without advance reservations in 40 cities in the U.S.A., Canada and Mexico for only $5.25 a night!

Bonus Coupon Books. Take your TWA Youth Passport and boarding pass to any TWA Ticket Office in New York, Boston, Philadelphia or Washington. You'll get a book of bonus coupons good for 50% off things and absolutely free things like a dinner at the Spaghetti Emporium in Boston, free admission to a flea market in Philadelphia and lots, lots more. Like we said, with TWA it pays to be young. For all the details write: TWA - IT

Wrestlers get honor during 1972-73 season

Mustang national champion 180-pound wrestler Glenn Anderson, wrestling coach Vaughan Helper and former Mustang grappler Hal Simonet have been honored by the Southern California Wrestling Coaches and Officials Association.

Anderson was chosen as "Southern California Wrestler of the Year" while winning 31 straight matches before being forced to default due to shoulder injury in the NCAA university division meet.

The honors were distributed at a dinner Tuesday in Long Beach.

Buccola named athletic director.

So the mysterious rumors were true. Dr. Vic Buccola has replaced Joe Harper as director of athletics. The announcement officially came Friday from Dr. Carl Cummins, dean of the school of Human Development and Education, and even though everybody and their brothers knew about the situation long before that.

Effective July 1 of this year, Buccola will take over the duties of heading up the intramural athletic program while Harper concentrates on his own football program.

When the rumors were being tossed around Thursday, much talk was directed at the reason for Harper's dismissal. "Joe Harper has done a superb job in building the athletic program for the last five years," said Cummins. "In making this change in intercollegiate athletic program...."
