SPRING QUARTER REGISTRATION PRODUCES NEAR-RECORD INCREASE

Spring Quarter enrollment on campus has produced one of the highest percentage increases recorded in recent years, according to a report issued early last week. A total of 8,145 students had signed up for classes by close of the late registration period. That number is 834, or 11.4 percent more than in the 1967 Spring Quarter when 7,311 were enrolled.

Largest of the five instructional schools of the college is the School of Applied Arts which has 2,719 students. Totals for the other schools find the School of Agriculture with 1,606; the School of Applied Sciences, 1,394; the School of Engineering, 1,388; and the recently-established School of Architecture with 973.

Among the college's 35 degree-granting departments, the Home Economics Department has become the largest after reorganization of the former Architecture and Architectural Engineering Department into a separate school. It had 621 students enrolled at time of the regular registration report. Other departments with large enrollments include Business Administration with 583; Social Sciences, 575; Education, 502; Electronic Engineering, 453; and Animal Husbandry, 392.

VARIED PROGRAM PLANNED FOR 27TH HOME CONCERT

A widely-varied program of traditional, popular, and contemporary music is scheduled for the 27th annual Home Concert, which is planned for Friday (April 19), starting at 8:00 p.m., in the Men's Gymnasium. The some 180 student musicians scheduled to take part in the program are expected to divide their talents to form six groups which will perform during the evening. They are the Majors and Minors male vocal ensemble, the Men's Glee Club, the Women's Sextet, the Collegians stage and dance band, the Collegiate Quartet, and the Women's Glee Club.

Tickets for Friday evening's concert are on sale at two San Luis Obispo businesses and on campus. Priced at $1.25 for adults and $.75 for students and children, they may be purchased at Premiere Music Company and Brown's Music Store in downtown San Luis Obispo and at the Associated Students, Inc., office on campus. They may also be purchased from individual members of the performing groups and will also be available at Men's Gymnasium box office windows prior to curtain time Friday evening.
LEAVES FOR RESEARCH OR CREATIVE ACTIVITY FOR 1968-69 ANNOUNCED

Dale W. Andrews, academic vice president of the college, has announced that funds are expected to be available for nine quarters of leave in 1968-69 for research or creative activity. This call for applications is limited to those faculty members wishing to have a Fall Quarter leave; a maximum of three will be recommended for the Fall Quarter of 1968-69.

The instructional school deans are asked to submit to the College Research Committee chairman the applications for the faculty in their respective schools. May 20 has been set as the date for the applications for Fall Quarter leaves to be received by Russell K. Anderson of the Animal Husbandry Department, who is research committee chairman. The research committee is expected to submit recommendations for final college approval by June 3. Applications should be to departments heads by May 6 to provide opportunity for appropriate consultation and recommendation by department head and school dean and reach the research committee by May 20.

Applications for the balance of the special leaves to be granted for the Winter or Spring Quarters of 1968-69 should reach the College Research Committee via the department head (October 14) and school dean (October 21) on or before October 28.

Policies and guidelines for the leaves are available in the school deans' offices and in the department heads' offices.

CAMPUS GROUP BEFRIENDS ARMY UNIT IN VIETNAM

An act of kindness last fall by the Cal Poly chapter of the Society for the Advancement of Management has resulted in a letter of appreciation from a US Army combat engineer battalion stationed in Vietnam. The chain of events which brought the letter from the 168th Engineer Combat Battalion came when the campus group decided to send the several boxes of candy, peanuts, and popcorn remaining from its operation of the concessions for last fall's Mustang football games to the Army unit.

Also included in the shipment of goodies for the GI's was a letter of encouragement and appreciation for the engineers' efforts in Vietnam. Members of Cal Poly SAM chapter signed the letter individually.

The return letter, which was signed by Major Peter J. Ofringa of the 168th battalion, also bore the signatures of several individual members of the Army unit and expressed their thanks for the college students' gesture. "You have shown...that you are a group of interested and energetic Americans. We are proud to be representing such fine Americans in Southeast Asia," the letter concluded.

FUNERAL SERVICE FOR GLENN H. SMITH HELD

The Old Mission Catholic Church in San Luis Obispo was the scene of funeral mass held this morning for Glenn H. Smith, a member of the English and Speech Department's faculty since 1962. He died in a San Luis Obispo hospital Friday (April 12) following a short illness. Smith, who had been instrumental in plans for development of a campus radio station, worked in commercial radio and taught speech in secondary schools in Oregon prior to joining the Cal Poly faculty.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS THURSDAY NOON
ROEST WILL BE ACTING HEAD OF BIOLOGICAL SCIENCES DEPARTMENT

Aryan I. Roest, a member of the college faculty since 1955, has been named acting head of the Biological Sciences Department to serve while Glenn A. Noble, head of that department, is on leave during the Winter and Spring Quarter of the 1968-69 academic year. Early announcement of his appointment to the position on an acting basis was prompted by the expected completion of the new Science North Building prior to start of the Spring Quarter, 1968-69, and the added responsibilities that will accrue to the position as a result.

President Robert E. Kennedy concurred in the recommendation of Clyde P. Fisher, dean of the School of Applied Sciences, that Dr. Roest be appointed to the post. That recommendation followed receipt of a slate of three candidates for the acting department head assignment from tenured members of faculty of the Biological Sciences Department.

Dr. Roest is a graduate of both University of Virginia and Oregon State University, from which he received bachelor's, master's, and doctor's degrees. Prior to becoming a member of the Cal Poly faculty, he taught at Oregon State, Central Oregon College, and University of California at Santa Barbara.

JOHN BIRCH P'R DIRECTOR TO SPEAK TOMORROW

Rex T. Westerfield, public relations director of the John Birch Society will speak in the college Theater tomorrow (Wednesday, April 17) at 7:30 p.m., under sponsorship of the College Union Forum Committee.

Westerfield is being brought to campus to provide balance to a speaker series that attempts to bring both ends of the spectrum, as well as the center, the Forum Committee indicated in announcing his appearance. His lecture here is expected to provide balance to a series which to date has offered several speakers of varying degrees of the so-called "liberal" such as Harry Edwards of San Jose State College, Felix Greene, and Dick Gregory.

One of a limited number of official spokesmen authorized to speak for the John Birch Society, Westerfield will be talking about the Vietnam fighting and the John Birch Society. Admission for the program will be $1.00 for members of Associated Students, Inc.; $ .50 for Cal Poly faculty and staff; and $1.00 for the general public.

Westerfield graduated from Harding College, Searcy, Arkansas, in 1949 with a major in mathematics and Bible and a minor in political science. Fully appreciating the advantages of the free enterprise system, he has been self-employed since the age of 21 in various businesses, most recently in the ownership of an insurance agency and printing company.

In July, 1967, the John Birch Society official moved from Dallas, Texas, to San Marino to replace John Rousselot as western director of public relations for the society. In the Texas city he had been regional manager of public relations for the Birch organization, as well as chairman of the Intelligence Section of Dallas City-County Civil Defense operation, secretary of the Rotary Club Board of Directors, president of the local Parent-Teachers Association, and deacon of his church.
COMING EVENTS

Arts and Crafts Show -- postponed from Monday, April 15 to April 25, to yet-to-be-announced date in May. Exhibit of art from Oakland College of Arts and Crafts sponsored by Cal Poly's College Union Fine Arts Committee.

Variety Show -- Saturday, April 20, 8:30 p.m., Veterans' Memorial Building, San Luis Obispo. Variety show featuring professional entertainers in show billed as "A Thousand and One Arabian Nights." Sponsored by Cal Poly Arab Students Association. Tickets, $2.00 for adults, $1.50 for students and children.

Varsity Tennis -- Monday, April 22, 1:00 p.m., San Luis Obispo Country Club, Cal Poly vs. Fresno State College. Public invited.

(Continued on Page 5)
COMING EVENTS (Continued from Page 4)

Cal Poly Women’s Club, Walking Section -- Tuesday, April 23, 9:00 a.m., Parking lot of Campus Store. Members of the Walking Section will meet for a walk to Poly Canyon and the School of Architecture’s project area. Members and guests invited.

Books at High Noon -- Tuesday, April 23, 12:00 noon, Staff Dining Room. Review of Daniel P. Marnin's book "Those About to Die" by Dr. J. Barron Wiley of the Education Department faculty will be featured during regular luncheon program of the weekly series. Public invited.

Cal Poly Women’s Club, Book, Music, and Art Section -- Tuesday, April 23, 8:00 p.m., 1933 San Luis Drive, San Luis Obispo. Mrs. Marj Johnson will present the program for a meeting of the Book, Music, and Art Section in the home of Mrs. John P. Reibel. Members and guests invited.

CAHPER Banquet -- Wednesday, April 24, 7:00 p.m., Staff Dining Room. Annual banquet of the Cal Poly Chapter of the California Association for Health, Physical Education, and Recreation. Dr. John Nixon of Stanford University will be the featured speaker. By reservation. Members and guests invited.

Cal Poly Staff Club -- Thursday, April 25, 12:00 noon, Staff Dining Room. Pearl Turner of the professional staff of Cal Poly’s Library will present an illustrated discussion on Ecuador, Peru, and the Amazon River during weekly luncheon program. Faculty, staff, and guests invited.

Poly Royal -- Friday, April 26, and Saturday, April 27, all day, Cal Poly Campus. Thirty-sixth annual Poly Royal, sponsored by Cal Poly’s Associated Students, Inc., will feature wide variety of activities ranging from displays, demonstrations, and exhibits to intercollegiate rodeos, fashion shows, band concerts, a steak and chicken barbecue luncheon, livestock shows, a carnival, several dances, and art shows. Some 60,000 guests are expected to attend. See detailed schedule of activities for times, etc., for individual events. Public invited.

$3 MILLION GIFT TO ESTABLISH "KELLOGG WEST" ANNOUNCED

The W. K. Kellogg Foundation of Battle Creek, Michigan, has announced a grant of $3 million to finance a continuing education center in California. The center--to be known as Kellogg West--will be constructed on a hilltop site at Cal Poly, Kellogg-Voorhis, Pomona. Announced by Emory W. Morris, chairman of the board of the foundation, the grant follows endorsement of the proposal for establishment of the center by the Board of Trustees of the California State Colleges in January.

Chancellor of the California State Colleges Glenn S. Dumke said last week that Kellogg West will serve the entire 19-campus state college system as a continuing education center for conferences, seminars, and other educational events linking the colleges with the public. Dr. Dumke said the gift is the largest cash grant ever received by a college in the state system. He credited Robert C. Kramer, president of Cal Poly, Kellogg-Voorhis, with initiating and developing the proposal.

The Kellogg West facility will include four interrelated structures, among them an educational center, residence facility, dining facility, and faculty-staff center. Audio and video connections to instructional services will link the center to all major academic areas of the college near Pomona.

Guy Thomas, Printing Technology and Management, was instrumental in conducting a guided tour through that department for some 60 high school journalism students recently. The tour included demonstrations on the department's new high speed electronic type setting machines.

Philip H. Overmeyer, Business Administration, addressed a luncheon meeting of the Rotary Club of San Luis Obispo at the Madonna Inn, early this month. Title of his remarks was "The Pro's and Con's of Compulsory Arbitration."

Larry D. Soderberg, Michael J. Kelly, and Robert P. Dailey, all members of the Military Science Department's Reserve Officers Training Corps cadet brigade have been selected to receive Army ROTC Scholarships by the Headquarters of the Sixth United States Army in San Francisco. They will receive full tuition, books, lab fees, and $50 per month subsistence allowance during their junior and senior years. Soderberg is majoring in mechanical engineering, Kelly, in industrial engineering, and Dailey, in social sciences.

Emily Putney, the wife of Sonoma State College faculty member Wright W. Putney who is suffering from a kidney ailment, is responding to treatment following purchase of a $12,000 artificial kidney machine with contributions received from throughout the state college system. The fund drive brought in more than $15,000 and is being managed by Sonoma State.

Acquisition of an offset process camera by the Printing Technology and Management Department has given a substantial boost to the college's offset printing courses according to Roderick W. Carruthers, head of that department. The new Model SST-1418 Graphic Arts Camera, valued at about $2,000 and donated by the nuArc Company, is being used in senior lithography classes.

Sixteen students of the Ornamental Horticulture Department are charter members of the first collegiate chapter of the American Institute of Floral Designers, which was formed on campus recently. Robert Gordon of the department's faculty is advisor to the new chapter.

APPLICANTS FOR VACANT POSITION ON COLLEGE SYSTEM STAFF BEING SOUGHT

An opening exists for an assistant administrative analyst on the office staff of Chancellor of the California State Colleges Glenn S. Dumke. Major responsibilities of the assignment will include review, preparation, and processing of contractual documents; assisting in preparation of analytical reports for administration of student financial aid programs; and reviewing and processing of Merit Award suggestions. Anyone interested in applying for the position may submit a resume to G. L. Merrill, chief of auxiliary and business services, in the Los Angeles office.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS THURSDAY NOON
STENO, CLERICAL OPENINGS ANNOUNCED BY PERSONNEL OFFICE

Announcements of three present and future openings on the college's clerical and stenographic staff were made last week by the Personnel Office. Included in the announcement were details regarding two intermediate stenographer positions on the staff of the Placement Office and an intermediate clerk position on the staff of the Business Management Division's Accounting Office.

The anticipated vacancy in the Accounting Office is in an assignment as an assistant cashier-clerk. It requires that applicants be permanent residents of the San Luis Obispo area, have experience in handling cashier duties or similar accounting responsibilities, and be able to meet the public pleasantly and effectively. The salary range is from $395 to $480 per month. One of the Placement Office positions involves secretarial duties and responsibilities, while the other would be associated with the campus recruitment responsibility.

Inquiries about any of the three positions are invited. Those interested are asked to contact the Personnel Office, Room 109, Administration Building, in person or call 546-2236, to obtain additional information.

BULLETIN ON EXCHANGE OPPORTUNITIES FOR FACULTY AVAILABLE

A bulletin of the federal government exchange program lists some 60 lectureships that are still available to faculty of colleges and universities in the United States for the 1968-69 academic year at institutions of higher learning in Europe, Asia, Africa, the Middle East, and Latin America. Also listed in the bulletin are preliminary announcements of awards for university lecturing and advanced research for 1969-70 in Argentina, Australia, Colombia, and New Zealand.

The bulletin is available and may be consulted in the office of Mrs. Mary Eyler who is faculty Fulbright advisor for the college in addition to her duties as financial aids officer. She may be contacted in Room 213, Administration Building.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS THURSDAY NOON
