ETHNIC STUDIES LISTED IN 1969-70 CATALOG

Fourty-five courses in ethnic studies will be included in Cal Poly's catalog of courses for 1969-70 when it is published next month, according to an announcement by President Robert E. Kennedy.

Many of the courses in the listing of interdisciplinary courses in ethnic studies have appeared in previous Cal Poly catalogs. Others have been finally approved and will be in the catalog for the first time this spring; and some will be available on an experimental basis during the 1969-70 academic year. Among those with special ethnic emphasis are courses in anthropology, art, economics, education, English, foreign languages, geography, history, home economics, music, philosophy, physical education, political science, and sociology.

The interdisciplinary course offerings were approved by a college-wide committee during a meeting last week. The committee had been assigned by President Kennedy to work on development of Cal Poly's approach to the matter of ethnic studies.

President Kennedy announced also that Rev. Bruce E. Tjaden, a minister for the United Campus Ministries and part-time member of the college faculty since September 1967, is serving as acting coordinator for the ethnic studies offerings and as chairman of the campus-wide ethnic studies committee.

Interdisciplinary Approach

The college president said that although a degree major curriculum will not be offered in ethnic studies, a proper selection of courses from those which will be listed in the catalog for next year might provide students with an interdisciplinary minor. "We hope students of both minority and non-minority groups will use the interdisciplinary courses in ethnic studies both as a supplement to their major work and as means of gaining better understanding of minority people," Dr. Kennedy said.

Dr. Kennedy said appointment of Rev. Tjaden as acting coordinator of the ethnic studies offering is on a part-time basis in addition to his teaching duties and his service with the United Campus Ministries. Rev. Tjaden has been teaching two courses in marriage and family development offered by the Home Economics Department. He is licensed as a marriage, family, and child counselor by the State of California. He is also an ordained minister of the Presbyterian Church.

A graduate of San Jose State College and of San Francisco Theological Seminary, Rev. Tjaden has been active with student groups at Cal Poly and at nearby Cuesta College since being assigned to San Luis Obispo in 1964. He has been a member of the City of San Luis Obispo's Human Relations Commission for the past five years and is a past president of that group. He is also chairman of the Campus Chaplains Council.

ETHNIC STUDIES LISTED IN 1969-70 CATALOG (Continued from Page 1)

President Kennedy said the college will conduct an intensive search for a qualified person for regular appointment as coordinator for its interdisciplinary ethnic studies courses. The college will welcome minority applicants for the coordinator position, he said.

Dr. Kennedy listed 5 major assignments given to the campus-wide ethnic studies committee. They are:

-- Take an in-depth look at present ethnic studies courses and decide how they can be broadened or updated to meet the specific needs for ethnic studies opportunities.

-- Preserve the interdisciplinary approach to ethnic studies and eliminate unplanned overlap and/or duplication in courses.

-- Investigate all of the presently-listed ethnic studies courses to determine whether they should be continued and/or whether new courses should be offered.

-- Maintain contact with representatives of minority groups to determine if Cal Poly's interdisciplinary approach to ethnic studies is meeting the needs of these groups.

-- Work with the college's non-minority faculty and students to determine how well the interdisciplinary approach to ethnic studies is meeting the needs of the student body at large in helping students gain greater understanding of subcultures.

In addition to Rev. Tjaden members of the college-wide committee on ethnic studies are Mrs. Bernice B. Loughran (Education Department) an art teacher; Gloria Jameson (English Department) and Donald W. Hensel (Associate Dean for Curriculum Planning), who expects to return to his former duties as a member of the Social Sciences Department faculty in September. Also Mrs. Marie F. Pfeiffer (Head of the Home Economics Department); Fuad H. Tellew (Business Administration Department), who specializes in economics; Harold P. Davidson (Head of the Music Department); and Sharron L. Kerr (Physical Education Department) a modern-dance teacher.

BIDS CALLED ON TWO CAMPUS RPROJECTS

Bids for two different Cal Poly projects have been called, according to information received from the Office of Architecture and Construction last week. They are for installation of 3,200 lineal feet of new sewer lines and for correction of code deficiencies in the over-head electrical distribution system throughout the campus. Architects estimates of costs for the projects are $83,000 and $22,000 respectively. Bids on both projects are to be opened April 22 at the Office of Architecture and Construction Offices in Sacramento.
COLLEGIANS, MEN'S GLEE CLUB SLATE THURSDAY CONCERT APPEARANCE

Thursday (April 10) morning's College Hour Concert appearance by the Collegians Stage and dance band and the Men's Glee Club is being billed as a preview of the 28th annual Home Concert. The College Hour Concert, which is scheduled for 11 a.m. in the Cal Poly Theater, will also include performances by both the Collegiate Quartet and "The World Famous Majors and Minors."

Tickets for the Home Concert, priced at $1.25 for adults and $.75 for students and children, went on sale last week. They may be purchased at Brown's Music Store and Ogden's Stationers store in San Luis Obispo; at the Associated Students, Inc., Office located in the Temporary College Union Building; and from individual members of the performing groups.

In addition to the four ensembles that will perform during Thursday morning's College Hour program, the Women's Glee Club and Women's Sextet will be featured during the Home Concert. Harold P. Davidson (Head of the Music Department), who originated the Home Concert series in 1941, is conductor of all six groups.

COMMITTEE ON CAMPUS PARKING BEGINS MEETINGS

The nine members of the Fact-Finding Committee on Campus Parking who were appointed recently by President Robert E. Kennedy held their initial meeting last week and began plans for a study of campus parking. Members of the group, which includes three representatives each of staff, faculty, and students were recommended by Boyd Wettlauffer, chairman of the Staff Senate; Rod Keif (Environmental Engineering), interim chairman of the Academic Senate; and Warren Burgess, president of the Associated Students, Inc.

Those appointed to the fact-finding group, which is slated to select its chairman during a meeting planned for today (Tuesday, April 8), are Rex Swan, Bruce Dunn, and Linda Farrell, all representatives of the student body; faculty representatives William Buschman (Mathematical Sciences Department), Dan Sobala (Aeronautical Engineering Department), and Maurice Wilks (School of Architecture); and Mrs. Lila Carpenter (Counseling Center), Charles Penwell (Cal Poly Foundation), and Lloyd Dietrich (Security), all staff representatives.

INCREASED MATERIALS, SERVICES FEE ANNOUNCED

An increase in the student Materials and Services Fee of $5 per quarter for regular students and $2 per quarter for limited students has been approved by Trustees of the California State Colleges and will become effective with start of the Summer Quarter, 1969-70, in June. Under the new fee schedule, regular students will pay $34 per quarter and limited students, $17.

The trustees' resolution approving the increase also included provisions review and study of alternative methods of funding of the items covered by the Materials and Services Fee.

To be accomplished by the CSC chancellor's staff, the review and study will involve consultation with the presidents of the state colleges and with the California State College Student President's Association, and is scheduled for presentation to the trustees prior to their review of the 1970-71 budget.
REMINDER ON AIR CHARTER FLIGHTS ISSUED BY DEAN OF STUDENTS

Students and faculty who may be arranging air charter flights are being reminded by Everett M. Chandler (Dean of Students) that travel agents may not use association with the college for purposes of promotion if such use in any way implies approval of sponsorship by the college.

Dean Chandler, who based his remarks on a recent communication from Ernest A. Becker, acting dean for student affairs for the California State Colleges, said last week the college name and address may not be used for the purpose of soliciting or arranging business.

Charter flights which do, however, comply with specific stipulations may be arranged. Circumstances under which such flights may be arranged are contained in Executive Order No. 10, which was issued by Chancellor Glenn S. Dumke, Sept. 16, 1965, Dean Chandler said. Copies of that order are available in the Associated Students, Inc., Office located in the Temporary College Union Building.

AAUP SCHEDULES PROGRAM ON HIGHER EDUCATION RECOMMENDATIONS

The next AAUP luncheon-discussion session is scheduled for tomorrow (Wednesday, April 9) in the Staff Dining Room. Subject for discussion is the "Summary of Recommendations" closing A Report on Public and Private Higher Education to the Joint Committee on Higher Education of the California Legislature by a special committee headed by Jesse M. Unruh and Donald L. Grunsky.

The general subjects on which recommendations are made include the structure and governance of public higher education, equality of opportunity in higher education, attrition and the flow of students, the role and financing of private higher education, financing of public education, and urban focus.

Opening the list is this statement: "We recommend the consolidation of the University of California and the California State Colleges into a single unified system of public higher education."

All members of faculty and staff are invited.

MEN'S GYMNASIUM WILL BE SITE OF CANNED HEAT CONCERT

Canned Heat, a blues-oriented musical group with 2 top-40 single records and three hot-selling albums, will perform on campus Saturday (April 12). The concert is scheduled for 8 p.m., in Men's Gymnasium. Only Cal Poly students and persons holding associate memberships in the Associated Students, Inc., may purchase the $2.50 tickets for the program. Tickets for all other persons will be $3.50. Tickets at both prices are available at the ASI Office located in the Temporary College Union Building.
COMING EVENTS

Books At High Noon Luncheon -- Tuesday, April 8, 12 noon, Staff Dining Room. Panel discussion of *Psychology From the Center*, co-authored by Rahe Corlis and Peter Rabe. Public invited.

Varsity Tennis -- Tuesday, April 8, 2:30 p.m., Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. Fresno State College. Public invited.

FFA Banquet -- Tuesday, April 8, 6:30 p.m., Staff Dining Room. Annual Future Farmers of America sectional farm program awards dinner; sponsored by Bank of America. By invitation.

Cal Poly Women's Club General Meeting -- Tuesday, April 8, 8 p.m., Dexter Memorial Library, Room 129. Regular monthly meeting of club. Members invited.

College Career Day -- Wednesday, April 9, all day, Home Economics Department. Annual gathering of high school and junior college students, instructors, and counselors interested in Home Economics as a college study major; sponsored by Home Economics Department. By reservation.

AAUP Luncheon -- Wednesday, April 9, 12 noon, Staff Dining Room. Discussion of "The Summary of Recommendations" to *A Report on Public and Private Higher Education*, which has been written under the leadership of Assemblyman Jesse Unruh and Senator Donald M. Grunsky; sponsored by campus chapter of the American Association of University Professors. Faculty and staff invited.

Bank of America Achievement Award Competition -- Thursday, April 10, all day, various campus locations. Annual achievement award competition among local high school students; sponsored by Bank of America. By invitation.

College Hour Concert -- Thursday, April 10, 11 a.m., Cal Poly Theater. Program featuring the Men's Glee Club and Collegians stage and dance band. Public invited.

Physics Seminar -- Thursday, April 10, 11 a.m., Science Building Room E-26. Discussion of "Be Stars Methods of Photo Electrical Observation" by Joseph Boone; sponsored by Physics Department. Students, staff, and faculty invited.

Architecture Speaker -- Thursday, April 10, 8 p.m., Architecture Gallery. Talk by architect Don Knorr, co-sponsored by student chapter of the American Institute of Architects and School of Architecture. Public invited.

Varsity Baseball -- Friday, April 11, 2:30 p.m., Campus Diamond. Cal Poly vs. California State College at Fullerton. Public invited.

Varsity Tennis -- Friday, April 11, 2:30 p.m., Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. Cal Poly at Pomona. Public invited.

Varsity Tennis -- Saturday, April 12, 10:30 a.m., Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. California State College at Fullerton. Public invited.

(Continued on Page 6)
COMING EVENTS (Continued from Page 5)

**County Historical Association Luncheon** -- Saturday, April 12, 12 noon, Staff Dining Room. Meeting of San Luis Obispo County Historical Association featuring illustrated talk on "Cal Poly Today and Tomorrow" by E. Douglas Gerard. Public invited.

**Varsity Baseball** -- Saturday, April 12, 12:30 p.m., Campus Diamond. Cal Poly vs. California State College at Fullerton. Public invited.

**Varsity Track** -- Saturday, April 12, 1 p.m., Track Field. Cal Poly vs. Cal Poly at Pomona. Public invited.

**Canned Heat Concert** -- Saturday, April 12, 8 p.m., Men's Gymnasium. Concert featuring the blues oriented rock group, Canned Heat; sponsored by College Union Assembly Committee. Tickets, $2.50 for Cal Poly students, $3.50 for all other students and general public.

**Coffee House Review** -- Sunday, April 13, 7:30 p.m., Staff Dining Room. Coffee house atmosphere with live music for relaxation; sponsored by College Union Special Events Committee. Students, faculty and staff invited.

**ROTC Speaker** -- Monday, April 14, 8 p.m., Cal Poly Theater. Talk by Walter B. Wentz of Claremont Men's College on "Nuclear Proliferation -- Political and Military Implications of the Diffusion of Atomic Weapons," co-sponsored by Military Science Department and Social Sciences Club. Students, faculty, staff and guests invited.

**Cal Poly Women's Club Walking Section** -- Tuesday, April 15, 9 a.m., 252 Albert, San Luis Obispo. Meeting for tour of Cuesta Park area of San Luis Obispo. Members invited.

**Books At High Noon Luncheon** -- Tuesday, April 15, 12 noon, Staff Dining Room. Review of Ariel and Will Durant's *The Lessons of History* by B. L. Scruggs. Public invited.

**Cal Poly Women's Club Foreign Student Section** -- Tuesday, April 15, 7:30 p.m., International Lounge. Celebration of foreign students' April birthdays. Members invited.

**Cal Poly Women's Club Home and Garden Section** -- Wednesday, April 16, 9:30 a.m., 103 LaEntrada, San Luis Obispo. Talk on "Buying and Selling a Home," by Jack Ready. Members invited.

**CSEA Luncheon** -- Wednesday, April 16, 12 noon, Staff Dining Room. Talk on bullfighting by Frank R. Martinez during monthly meeting of Chapter 97 of the California State Employees Association. Members and guests invited.

**IEEE Speaker Program** -- Wednesday, April 16, 8 p.m., Cal Poly Theater. Talk by Paul R. Smor of Vandenberg Air Force Base on "The Bargain of Aeronautics" co-sponsored by Vandenberg Section and Cal Poly student Chapter of the Institute of Electrical and Electronic Engineers. Public invited.

**Cal Poly Staff Club Luncheon** -- Thursday, April 17, 12 noon, Staff Dining Room. Speaker and topic to be announced. Faculty and staff invited.
DEADLINES AND DATELINES

Requests for purchase (Form 5) for supplies or equipment which are to be charged to current 1968-69 appropriations must reach the college Purchasing Office no later than next Tuesday (April 15), if they are for items which must be processed through the State Office of Procurement on estimate forms, and June 1, if they are for items which can be ordered on local Sub-Purchase Orders. Additional information or clarification may be obtained by contacting the Purchasing Office, Adm-117, 546-2231.

Friday (April 11) will be the last opportunity for students to withdraw from Spring Quarter classes without penalty.

Thursday (April 10) is the deadline for receipt of nominations for membership on the Cal Poly Academic Senate, the California State Colleges Academic Senate, and the Personnel Review Committee of the campus Academic Senate in the Office of Corwin Johnson (Head of the Crops Department), who is chairman of the local senate's Elections Committee.

Nominations for two Associated Students, Inc., awards for members of the college faculty and staff are due April 18. The honors which annually recognize voluntary efforts on behalf of students and student activities programs, are the Charles E. Plath Memorial Staff Award and the Faculty Advisor of the Year Award. They will be presented during the ASI Spring Awards Banquet, May 18. Information may be obtained or nominations made by contacting the ASI Awards Committee, ASI Box 22, Temporary College Union Building.

TRACK, BASEBALL EVENTS TOP CAMPUS SPORTS SLATE

Track and field and baseball events scheduled for Friday and Saturday (April 11-12) top the schedule of campus sports action for the week. Also on tap are a trio of dual matches which will pit the Mustang tennis varsity of Coach Leroy B. Hughes against California Collegiate Athletic Association opponents.

A three-game series that opens with a single game at 2:30 p.m., Friday, on the Baseball Diamond, will find Coach Bill Hicks' Mustang diamondmen returning for their first home contest in nearly two weeks. Opponent for the series, which will find the Cal Poly nine opening its 1969 CCAA campaign, will be California State College at Fullerton's Titans. The Mustang diamondmen bested California State College at Hayward 3-2 last week to boost their won-lost mark for the season to 10-10-1. Starting time for Saturday's doubleheader will be 12:30 p.m.

Coach Dick Purcell's cinder team, which had its dual meet with San Fernando Valley State College rained out last weekend, returns to action Saturday, when it is slated to host Cal Poly at Pomona in a meet expected to begin at 1 p.m., Saturday, on the campus track. The Mustang thinclads posted victories over University of Washington and California State College at Los Angeles in their only other dual meets of the season.

A dual match planned for 2:30 this (Tuesday, April 8) afternoon opens the week for Cal Poly's netmen. After that encounter with Fresno State College's team, the Mustang tennis club hosts Cal Poly at Pomona beginning at the same time Friday, and Cal State at Fullerton at 10:20 a.m., Saturday. All three matches are scheduled for the Tennis Courts located adjacent to the Men's Gymnasium.
CAREER DAY PROGRAMMED TO MAKE PARTICIPANTS "STUDENTS" FOR DAY

Considering the propensity for good food that women seem to have when they get together, it is no wonder that the second annual College Career Day of the Home Economics Department should begin with a snack. But the nearly 400 high school and junior college students, instructors, and counselors attending the College Career Day tomorrow (Wednesday, April 9) may find the meals to be the least fulfilling portion of the program.

The participants -- divided into groups of 20 -- will become "students" of the department for the day. Their schedule is being planned to approximate "a day in the life" of a seasoned Cal Poly home economics student. Tours of the campus and facilities, and seminar discussions led by Cal Poly students, and participation in actual home economics classes will make up the "students" day. Also scheduled for the Career Day program is a box luncheon and an entertainment session, consisting of skits on the "This Is College Life" theme.

The entire program, according to Miss Berlin, is being produced with volunteer effort of the Home Economics Department. In addition to the 12 members of the planning committee, many of the Cal Poly department's 625 students are involved in staging the career day.

NEW EQUIPMENT ADDED TO PHYSICS DEPARTMENT LABORATORIES

New equipment worth $20,000 has been added to facilities of the Physics Department. Approximately 1,200 students each year are expected to benefit from the acquisition, which will make possible 6 new experiments and problems for beginning students and about eight for advanced students of physics. The equipment was purchased with equal contributions of $10,000 from Cal Poly and the National Science Foundation which administers educational science grants.

Dr. Arthur Rosen (Physics Department), who coordinated the NFS grant, said the equipment includes several air track systems, which eliminate friction for certain experiments; a laser beam and microwave unit for the study of light waves; electrical measuring devices to provide greater accuracy in experimentation; and other devices which allow students to experiment directly with electric and magnetic deflection of electrons.

According to Dr. Rosen, the new equipment was purchased to update and improve the Physics Department's educational facilities and to make its classroom equipment similar to that being used today in industry and research.

INFORMATION ON N S F MATHEMATICS, SCIENCE PROGRAMS AVAILABLE ON CAMPUS

Information concerning National Science Foundation summer institutes and conferences for secondary school teachers of science and mathematics is currently available in the Research and Development Office. Multi-term proposals for summer institutes are due at NSF May 1, proposals for all other summer institutes are due July 1, and proposals for summer conferences are due October 1. Further details regarding the programs may be obtained by contacting the Research and Development Office, Adm-311, 546-2650, and asking for Folder 71.
STARTING SALARIES AVERAGE $85 HIGHER FOR 1968 GRADS

Cal Poly graduates started work at salaries averaging $85.80 a month more in 1968 than the starting salaries of the 1967 graduates. Eugene A. Rittenhouse (Placement Officer) reports the starting salary figures are based on a survey of 599 of the college's 1259 June, 1968, graduates.

Graduates of the eight instructional departments in the School of Engineering were offered the highest starting salaries -- an average of $756 per month. This represents an increase of $71 per month over 1967. Electrical engineers received the highest average starting salary, $819 per month. Architecture graduates had starting salaries averaging $681; applied sciences graduates, $676; agriculture, $644; and applied arts, $612.

Starting salaries ranged from $603 to $850 for engineers; $500 to $880 for applied sciences graduates; $540 to $851 for architects; $428 to $850 for agriculture graduates, and $400 to $850 for applied arts graduates.

SALE OF LANDSCAPE PLANTS SLATE SATURDAY

Cal Poly faculty, staff, and students will be able to freshen up their home yards with decorative shrubbery and Azaleas during the Landscape Plant Special Day to be held at the old Ornamental Horticulture Unit from 8 a.m. to 4 p.m., Saturday (April 12). Howard Brown, (Head of the Ornamental Horticulture Department) says a wide variety of shrubbery will be available. Tomato plants and vegetable transplants will also be in stock.

All of the Ornamental Horticulture Department stock now at the old unit on Grand Avenue is scheduled to be moved to the new unit located near the Horse Unit. The plants to be sold Saturday have been grown as part of the instructional management enterprise program. Students participating in the program share any profits resulting from the sale.

AUDIO VISUAL EQUIPMENT FOR POLY ROYAL

This year, as in the past, the Audio-Visual Department is making all audio-visual equipment on campus available for use during Poly Royal, April 25-26. With the limited amount of equipment that is available and heavy scheduling anticipated, all equipment now on quarter loan may be recalled for the Poly Royal weekend and re-issued for events scheduled as part of the annual open house activity.

Departmental clubs and student organizations should be advised to schedule A-V equipment for their Poly Royal projects by first obtaining a Form 81 from the Activities Office, Temporary College Union and then contacting the A-V Service Office, Room 9, Business Administration and Education Building. Requests will be filled on a first-come, first-served basis. Since there has never been enough equipment to fill all requests, the A-V Department is urging members of the faculty and staff who may be advisors to student groups to have their organizations submit their requests now.
FIVE OPENINGS ON SUPPORT STAFF LISTED BY PERSONNEL OFFICE

Five openings for positions on the support staff of the college have been announced by Milton Piuma (Staff Personnel Officer). Descriptions of the positions are posted along with information on other openings that have been announced recently, on the bulletin board located in the Personnel Office, Adm-111, 546-2236. Brief specifications for the newly-announced positions are:

Clerical Assistant II (Stenography), Range B ($446-$543). Agricultural Engineering and Food Processing Departments, School of Agriculture. Takes dictation; transcribes shorthand notes; types correspondence, technical reports, examinations, and engineering and scientific materials, and acts as office receptionist. Applicants must have passed the General Clerical Test, take dictation at 90 wpm and type 45 wpm, and should have experience in scheduling work and meeting public. Position available May 1.

Clerical Assistant II (Stenography), Range B ($446-$543). Poultry Department, School of Agriculture. Takes dictation, transcribes shorthand notes, acts as office receptionist and files various material. Applicants must have passed the General Clerical Test, take dictation at 90 wpm, and type 45 wpm.

Technical Assistant II ($505-$614). Biological Sciences Department, School of Applied Sciences. Primary duties include maintenance and operation of greenhouse and animal room, requisitioning supplies, and maintaining stock records. Should have knowledge of names, uses, and care of materials, and laboratory methods utilized in biological instructional program.

Telephone Operator ($415-$505). General Office, Business Affairs Division. Operates non-multiple telephone switchboard in main lobby of Administration Building, assists telephone users in respect to placing calls through Centrex System, and provides campus visitors with information regarding location of buildings and offices.

Dairyman ($676-$821). School of Agriculture. College BS degree with major in dairy husbandry and experience in working with commercial and purebred dairy cattle required. Responsible for all records including breeding, health, inventories, and others designated; supervises student labor in feeding, milking, cleaning, and related work; responsible with veterinarians for all herd health, plus day-to-day supervision of the dairy operation.
