REVISED SUMMER QUARTER WORK HOURS APPROVED ON EXPERIMENTAL BASIS

A revised schedule of Summer Quarter work hours that will see staff employees work from 8 a.m. to 4:30 p.m., with a half-hour lunch period, has been approved on an experimental basis by President Robert E. Kennedy. Becoming effective on June 16, the new schedule will be in effect for both the 1969 and 1970 Summer Quarters before being evaluated to determine if those hours or a modified schedule might be appropriate for year-round use. Under the experimental program, employees may elect to continue working from 8 a.m. to 5 p.m., and taking an hour-long lunch period at the discretion of their supervisor.

Dr. Kennedy's approval of the revised work hours was based on a suggestion of the Staff Council that such a schedule be used on an experimental basis for the 1969 Summer Quarter, and on recommendation of approval by the President's Council. The two-year trial period is planned to allow sufficient experience for thorough evaluation. Study of the merits of the revised hours will be conducted by Larry Voss (Director of Personnel Relations).

In a related action, President Kennedy approved another Staff Senate recommendation that will grant staff employees a holiday on Nov. 28, 1969, in lieu of Oct. 12 (Columbus Day). Doing so provides staff, as well as academic employees of the college with a four-day Thanksgiving Day holiday.

FIVE NEW MEMBERS ELECTED TO GRIEVANCE COMMITTEE

Five new members, including one from each of the instructional schools of the college, have been elected to the Grievance Committee of the Academic Senate. They are Leo Sankoff (Poultry Industry Department), School of Agriculture; Robert O. Boothe (Speech Department), School of Applied Arts; Arthur Z. Rosen (Physics Department), School of Applied Sciences; Wesley S. Ward (School of Architecture), School of Architecture; and Joy O. Richardson (Mechanical Engineering Department), School of Engineering. All will serve three-year terms of office.

Members of the 15-man committee elected Volmer A. Folsom (Mathematical Sciences Department) to be chairman during the 1969-70 academic year.

Continuing on the committee are Frank Fox and LaVerne Bucy (both Animal Husbandry Department), School of Agriculture; Fuad H. Tellew (Business Administration Department) and Edward J. Jorgenson (Physical Education Department), School of Applied Sciences; Folsom and A. L. Houc (Chemistry Department), School of Applied Sciences; William R. Phillips and Hans L. Mager (both School of Architecture), School of Architecture; and Clifford J. Price (Aeronautical Engineering Department) and Orien W. Simmons (Welding and Metallurgical Engineering Department), School of Engineering.
ARCHITECTURE LABS FEATURED IN "CAL POLY TODAY"

Laboratories of the School of Architecture are featured in the current issue of Cal Poly Today published last week. The tabloid publication is sent to alumni and friends of the college.

The feature article describes the largest program in the history of architecture in the United States and the distinctive use of laboratories. Each laboratory includes individual study and drafting cubicles for students as well as seminar areas designated as "the arena." The combination has been described by some as "the forerunner of education of the future."

The publication also describes the college's recent Poly Royal open house, Summer Quarter and Summer Session course offerings, the college's interdisciplinary ethnic studies program, and the activities of students, faculty, and alumni.

SILVA NAMED "OUTSTANDING SENIOR" IN SCHOOL OF AGRICULTURE.

Anthony Silva of Los Banos is the outstanding senior agricultural student for 1969 at Cal Poly. Silva, who plans to enter agricultural education, was presented the Carl G. Beck trophy and a gold wrist watch which signify that honor during a banquet honoring the outstanding Cal Poly agricultural students last Wednesday (May 28).

The 22-year-old Agricultural Business Management major has served as chairman of the agriculture student council during the past year, chairman of the Associated Students Inc., Finance Committee, and recently was elected president of the Collegiate FFA, the organization of students planning to become vocational agricultural instructors.

Silva has been involved in a host of co-curricula activities at Cal Poly since his Freshman year. He has been a member of the Student Affairs Council, the college dairy cattle judging team, the Agricultural Business Club, and Los Lecheros, the club of students interested in the dairy industry.

ALTERNATE DATE FOR GOLF TOURNAMENT COMPETITION SCHEDULED BY COMMITTEE

Those who are unable to compete in the Cal Poly Staff Club's Spring Golf Tournament, which is planned for Saturday (June 7), because of other commitments, may compete for the event's low net championship Sunday (June 8), according to an announcement from George Davies (Admissions Officer) and Edward Jorgenson (Physical Education Department). It will be necessary, however, that those planning to play on the alternate day notify the committee so that appropriate arrangements for including scores in the tourney tally can be made.

Regular play in the tournament is slated to begin at 8 a.m., Saturday, on the San Luis Obispo Country Club course and should allow participants plenty of time to complete their rounds and still take part in Commencement activities that afternoon. Calloway handicaps will be used and a large number of prizes should assure plenty of fun for all players, according to Jorgenson and Davies who are co-chairmen of the committee. Reservations will be needed and can be made by calling 546-2546.
COLLEGE UNION BOARD OF GOVERNORS HOLDS INITIAL MEETING

Presentations designed to familiarize individual members with their duties and with the operational, organizational, and construction plans for the Julian A. McPhee Memorial College Union Building occupied the attention of members of the new College Union Board of Governors during its first meeting. Held last Thursday (May 29) afternoon, the meeting included presentations by E. Douglas Gerard (Associate Dean, Facilities Planning); George Homsey, a representative of the architectural consultant for the building, Joseph Eschrick Associates; and William Mason, consultant for the building's interior decoration.

Voting members of the new Board of Governors include two representatives each of the Academic and Staff Senates, one representative of the Cal Poly Alumni Association, and 10 representatives of the Associated Students, Inc. In addition, President Robert E. Kennedy, Donald S. Nelson (Director of Business Affairs), Roy Gersten (ASI Business Manager), Gene Brendlin (Cal Poly Foundation Business Manager), and two as-yet-unnamed representatives of the ASI Student Executive Cabinet are nonvoting members.

Representatives appointed to membership on the board for 1969-70 are Jeffrey Clemmer, Larry Hirahara, Michael Robinson, Robert Schwab, and Barbara Scott, all students; Richard Loomis of the alumni association; Harry Finch (Biological Sciences Department), Academic Senate; and Ray Morton (Purchasing Officer), Staff Senate.

Those appointed to terms expiring in June 1971, are Ken Bruggeman, Walter Fisher, Michael Kaney, Diane Wood, and Jeffrey Whittaker, representing the ASI; William V. Johnson (Music Department), representing the Academic Senate and John Lucin, representing the Staff Senate. Others taking part in last week's meeting included J. Dan Lawson (Associate Dean, Student Activities) and Everett M. Chandler (Dean of Students).

Functions and guidelines for operation of the new College Union Building by the Board of Governors are outlined in the College Union Management Plan developed and adopted unanimously by participants of the College Union Conference last December, and recommended by both the Student Affairs Council and the President's Council early this year. Dr. Kennedy approved the plan, which is included in the College Administrative Manual as Appendix IX, on Feb. 27.

95 WRASSE SCHOLARSHIPS AWARDED FOR 1969-70

Ninety-five Cal Poly students will share in the $47,500 in Leopold Edward Wrasse Scholarships during the 1969-70 academic college year. The $500 scholarships have been awarded to 57 young people who will be first-time students and 38 who will be continuing students next year. Additionally, 20 students have been named as alternates, eligible to receive one of the scholarships if any of the 95 awardees is unable to attend Cal Poly.

The scholarships, provided by earnings from a fund established by the late Wrasse, a Fresno County farmer, are available to students of agriculture. Priority in awarding the grant is given first to graduates of Caruthers Union High School, who may use the grants for study in any field offered at Cal Poly, then to Fresno County applicants, and continuing students need not have been previous Wrasse scholarship winners to qualify for a grant.
"CAL POLY REPORT" CONCLUDES 19TH YEAR OF PUBLICATION

Cal Poly Report, which began its tenure as Cal Poly's administrative news bulletin for faculty and staff as Staff Bulletin, concludes its 19th year of publication with this issue. Its 20th year is scheduled to begin with publication of the next edition June 17. Summer issues are presently planned for July 8 and 22, and for August 5 and 19. A special edition is being planned for Sept. 12 with regular weekly publication schedule to resume with the issue of Sept. 23.

Deadline for receipt of copy for Cal Poly Report will continue to be 12 noon on the Friday before publication. Suggested copy, which may be mailed or taken to the Information Services Office, Adm-210, should be typewritten, double-spaced, and bear an indication of the information source.

TEMPORARY RESPONSIBILITY FOR SPECIAL PROGRAMS ASSIGNED TO DEAN MORRIS

Donald Morris (Associate Dean, Continuing Education), who will begin his new assignment June 16, will also assume responsibility for the Office of Special Programs pending the return to active duty of George Beatie (Associate Dean, Special Programs), who is currently on sick leave, according to Dale W. Andrews (Academic Vice President). George P. Couper will conclude his duties as consultant on special programs June 14, according to Dr. Andrews.

ALUMNUS VISITS CAMPUS AS CONSULTANT ON INTERNATIONAL AGRICULTURE

Donald M. Taylor of Oregon State University consulted last week with School of Agriculture faculty members relative to the international agriculture program leading to a Master of Science Degree in agriculture. The program will be offered for the first time in the 1969-70 academic year.

Taylor, an agricultural journalism graduate of Cal Poly, has worked with the extension program aimed at helping agricultural exporters in Oregon since January, 1967. Next month he joins the Western Wheat Associates as director of a new Korean office in Seoul, Korea. Western Wheat Associates is cooperating with the United States Department of Agriculture in market development work overseas.

During his Cal Poly visit, Taylor reviewed the curriculum offering of the International Agricultural program and made suggestions relative to emphasis areas in marketing and cultural studies. He was enthusiastic about the prospect of the new Cal Poly program, which is designed to prepare students with a background in agriculture for work overseas.

RETURN OF USED INTER-CAMPUS MAIL ENVELOPES REQUESTED BY DUPLICATION CENTER

Return of inter-campus mail envelopes which have unused address lines remaining is being requested by the Duplication Center. Individuals and offices having supplies in excess of their needs for the foreseeable future are asked to return them through campus mail to the Duplication Center, Adm-129.

"MAGIC KINGDOM" CARDS AVAILABLE IN PAYROLL OFFICE

"Magic Kingdom" cards, which provide admission and ride tickets at Disneyland Park in Anaheim at discount prices, are available for college employees and may be picked up in the Payroll Office, Adm-110.
COMING EVENTS

Final Examinations -- Tuesday through Friday, June 3-6. Spring Quarter final examinations for all Cal Poly students.

Cal Poly Women's Club General Meeting -- Tuesday, June 3, 8 p.m., Dexter Memorial Library Room 129. General meeting of women's club. Members invited.

San Luis Obispo Newcomers Club Tour -- Wednesday, June 4, 10 a.m., Ornamental Horticulture Unit. Tour of new Ornamental Horticulture Department facilities; hosted by the department. Members invited.

Water Quality Control Workshop -- Thursday and Friday, June 5-6, all day, Music, Speech, and Drama Building Room 218. Training program for waste treatment plant operators; sponsored by Central Coastal Regional Water Control Board and hosted by the Agricultural Engineering Department. By invitation.

Senior Barbecue -- Friday, June 6, 6 p.m., Cuesta Park, San Luis Obispo. Steak barbecue, refreshments, and the Repertory Music Company will be featured during annual picnic; sponsored by the Senior Class. Free to Senior Class cardholders; guests, $2.

Rehearsal for Commencement -- Friday, June 6, 11 a.m., Mustang Stadium. Rehearsal for Commencement program. Participants invited.

End of Spring Quarter -- Saturday, June 7. Official close of Spring Quarter for Cal Poly students and faculty.

ROTC Commissioning -- Saturday, June 7, 10 a.m., Cal Poly Theater. Ceremony conferring second lieutenant commissions on 71 graduates of Cal Poly's Reserve Officers Training Corps program; sponsored by the Military Science Department. Public invited.

Senior Brunch -- Saturday, June 7, 11 a.m., Student Dining Room. Traditional breakfast with entertainment provided by faculty and administration leaders; sponsored by the Senior Class. Tickets, $1.75 guests; free to Senior Class card holders.

Phi Kappa Phi Initiation -- Saturday, June 7, 2 p.m., Cal Poly Theater. Initiation ceremony for students selected for membership in Phi Kappa Phi national academic honor society; sponsored by campus chapter of the society. Public invited.

Senior Ball -- Saturday, June 7, 9 p.m., Steenler Glenn, San Luis Obispo, traditional dance with music provided by Cal Poly Collegians. Free to Senior Class card holders, their guests, and their parents.

Grange Picnic -- Sunday, June 8, 8 a.m. to 3 p.m., Poly Grove. Picnic of San Luis Obispo Grange 639. Members and families invited.

(Continued on Page 6)
WOEST WILL RECEIVE HAMILTON WATCH AWARD

James D. Woest, a 21-year old industrial engineering student from Biggs, has been named to receive the highest honor that can be given a graduating senior at Cal Poly. He will receive the Hamilton Watch Award, a gold engraved watch provided by the Hamilton Watch Company, Lancaster, Pa., during the traditional Senior Brunch which will precede Cal Poly's 63rd annual Commencement Saturday, June 7.

The Hamilton Watch Award annually goes to the college's candidate for the Bachelor of Science Degree who has most successfully combined proficiency in the sciences or engineering study with achievements, either academic or co-curricular, in the social sciences or humanities.

Besides his crowded record as a participant in campus affairs, Woest has a 3.78 grade average and has consistently been named on the Deans' and President's Lists. He belongs to the Industrial Engineering Club, California College Republicans, Society for the Advancement of Management, and Blue Key and Phi Kappa Phi national honor societies. Since entering Cal Poly in 1965 he has served as a member of the Engineering Council and the Student Affairs Council.

COMING EVENTS (Continued from Page 5)

Rotary Club Picnic -- Sunday, June 15, 10 a.m. to 6 p.m., Poly Grove. Father-Family Day picnic of San Luis Obispo Rotary Club. Members and families invited.

Summer Quarter Registration -- Monday, June 16, 8 a.m. to 12 noon, Men's Gymnasium. Regular registration for Summer Quarter classes for Cal Poly students.

Summer Quarter Classes Begin -- Tuesday, June 17, campus. Summer Quarter classes begin for Cal Poly students.

Late First Summer Session Registration -- Monday, June 23, 8 a.m. to 12 noon, Administration Building Rooms 106-107. Late registration for the first Summer Session for Cal Poly students; regular registration in advance by mail.

First Summer Session Classes Begin -- Tuesday, June 24, campus. First Summer Session classes begin for Cal Poly students.

Late Summer Quarter Registration -- Tuesday, June 24, Administration Building Room 219. Final day to register for Summer Quarter classes for Cal Poly students.

Final First Summer Session Registration -- Thursday, June 26, Administration Building Room 219. Last day to register for First Summer Session classes for Cal Poly students.

DEADLINES AND DATEDLINES

Friday (June 6) will be the last day for instructors to report graduating seniors who are failing course work to the Registrar's Office, Adm-219. Spring Quarter grades for all students are due in the Registrar's Office from instructors by 5 p.m., next Tuesday (June 10).
1969 GRID SLATE FEATURES 8 HOME CONTESTS

Seven exciting home games will be featured on Cal Poly's 1969 football schedule. Arch-rival Fresno State College, powerful Boise State College, former league foe California State College at Long Beach, always dangerous University of California at Santa Barbara, improved Cal Poly at Pomona, Western Washington College, and Simon Fraser University will all invade Mustang Stadium this fall.

Head football coach Joe Harper and his staff will take the Mustang football fortunes on the road to San Francisco State College, San Fernando Valley State College and the University of Montana to round out the 1969 slate. The Mustangs, who posted a 7-3 in their first year under Harper, will open the 1969 campaign Sept. 20 at San Francisco State.

The next four-weekends will find Cal Poly at home. Sept. 27 the Mustangs will entertain Western Washington. Another out-of-state opponent, powerful Boise State, will invade Mustang Stadium Oct. 4. Simon Fraser, located in British Columbia, will trek to San Luis Obispo for an Oct. 11 game against the Mustangs. Former CCAA foe and longtime rival Fresno State will close out the four-game homestand Oct. 18.

On Oct. 25 Cal Poly will journey to Northridge for a league encounter against San Fernando Valley State. Nov. 1 the Mustangs play host to Cal State Long Beach in the annual Cal Poly Homecoming game. Nov. 8 Harper's gridiron gladiators will travel to the chilly Northern Rockies for a game against the University of Montana in Missoula, Mont. Cal Poly will close out the 1969 season with a pair of home engagements. Nov. 15 UC Santa Barbara will challenge Cal Poly at Mustang Stadium. The 1969 football finale will be played Nov. 22 when the Mustangs entertain CCAA opponent Cal Poly Pomona's Broncos.

All of the Mustang's 1969 home contests, except the Homecoming Game with Cal State Long Beach and the UC Santa Barbara contest, are scheduled for 7:30 p.m. Those games are planned for 1:30 p.m. kick-offs.

SUMMER SWIMMING PROGRAMS WILL OPEN JUNE 24

The instructional and recreational programs in swimming for students, faculty, staff and their dependents will open June 24 and conclude July 31, according to an announcement from the Physical Education Department, which provides the programs as a service to the campus community.

Sign-up for the instructional program will be from 10 a.m. to 12 noon, June 24, at the Natatorium located adjacent to Crandall Gymnasium. Classes, which will be held during the same hours, will begin the following day and continue, Monday through Thursday, through the end of July. Participants will be assigned to various sections according to their swimming ability. Recreational swimming will commence on June 24. Scheduled for 1 to 3 p.m., Monday through Friday, it will also continue through the end of July, also in the Natatorium pool.

The announcement said there would be no exceptions to the limitation of both programs to bona fide members of the college faculty, staff, and student body and their dependents. Children participating in either program must be at least 48 inches tall. All persons utilizing the pool must furnish their own towels and girls and women must provide their own swim caps.
AWARDS PRESENTED TO MEMBERS OF BASEBALL, TENNIS, GOLF, TRACK TEAMS

An all-conference baseball player, a two-year golf letterman and a standout first-year tennis letterman received special honors at Cal Poly's Spring Athletic Awards barbecue. The event was held Wednesday (May 28) at Poly Grove on campus. Neale R. Stoner, new head Mustang Basketball coach, was the featured speaker at the barbecue which was sponsored by Rally Committee.

Baseball player Mike Marostica, golfer Perry Pederson, and tennis player Burton Easley, Jr., were named outstanding athletes in their respective sports. Each received a Clarence Brown Award. The track team, which will not complete its season until next month, did not name the Clarence Brown Award recipient.

Mohinder Singh Gill, Cal Poly's record-breaking freshman triple jumper from India, was presented the "Our Hero" Award. Gill, who has broken the school triple jump mark as well as the CCAA meet record, has been an exciting first-place winner all spring for the Mustang Track team. The "Our Hero" award goes to the athlete, members of the Rally Committee most enjoyed watching.

Other awards, including varsity letterman honors, were presented to members of the golf, tennis, and baseball teams. In track, Barry DeGroot, a three-year letter winner, received special recognition, and the rest of the team was introduced. Trac Coach Dick Purcell will present awards and formally recognize 1969 letterman on his team in the fall.

WHO . . . WHAT . . . WHEN . . . WHERE ???

Anthony J. Amato (Ornamental Horticulture Department) will tour Italy in search of the history of landscape architecture during his sabbatical leave next academic year. An alumnus of Cal Poly and member of the faculty since 1955, he will dig into the archives of leading Italian universities during his search. Amato, who expects to leave San Luis Obispo Sept. 8, plans to seek the assistance of the American Academy located in Rome, in his studies.

R. C. Hatfield (Biological Sciences Department) attended the 69th annual meeting of the American Society of Microbiology, which took place in Miami Beach, Fla., early last month. While at the gathering, Dr. Hatfield participated in a panel presentation that made contributions on recent research.

Robert C. Reynolds (Audio Visual Department) and three members of the Rose Parade Float Committee of the Associated Students, Inc., presented a program on development of prize-winning floats of the two Cal Polys before a meeting of the El Camino Art Association in Arroyo Grande recently. Reynolds, who is advisor to the student group reports that it is willing to present illustrated programs on its activities before community groups. Those interested in arranging such presentations are invited to contact him.

Richard C. Carlston (Welding and Metallurgical Engineering) has received an unrestricted $2,000 grant from the National Association of Corrosion Engineers. Dr. Carlston, presently completing a Spring Quarter research and creative activity leave plans to use the grant for student scholarships, short courses, equipment, and travel connected with expanding opportunities for study of metal corrosion at Cal Poly.
FIVE VACANCIES ON COLLEGE SUPPORT STAFF LISTED BY PERSONNEL OFFICE

Five vacancies on the support staff of the college have been announced by Milton Piuma (Staff Personnel Officer). Descriptions of the positions are posted, along with information on other openings that have been listed recently, on the bulletin board located in the Personnel Office, Adm-111, 546-2236. Brief specifications for the newly-announced positions are:

Clerical Assistant (Typing) II-A ($415-$505). Personnel Office, Business Management Division. High school diploma, some college and two years office experience are desired. Applicants should enjoy meeting people and be able to work under pressure. Typical tasks include acting as office receptionist; administering General Clerical Test; assisting senior personnel clerk in insurance advising and sign-ups; drafting letters to job applicants; and typing materials related to job reclassifications, insurance documents, and Workmen's Compensation reports. Applicants must have passed the General Clerical Test and type 45 wpm. Position available June 16, 1969.

Clerical Assistant (Stenography) II-B ($446-$543). School of Architecture. College or business college background desirable. Primary duties and responsibilities include taking dictation, transcribing, typing, filing, working with student records, helping students. Must be able to assist parents, future students and visitors with general information regarding curricula and operations of the School of Architecture. Acts as receptionist, puts up mail, takes phone messages. Applicants must have passed the General Clerical Test, type 45 wpm and take dictation at 90 wpm. Position available June 25, 1969.

Clerical Assistant (Typing) II-A ($415-$505). Library, School of Applied Sciences. Duties include typing, filing, order preparation, bibliographic verification. Applicants must have passed the General Clerical Test and type 45 wpm. Position available June 13, 1969.

Departmental Secretary I ($469-$571). Educational Services, Administration. Primary duties and responsibilities: Acts as office receptionist; opens, distributes and files correspondence; composes some correspondence; takes down and transcribes technical correspondence and reports; assists in scheduling of general purpose classrooms; helps with registration; and maintains history of enrollment and sections for all courses offered. Applicants must have passed the General Clerical Test, type 45 wpm, and take shorthand 90 wpm. Applications accepted up to June 6.

Custodian ($435-$530). Custodial Department, Business Management Division. Duties include sweeping, scrubbing, mopping, waxing, and polishing floors in classrooms, offices, laboratories, shops, lavatories, and locker rooms. Knowledge of custodial methods, materials, chemicals, and equipment required. Position available June 20, 1969.

WHO ... WHAT ... WHEN ... WHERE ??

Derrell B. White (Biological Sciences Department) will teach a graduate course in plant physiology at State University of Iowa during the Summer Quarter. Dr. White is also scheduled to participate in plant growth regulator research while at the university.

Profits from operation of the Mustang Stadium concessions stand by the campus chapter of the Society for the Advancement of Management during the 1968 football season made it possible for a busload of students majoring in business administration to attend the Senior Division National Convention of the society in San Francisco, last week. William M. Boyce (Business Administration Department) is faculty advisor to the campus chapter.
WINNERS OF CAMPUS PUBLIC SPEAKING CONTEST NAMED

Three students have been named winners of Cal Poly's annual campus-wide Public Speaking Contest, which took place last Wednesday (May 28) evening, according to Robert L. Cleath (Speech Department).

Of 20 contestants chosen from a field of more than 500 students enrolled in beginning public speaking classes, James Goeckerman, a senior industrial technology major took top honors; Jan Wise, a freshman speech major was second; and Mrs. Carol Lloyd, a senior social sciences major was third.

Other finalists were Ken Jones and Cynthia Arey, both junior biological sciences majors, and Mary Helen Johnson, a sophomore English major.

Dr. Cleath (Speech Department) directed the competition for which Corwin Johnson (Head of the Crops Department); J. Murray (Speech Department); and Mrs. Virginia Cleath, wife of Dr. Cleath, acted as judges.

DEADLINES FOR NSF, DEPARTMENT OF INTERIOR PROGRAM APPLICATIONS NEAR

Deadlines for applications for four institute and training programs are approaching, according to an announcement issued last week by George H. Clucas (Director of Research and Development). Among them are three National Science Foundation programs and one Department of the Interior Training program. They are:

NSF Summer Institutes (typically 6-10 weeks) for teachers (grades 7-12) of mathematics, natural sciences, anthropology, economics, geography, psychology, sociology, general science, and engineering sciences. Application deadline is July 1, 1969. (Folder 71)

Department of the Interior - Training programs, including summer institutes, in causes, control and prevention of water pollution. Application deadline is July 1, 1969. (Folder 214)

NSF Cooperative College-School Science Program designed to assist local public and private school systems to make substantial improvements in their instructional programs in science and mathematics. Application deadline is August 11, 1969. (Folder 93)

NSF Student Science Training Program for High School Students either academic year (Saturdays) or during summer in biological sciences, chemistry, computers, economics, engineering, mathematics, oceanography, physics, political science, psychology, sociology, statistics, multiple sciences, etc. Deadline is August 25, 1969. (Folder 77)

Guidelines and other information about any of the programs may be obtained by contacting the Office of Research and Development, Adm-311, 546-2630. Use of the reference folder number will facilitate obtaining the information.
