TRUSTEES DISCUSS STATE COLLEGE PROGRAMS WITH GOV. BROWN, CHAMPION

A high-level policy meeting described by its participants as "very encouraging" was held with Governor Edmund G. Brown by members of the Board of Trustees of the California State Colleges in Sacramento, Jan. 5.

Present at the lengthy session along with Governor Brown and Trustees Albert J. Ruffo, George D. Hart, Theodore Meriam, Charles Luckman, and Mrs. Philip Conley, were Chancellor Glenn S. Dumke; Hale Champion, the state's director of finance; and Les Cohen, director of governmental affairs for the college system.

Capital outlay and support budget needs for the colleges were explained by the trustees. Special emphasis was given to their recommendations for early action on faculty and staff salary increases. They also pointed out the immediate necessity for correcting pay lags in non-academic classifications of the clerical field. The trustees' position on year-round operation was also discussed and both the governor and Champion expressed full support for the plan to establish an office in Washington, D.C., to coordinate federal programs with the state colleges.

"Governor Brown was most impressed by the facts we presented," Chancellor Dumke said after the meeting. He reported, too, that Director of Finance Champion would soon launch a major study of fringe benefits at both the California State Colleges and the University of California. The governor said he hoped the colleges and their constituents would continue to develop public support for the needs of higher education because of the impact of education on the economy of the state.

CAMPUS VISIT OF MOBILE RADIOISOTOPE LABORATORY ANNOUNCED

Faculty members interested in participating in a series of laboratory experiments and lectures planned during the visit of a mobile radioisotope laboratory to campus, March 28 to April 8, have been invited to indicate that interest, following announcement of the two-week long visit last week.

Kenneth Ozawa, a member of the Physical Sciences Department faculty who is coordinating plans for the visit, coupled his announcement of scheduling of the laboratory's stay at Cal Poly with a request that members of the college faculty and staff who desire to take part in the lectures and experiments being planned during the visit notify him of that interest by Feb. 1.

Additional details of the laboratory and its visit to campus will be made available through forthcoming editions of Staff Bulletin.
NEW CHEMICAL SAFETY MATERIALS READIED BY COLLEGE

High school agriculture students and their parents will soon be learning how best to handle the newest weapons in the fight against starvation.

Since World War II, agricultural chemicals have been a major armament in the battle against enemies to growing crops -- insects, rodents, plant disease, and the like. Weakest front on the battleground, however, has been the lack of knowledge of the hazards of using the chemicals. To combat this problem, Cal Poly has just published a pair of handbooks aimed at acquainting America's future farmers and their parents with the same ways of handling and using agricultural chemicals.

Keystone of the safety project is a student workbook, Agricultural Chemical Safety, that provides the answers to the "how" as well as the "why" of safe chemical usage. The 50-page manual explains the vital role of agricultural chemicals in helping feed the world's millions, and then goes on to explain why they should be used with care.

Author of the student workbook and an accompanying 165-page teacher's handbook is Gordon Van De Vanter, a member of the Crops Department faculty and for many years a successful farmer, who consulted with state and Federal agricultural and public health officials, chemical companies, commercial application firms, farmers, and high school agriculture teachers in preparing the manuals.

Cooperative Effort

A third feature of the new safety education program is a trunkful of demonstration materials to be used in presenting the subject. The kit includes a set of flip-charts that complement material in the student workbook; a motion picture film on pesticide safety; a full set of protective clothing for demonstrating the proper ways to mix and apply chemicals; a set of recommended formulation equipment; and sample descriptive labels from agricultural chemicals in common use.

The safety project was a cooperative effort of the college, the Federal government, and private industry. The materials were produced as part of the college's Instructional Materials Program, which has also developed dozens of filmstrips, manuals, and other materials for use in high school and college. Federal funds from the Vocational Education Act of 1963, administered through the California State Department of Education and the Cal Poly Foundation, assisted in carrying out the project. Motion picture films and flipcharts for the demonstration kit were donated by the Western Agricultural Chemical Association and the Crops Protection Council.

Both the student and instructor's manual, which are priced for sale at $.50 and $3.50 per copy, respectively, and the demonstration kit, which may be rented, may be secured through El Corral College Store on campus.

RSES OFFICIAL WILL ADDRESS STAFF CLUB GATHERING

Ralph Jansen, assistant director of the Education Department of the Refrigeration Engineers' Society, will be guest speaker when the Staff Club's regular luncheon meeting takes place beginning at noon, Thursday (Jan. 20), in the Staff Dining Room. He is expected to discuss vocational training in his address which will be titled "The Need for Training and Education in Air Conditioning."

Jansen, who lives in Chicago where RSES maintains its headquarters, will be in San Luis Obispo to participate in the eighth annual California Association of Refrigerator Service Engineers' Society (CARSESES) Workshop, which begins Thursday and continues through Saturday (Jan. 22).
REQUESTS FOR "ANNIVERSARY" POSTMARK COME FROM THROUGHOUT NATION

Requests for "first day" cancellation of mail bearing a special commemorative postmark recognizing Cal Poly's 65th Anniversary came from cities throughout the nation and Canada. Officials at the US Post Office in San Luis Obispo estimated that nearly 200 such requests were on hand to be postmarked Jan. 10 when initial use of the cancellation signaled start of Cal Poly's anniversary observance.

The special postmark, which reads "California State Polytechnic College, 65 Years - 1901-1966," is expected to appear on well over 2.6 million pieces of mail by June 18, when 60th annual Commencement ceremonies will officially close the observance at the San Luis Obispo Campus.

On hand to help process first mail to be cancelled with the special mark were George Soares, president of the Associated Students, Inc., and William Troutner, a member of the Crops Department faculty. Troutner, chairman of the combined faculty and student committee which is planning and coordinating the six-month-long anniversary celebration, said last week that requests for first day postmarks came from the Eastern US as well as nearer-to-home locations. Included were Buffalo and the Bronx, N.Y.; Waterbury and New London, Conn.; Dayton, Ohio; Tallahassee and Pompano Beach, Fla.; Pawnee, Okla.; Bath, Maine; Sioux Falls, S.D.; Manitowoc, Wis.; and Regina, Sask., and Quebec, Quebec, both in Canada.

Scheduled during the celebration are a number of the college's regular events, which are being planned around the anniversary theme, plus renewal of Founders Day activities, March 8. Theme for the anniversary observance is "1901-1966 - Foundation for the Future."

"WHAT CSEA IS DOING FOR YOU" WILL BE LUNCHEON MEETING TOPIC

"What CSEA is Doing for You" will be the discussion topic when Chapter 97 of the California State Employees Association holds its monthly luncheon meeting tomorrow (Wednesday, Jan. 19), starting at noon, in the Staff Dining Room. Fred Bowden, head of the Electrical Engineering Department and a member of CSEA's Non-Academic Council, and Bob Zeck, CSEA area representative, will provide highlights of recent and standing commitments of the association regarding the California State Colleges.

CAGE. MAT VARSITIES SEEK TO EXTEND WIN STREAKS

Both the Mustang varsity basketball and wrestling teams will seek to extend victory strings when they see action this week. First to get the chance is the cage club, which journeys to Pasadena, where it will encounter Pasadena College in a non-league contest tonight (Tuesday, Jan. 18), before returning home for pair of non-league games against California State College at Hayward this weekend.

The wrestling team, fresh from beating San Diego State College and California State College at Long Beach 37-0 and 33-0, respectively, last week, hosts Stanford University in a match scheduled to begin at 8:00 p.m., Friday (Jan. 21), in Crandall Gym.

Victors over California Collegiate Athletic Association rivals San Diego State and Cal State Long Beach in last week's action, the basketball team will return to Men's Gym for its weekend twinbill with Cal State Hayward. Game time both evenings (Friday, Jan. 21, and Saturday, Jan. 22) is 8:00 p.m., with a preliminary contest featuring the freshman team, scheduled for 5:45.
JAN. 21 IS DEADLINE FOR SPECIAL RESEARCH LEAVE APPLICATIONS

Friday (Jan. 21) has been established as deadline for applications for special leaves of absence in connection with the new special research leave program of the California State Colleges. A request issued earlier this month by Dean of the College Dale W. Andrews through instructional division deans and department heads announced the new program, which was established as part of the state colleges' budget for 1965-66.

Implemented by a budget letter issued Jan. 4, 1966, the new program provides funds for replacement of faculty members granted selected leaves for specific research or for creative activity in the arts. The formula established by Chancellor Glenn S. Dumke's office for use of the funds will provide $11,646 to provide replacement for three members of the San Luis Obispo Campus faculty for the Spring Quarter, 1966.

Dean Andrews' request for applications indicated that applications for leave under the new program would be processed through the campus College Research Committee, headed by Russell Anderson, a member of the Animal Husbandry Department, in accordance with the "Procedure for Approval of Research Activities" as revised, July 23, 1965. Recommendations on use of the funds are due in the Chancellor's Office Jan. 28.

COPIES OF "REVIEW" AVAILABLE IN FACULTY READING ROOM

Copies of the November and December editions of The California State Colleges Review have been placed in the Faculty Reading Room following shortage of copies for distribution to all members of the college faculty and staff last week. Action to assure receipt of enough copies so all may receive future issues as they are published is being taken.

"BOOKS AT HIGH NOON" SCHEDULES REVIEW OF "THOMAS" JAN. 25

Shelley Mydans' Thomas will be reviewed by Ena Marston, a member of the English and Speech Department faculty, during the Books at High Noon luncheon series program planned for next Tuesday (Jan. 25), beginning at 12:00 noon, in the Staff Dining Room.

The author became interested in Thomas Becket, key figure of the novel, when she lived in London almost 10 years ago, and has done intensive research in the medieval records of England and France during his period. She also visited all of the places in which he lived.

Having "met" Thomas when reading from Charles Dickens' A Child's History of England, Mrs. Mydans became interested to know whether Dickens' evaluation of Becket was prejudiced. The author says she has attempted to present facts although she does not claim to have found "the truth." The result is a fascinating book which leaves the reader to reach his own conclusions.

During today's (Tuesday, Jan. 18) Books at High Noon program, Dr. Joics Stone, associate dean counseling and testing on campus, will review Prediction and Optimal Decision by C. West Churchman. Starting time and place for today's program are both same as those listed above.
MA B AWARDS TOTAL REACHES $128,483

Total amount of awards to employees of the State of California for time- and money-saving suggestions by the Merit Award Board had reached $128,483 by the end of December, according to a statement released earlier this month by the board. The same report, however, shows that a relatively small amount of that total had gone to employees of the California State Colleges.

Comparing the CSC figures with those of other agencies finds the colleges with a total of 20 suggestions which received $3,640 in award money. Total number of suggestions made by state college employees during the first six months of 1965-66 was 63, or 4.9 per 1,000 employees.

Members of the college faculty and staff who either wish to make suggestions or to obtain further information about the MAB program are invited to contact the Business Management Division.

ANNUAL MEETING OF SESLOC SHAREHOLDERS SCHEDULED JAN. 26

Announcement of the annual meeting of shareholders of SESLOC Federal Credit Union for the evening of Jan. 26, came in a statement issued last week by Charles A. Elston, secretary of the organization. The official announcement reads:

"Notice is hereby given that the Annual Meeting of the shareholders of SESLOC Federal Credit Union will be held at the Cal Poly Staff Dining Room and Wednesday, the 26th day of January, 1966, at 7:00 p.m., for the election of directors and committeemen, and the transaction of such other business that may properly come before the meeting."

NOTES FROM THE KELLOGG AND VOORHIS CAMPUSES

Assignment changes for Robert J. Winterbourne and Richard G. York, effective with start of the Winter Quarter, were announced at the Kellogg Campus recently by President Julian A. McPhee. Winterbourne, former associate dean/admissions and records, has become a full-time counselor, succeeded by York. Winterbourne has been a member of the college faculty for 12 years, principally working in the Student Personnel Division. He is expected to devote a major share of his time to the field of agriculture. York, who joined the staff in 1961, had served as registrar since that time. Henry House, dean of students at the Kellogg Campus, is currently accepting applications for York's former position, as is George Mulder, associate dean/counseling and testing, for a counseling opening . . .

The annual Horticulture Skills Contest for students at Los Angeles City Schools, sponsored jointly by the Kellogg Campus' Ornamental Horticulture Department and the California Association of Nurserymen took place at the Kellogg Campus last Saturday, (Jan. 15). Some 200 students from 46 junior and 33 senior high schools in Los Angeles competed for prizes provided by CAN . . .

First of two oral communications workshops of two-days duration each opened yesterday (Monday, Jan. 17) at the Educational Center (Voorhis Campus). The second is scheduled for January 24-25. Both workshops will concentrate on analyzing and outlining materials for presentation, mechanics of logic, and current techniques for presentations to inform and persuade. Electronic Data Processing Orientations for administrators and key personnel are scheduled for Feb. 14-15, March 7-8, and March 21-22. Basic purpose of the EDP "overnighters" is to introduce administrative personnel to effective use of electronic data processing as a management tool.
DATES FOR 34TH POLY ROYAL ANNOUNCED

April 29 and 30 have been announced as dates for 34th annual Poly Royal activities at the San Luis Obispo Campus. Better described as "a Country Fair on a College Campus," Poly Royal this year is expected to feature such attractions as an art show, band concerts, athletic events, several dances, an intercollegiate championship rodeo, livestock and horse shows, and a carnival, in addition to extensive open houses in the college's 35 instructional departments.

The two-day festival has grown during recent years to the point that it now attracts an estimated 25-30,000 visitors from throughout the nation to San Luis Obispo. Responsibility for planning and staging the event is handled by a large student committee with the first event requiring attention being selection of "Miss Cal-Poly, Queen of Poly Royal."

Roland Wentzel, a senior farm management major from Fortuna, heads the committee which has been at work planning this year's Poly Royal since last spring.

As an additional attraction, Poly Royal this year falls in the midst of the college's 65th Anniversary and several events will be scheduled in connection with that observance.

WHO . . WHAT . . WHEN . . WHERE ? ? ?

Edward Ernatt, Education, spoke before a meeting of the Santa Rosa School Parent-Teacher Association Jan. 11, on the topic "Is the Upgraded Primary the Answer?" The upgraded primary is an administrative plan which reduces the first three grades of elementary school to eight or nine levels, allowing for individual differences among primary school children.

A. L. Houk, Physical Sciences, attended the annual joint meeting of the Northern and Southern Sections of the California Association of Chemistry Teachers, held December 29-30, 1965, in Fresno.

Howard Brown, head of Ornamental Horticulture, participated in sessions of the Governor's Conference for California Beauty, Jan. 11-12, at the Ambassador Hotel, Los Angeles.

M. Eugene Smith, head of Social Sciences, and Herman Voeltz, also Social Sciences, attended meetings of the American Historical Association, Dec. 28-29, 1965, in San Francisco. Dr. Smith also took part in meetings of the National Council for Social Studies, and Dr. Voeltz, in meetings of the Pacific Historical Association, in the Bay City during the same period.

L. E. Hammitt, Physical Sciences, was a participant in joint sessions of the American Association for the Advancement of Science, the American Astronomical Society, and the Astronomical Society of the Pacific at University of California's Berkeley Campus, Dec. 28-30, 1965.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON!'
OBSERVANCE OF "INTERNATIONAL PRINTING WEEK" IN PROGRESS

International Printing Week got an early start on campus last week when Mat Pica Pi, the student society for printing engineers, elected Marilyn Ross as its Printing Week Queen. Marilyn, an 18-year-old home economics major from Porterville, was chosen over two other candidates -- Rene Miller of San Jose and Karen Roth of Livermore -- who will serve as princesses during the week.

Unique in its method of observing Printing Week, Mat Pica Pi has been selecting a Printing Week Queen for five years as part of its annual celebration. Beside the enthusiastic reception the 85 members of the all-male organization give their queen, she represents the club during it observance in activities such as the signing of a proclamation recognizing Printing Week by San Luis Obispo Mayor Clell Welchell, which took place last Friday (Jan. 14) morning.

In signing the proclamation, Mayor Welchell officially joined President Lyndon B. Johnson and Governor Edmund G. Brown in declaring Jan. 16 through 22 as International Printing Week.

Saturday (Jan. 15), a joint banquet of the student society and the Central Coast Craftsmen Club kicked off the observance. Special guest speaker for the dinner, held at Cassera's Restaurant in Morro Bay, was Guy Thomas, mechanical superintendent for the San Diego Union, and one of the first graduates of Cal Poly's Printing Engineering and Management Department.

COLLEGE HOUR CONCERT CANCELLED

The College Hour Concert that had been scheduled for Thursday (Jan. 20) morning, at 11:00 a.m., in the Little Theater has been cancelled. Clare G. Rayner, a member of the Music Department faculty, was to have been the featured artist, will be unable to perform.

CAL POLY WOMEN'S CLUB NEWS

Home and Garden Section - A visit to the Brooks Woodcraft Shop at 519 Santa Barbara Avenue, San Luis Obispo, will provide the program for next meeting of the Cal Poly Women's Club's Home and Garden Section, tomorrow (Wednesday, Jan. 19), at 9:30 a.m. The section will meet at the home of Mrs. Vance Lewis, 1386 Oceanaire Drive, San Luis Obispo, for coffee prior to visiting the shop.

Books, Music, and Art Section - Next meeting of the Books, Music, and Art Section of CPWC will take place tomorrow (Wednesday, Jan. 19) evening, starting at 8:00 p.m., in the home of Mrs. Robert Kennedy, 1385 Cazadero, San Luis Obispo. The program will feature a talk by Mrs. Beatrice Kaiser, decoration consultant at Zegar's, San Luis Obispo, who will discuss "The Art of Decorating a Home."

Newcomers Section - January 26 is the next meeting date for members of the Newcomers Section. Scheduled for 8:00 p.m., in the home of Mrs. James Rice, 372 Patricia Drive, San Luis Obispo, a workshop for the club's forthcoming Mardi Gras will be the "order" of the evening.

Walking Group - Next meeting of CPWC's recently-formed Walking Group will take place Jan. 25. The group will meet at the home of Mrs. James Culbertson, 115 Del Norte Way, San Luis Obispo, at 9:00 a.m., for a walk in the vicinity of Camp San Luis Obispo.
SPEAKERS BUREAU BROCHURES DISTRIBUTED

Five thousand brochures announcing establishment of a speakers bureau as part of the activities observing Cal Poly's 65th Anniversary were mailed earlier this month to schools, community organizations, and other agencies throughout California. The bureau is expected to make faculty and student speakers, one-act plays, debates, and other program possibilities available to groups desiring them, according to Keith Nielsen, its coordinator.

A member of the English and Speech Department faculty, Neilsen said this week that topics of speakers available range from agriculture, engineering, and world affairs to higher education, college-community relations, and current events.

Coordinated through the campus Public Relations Office, the speakers bureau is an activity of the Task Force Committee for observance of the 65th Anniversary. In addition to the brochure, a prospectus including complete listing of all speakers and programs to be offered by the speakers bureau during the next six months will be available within the next two weeks.

Those wishing to obtain further information on program possibilities are invited to contact the Public Relations Office.

PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK

HEWLETT-PACKARD COMPANY. Richard Crawford, engineering supervisor, Palo Alto; Robert Pierce, engineering supervisor, Dymec Division, and Otto Talle, engineering manager, Moseley Division, will interview seniors in EE, EL, and ME. Professional opportunities exist in laboratories, production facilities, and sales office in the following locations: Palo Alto and Pasadena, Calif.; Loveland and Colorado Springs, Colo; Waltham, Mass.; and Rockaway and Berkeley Heights, N.J. (1/17)

MINNESOTA MINING AND MANUFACTURING. E. W. Steele, supervisor, college relations, and R. E. Bronner, personnel, Camarillo, will interview seniors in EE, EL, IE, and ME, for positions in fundamental research, applied research, product development, process and pilot plant engineering, manufacture and industrial engineering, technical service, and technical sales. (1/17)

BOY SCOUTS OF AMERICA. Wes H. Klusmann, personnel representative, National Council, and Don Hyland, scout executive, Area Council, will interview juniors and seniors in applied arts and sciences and any other major particularly interested in career positions with the Boy Scouts of America. Executive opportunities for permanent professional employment in the Boy Scouts of America are available to qualified men. (1/17)

WEYERHAEUSER COMPANY, Tacoma, Wash. William West, employment and staffing manager, will interview seniors in business (accounting) if interested in industrial accounting; EE, IE, ME, and physical sciences (chemistry) for positions in the Pacific Northwest. (1/17-18)

UNITED STATES AIR FORCE. Capt. Gerald L. Doherty and T/Sgt. Richard E. Mulliken will interview seniors in all majors for placement in the U. S. Air Force. They are particularly interested in discussing the pilot and navigator programs with eligible seniors and also the various Air Force engineering fields with engineering majors. In addition, they will talk with seniors in business administration, applied arts, and applied sciences, regarding the various officer administrative positions. (1/17-18)

(Continued on Next Page)
PLACEMENT CALENDAR (Continued)

LOS ANGELES COUNTY CIVIL SERVICE COMMISSION. William G. Hurley, recruitment representative, will interview seniors in architecture (structural), business administration, and other applied arts and engineering majors interested in administrative aid, administrative trainee, or civil engineering assistant positions. (1/18)

JOSTEN'S, Santa Barbara. Ronald E. Olson, Santa Barbara Plant production control manager, will interview seniors in business administration, IE, ME, and TA. (1/18)

WESTINGHOUSE ELECTRIC CORP. D. J. Gibson, supervisor, engineering training, and Don Holloway, district manager, Industrial Group, will interview seniors in EE, EL, and ME for positions in production and systems engineering and research. (1/19)

COMBUSTION ENGINEERING, INC., Los Angeles. Oscar C. Harper, Jr., sales engineer, will interview seniors in architecture (structural), EE, IE, ME, and WM for positions in sales engineering. (1/19)

U.S. ARMY. A representative of the US Army Recruiting Service will be available in the Snack Bar area of the Dining Hall to explain various Army programs including Officers' Candidate School and the guaranteed flight training program. (1/20)

COMMITTEE ON MANPOWER OPPORTUNITIES IN ISRAEL. Robert Keller, Israel representative, will interview seniors in business administration and all engineering majors for career opportunities in Israel. Israel offers the prospective candidate three-year contracts, relocation expenses, subsidized rental housing, and the opportunity for career advancement. (1/20)

SPORLAN VALVE CO. Peter J. McCarty, district manager, Los Angeles, and John A. Hogan, district manager, San Francisco, will interview seniors in Air Conditioning and Refrigeration and ME for positions as sales engineers. (1/20)

FEDERAL PACIFIC ELECTRIC CO. J. W. Wilkins, district sales manager, and Len Swanson will interview seniors in EE and ME for positions in the Los Angeles area. (1/21)

PEACE CORPS. A Peace Corps recruiting team consisting of Hugh Davis Graham, director of Western Region Office of Public Affairs, and Linda Pierce and Steve Knaebel, returned volunteers from Colombia and Venezuela, will be in the Snack Bar area of the Dining Hall from 9 a.m. to 10 p.m. to discuss with interested students and faculty opportunities to serve in the Peace Corps. Representatives are prepared to discuss opportunities for all majors in any part of the world. (1/24 - 1/28)

BOISE-CASCADE CORPORATION, Sunnyvale. I. Wayne Carter, administrative assistant to the regional manager, will interview seniors in business administration (accounting), IE, ME, and architecture (structural) and all others interested in positions in accounting, sales, production, or finance. (1/24)

GENERAL FIREPROOFING. G. A. Sternbergh, director of sales education, will interview seniors in applied arts and others interested in a West Coast Sales Management Training Program leading to assignments either in Los Angeles or San Francisco sales offices. (1/24)

(Continued on Next Page)
PLACEMENT CALENDAR (Continued)

U. S. NAVAL AIR STATION, Alameda. Stanley G. Kurz, aeronautical systems engineering superintendent, and Walter E. King, avionics engineering superintendent, will interview seniors in Aero, EE, EL, and ME for positions in design, development, and maintenance engineering pertaining to operation, modification, and repair of military aircraft, their components and accessories, and missiles. (1/25)

BELL SYSTEMS. Frank Zimmerman, general personnel manager; W. R. Rees, college relations supervisor; and J. O'Neil, college relations supervisor, will interview seniors in all majors with particular emphasis on business administration, engineering, math, and physics, for opportunities throughout the Bell System. (1/25 - 1/27)

Summer Employment in the Bell System—Juniors in all majors may interview the Bell System representatives for summer employment. (1/27)

U. S. MARINE CORPS. Capt. M. V. Young, Capt. Donald A. Hodgen, and S/Sgt. E. J. Paurazas, US Marine Corps officer selection liaison officers, will be available in the Snack Bar area of the Dining Hall to discuss with interested students the Marine Corps Officer Training Program. (1/25 - 1/27)

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
CAMPUS CALENDAR - WEEK OF JANUARY 18 - 25, 1966

Tuesday, January 18

12:00 Noon    Books at High Noon Luncheon Meeting  
               S D R

8:00 p.m.    Varsity Basketball vs. Pasadena College  
               Pasadena

Wednesday, January 19

9:30 a.m.    Cal Poly Women's Club: Home and Garden Section  
               San Luis Obispo*

12:00 Noon    CSEA Luncheon Meeting, Chapter #97  
               S D R - B

8:00 p.m.    Cal Poly Women's Club: Books, Music, and Art Section  
               San Luis Obispo*

Thursday, January 20

8:15 a.m.    Applied Arts Division Committee Meeting  
               Admin. 213-A

9:00 a.m.    Agriculture Division Committee Meeting  
               Ag. 138

12:00 Noon    Staff Club Luncheon Meeting  
               S D R - B

Friday, January 21

8:00 p.m.    Varsity Basketball vs. California State College at Hayward (Preliminary Game - Cal Poly Colts vs. Hartnell College - 5:45 p.m.)  
               Men's Gym

8:00 p.m.    Varsity Wrestling vs. Stanford University  
               Crandall Gym

Saturday, January 22

8:00 p.m.    Varsity Basketball vs. California State College at Hayward (Preliminary Game - Cal Poly Colts vs. Pacific College of Fresno - 5:45 p.m.)  
               Men's Gym

Monday, January 24

2:00 p.m.    Campus Executive Council Meeting  
               Admin. 301

Tuesday, January 25

8:15 a.m.    Applied Sciences Division Committee Meeting  
               Admin. 301

9:00 a.m.    Cal Poly Women's Club: Walking Group  
               San Luis Obispo*

10:00 a.m.   Engineering Division Committee Meeting  
               GA 101

12:00 Noon   Books at High Noon Luncheon Meeting  
               S D R

* -- See article for further details.
