DR. ANDREWS NAMED VICE PRESIDENT FOR SAN LUIS OBISPO CAMPUS

President Julian A. McPhee announced today that with the approval of Chancellor Glenn S. Dumke he was naming Dr. Dale W. Andrews Vice President of the San Luis Obispo Campus effective immediately.

In making the announcement, President McPhee pointed out that the responses to his December 23 memo asking for reactions to the proposed appointment were almost unanimously in support of naming Dr. Andrews Vice President as soon as it could be accomplished. "While there were two responses which raised a question about the timing of the appointment, I did not receive one response which in any way questioned the appropriateness of this appointment. On the contrary, the responses were unanimous in support of Dr. Andrews as an individual for the position. This unsolicited support, combined with the strong support of the Faculty-Staff Council confirmed my feeling that the appointment should be made and Chancellor Dumke concurred in this decision," President McPhee said.

Dr. Andrews, who has served as Dean of the College since September of 1961, has been a member of the College's faculty since 1950. During his 16 years with the college, Dr. Andrews has served as a faculty member in the Agricultural Education Department, Instructional Materials Coordinator, and Coordinator of Special Educational Services before being named Dean of the College.

As Vice President and Chief Executive Officer, Dr. Andrews will be responsible for the total operations of the San Luis Obispo Campus.

FOREIGN STUDENT COUNCIL ANNOUNCES DATE FOR WINTER QUARTER MEETING

Thursday (Feb. 17) afternoon is date of the Foreign Student Council's Winter Quarter meeting according to an announcement issued last week by Fuad H. Tellew, chairman of the council and a member of the Business Administration Department's instructional staff.

Everyone interested in the campus programs for foreign students and foreign student activities is invited to attend the meeting, which is being planned for Room 216 of the Library Building, beginning at 4:00 p.m.

REGISTRAR ISSUES REMINDER ON WITHDRAWAL DEADLINE

Registrar F. Jerald Holley last week issued a reminder to faculty regarding the deadline for withdrawal from courses. "Except for college recognized emergencies, no withdrawals from a course will be permitted after the end of the seventh week of instruction. It is important that the instructional staff be aware of this deadline, which is 12:00 noon (Friday) Feb. 19," the registrar concluded.
Two meetings for members of the California State Employees Association have been announced for this week by that organization's campus chapter. The first of them, slated for tonight (Tuesday, Feb. 15), at 7:15 p.m., in the Staff Dining Room, will provide an opportunity for informal discussion of various CSEA programs. Planned for noon, tomorrow (Wednesday, Feb. 16), in the same location, the second is a luncheon meeting and will feature a discussion of "The Current Status of the Campus Master Plan" by Douglas Gerard, campus building coordinator.

Topics to be discussed during this evening's meeting include insurance, academic affairs, grievance procedures, non-academic affairs, retirement, and CSEA general policies. Those scheduled to lead the discussion are Warren Anderson of the Electrical Engineering Department; Jim Langford, president of the campus chapter and a member of the Education Department faculty; Henry Marquez, assistant to the business manager; Milo Whitson, head of the Mathematics Department; Fred Bowden, head of the Electrical Engineering Department; and Bob Zech, area representative for CSEA.

The fourth in a series of College Hour Concerts, slated for Thursday (Feb. 17), starting at 11:00 a.m., in the Little Theater, will feature the Concert Band, under direction of J. Martin Baum, director of the band and a member of the college's Music Department faculty.

Some 60 members strong, the band will begin its performance with John Phillip Sousa's "The Stars and Stripes Forever." Also included on the program are "Overture for Band" by Felix Mendelssohn; "The Flea," featuring the flute section and arranged for bands by Wayne Robinson; "Chorale and Capriccio," by Caesar Giovanni; and a medley of Rogers and Hart tunes arranged by Alfred Reed.

Five finalists for the honor of reigning over this year's Poly Royal were named during the Poly Royal Queens Pageant which took place on campus last week. Selected from a group of 12 candidates by the judges were Sharon DuBois and Joanne Dockwiller, both English majors; Holly Hinkel, a home economics major; Karen McNulty, an animal husbandry major; and Merikay Peterson, a business administration major. All five are seniors.

"Miss Cal Poly, Queen of Poly Royal" will be selected from the finalists by members of the campus student body during an election being planned for Feb. 21-22. The four remaining finalists will serve as the queen's court.

Miss Cal Poly will reign over this year's Poly Royal, which will take place April 29-30. Thirty-fourth in the traditional series which began in 1933, this year's open house festival will feature exhibits from the college's 35 instructional departments, band concerts, a flower show, the math contest, and the always-popular intercollegiate championship rodeo in its jam-packed schedule of activities.

Deadline for articles appearing in next week's STAFF BULLETIN is Friday noon.
Some 450 guests were on hand at a special banquet held Feb. 7 to honor Cal Poly President Julian A. McPhee on occasion of his 70th birthday. They also heard Walter J. Garcia, president of Modesto Junior College, describe Cal Poly as "The Lengthened Shadow of a Man" and observed presentation of awards to three of the college's outstanding agricultural education students and two faculty members during the banquet which took place at the Elk's Club in San Luis Obispo.

Those present heard Garcia refer to Cal Poly as the model for collegiate grade vocational education throughout the world. "It is sometimes said that a college is the lengthened shadow of its president," the Modesto college president said. "Such a notion perhaps overestimates the power of a college president, but when that president has been in office over 30 years and he is as powerful and dedicated a personality as President McPhee is, then I think the observation makes sense and is accurate," he continued.

Recipients of awards presented during the banquet were honored as the outstanding members of the campus Agricultural Education Club. Louis Horton, a graduate student majoring in agricultural education, was named the outstanding graduate student member. Also honored were Jon deWitte, who was selected the outstanding upperclassman, and Bob Spiller, the outstanding lowerclassman.

Richard Leach, head of the Poultry Industry Department, and Delbert W. Shirley, a member of the Agricultural Education Department faculty, received honorary memberships in the club.

Sponsored jointly by the AE Club and the student Agriculture Council, the banquet, this year, was scheduled as part of the six-month-long series of activities in observance of Cal Poly's 65th Anniversary and honoring President McPhee as he nears conclusion of this 33-year term as president of the college. Among those on hand for the program, which also saw a special citation presented to the president on behalf of the nearly 1,600 students enrolled in agriculture majors on campus, were agriculture teachers, agricultural education administrators, and Cal Poly alumni from throughout California, as well as members of the college faculty and student body.

Y F TEAM REPEATS AS STATE CHAMPION

Members of the parliamentary procedure team which represented Cal Poly's San Luis Obispo Campus during the 26th Annual California Young Farmers Convention last week, returned with the state championship. Their victory, recorded during the convention which took place in Salinas, Feb. 3-5, was the second in succession for a Cal Poly team in the statewide competition, which included teams representing six other colleges and universities.

Members of the team were Ron Hathaway, Richard Haahr, Alan Meeder, Frank Mello, and John Emery. Both Hathaway and Mello are animal husbandry majors and Haahr, Emery, and Meeder are all farm management majors.

They traveled to Salinas with J. Cordner Gibson, assistant dean of agriculture, and Dr. Wallace Glidden, a member of the veterinary science staff and faculty advisor to the Cal Poly Young Farmer Chapter. Dean Gibson served as moderator for a convention panel composed of leading agricultural authorities, which discussed "Emerging Horizons in Agriculture." Other topics on the convention program dealt with mechanized agriculture, agricultural legislation, and commodity processing, shipping, and transportation.
TESTAMENTS OF TIME WILL BE REVIEWED NEXT TUESDAY

Testaments of Time by Leo Deuel will be reviewed during the weekly luncheon meeting of the campus Books at High Noon group next Tuesday (Feb. 22), beginning at noon, in the Staff Dining Room. Reviewer will be Arthur Frietzche, a member of the English and Speech Department's faculty.

In this book, author Deuel tells about the scholar-adventurers who followed the archeologists and have retrieved and restored ancient texts. The story of the Red Sea Scrolls is only one of many subjects, such as daily life in ancient Egypt, early versions of the Bible, "lost" Greek classics, the American cultures the conquistadores tried to destroy, and some frauds and forgeries, which are discussed.

On today's (Feb. 15) program, Stanley Barr, also a member of the English and Speech Department staff, will review The Tin Drum by Gunter Grass. Starting time and place are both the same as those listed for next week's meeting.

INTERMEDIATE ACCOUNT CLERK APPLICATIONS BEING ACCEPTED

Applications for an intermediate account clerk position on the Library staff, which is now open, are being accepted by the Personnel Department. According to Personnel Officer Milton Piuma, applicants for the position should be permanent residents of the San Luis Obispo area and bookkeeping experience is desired. Those interested in obtaining further information about the opening are invited to contact the Personnel Office, Room 117, Administration Building, or to call (546)2236.

STAFF CLUB SCHEDULES DISCUSSION OF "NOAH" FOR THURSDAY LUNCHEON MEETING

Noah, a play by Andre Obey which will open a five-performance run on campus Feb. 25, will be the topic when Murray Smith, a member of the English and Speech Department faculty and Staff Club program chairman, speaks to members of the club during its weekly luncheon meeting, Thursday (Feb. 17), beginning at noon, in the Staff Dining Room. A short scene from the play will also be presented during the meeting.

Smith, who is also director of the play, speaks of the directing style being used as "experimental." "Noah is not the ordinary play in any sense. The dialog, scenery, dancing, acting, and music are all calculated to slam the playwright's point across with maximum impact," according to Smith. "This will be the point of the (Thursday's) talk," he concludes.

"INAUGURAL 1965" ADDED TO LIBRARY COLLECTION

Inaugural 1965, a volume containing not only the complete record of the most recent Presidential inauguration ceremonies and festivities but also memorable articles by some of the nation's leading writers and historians, has been received as a gift to the college from the Inaugural Committee, 1965.

In his letter of transmittal to President Julian A. McPhee, Committee Chairman Dale Miller said, "We trust that the students who have access to it (the book) in your library in the years to come will find it not only useful to their curricula, but also a rewarding adventure into their nation's colorful past."

The volume will soon be available as part of the campus Library's book collection.
STUDENT SERVICE GROUPS CONDUCT DRIVE FOR CLOTHING, TOYS, AND BOOKS

Two campus student service organizations began a drive to collect usable clothing, books, and toys for distribution among families in Southern San Luis Obispo County last week. Conducted by the Cardinal Key and Blue Key chapters, the collection drive began last Friday and Saturday and will conclude this Friday and Saturday (Feb. 18-19).

Articles received during the drive will be stored and categorized before being boxed and distributed to specific families who have indicated a desire to receive such items, according to a spokesman for the two student groups. They indicated that families who would receive the items accruing from their drive were those not eligible for assistance through welfare agencies, but who were still in need of assistance. The families are primarily those of transient farm workers.

For purposes of their collection drive the students have divided San Luis Obispo into various districts which will be covered as thoroughly as possible during the two weekends. Beside being able to respond to the door-to-door canvas, those wishing to do so may arrange specific collection of their goods by calling either 544-2611 or 544-1381. In addition, collection of usable items will be continuous through Feb. 19 in various campus residence halls and boxes will also be provided in the Associated Students, Inc., office and the Snack Bar during the same period.

Excess material received during the drive will be given to the Salvation Army in San Luis Obispo for distribution through its service programs.

SPECIAL MEETING WILL PROVIDE ARMY O C S INFORMATION FOR MEN STUDENTS

All senior men students graduating this June who have not taken part in the Army's Reserve Officers Training Corps (ROTC) program will be interested in hearing about the Army's Officers Candidate School program, which is available to all college graduates who qualify and are interested in fulfilling their two-year active duty military service obligation in other than an enlisted status. Lt. Col. George Davies of the Military Science Department staff will present an informal discussion of the OCS program at 11:00 a.m., Thursday (Feb. 17), in Room 129 of the Library Building. All senior men students who are interested and faculty advisors who wish to attend will be welcome.

3D'S SLATE CAMPUS CONCERT FEB. 23

The 3D's, a rising new vocal-instrumental trio on the national entertainment scene, will present a unique kind of entertainment on campus, Feb. 23, beginning at 8:00 p.m., in the Men's Gym. The concert will be a return engagement for The 3D's, who appeared on campus for the first time about 18 months ago. The College Union Assemblies Committee, which brought Louis Armstrong and The Back Porch Majority to campus earlier this year, will be sponsor of the concert.

Called "The 3D's Present the 3R's -- Rhyme, Rhythm and Reason," the show is expected to combine comedy, drama, music, and rhythm to showcase some of the world's best-loved literature. The pounding of cannon and thunder of hoof of the "Light Brigade", the triumphant march home with the head of Lewis Carroll's Jabberwocky, and the pathetic swoosh of Casey's third strike will all be among the concert's highlights.

Tickets for the concert are on sale at Wickenden's Men's Store, Larson's Village Squire, Brown's Music Store, Premier Music Company, all in downtown San Luis Obispo, and Riley's Fashion Center in College Square. Prices will be $2.00, $2.25, and $2.50.
SERIGRAPH EXHIBIT PRESENTLY ON CAMPUS

A serigraph exhibit featuring the work of Lucia Pearce, director of art education for the Montessori Teacher Training Program at Montessori Schools, Los Angeles, is currently being shown in the foyers of the Library and Little Theater on campus. Sponsored by the College Union Fine Arts Committee, the exhibit began last Saturday (Feb. 12) and will continue through Feb. 26.

Mrs. Pearce's serigraphs (silk screen prints) feature quotations from the poetry of such authors as Rilke, Patchen, and Jimenez, and around each, she has fashioned a picture to illustrate the meaning of the words.

FINE ARTS COMMITTEE WILL PRESENT SHOWING OF PRIZE-WINNING FILM

Aparajito, a film which won the Grand Prize at the Venice Film Festival and the Best Picture Award at the San Francisco Film Festival, both in 1958, will be the second in the current College Union Fine Arts Committee film series. Scheduled for Friday (Feb. 19) evening, it will be presented as part of a program being planned for the Little Theater with showings at 7:00 and 9:30 p.m. Admission cost will be $.50.

Directed by Satyajit Ray, Aparajito tells of a Brahmin (upper educated class) family living in the modern streets of India's Holy City, Benares. Its sound track is in Hindi, but English subtitles are included with the picture. In keeping with the Fine Arts Committee's desire to show short films of an unusual and stimulating nature, four other color films will be seen on the program.

MUSTANG BASEBALLERS WILL OPEN HOME SLATE SATURDAY

The first home baseball games of 1966 for the Mustang baseball varsity highlight this week's campus sports schedule. Also on tap at home this week are two varsity swimming matches, freshman and varsity wrestling, and the initial home gymnastics meet of the season. In the meantime, the freshman and varsity basketball teams are both on the road.

After gaining a split in two home conference contests last weekend, Coach Ed Jorgensen's varsity quintet journeys to Long Beach and San Diego for another pair of California Collegiate Athletic Association games. The varsity will meet California State College at Long Beach Friday (Feb. 18) evening, before journeying on to encounter San Diego State College the following evening (Feb. 19).

Coach Vaughan Hitchcock's varsity wrestlers could wrap up their claim to the CCAA wrestling championship with a victory over Fresno State College when they meet Friday evening at 8:00 p.m., in Men's Gym. Both teams are tied at the present. Also on tap during the week for the mat team is a match this (Tuesday, Feb. 15) evening against University of California at Los Angeles, in Westwood. The frosh wrestling team will meet freshman teams from both Fresno State and UCLA in preliminaries both evenings.

Other home action on this week's sports calendar includes a swimming meet with Long Beach City College, tomorrow (Wednesday, Feb. 16) evening at 8:00 p.m., in the natatorium; a baseball doubleheader with University of California at Santa Barbara beginning at 12:30 p.m., Saturday, on the baseball field; another swimming meet, vs UCSB and San Fernando Valley State College, Saturday, starting at 1:00 p.m., in the natatorium; and the gymnastics meet between Cal Poly, California State College at Los Angeles, and San Francisco State College, Saturday evening at 7:30 p.m., in the Men's Gym.
J. M. McRobbie, head of Technical Arts, was one of 10 educators from colleges and universities in California, Montana, Utah, and Washington who took part in an orientation tour of Army technical and scientific facilities Feb. 7-12. Arranged by Headquarters, 6th Army, the tour was designed to demonstrate the sophisticated skills required to maintain today's modern Army in a constant state of readiness. Included in the installations visited during the tour were the US Army Electronic Proving Ground, Ft. Huachuca, Ariz.; US Army Air Defense School, Ft. Bliss, Tex.; and the US Army Command and General Staff College, Ft. Leavenworth, Kans.

John L. Merriam, Agricultural Engineering, attended the annual meeting of the Pacific Southwest Region of the American Geophysical Union, held in San Jose, Feb. 3-4. He participated in sections on hydrology and meteorology.

Edward Ernatt, Education, was a participant in the fourth annual conference of the California Association for the Gifted, held Jan. 22, at California State College at Long Beach. Topics explored during the conference were "Improving Financing and Program Development," "Selection and Preparation of Teachers for the Gifted," "Implications of Federal Legislation for the Gifted," and "Pressures of Programs for the Gifted."

CAL POLY WOMEN'S CLUB NEWS

Home and Garden Section - Next meeting of the CPWC's Home and Garden Section will be Feb. 16, when members will meet at the home of Mrs. Glenn Noble, 1327 Foothill Boulevard, San Luis Obispo, at 9:30 a.m. for coffee. Following the coffee, Mrs. George Hoffman will speak on "First Aid for Home Makers and Gardeners" and a short film on "Mouth to Mouth Resuscitation" will be presented in Room 212 of the Music Building on campus.

Book, Music, and Art Section - The home of Mrs. Franklin Crane, 281 Albert Drive, San Luis Obispo, will be place of the next gathering of members of the women's club's Book, Music, and Art Section. Planned for 8:00 p.m., the evening of Feb. 16, the program will feature Yvonne Barishaw, chairman of a local art show for the second year, speaking on "Art of the Show."

Bridge Section - Room 129 of the Library Building on campus will be scene of the next meeting of the CPWC's Bridge Section, beginning at 8:00 p.m., Feb. 21.

Newcomers Section - Next meeting of the Newcomers Section of the women's club will be Feb. 23 at 8:00 p.m., in the home of Mrs. Albert Fellows, 208 Hathway Street, San Luis Obispo. Speaker of the evening will be Morton Binder, a local landscape architect and interior decorator, who will offer inexpensive ideas on how to improve homes and gardens. Guests are invited to hear his presentation which will be illustrated with slide pictures.

Walking Group - On Tuesday, Feb. 22, members of the Walking Group will meet at Mitchell Park, located at the corner of Pismo and Santa Rosa Streets, San Luis Obispo, at 9:00 a.m., for a walk through the city's business district and visit to antique shops.

Sewing Section - Next meeting of the club's Sewing Section will be Tuesday, March 1, at 2:00 p.m., in the home of Mrs. M. C. Martinsen, 290 Foothill Boulevard, San Luis Obispo.
Enrollment for the Winter Quarter reached an all-time high for this period of the year at the Kellogg Campus last month when 4,721 students registered for classes. According to Dick York, associate dean, admissions and records, 4,506 of that number are full-time students and 215 are carrying loads of six units or less. Broken down by divisions the total includes 751 students enrolled in agriculture, 1,509 in engineering, and 2,430 in arts and sciences. Another 31 graduate students are unclassified.

Doyle Stansel, counselor and financial aid officer at the Kellogg Campus, has been appointed to the Chancellor's Financial Aid Advisory Group of the California State Colleges. In his letter to Stansel, Chancellor Glenn S. Dumke stated, "The most immediate task of this group would be to consider suggestions and develop a proposal for a program of trustee scholarships, grants-in-aid, and awards of merit." The group is expected to be made up of two instructional faculty members, Stansel, and several members of the Chancellor's staff.

**PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK**

**PHILCO CORPORATION,** Western Development Laboratories. Joe Weber, Sr., employment representative, will interview seniors in EL. (2/15)

**ROHR CORPORATION,** Gilbert Balkam, employment representative, will interview seniors in aero, ME, and WM. (2/15)

**U.S. NAVAL ORDNANCE TEST STATION, China Lake,** L. C. Garman, supervisory, general engineer, will interview seniors in aero, EE, EL, ME, physics, and math. (2/15)

*Summer:* A group meeting will be held for those undergraduates, graduates, and faculty members interested in summer employment.

**VARIAN ASSOCIATES.** James A. Kallgren, employment manager, will interview seniors in EL. (2/15)

**THE POWERS REGULATOR COMPANY.** D. P. MacCulloch, regional manager (Western 11 states) and R. C. Hansen, Los Angeles Branch manager, will interview seniors in AC and R, other engineering majors interested in sales engineering, business administration, and TA. (2/15)

**CASTLE AND COOK, INC.** Richard M. MacFarlane, assistant to the president, will interview seniors in ABM, crops, EE, FI, FM, ME, and soil science, for the Management Training Program which offers, after an initial orientation program, successive assignments of two to three months duration at selected divisions and companies located in Hawaii. (2/15-2/17)

**COLTON SCHOOL DISTRICT,** Colton. Dean Carlton, deputy superintendent, instruction, will interview teaching candidates for elementary and junior high positions. (2/16)

**SAN BRUNO CITY SCHOOLS.** William K. Jennings, director of personnel, will interview teaching candidates for elementary and junior high positions. (2/16)

**SAN MATEO CITY SCHOOLS.** Robert F. Morris, director of personnel, will interview teaching candidates for elementary and junior high positions. (2/16)
PLACEMENT CALENDAR (Continued)

TEXAS INSTRUMENTS, INC. John Anderson, employment manager, will interview seniors in EE, EL, chemistry, IE, ME, and physics. (2/16)

U.S. FOOD AND DRUG ADMINISTRATION. Abram Kleinman, supervisory chemist, and Fred Shallit, supervisory inspector, will interview seniors in biological science and chemistry. (2/16)

HUMBLE OIL AND REFINERY COMPANY. D. M. Griffith, engineer, will interview seniors in architecture (structural), EE, IE, and ME. (2/17)

ARMCO STEEL CORP., National Supply Division. W. V. Schneider, production equipment engineer, will interview seniors in business administration, ME, and TA. (2/17)

CROWN ZELLERBACH. Thomas L. Shaw, manager, professional and technical recruiting, will interview seniors in business administration, TA, and printing. Edward J. Kelly, personnel and safety supervisor, will interview seniors in EE, IE, and ME. (2/17)

SAN FERNANDO LABORATORIES. Fred A. Glaski, Sr., physical chemist, will interview seniors in chemistry and WM and physics. (2/17)

GOODYEAR AEROSPACE CORP. R. J. Wojno, college relations, will interview seniors in EE, EL, ME, and physics. (2/17)

CAPWELL'S, Oakland. Fred Castro, personnel superintendent, will interview seniors in applied arts and applied sciences who are particularly interested in executive trainee positions in retailing. Assignments are available in merchandising, sales promotion, controller's division, and the superintendent's division. (2/17)

DOUGLAS UNITED NUCLEAR, INC. Loren P. Henderson, specialist, professional recruitment, will interview seniors in EE, EL, ME, physics and WM for engineering and manufacturing training programs or for direct placement opportunities for those with some previous engineering or manufacturing experience. (2/17 - 2/18)

GREEN GIANT CO. R. E. Hughes, district personnel manager, will interview seniors in agricultural engineering. (2/17 - 2/18)

SALINAS CITY SCHOOL DISTRICT. Joseph W. McMahan, assistant superintendent, instructional services, will interview teaching candidates for elementary positions (K - 6) (2/18)

C. G. HOKANSON CO., INC. John Gallo, personnel manager, will interview seniors in AC and R, EE, and ME. (2/18)

UNITED STATES PRODUCTS CORP., LTD., San Jose. David C. Devenot, industrial relations manager, will interview seniors in food processing or other agricultural and science majors interested in the food industry. Assignments are available in canning or preparation operations. (2/18)

TEKTRONIX, INC. Dan Thompson, manager, professional placement; Will Auran; and R. McMillan, will interview seniors in EL, ME, physics, and chemistry. (2/18)

(Continued on Next Page)
PLACEMENT CALENDAR (Continued)

SUNNYVALE SCHOOL DISTRICT. Robert L. Cook, director of personnel, will interview teaching candidates for positions in K-8. (2/18)

BASSETT UNIFIED SCHOOL DISTRICT. Mark Genera, principal, Bassett High School, will interview teaching candidates for elementary and secondary positions. (2/18)

RADIO CORPORATION OF AMERICA. A representative will interview seniors in EE, EL, ME, and physics for various positions in applied research, development, design, manufacture, and sale of electronic systems for industry (computers, controls, communications, electron tubes, semiconductors); for defense (aerospace, missiles, detection, controls, space); and for consumers (TV, radio, phonographs, phonograph records). (2/18)

CORVEL, INC. Al Burger, field sales manager, will interview seniors in ABM, AH, and biological sciences. (2/18)

LINK ORDNANCE. Dennis McNeal, senior project engineer, will interview seniors in all engineering majors who are interested in research, design and development on a practical level in the field of pyrotechnic and explosive devices such as stage separation assemblies for space vehicles, gas generators, detonators and igniters. Individuals will receive on-the-job training to prepare them to direct complete projects with a minimum of supervision. (2/21)

ARO, Inc., Ames Division, Moffett Field, Calif. Richard F. Piasecki, assistant engineering manager, will interview seniors in aero and ME for positions as project engineers for wind tunnel tests at Ames Research Center. (2/21)

NORTHROP CORPORATION. Donald P. Archer, chief, Personnel Group, will interview seniors in aero, EL, and ME for positions in research development and design. Opportunities exist in all divisions of Northrop Corporation which manufactures missiles, aircraft, target drones, guidance systems, ground support equipment, electronic and electromechanical systems, surveillance drones, optical devices, and related defense items. (2/21)

U.S. NAVAL ORDNANCE LAB, Corona. E. A. Harris, head, Countermeasures Evaluation Branch, will interview seniors in aero, EE, EL, ME, and physics. (2/21)

LITTON SYSTEMS, INC., LITTON DATA SYSTEMS DIVISION. John Rogers, supervisor of university relations, will interview seniors in EL. (2/21)

LITTON INDUSTRIES, GUIDANCE AND CONTROL SYSTEMS DIVISION. James O. Anderson, supervisor, college relations, will interview seniors in EE and EL. (2/21 - 2/22)

BUREAU OF YARDS AND DOCKS, Southwest Division, San Diego. Carl J. Yasi, personnel officer, will interview seniors in business administration, EE, EL, ME, and architecture (structural). (2/22)

B.F. GOODRICH TIRE CO. Robert M. Montgomery, personnel manager, will interview seniors in IE, ME, and TA for positions in the B. F. Goodrich Tire Company's technical training program. (2/22)

BANK OF AMERICA. Dennis L. Elder, college relations representative, will interview seniors in all agriculture majors, for training programs in agricultural branches, business administration majors for training in branch or international banking, and math majors for training in computer programming. (2/22)
CAMPUS CALENDAR - WEEK OF FEBRUARY 15 - 22, 1966

Tuesday, February 15

12:00 noon  Books at High Noon Luncheon Meeting  S D R
7:15 p.m.  CSEA Meeting, Chapter 97  S D R

Wednesday, February 16

9:00 a.m.  Cal Poly Women's Club: Home and Garden Section  San Luis Obispo*
12:00 noon  CSEA Meeting, Chapter 97  S D R
7:00 p.m.  Varsity Wrestling: vs. University of California at Los Angeles  Westwood
8:00 p.m.  Cal Poly Women's Club: Books, Music, and Art Section  San Luis Obispo*

Thursday, February 17

8:15 a.m.  Applied Arts Division Committee Meeting  Admin. 213-A
9:00 a.m.  Agriculture Division Committee Meeting  Ag. 138
12:00 noon  Staff Club Luncheon Meeting  S D R
8:00 p.m.  Swimming: vs. Long Beach City College  Natatorium

Friday, February 18

2:30 p.m.  Varsity Baseball: vs. University of California at Santa Barbara  Goleta
8:00 p.m.  Varsity Wrestling: vs. Fresno State College (Preliminary: Cal Poly Colts vs. Fresno State College Frosh - 6:30 p.m.)  Crandall Gym
8:00 p.m.  Varsity Basketball: vs. California State College at Long Beach  Long Beach

Saturday, February 19

12:30 p.m.  Varsity Baseball: vs. University of California at Santa Barbara (2)  Baseball Field
1:00 p.m.  Swimming: vs. University of California at Santa Barbara and San Fernando Valley State College  Natatorium
7:30 p.m.  Gymnastics: vs. California State College at Los Angeles and San Francisco State College  Men's Gym
8:00 p.m.  Varsity Basketball: vs. San Diego State College  San Diego

Monday, February 21

2:00 p.m.  Campus Executive Council Meeting  Admin. 301
8:00 p.m.  Cal Poly Women's Club: Bridge Section  Library 129

Tuesday, February 22

8:15 a.m.  Applied Sciences Division Committee Meeting  Admin. 301
9:00 a.m.  Cal Poly Women's Club: Walking Group  San Luis Obispo*
10:00 a.m.  Engineering Division Committee Meeting  GA 101
12:00 noon  Books at High Noon Luncheon Meeting  S D R

* See article for further information
