SAVINGS BOND CAMPAIGN WILL CLOSE SATURDAY

Saturday (April 9) will see close of the 1966 United States Savings Bond campaign on campus, according to Public Relations Coordinator Don McCaleb, who is director of the local campus campaign. The special effort for state employees throughout California began late last month.

The annual campaign to encourage all state employees to arrange for purchase of the bonds through monthly payroll deductions is being conducted through the cooperation of representatives in the various departments throughout the campus, who have the responsibility of contacting each of their fellow employees individually.

Calling attention to this year's savings bonds campaign, Chancellor of the California State Colleges Glenn S. Dumke recently pointed out the need for support of the nation during its involvement in Vietnam. He said, "It behooves us, as patriotic Americans, to do a little more than our share at this time."

McCaleb issued a reminder to departmental representatives for the campaign to return the individual cards for each of the employees they were asked to contact, to the Public Relations Office, Room 216, Administration Building, on or before Saturday.

SENATE RESOLUTION HIGHLIGHTS SUCCESSFUL MUSIC TOUR

Senate Resolution No. 38, commending the San Luis Obispo Campus' Music Department and Harold P. Davidson, head of that department, highlighted an extremely successful 25th annual Music Tour, according to Graduate Manager Robert Spink. Presented during a tour of the Capitol Building which included a 30-minute concert, the resolution was introduced by Senator Vernon L. Sturgeon of Paso Robles and was unanimously adopted by the state legislature's upper house.

The resolution stated in part ... "That the members of the Senate commend the Men's Glee Club of the California State Polytechnic College on the excellent blend of vocal talent and also recognize the 30th anniversary of Professor Davidson's directorship of this fine musical organization and the fine record that his former students have made as leaders and citizens in their respective communities; ..."

The 1966 tour, which included visits to high schools and Sierra College in the upper San Joaquin and Sacramento Valleys, was among the most successful in recent years, according to Spink. Performances were before large and often "standing room only" crowds and were well received. Standing ovations closed several of the concerts. Groups which made up the tour party were the Men's Glee Club, Collegians, Collegiate Quartet, and Majors and Minors.
ENG IM ERG ING PRO G R AM STUDY ANNOUNCED

Harold P. Hayes, Dean of Engineering, has been assigned the responsibility for proposing procedures for a full-scale review of the future development of the San Luis Obispo program of engineering education, according to an announcement by Vice President Dale W. Andrews, chief executive officer for the SLO campus. In making the announcement Dr. Andrews recalled that a complete over-all review of the college's engineering program has not been done since 1952. He stated that this assignment will require the full-time attention of Dean Hayes on an interim basis, and will include an evaluation of the ECSPD reports, the development of proposals for an over-all study and evaluation of the engineering program, and other assignments necessary to planning for the future and improvement of the Engineering Division.

"The press of routine, day-to-day Engineering Division responsibilities, committee assignments, and participation in Executive Council and Faculty-Staff Council deliberations have simply not allowed time for adequate attention to be devoted to this vital long-range planning process," Dr. Andrews said. "With the major Engineering Division dean-level policy recommendations determined for the remainder of the present academic year and summer quarter, it has been found possible to release Dean Hayes from operational responsibilities for the Engineering Division and from local campus committee assignments in order to carry out the responsibilities associated with this new assignment."

Vice President Andrews added that operational direction of the Engineering Division will be assigned to a temporary administrator, to be named in the immediate future, following consultation with Engineering Division department heads, college line officers, and others as appropriate.

DIRECTOR OF CSC INTERNATIONAL PROGRAMS WILL VISIT CAMPUS, ADDRESS STAFF CLUB

Thomas Lantos, director of International Programs for the California State Colleges, faces a busy schedule when he arrives on campus Thursday (April 7) for his annual visit. Planned during his day-long stay, here, are a series of interviews and meetings with members of the college faculty, staff, and student body, as well as an address before the regular meeting of the Staff Club, scheduled to begin at noon, in the Staff Dining Room.

Formerly a professor of economics at San Francisco State College, where he distinguished himself as an educator, an advisor on national economic problems, and a lecturer, Lantos has been instrumental in development of study abroad programs at ten foreign universities for CSC students. After but three years of operation, the state colleges' program of international study is already known as one of the finest such programs available for American college and university students. Cal Poly students are presently enrolled in classes at Uppsala University (Sweden), Waseda University (Japan), and University of Madrid (Spain).

While on campus Lantos will be available to discuss overseas study opportunities with interested students. A general meeting for that purpose is being planned for 11:00 a.m., Thursday, in Room 123 of the Agricultural Engineering Building. In addition, members of the student body and faculty who wish to arrange short individual interviews with the CSC official during his visit here, are invited to contact Fuad H. Tellew, campus coordinator of international studies programs and a member of the Business Administration Department Faculty, to make the necessary arrangements. Tellew may be reached either by going to his office, Room 110 of the Business Administration and Education Building, or by calling (546)2278.

Alumni of the college as well as students who have recently been admitted to the CSC International Program are invited to join members of the faculty and staff to hear Lantos' address before the Staff Club.
NEW SCHEDULE FOR S E R S CONTRIBUTIONS ANNOUNCED

New schedules for employees' contribution share to the State Employees' Retirement System were included in information received on campus from SERS last week. Slated to become effective July 1, 1966, the new rate schedule is:

CHEMISTRY LECTURES WILL CONCLUDE RADIOISOTOPE LAB VISIT ON CAMPUS

Public lectures dealing with the field of chemistry, planned to continue each evening through Friday (April 8), will conclude the two-week visit of the Oak Ridge Institute for Nuclear Studies Mobile Radioisotope Laboratory on campus. Planned to begin at 7:30 p.m., each evening, the lectures will take place in Room E-27 of the Science Building, according to Ken Ozawa of the Physical Sciences Department's faculty, who is coordinator for the visit.

Delivered by G. A. Thomas and K. J. Schiager, who accompany the lab as lecturers, the nightly presentations remaining on the schedule include the following topics:

Tuesday, April 5 - "Carbon-14"
Wednesday, April 6 - "Isotope Dilution"
Thursday, April 7 - "Preparation of Tagged Compounds" and "Standardization"
Friday, April 8 - "Chemical Separations"

Cal Poly's students and faculty are making full use of the unit's appearance on campus according to Ozawa. The 27 participants taking part in laboratory demonstrations and experiments are more than twice as many as have ever taken the course before.
William Glasser's *Reality Therapy* will be reviewed by Education Department faculty member Harry Scales when the Books at High Noon group gathers next Tuesday (April 12) for its regular luncheon meeting. Planned to begin at noon, the meeting will take place in the Staff Dining Room.

Glasser's book is diametrically opposed to the Freudian approach to personality and psychoanalysis. It uses the conscious approach to individuality and works toward acceptance of, and adjustment to, the reality of today's world. It assumes that all humans have to live within their society and that they have to pay a price for living contrary to their consciences, through which they relate to society's requirements.

During today's (Tuesday, April 5) program of the book review series Michael O'Leary, a member of the Social Sciences Department faculty, will discuss John Steinbeck's *Sweet Thursday*. Starting time and place for today's meeting are both same as those listed for next week's program.

**WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?**

Charles P. Davis, head of Aeronautical Engineering, has been notified by attorneys working for the Technical Materials Corporations' research division that a patent for a fluid fly wheel, which he invented, has been applied for. Serial number 525051 has been granted the patent.

J. M. McRobbie, head of Technical Arts, served on the judging team for the California Spring Fair Industrial Arts Exposition in Sacramento, late last month. Outstanding junior and senior high school student projects in electronics, metals, wood, drafting, and graphics were judged during the competition.

**MEAL MANAGEMENT LUNCHEONS SCHEDULED FOR WEDNESDAY, FRIDAY, DURING SPRING QUARTER**

Two luncheons a week will be the order of the "day" for the Meal Management Class luncheon series during the Spring Quarter. Both scheduled for 12:00 to 1:00 p.m., in Room 114 of the Home Economics Building, they will take place each Wednesday and Friday, according to Mary Lou Day, instructor for the course. First luncheons of the new Quarter will be April 13 and 15.

Advance reservations for any or all of the luncheons during the quarter are required and may be made by calling (546)2289. Once having made a reservation, those who learn that they will be unable to attend after all are urgently requested to call and make sure that their cancellation is recorded.

**MUSTANG THINCLADS HOST CAL STATE HAYWARD IN ONLY CAMPUS SPORTS ACTION**

Dual meet action matching Coach Walt Williamson's Mustang track and field varsity against that of Cal State Hayward Saturday (April 9) afternoon highlights the abbreviated campus sports schedule this week. Starting time for the meet, which will take place on the track field located near the baseball diamond, is 1:30 p.m.

Only other sports activity on tap during the week has Coach Bill Hicks' baseball varsity on the road for a pair of California Collegiate Athletic Association contests with San Fernando Valley State Friday and Saturday (April 8-9) afternoons.
APPLIED ARTS DIVISION RETAINS GOLF SUPREMACY; BILL BROWN WINS INDIVIDUAL CROWN

Bill Brown of the Architecture and Architectural Engineering Department's faculty carded an 83 to win low gross honors and members of the Applied Arts Division faculty shot a combined low four net of 288 to retain that division's undisputed claim to campus golf supremacy when the Staff Club held its Winter Quarter tourney at Morro Bay Golf Course, March 25.

Forty-two players toured the course in play that saw a "first" recorded when distaff golfers participated in the club tourney for the first time. Ann Marcell of the Records Office, Clara Proggett of the Counseling and Testing Center, Kay Hoover of the Applied Arts Division Office, and Willie Lisko of the Records Office were the first foursome off the tee.

Brown won a golf shirt provided as a prize by the host course for his low gross score. Clyde Hostetter of the Audio-Visual Department won a like prize for recording the high gross, a 134.

Close behind the Applied Arts team in the divisional team competition was the Administration-Foundation foursome, which toured the 18 holes in 290. Not far back were Engineering (296), Agriculture (297), and Applied Sciences (300). Members of the Applied Arts Division team were Roy Hughes of Physical Education, who shot an 89-19-70; Roy Anderson of Business Administration, 90-18-72; Bill Armentrout of Education, 87-15-72; and Tony Wadden of English and Speech, 88-14-74.

Tentative date for the Staff Club's Spring Golf Tournament is May 30. Final announcement of the date and other details for the spring event, is expected in the next few weeks.

EXHIBIT OF TURNER PRINTS WILL CLOSE SATURDAY

The exhibit of prints by Don LaViere Turner, which opened in the Architecture Gallery of Engineering West Building last week, will conclude Saturday (April 9). Open hours for the exhibit are from 10:00 a.m. to 5:00 p.m., and 7:00 to 9:00 p.m., through Friday (April 7), and 1:00 to 5:00 p.m., Saturday.

Sponsored by the Fine Arts Committee of the student College Union, the exhibit is being made possible through assistance of Arne Nybak's Gallery West of Cambria. Admission to the exhibit is free and the public is invited to attend.

Well-known as one of the finest draftsmen in the world at this time, Turner is a native of Milwaukee, Wis. He received his Bachelor and Master of Science Degrees at University of Wisconsin and, in 1958, was awarded the Master of Fine Arts Degree by Los Angeles County Art Institute. The list of exhibits which have included his work in recent years includes the World Drawing Exhibition of the Chicago Art Institute; Smithsonian Institute; Pennell Exhibition of Prints at the Library of Congress; and "Seventy-five Printmakers," selected by the Society of American Graphic Artists and currently being shown in major museums around the world.

Works by the talented printmaker are included in the permanent collections of the Library of Congress; Los Angeles County Art Institute; Los Angeles County Museum; Museum of Modern Art, New York; Pasadena Art Museum; Long Beach Art Museum; Phoenix, Ariz., Art Museum; and the Kenosha, Wisc., Public Museum.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON.
VIOLIN, PIANO CONCERT SCHEDULED FOR COLLEGE HOUR

A sonata concert by Dale W. and Rebecca L. Brooks of Bakersfield will be presented on campus Thursday (April 7), at 11:00 a.m. Scheduled for the Little Theater, the Brooks' program will be part of the College Hour concert series and is being sponsored by the student College Union Fine Arts Committee.

Both Mr. and Mrs. Brooks are associated with Bakersfield College's chamber music series. A pianist who studied at Juilliard School of Music and University of Washington, Dale Brooks later taught at that university. He has performed both solo and ensemble concerts in Washington and the Bakersfield area and is currently head of the Piano Department at BC.

Rebecca Brooks who studied at University of Washington and University of Southern California, is concertmistress of the Kern County Philharmonic. A soloist this spring with the Kern County orchestra, Mrs. Brooks also taught at UW and has been a frequent concert performer both in Washington and in the Bakersfield area.

CAL POLY WOMEN'S CLUB NEWS

General Meeting - A fashion show presented by Leonore Sampson of Leonore's, San Luis Obispo, and election of club officers for 1966-67 will highlight the activity being planned for next Tuesday (April 12) evening's meeting of the Cal Poly Women's Club's general membership. The meeting, which will take place in the Agricultural Engineering Building Auditorium, on campus, will begin at 8:00 p.m. Those interested in nominating members for the club's board of directors are being asked to contact the person being nominated to be sure in advance that they are interested in serving if elected.

Walking Group - The April 12 meeting of the women's club's Walking Group will find members taking a walk through Poly Canyon to the campus Botanical Gardens. They will meet in the parking lot across from the Mountain Residence Halls, on campus, at 9:00 a.m., to begin their stroll.

Travel Section - Next meeting of the Travel Section of CPWC will be April 13, in the home of Mrs. Loren Nicholson, 103 La Entrada, San Luis Obispo, beginning at 9:30 a.m. Guest speaker for the meeting will be Mrs. Michel Frank, who with her husband, a member of the Social Sciences Department faculty, has just returned from a tour behind the Iron Curtain in Hungary and Yugoslavia.

Bridge Section - Scheduled for 8:00 p.m., the evening of April 18, the next meeting of the club's Bridge Section will take place in Room 129 of the Library Building on campus.

PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK

FOREMOST DAIRIES, INC. Frank J. Thurman, personnel manager, will interview seniors in DM for dairy management assignments and marketing and sales management assignments. Mr. Thurman will also interview juniors in DM for summer opportunities. In addition, any DM student interested in overseas assignments is invited to talk with Mr. Thurman. (4/5 - 4/6)

KRAFT FOODS. C. B. Crow, personnel manager, and Don Rice, plant quality control manager, will interview seniors in FI and DM. An opening exists for a production technician at the company's Buena Park Plant. (4/5)

(Continued on Next Page)
TRIDEA ELECTRONICS, Conductran Corp. P. M. Brown, vice president, engineering, and B. F. Ivy, assistant to the vice president, engineering, will interview seniors in EE and EL. (4/5)

CAMPBELL SALES, Pasadena. Lawrence B. Stetson, assistant district manager, will interview seniors in business administration, ABM, and other applied arts majors interested in sales management trainee positions. (4/5)

TEXAS INSTRUMENTS, INC. Harry Pursel, senior development engineer, will interview seniors in EE and EL for positions in electronic circuit design and system analysis in the company's Ridgecrest, Calif. facility. (4/5)

ALVORD UNIFIED SCHOOL DISTRICT, Riverside. Erwin Hollitz, assistant superintendent of educational services, will interview teaching candidates for elementary, junior high, and high school positions. (4/5)

CONTINENTAL CAN CO. J. R. Shovein, manager of manufacturing, Pacific Division, and P. C. Bentson, supervisor, organization development and training, will interview sophomores and juniors in ME for summer positions consisting of formalized on-the-job training in Machine Shops of can manufacturing plants located in the Bay Area and Southern California. (4/6)

U.S. NAVAL ORDNANCE TEST STATION, China Lake. L. G. Garman, supervisory general engineer, will interview seniors in AC and R, Architectural Engineering, EE, EL, IE, ME, aero, physics, and TA. (4/6)

SUMMER EMPLOYMENT: Mr. Garman will also interview juniors in the same majors for summer employment opportunities.

LIBBY, McNEILL and LIBBY. Jack Ewbank, personnel administration, Western Division, San Francisco, will interview juniors in FI for summer positions. Candidates should have a primary interest in canned and frozen food processing. Assignments will be in the company's Northern California units. (4/7)

LONG BEACH UNIFIED SCHOOL DISTRICT. Louis A. Cook, Jr., director of personnel, will interview teaching candidates for elementary and secondary teaching positions. (4/7)

SANTA PAULA UNION HIGH SCHOOL. C. William Sciutto, superintendent-principal, will interview teaching candidates for secondary positions. (4/7)

JET PROPULSION LABORATORY. Lanny Lafferty, design engineer, will interview seniors in aero, EE, EL, ME for positions in spacecraft design, mechanical structure and propulsion systems type of design engineering. (4/7)

PASO ROBLES PUBLIC SCHOOLS. Walter L. Klaus, assistant superintendent, will interview teaching candidates for elementary and secondary positions. (4/11)

UNITED STATES NAVY. Lt. F. J. Skinner, USN; Lt. C. L. Clinton, USN (W); and Lt/Jg F. M. Fellrath, USN, the Officer Programs Information Team, will be available in the Snack Bar area of the Dining Hall to provide information on the opportunities available to college graduates as commissioned officers in the U.S. Naval Reserve. (4/11-13)

(Continued on Next Page)
CHICAGO TELEPHONE OF CALIFORNIA, INC. Steve Reed, personnel manager, will interview seniors in EE and EL, and IE and ME with some background in electronics. (4/11)

U S NAVAL TRAINING DEVICE CENTER. Frederick W. H. Rothenberg, assistant head, Training Applications and Requirements Division, will interview seniors in EE, EL, and physics for positions involving design and development of electronic and electromechanical devices. (4/12)

CAMPBELL SALES. Lawrence B. Stetson, assistant district manager, will interview seniors in business administration, ABM, and other applied arts majors interested in sales management careers in the food industry. (4/12)

BUNKER RAMO CORPORATION. George Schmidt, manager of field engineering, will interview seniors in EE and EL for positions in the Field Service and Support Department at domestic United States sites. (4/12)

SIMI VALLEY UNIFIED SCHOOL DISTRICT. Carroll L. Lang, director of personnel, will interview teaching candidates for elementary and secondary positions. (4/12)

TUSTIN ELEMENTARY SCHOOL DISTRICT. W. R. Nelson, district superintendent, and R. J. Rinaldi, administrative assistant, will interview teaching candidates for elem positions, K-8. (4/12)

LEWIS REFRIGERATION. M. R. Overbye, vice president and sales manager, will interview seniors in AC and R and ME. (4/12)

THE BOEING COMPANY. Ted Johnston, chief, college relations, and other representatives of the Boeing Company will be on campus for second interviews with those who have received offers of employment. In addition, employment interviews will be offered seniors in aero, EE, EL, IE, ME, and WM who have not yet had an opportunity to meet with Boeing representatives. Opportunities are available in the following areas: research (fundamental and applied) development, design, test, production and service in areas such as aerodynamics, structures, mechanical and electrical systems, instrumentation, tooling, materials and processes, and others. (4/12-13)
CAMPUS CALENDAR - WEEK OF APRIL 5 - 12, 1966

Tuesday, April 5

12:00 noon Books at High Noon Luncheon Meeting
2:00 p.m. Cal Poly Women's Club: Sewing Section

Thursday, April 7

8:15 a.m. Applied Arts Division Committee Meeting
9:00 a.m. Agriculture Division Committee Meeting
12:00 noon Staff Club Luncheon Meeting

Friday, April 8

GOOD FRIDAY - ACADEMIC HOLIDAY

2:30 p.m. Varsity Baseball: vs. San Fernando Valley State College

Saturday, April 9

1:30 p.m. Varsity Baseball: vs. San Fernando Valley State College
1:30 p.m. Varsity Track: vs. California State College

Monday, April 11

2:00 p.m. Campus Executive Council Meeting

Tuesday, April 12

8:15 a.m. Applied Sciences Division Committee Meeting
9:00 a.m. Cal Poly Women's Club: Walking Group
10:00 a.m. Engineering Division Committee Meeting
12:00 noon Books at High Noon Luncheon Meeting

* See article for further details.
