CHANCELLOR WILL ADDRESS FACULTY, STAFF NEXT TUESDAY MORNING

An address before members of the campus faculty and staff, scheduled for 11:00 a.m., next Tuesday (May 3), in the Little Theater, will be a highlight of the campus visit of Chancellor of the California State Colleges Glenn S. Dumke. Part of a series of visits to campuses of the state colleges, next week's visit is also expected to see Dr. Dumke meet with other campus groups including student leaders.

34TH POLY ROYAL WILL OPEN FRIDAY MORNING

A vari-colored cloud of balloons and a blast from a US Army 105 m.m. howitzer manned by members of the Reserve Officers Training Corps will officially signal start of 34th annual Poly Royal festivities Friday (April 29) morning. The traditional open house event will close the following (Saturday, April 30) evening with the Western and Coronation Balls.

The opening ceremonies, which are planned to begin at 9:30 a.m., on the lawn in front of the campus Library, will follow by several hours the Queen's Reception, which is slated for 8:00 p.m., Thursday (April 28), in the Little Theater Lobby, and is the first event officially scheduled as part of this year's Poly Royal. Sharon DuBois, a blond English major from El Centro, elected "Miss Cal Poly, Queen of Poly Royal, 1966" by the student body; her four princesses; and President Julian A. McPhee and his wife, Alma, this year's honored guests; will all be honored during the reception.

Complete with all the pomp and splendor that is expected for Poly Royal opening ceremonies, Friday morning's activity will feature a brief welcoming address by San Luis Obispo Campus Vice President Dale W. Andrews, and introduction of guests. Also planned are brief performances by Cal Poly's Concert Band and the Military Science Department's men's and women's drill teams.

Focal point of the thousands of visitors' interest during the two-day open house are expected to be the exhibits, displays, and demonstrations staged by students of the 35 departments that make up the four instructional divisions. Already announced this year are the premiere showing of the Shakespeare Press, one of the finest collections of historic and antique printing equipment west of Chicago; demonstrations of agricultural skills including horseshoeing, branding, and shearing by agriculture students; and art, flower, and fashion shows, to mention but a few of the departmental activities planned.

Although many special interest exhibits are slated to open prior to that time, all departmental exhibits and displays are slated to open for viewing at 11:00 a.m., Friday, and remain open until 5:00 p.m., that afternoon. They will be open again
FACULTY, STAFF RECEIVE SPECIAL INVITATION TO POLY ROYAL ACTIVITIES

Members of the college faculty and staff received a special invitation to Poly Royal this week from Roland Wentzel, student general superintendent of the traditional open house festival. Wentzel, a senior farm management major from Fortuna, said yesterday that Poly Royal is a family event so varied in scope that there is something of interest for everyone. He especially invited the faculty and staff to two of the annual event's activities, the Queen's Reception, planned for 7:00 p.m., Thursday (April 28) evening, in the Little Theater Lobby, and the Queen's Coronation Ceremony, slated for 10:30 p.m. Saturday (April 30), in the Men's Gymnasium.

HIGHLIGHTS OF 34TH POLY ROYAL LISTED (Continued)

from 9:00 a.m. to 5:00 p.m., on Saturday. The list of activities for this year's Poly Royal is far too long to list in detail, but highlights of the schedule include:

**Friday, April 29**
- 7:30 a.m. to Noon: Intercollegiate Horse Show, Collett Arena
- 9:30 a.m.: Opening Ceremonies, Library Lawn
- 11:00 a.m. to 5:00 p.m.: Exhibits open for public viewing, Campus
- 1:30 p.m.: Intercollegiate Rodeo, Collett Arena
- 6:00 to 11:00 p.m.: Carnival, behind Men's Gymnasium
- 8:30 p.m. to Midnight: Carnival Dance

**Saturday, April 30**
- 8:00 to 11:00 a.m.: Pancake Breakfast, Engineering East Patio
- 9:00 a.m. to 5:00 p.m.: Exhibits open for public viewing, Campus
- 9:00 a.m.: Adult Livestock Judging Contest
- 11:00 a.m. to 1:00 p.m.: Steak and Chicken Barbeque Luncheon, Staff Dining Room and Poly Grove
- 1:30 p.m.: Intercollegiate Rodeo, Collett Arena
- 9:00 p.m. to 1:00 a.m.: Coronation Ball, Men's Gymnasium
- 9:00 p.m. to 1:00 a.m.: Western Dance, Crandall Gymnasium
- 10:30 to 11:00 p.m.: Coronation Ceremonies, Men's Gymnasium

Copies of the lengthy schedule of events for this year's Poly Royal will be distributed to guests as they enter the campus at both the Grand Avenue and the California Boulevard entrances. Articles appearing elsewhere in this issue of Staff Bulletin include further information on Poly Royal.

**PHI KAPPA PHI CHAPTER SLATES INITIATION OF NEW MEMBERS**

New members of the campus chapter of Phi Kappa Phi national honor society will be initiated during a banquet meeting being planned by the organization for 7:00 p.m., the evening of May 13, in the Staff Dining Room. Guest speaker for the occasion will be Dr. John Hirt, an engineer and temporary administrator of the Engineering Division.

Those wishing to attend the initiation meeting are invited to make reservations by contacting Shirley Sparling of the Biological Sciences Department either in her office, Room E-42, Science Building, or by calling (546)2189. Reservations must be made on or before May 10. Payment for tickets, which are priced at $2.50 each, may be made at time of the banquet.
PERSONNEL OFFICE ANNOUNCES SEARCH FOR INTERMEDIATE STENOS

Vacancies for intermediate stenographers will exist on the staffs of five different campus departments and offices soon, according to information released last week by the Personnel Department. Expected to need the intermediate stenos within the next few days are the General Office, Placement Office, Bureau of Agricultural Education, the Plant Operations Department, the Admissions Office, and the Personnel Department.

Applicants for any of the positions are expected to meet the State of California's specifications for its Intermediate Stenographer Classification and should be permanent residents of the San Luis Obispo area.

Those interested in learning more about the vacancies are invited to contact the Personnel Department, Room 117, Administration Building, for additional information or to arrange for testing.

STAFF CLUB SCHEDULES SPRING FLING FOR MAY 21

May 21 has been established as date for this year's renewal of the Staff Club's annual Spring Fling, according to Robert Adams, chairman for the traditional event. Adams, who is head of the Business Management Division's Plant Operations Department, said last week that this year's fling would take place at Coon Creek Cove, where last year's event also was held.

An announced tide for fishermen and the New York strip steak barbecue for gourmets are expected to combine to make the $3.75 cost for the day-long event well worthwhile, according to Adams. Sale of tickets is expected to begin within the next week or so.

NOTES FROM THE KELLOGG AND VOORHIS CAMPUSES

The first Pacific Coast Workshop on the "New Grammar" has been scheduled for August 8-19 at the Educational Center (Voorhis Campus) and will be coordinated by David Rankin, a member of the Kellogg Campus' Language Arts Department faculty. The workshop is being designed to acquaint educators with the principles and methods of modern linguistic analysis. Cost for the entire program, including lodging and meals, will be $231. Deadline for registration, which must include a deposit of $50, is May 15.

The Kellogg Campus' Mathematics Department will sponsor two lectures by Walter Kyner of University of Southern California, Thursday (April 28) at the Kellogg Campus. Dr. Kyner will speak on "Mathematics and the Space Program" during a morning meeting and close his day-long visit with an address on "Orbits About an Oblate Plante" that evening.

COPIES OF "C S C REVIEW" ARRIVE ON CAMPUS, DISTRIBUTED

Copies of the March, 1966, issue of The California State Colleges Review arrived on campus late last week and are presently being distributed to members of the faculty and staff through campus mail facilities. Change from distribution of the Review, published by Office of Chancellor of the California State Colleges in an effort to keep members of the system's faculty informed of their colleagues' activities at campuses throughout the state, became necessary when the number of copies received on campus was insufficient for attachment to Staff Bulletin.
Late registrants brought the total number of students enrolled in Spring Quarter classes at the San Luis Obispo Campus to 6,825, according to information released last week. Registrar F. Jerald Holley, whose office is responsible for keeping records on the campus' students, said that the new figure was the largest ever recorded during the Spring Quarter at the campus. Figures for a similar date last year show that 6,521 students had enrolled.

Men continue to outnumber women among the student body by a margin of nearly 3 to 1. Included in the present enrollment are 5,055 men and 1,770 women. Largest of the class groups is the Senior Class, which has 2,241 members. Other registrations by class groups include 1,279 freshmen, 1,329 sophomores, and 1,348 juniors. In addition, 184 students are enrolled at the graduate level and 444 are enrolled with loads of 6 or less units.

Among the college's 31 degree-granting departments, the Architecture and Architectural Engineering Department continues to have the largest number of students with 709. Also among the larger departments as far as student body is concerned are Social Sciences, 520; Education, 463; Business Administration, 443; Home Economics, 419; Animal Husbandry, 391; Electronic Engineering, 387; and Mechanical Engineering, 339. Largest of the campus' four instructional divisions is the Applied Arts Division which has a total "major" enrollment of 2,177 students. Other divisional totals include Engineering, 1,980; Agriculture, 1,531; and Applied Sciences, 1,137.

George McMeen, Mathematics, attended the 44th annual Meeting of the National Council of Teachers of Mathematics in New York, N.Y., April 13-16. Previous attendance records for the event were broken when an official count of 6,261 persons registered. An increase of 1,761 over the previous year, the attendance at this spring's meeting reflects a continuing keen interest in mathematics, according to Dr. McMeen.

Robert E. Kennedy, administrative vice president of the college, was the keynote speaker for annual leadership conference of the Associated Students, Inc., of the Kellogg Campus, April 15. Some 150 members of that campus' student body heard Dr. Kennedy speak on "Are You Ready?" during the opening session of the conference which took place at Camp Cedar Crest, Big Bear.

Eugene R. Rittenhouse, placement officer, was a guest panelist during the Conference on Engineering Employment in California, held late in March at the University of California's campus in Davis. His panel topic was "Engineering and Scientific Employment Stability." The two-day conference was co-sponsored by the California Society of Professional Engineers and the California State Employment Relations Agency.

More than 1,300 members of the California Association of Future Farmers of America are expected to attend a series of events planned for May 4-7, on campus, here. Included in the list of activities being planned by the state-wide organization is its 38th annual state convention, its annual awards dinner and program, and its judging, public speaking, and parliamentary procedure contests.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
FEDERER WILL REVIEW "THE UNCOMMITTED" NEXT TUESDAY

Dale Federer of the Education Department's faculty will review The Uncommitted by Kenneth Keniston when members of the Books at High Noon luncheon series group gather for their meeting next Tuesday (May 3), beginning at noon, in the Staff Dining Room.

Commenting on the author's work, one reviewer wrote on the jacket of The Uncommitted: "Convinced that we have barely begun to understand the psychological impact of the pressures of modern American life, Mr. Keniston starts from an intensive study of alienated youth, asking why a group of talented and privileged young men should reject the basic values of our culture."

On today's (April 26) Books at High Noon program, Ralph Nader's much-discussed book, Unsafe at Any Speed, will be reviewed by Wallace Reynolds, a member of the faculty of the Mechanical Engineering Department. Both the place and starting time for today's meeting are same as those listed for next week.

PREMIERE SHOWINGS OF "CALPOLYSCOPE" SCHEDULED DURING POLY ROYAL

Initial showings of the stage and screen production of CalPolyScope, being produced under auspices of the 65th Anniversary Task Force Committee, have been scheduled this week as part of Poly Royal. Following a preview showing for guests invited to the Poly Royal Queen's Reception Thursday (April 28) evening in the Little Theater, showings Friday (April 29) afternoon and throughout the day Saturday (April 30) have also been scheduled. Those interested in seeing this unusual portrayal of Cal Poly's history are invited to consult the detailed listing of Poly Royal activities for exact times of showings those two dates.

LUNCHEON MEETING OF STAFF CLUB POSTPONED

Start of preparations and press of activities for Poly Royal will preclude this week's luncheon meeting of the Staff Club, which was to have been Thursday (April 28), in the Staff Dining Room. Regular luncheon meetings of the club are expected to resume May 5.

BASEBALL, TENNIS ACTION SCHEDULED FOR POLY ROYAL VISITORS

A pair of California Collegiate Athletic Association baseball games and a tennis match between the netmen of the San Luis Obispo and Kellogg Campuses, scheduled as part of this weekend's Poly Royal festivities, are highlights of the campus sports activity scheduled for this week.

Coach Bill Hicks' varsity baseballers get the first taste of action when they encounter Fresno State in a single contest billed for a 2:30 p.m. start this (Tuesday, April 26) afternoon. The Mustang diamondmen get their Poly Royal action underway with a single contest against San Fernando Valley State starting at 2:30 p.m., Friday (April 29), and then close out their week the following (Saturday, April 30) afternoon with a 1:30 p.m., contest against the same club. All three games will take place on the campus diamond, which is located near Poly Ninos. That tennis match, planned to begin at 1:00 p.m., will take place on the varsity courts located near the Men's Gymnasium.

Also on tap this week are several events which will find Cal Poly athletes on the road. Among them are the Southern California Intercollegiate Golf Championships, scheduled for Thursday-Saturday (April 28-30) at La Costa; the Mt. San Antonio College Relays, Friday and Saturday, in Walnut; and a frosh baseball game matching Cal Poly's Colts against Hancock College, Saturday afternoon, in Santa Maria.
CAL POLY WOMEN'S CLUB NEWS

Bridge Section - Scheduled for 8:00 p.m., May 2, the next meeting of the women's club's Bridge Section will take place in Room 129 of the Library Building on campus.

Sewing Section - Next meeting of the Sewing Section of the club will take place the afternoon of May 3, when members will meet at 2:00 p.m., in the home of Mrs. Harold Wilson, 777 Serrano Drive, San Luis Obispo.

PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK

SALINAS UNION HIGH SCHOOL DISTRICT. Mark Lewis, assistant superintendent, will interview secondary teaching candidates for positions teaching industrial arts, math, agriculture, English, and women's PE. (4/26)

CHEVRON CHEMICAL CO., Ortho Division. R. W. Smedul, regional sales manager, will interview seniors in all agricultural majors interested in a career in agricultural sales. (4/26)

SKYLAKE CAMPS. John T. Howe, camp director, will interview men students for summer positions as counselors to teach archery, riflery, sailing, campcraft, handicraft, and horsemanship and women students (over 21) for horsemanship, swimming, and handicrafts instructors. (4/26)

GREEN GIANT CO. Charles Calleros, manager, operations services, will interview seniors in all agriculture majors interested in the broad field of agriculture and entry positions either as field representatives or in plant production. Both assignments lead to management positions, one via the raw products route and the other via processing. (4/27)

HAYWARD UNIFIED SCHOOL DISTRICT. Barney Flanagan, director of certificated personnel, will interview teaching candidates for elementary and secondary positions. (4/27)

GARDEN GROVE UNIFIED SCHOOL DISTRICT. Robert Thomas, administrative assistant, personnel, will interview teaching candidates for elementary and secondary positions. (4/27)

FEDERAL PACIFIC ELECTRIC CO. Frank W. Mayhew, apparatus division, will interview seniors in EE, ME, and TA for sales engineer trainee positions. (4/28)

ARO, Inc., Ames Division, Moffett Field, Calif. Richard F. Piasecki, assistant engineering manager, will interview seniors in aero, and ME for positions as project engineers for wind tunnel tests at Ames Research Center. (4/29)

VISALIA PUBLIC SCHOOLS. Robert D. Morgans, associate superintendent, and Newell H. Herum, assistant superintendent, elementary education, will interview teaching candidates for elementary and secondary positions. (4/29)

UNITED STATES AIR FORCE. Major Gerald L. Doherty and T/Sgt R. H. Martindale will interview seniors in all majors for placement in the U.S. Air Force. They are particularly interested in discussing the pilot and navigator programs with eligible seniors and also the various Air Force engineering fields with engineering seniors. In addition, they will talk with seniors in business administration, applied arts, and applied sciences regarding the various officer administrative positions. (5/2-3)

(Continued on Next Page)
REHLMAN-INVAR ELECTRONICS CORP. Harold B. Rose, director of engineering, will interview seniors in EL and ME. (5/3)

THE DOW CHEMICAL COMPANY. Glenn Allen, western recruitment manager, will interview seniors in chem, EE, IE, math, ME, physics and business administration (accounting) or other applied arts majors with some science background interested in technical sales. (5/3)

GIRARD LIFE INSURANCE CO. Thomas G. Skinner, state manager, University Trust Division, will interview junior students in all majors interested in part-time life insurance sales to the college market during their senior year. The assignment calls for 15 to 18 hours weekly following a 10 day training period in Dallas, Texas, at the company's expense. (5/3)
