PRESIDENTIAL SELECTION ADVISORY COMMITTEE INVITES SUGGESTIONS

Procedures to receive and process suggestions for candidates to fill the vacancy created by President Julian A. McPhee's retirement have now been completed by the campus Chancellor's Advisory Committee on the Selection of a President and nominations are being invited, according to George Hasslein, head of the Architecture and Architectural Engineering Department and chairman of the committee.

The various segments of the campus community, including faculty, administration, staff, students, alumni, and other interested persons have been invited to participate by using the data form provided as an attachment to this edition of Staff Bulletin to forward their nominations. Additional copies of the form may be obtained at any of the campus General Office locations or from any member of the committee, and candidates may be recommended either by themselves, by groups, or by individuals.

Hasslein said that all names submitted will be reviewed and that additional information may be requested. Candidates who, in the opinion of the committee display potential, will be interviewed. In the meantime, the Chancellor's Office will be submitting candidates whom it considers suitable for the position to the campus committee. Dossiers of candidates suggested by the Chancellor's Office will be reviewed and those which the committee feels to be suitable will be accorded the same treatment as candidates proposed by local sources.

By way of report, the committee chairman said that some 35 names had been received from the Chancellor's Office. One interview has already taken place and another is slated to take place shortly. He reported that one of the committee's primary interests in consideration of candidates is their appropriateness to Cal Poly-type programs and philosophy.

Assigned the responsibility of developing a list of five candidates to be forwarded to Chancellor of the California State Colleges Glenn S. Dumke, the committee expects to continue its work during the summer months. Hasslein said it is evident the magnitude of its assignment dictates that the committee's work will not be completed until well into next academic year. Consideration of an acting president is not part of the committee's assignment.

PRESIDENT MCPHEE WILL ADDRESS F-S COUNCIL, PRESENT AWARDS

President Julian A. McPhee will address members of the campus Faculty-Staff Council and present the San Luis Obispo Campus "outstanding teacher awards" for 1965-66 during the meeting of that organization being planned for this (Tuesday, June 7) afternoon, beginning at 3:15 p.m., in the Staff Dining Room. Other items of business are included on the agenda.
TRUST FUND, AWARDS PROGRAM WILL HONOR RETIRING PRESIDENT

Establishment of a perpetual trust fund as a tribute to Julian A. McPhee, retiring president of Cal Poly, was announced last week. Result of the efforts of a 41-member committee composed of friends and associates of President McPhee, announcement of the fund and the awards program it will make possible came during a community-wide testimonial dinner in honor of the president, held in San Luis Obispo, last Wednesday (June 1) evening.

To be known as the "Julian A. McPhee Award" Trust, the program outlined by the committee also includes preparation of a brochure describing the life, work, and ideals of President McPhee. After they have been published, the president will be asked to personally sign each copy and students receiving the award in years to come will each receive one.

The committee, which includes a number of prominent persons throughout the state and is chaired by Earl Coke, retired vice president of the Bank of America, said the award trust was being established as a fitting tribute to the many years of devotion to the education of youth. It asked President McPhee to establish details and criteria for selection of recipients of the awards.

In addition to establishment of the trust, which is soon expected to amount to $10,000 and which the committee hopes to continue adding to for the next several years, President and Mrs. McPhee were presented a $1,000 check on the condition that it be "for your use to keep occupied in any manner you wish."

Some 400 persons, including members of the Board of Trustees of the California State Colleges, presidents of many of the state colleges, and many of the president's friends from the local community and throughout the state were on hand to honor him. Special tributes were presented by both Albert Ruffo of San Jose, chairman of the trustees, and Dr. Glenn S. Dumke, chancellor of the colleges.

RETURN OF KEYS BY STUDENT ASSISTANTS REQUESTED

A reminder issued last week by the Maintenance Department asked that supervisors of student assistants who have been issued keys to campus buildings and facilities be sure to arrange for return of those keys prior to the time the students leave campus for the summer vacation period. Return of such keys is extremely important to continued enforcement of campus security measures, according to the reminder.

18TH REFRESHER COURSE FOR NURSERYMEN SLATED TODAY, TOMORROW

The 18th annual Refresher Course for Nurserymen began on campus this (Tuesday, June 7) morning and will conclude late tomorrow (Wednesday, June 8) afternoon. The two-day affair is a series of lectures, demonstrations, and other activities designed to inform nurserymen of new products and innovations in the field and generally help them improve their business. Theme of this year's RNC is "More for Your Money."

Open to nurserymen, nursery employees, and representatives of allied fields, the refresher course is co-sponsored by the California Association of Nurserymen and Cal Poly's Ornamental Horticulture Department. According to Howard Brown, co-chairman of the workshop and head of the OH Department, 200 registered nurserymen, plus speakers, agricultural commissioners, and university extension instructors are expected to attend.
TRUSTEES APPROVE CAPITAL OUTLAY PROGRAM, TEACHER EDUCATION POLICY

An $84.8 million capital outlay program for 1967-68 and a policy designed to provide better education for aspiring teachers and meet the current teacher shortage were approved by the Board of Trustees of the California State Colleges during meetings of that group on campus, here, last week (June 1-2).

The major share of the capital outlay program, $61.8 million, is for construction of buildings to meet increasing enrollments at the 18 state college campuses. A total of $3.7 million is earmarked for purchase of land, largely to expand four existing campuses. The new capital outlay program will form the basis for state college capital outlay fund requests to next year's session of the state legislature and included amounts of $2.9 and $1.8 million, respectively, for Cal Poly's San Luis Obispo and Kellogg Campuses.

Approximate maximums in the amount of study time to be devoted to subject-matter major fields and to professional education courses were included in the new teacher education policy adopted by the board. However, it gives latitude to each of the college campuses in developing its own programs. Key provision is the establishment of "approximate maximums" of 45 study units for subject matter majors and of 27 units, including practice teaching, for professional education.

In other action, the board unanimously approved a resolution commending Cal Poly President Julian A. McPhee, who will retire June 30, after 33 years of service to the college. The resolution recognized his establishment of a philosophy of education which has emphasized the useful application of knowledge and his leadership in building two "great institutions of higher learning."

Among other items approved by the trustees during their two-day meeting on campus was a slightly revised physical master plan for the San Luis Obispo Campus.

REGULAR RECREATIONAL SWIMMING PROGRAM WILL CLOSE JUNE 12

The recreational swimming program which has been in effect for the campus Natatorium throughout the regular academic year, will conclude Sunday (June 12) according to information issued last week by the Physical Education Department. Details of the program of instructional and recreational swimming for members of the college faculty, staff, and student body and their families, will appear in next week's edition of Staff Bulletin.

YOUNG, WHITSON SHARE CAMPUS GOLF HONORS

Chester Young and Milo Whitson, both with gross scores of 79, turned in the top individual performances of the recent Spring Golf Swing Fling. Young, who is assistant to the campus vice president and defending champion of the tournament, graciously approved award of the championship trophy to Dr. Whitson, who is head of the Mathematics Department.

Other top performances turned in during the tourney, which was sponsored by the Staff Club's Golf Committee and took place at the Black Hills Golf Course on the Nipomo Mesa, included those of Athletic Coordinator Richard A. Anderson and Roy E. Anderson of the Business Administration Department, who recorded the low net scores at 70½ and 72, respectively, and Vern Meacham, a guest player in the emeritus flight, who had the shot closest to the hole on Number 5.

A total of 43 players shared in the tournament's list of 30 individual prizes.
Appointment of James McGrath and Ray Allen, both of the Air Conditioning and Refrigeration Department faculty, to summer assignments in two African nations has been announced by Les Vanoncini, coordinator of international education programs for the college.

McGrath, head of the Air Conditioning and Refrigeration Engineering Department, will join Walter Holtz, head of the Mechanical Engineering Department at the Kellogg Campus, for a 30-day assignment as consultants at Dar es Salaam Technical Institute, Dar es Salaam, Tanzania. They will review the institute's present program, developed by the four-man Cal Poly team currently assigned there. Leaving late this month, they are expected to return to their campus assignments August 1.

Allen will depart June 18 for a two-month-long assignment as equipment expediter under the Cal Poly/Tanzania contract. In Zanzibar he will determine what equipment is necessary and where it should be placed in the new technical secondary school being established there. Allen is expected to return to San Luis Obispo August 25.

In addition to the two assignments involving San Luis Obispo Campus personnel, Vanoncini also announced several involving members of the Kellogg Campus faculty. David Cole of that campus' Agricultural Business Management Department faculty will join the college's Zambia team in Lusaka later this month, while Gus Wessel and Art Sutton, both engineering instructors, will join the college's team assigned to Dar es Salaam. One more engineering instructor, expected to be assigned this summer, will increase the college group in that city to seven.

Vanoncini also said that announcement of a chief of party to be assigned to Guatemala for a one-year term beginning August 1, is expected soon. In addition to the chief of party, one agriculturalist is expected to depart for that nation for a four-month assignment beginning September 1, and two others, expected to be assigned for two- and four-month consultant tours will follow.

**CAL POLY WOMEN'S CLUB NOTES**

**General Meeting** -- A general meeting of the Cal Poly Women's Club membership is being planned for next Tuesday (June 14), at 10:00 a.m., in the Patio of the campus Library. In case of inclement weather, the meeting will take place in the Business Administration and Education Building. Those desiring to do so will have an opportunity to pay their club dues for the coming year, during the meeting.

**Bridge Section** -- Those who would like to play bridge during the summer are invited to contact Mrs. Peter Molnar (543-2081) or Mrs. Louis Miller (543-0668).

**Announcement** -- Wives of all employees, including both faculty and staff and all women employees, are cordially invited to become members of the Cal Poly Women's Club for the 1966-67 year. Among the club's activities are a family picnic and family Christmas party with the campus' international students, a musical program by the Women's and Men's Glee Clubs, a party with members' husbands, and the May Luncheon honoring outstanding women students. These are in addition to a number of other fine programs and special interest sections including the Books, Music, and Art; Bridge; Home and Garden; Newcomers; Sewing; and Travel Sections; and the Walking Group; which are part of CPWC's program. Those who wish to do so are invited to send their dues, amounting to $4.00 for the year, to Mrs. Robert Hatheny, 104 Rafael Way, San Luis Obispo, and include their name, address, and telephone number, along with their husband's name and departmental assignment, and an indication whether or not they are a newcomer to the college community.
LIBRARIAN ISSUES CALL FOR PERIODICALS

Mrs. Dorothy L. Gates, periodicals reference librarian on the staff of the campus Library, last week issued a call for back issues of a number of popular periodicals. Mrs. Gates said the Library lacks the particular issues of the periodicals listed below and would appreciate gifts of any of them from members of the college community. Those who have any of the listed issues are invited to contact Mrs. Gates at the Library or by telephone (546)2480.

**Single Issues Needed**

OPENING ON CHANCELLOR'S STAFF ANNOUNCED

An anticipated opening on the staff of Chancellor of the California State Colleges Glenn S. Dumke for an assistant administrative analyst was announced in a memorandum received on campus last week. The memo read:

"It is anticipated that an opening will exist for an Assistant Administrative Analyst position in the Chancellor's Office beginning 7/1/66. The major responsibility of this position will be in the area of reviewing, preparing and processing of contractual documents under the supervision of a Business Service Officer. If you are interested in applying for this position contact or submit a resume to Mr. George L. Merrill, Chief, Auxiliary and Business Services (c/o California State Colleges, 5670 Wilshire Boulevard, Los Angeles 90036)."

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
WRASSE SCHOLARSHIPS FOR 1966-67 TOTAL $38,500

Scholarships totaling $38,500 in value, made available through the Leopold Edward Wrasse Scholarship Fund, have been awarded to 77 students who plan to enroll at Cal Poly's San Luis Obispo Campus for the 1966-67 academic year. Each scholarship is valued at $500.

Those selected to receive the scholarship grants must have qualified on the basis of character, need for financial assistance, interest in a major field of agricultural study, and active participation in community and school life. Each recipient must have also earned a sum equal to half of the amount of the scholarship during the year immediately prior to its receipt and students who attended Caruthers Union High School, Fresno County Schools, Cal Poly, and other California schools, receive priority in that order.

Funds which make the scholarship grants possible come from income of a trust established in the late Caruthers-area farmer's will has provided scholarship assistance estimated at nearly $250,000 for some 400 Cal Poly students since being established in 1956.

Among the students included on the list of those receiving awards for 1966-67 are 42 who will enter Cal Poly for the first time in September and 35 who will be continuing students.

DAVE BROWN NAMED OUTSTANDING SENIOR AGRICULTURE STUDENT FOR 1965-66

Dave Brown of Ceres has been named "outstanding senior student" in the Agriculture Division at the San Luis Obispo Campus. A poultry industry major scheduled to receive his BS degree during commencement ceremonies planned for June 18, in Mustang Stadium, Brown received the honor during a special program held on campus, last month.

Warren T. Smith, dean of agriculture, presented Brown with the Carl G. Beck Perpetual Trophy, on which the names of annual winners of the award have been inscribed since establishment of the award in 1962. Two runners-up, Arthur Perry and George Gomes, majors in dairy husbandry and agricultural business management, respectively, also were honored, and Beck, a retired member of the campus faculty, presented Brown with a watch.

Previous winners of the Beck trophy and watch which accompanies it have been Walter Youngblood, now a member of the U.S. Army, in 1963; Roy Kilgore, currently employed by the California Spray Chemical Corp., in 1964; and Dave Beno, presently working for International Mineral and Chemical Corp., in 1965.

ASSISTANCE WITH "SPRING FLING" ACKNOWLEDGED

Campus Chief of Maintenance Bob Adams, chairman of the Staff Club's annual Spring Fling which took place two weeks ago at Coon Creek Cove, last week acknowledged the assistance of all who helped make this year's 'fling so successful. Adams, who thanked everyone for their help, said that 95 members of the campus faculty and staff attended this year's event, in spite of the date conflict with San Luis Obispo's Fiesta activities. That number was some 30 higher than that for last year's Spring Fling.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
Next week's Staff Bulletin, to be dated June 13, will be the last of the 1965-66 academic year. Information for items intended for that edition must be in the Public Relations Office, Room 216, Administration Building, by noon, Friday (June 10).

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Fuad Tellew, Business Administration, was the principal speaker for the fourth annual Banquet for Graduating Foreign Students at the San Luis Obispo Campus. A major activity of the campus People to People Club, the dinner took place at the Elks' Club, San Luis Obispo, late in May. The honored students each received certificates of honorary citizenship from San Luis Obispo Mayor Clell Welchell. Some 130 members of the local community and college staff, faculty, and student body attended.

Anna Gray Dexter, General Office, who will retire June 30, 1966, after 25 years of service to the College, will be honored by a refreshment hour scheduled for Thursday (June 9), from 3:00 to 5:00 p.m., in Room 107 of the Administration Building. Her many friends and acquaintances are invited to stop by and wish her a happy retirement during that time.

Dr. Aryan I. Roest, Biological Sciences, attended the third annual Conference on Biological Sonar and Diving Mammals, held May 23-24. Sponsored by Stanford Research Institute, the conference took place at SRI's Biological Sonar Laboratory near Fremont.

Emmanuel R. Heifetz, Music, will be a proud conductor of a Culmination Program, scheduled for Saturday (June 11), beginning at 7:30 p.m., in the Cafeteria of San Luis Obispo Junior High School. An unusual class of six children who began their violin study at the age of five or six and have completed two years together, will be featured. Uniquely, each of the young student-violinists in the class is actively supported by a parent who studied and played the violin along with the child. There will be no admission charge and members of the faculty and staff are invited to attend the program.

John P. Riebel, English and Speech, was guest speaker for the annual luncheon meeting of San Luis Obispo Junior High School's honor society, held June 2, at the Golden Tee Restaurant, Morro Bay. His topic was "Unusual Characters I Have Known or Taught."

Oscar Reece, Crops; A. E. Andreoli, Aeronautical Engineering; Robert Huot, English and Speech; and Kenneth Fuller, Mathematics; have been reappointed to two-year terms as members of the Faculty Library Committee. They join four other appointed members of the committee who have another year of their two-year terms yet to serve. The committee is a fact-finding and advisory body to the college librarian and dean of applied sciences and helps interpret library policies to the faculty and faculty opinion to the college librarian.

George McMeen, Mathematics, is co-author of a newly-published series of mathematics textbooks for use in grades 3-8. He is also author of a newly-produced series of mathematics transparencies primarily designed for use in the same grades. American Book Company is publisher of both series. While on leave from the college faculty next year, Dr. McMeen expects to help revise the ABC Modern Mathematics Series, which he co-authored in 1963, and assist in development and writing of a second-track mathematics program for culturally deprived children.
STAFF CLUB SCHEDULES PRESENTATION BY WETTLAUFFER

"A Visit to the Past Via the West Indian People" will be the topic when Boyd Wettlauffer, an experienced archeologist, addresses the regular luncheon meeting of the Staff Club, Thursday (June 9), beginning at 12:00 noon, in the Staff Dining Room. Wettlauffer, a member of the Audio-Visual Department's production staff, whose undergraduate study was in archeology, is a veteran of archeological expeditions in both Canada and Mexico, in addition to the West Indies. His trip to that Caribbean nation, taken during a leave from his campus duties during the 1964-65 academic year, provided background for his scheduled presentation.

All Staff Club members have also been invited to attend a meeting of the club's Board of Directors, planned for 11:00 a.m., Thursday, also in the Staff Dining Room. To be discussed during the BOD meeting, according to SC's newly-elected president, Murray Smith, are plans for next year's activities. Smith, a member of the English and Speech Department faculty, emphasized that the board wanted to develop the best possible program for 1966-67.

NOTES FROM THE KELLOGG AND VOORHIS CAMPUSES

A grant of $30,000 by the National Science Foundation, coupled with the State of California's contribution of $40,000, will make it possible to add 200 pieces of scientific equipment to the Kellogg Campus' Biological Sciences Department. Included in the compliment of new equipment are implements ranging from a single item cost factor of $15 for an air thermostat, to $3,600 for a spectrophotometer. . . . The Arabian Horse Show season came to a close May 29 with establishment of a new attendance record. Prior to that closing day's figure being added, total attendance for the 1965-66 season stood at 25,681, some 3,000 more than the 22,563 which viewed the shows in 1963-64 when the old mark was established. . . .

Robert Broderson, a mathematics and electronic engineering major at the Kellogg Campus, will attend Massachusetts Institute of Technology and work on a graduate degree next fall, thanks to an initial $2,400 stipend and a tuition grant from the National Science Foundation. Broderson, who will graduate later this month, has a 3.65 grade point average for his four years of study at the Kellogg Campus.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
CAMPUS CALENDAR - WEEK OF JUNE 7-14, 1966

Tuesday, June 7

12:00 noon  Cal Poly Women's Club: Sewing Section  San Luis Obispo*
3:15 p.m.  Faculty Staff Council Meeting  S D R

Thursday, June 9

8:15 a.m.  Applied Arts Division Committee Meeting  Admin, 213-A
9:00 a.m.  Agriculture Division Committee Meeting  Ag. 138
12:00 noon  Staff Club Luncheon Meeting  S D R

Sunday, June 12

1:00 p.m.  Pushing Hubby Through Ceremony  Library Lawn

Monday, June 13

2:00 p.m.  Campus Executive Council Meeting  Admin, 301

Tuesday, June 14

8:15 a.m.  Applied Sciences Division Committee Meeting  Admin, 301
10:00 a.m.  Engineering Division Committee Meeting  GA 101
10:00 a.m.  Cal Poly Women's Club: General Meeting  Library Patio
California State Polytechnic College
San Luis Obispo, California

One of the functions of the Presidential Nomination Committee is to provide the Chancellor's Office with names of prospective candidates. The Committee invites the attention and cooperation of faculty, staff, alumni, administration, and students in this function. Names of those qualified by educational background, administrative experience, and leadership for this important post should be submitted to the Chairman of the Committee George Hasslein on the form provided below.

Name

Present Address
