VICE PRESIDENTS ANDREWS, KRAMER NAMED TO DIRECT CAL POLY FORTUNES

Vice presidents Dale W. Andrews and Robert C. Kramer of Cal Poly's San Luis Obispo and Kellogg Campuses, respectively, were asked by Chancellor of the California State Colleges, Glenn S. Dumke, to be in charge of operations at their campuses after retirement of the college's president, Julian A. McPhee, June 30. In the statement released to the college June 25, Dr. Dumke announced his request that Drs. Andrews and Kramer "be in charge of the operations at their respective campuses." Both assumed their new responsibility on July 1.

Chancellor Dumke's statement indicated that the increased responsibility for Vice Presidents Andrews and Kramer would continue until a new president is selected for the campuses. The chancellor, in deciding not to name acting presidents, pointed out the necessity for naming permanent leaders for each campus at an early date. He added that this is an interim arrangement, pending such permanent appointments. "If there should be delays in naming a president for either campus, consideration will be given to the naming of an acting president," the chancellor concluded.

In his letter to Dr. Andrews, Chancellor Dumke stated, "I am confident that you will provide effective interim leadership for the campus. Since each campus will be functioning under a vice president, you are authorized to achieve maximum utilization of the available manpower on the San Luis Obispo Campus to assist you in your administration."

(Legislation authorizing division of Cal Poly's San Luis Obispo and Kellogg-Voorhis Campuses into two separate colleges was passed by the California Legislature last month and has been signed into law by Governor Edmund G. Brown. Implementing action must be taken by the Trustees of the California State Colleges, but separation cannot be accomplished until 90 days after close of the legislative session (July 7).)

Dr. Andrews, 46, a native of Southern California, has been a member of the Cal Poly faculty and administrative staff since 1950. He became vice president of the San Luis Obispo Campus in February of this year after having been dean of the college since 1961. Prior to that time, the new San Luis Obispo Campus chief executive was a member of the faculty and served as both instructional materials coordinator and coordinator of special educational programs for the college. A graduate of University of California at Davis, he earned his MA degree at Cal Poly and his PhD at University of Minnesota.

Always active in agricultural education, Vice President Andrews is a member of the California Agricultural Teachers Association, Alpha Zeta, Phi Delta Kappa, and Gamma Sigma Delta, the national honor society of agriculture.

Dr. Kramer became vice president of the Kellogg and Voorhis Campuses last November after being a member of the faculty and an administrator at Michigan State University.
VACATION ENDS EARLY FOR "STAFF BULLETIN"

A vacation that had been announced to last from June 15 until September 20 came to an early end for Staff Bulletin last week when the office of Dr. Dale W. Andrews, vice president and chief administrative officer of the San Luis Obispo Campus, requested that publication be resumed on a regular basis.

Commencing with this issue, Staff Bulletin will be published every other Tuesday or as often as necessary through close of the Summer Quarter, and then will resume regular publication for the Fall Quarter on September 20. Deadline for copy will continue to be noon, Friday, the week before publication.

WEST TO WORK WITH OVERSEAS PROGRAMS

Vice president Dale W. Andrews has announced that effective immediately Howard West has been named coordinator of overseas projects for the college. West, who served as assistant to President Julian A. McPhee from April, 1962 until the president's retirement earlier this month, will work with Les Vanoncini, director of extension services, on the college's overseas programs.

At the present time, Cal Poly has programs in Zambia and Tanzania, both in Africa, and will begin a program in Guatemala this summer. All are under contracts with the US Department of State's Agency for International Development (AID). In addition, AID officials in Washington have recently discussed an extensive program in Thailand with the college.

In making the appointment, Dr. Andrews pointed out that West would have primary responsibility for implementation of the college's contracts under supervision of the director of extension services.

RUSS NELSON RECEIVES NATIONAL TEACHING AWARD

Carl "Russ" Nelson, a veteran member of the faculty of the San Luis Obispo Campus, received the American Dairy Science Association Teaching Award for Dairy Production during the banquet held in conjunction with the 61st annual meeting of ADSA in Eugene, Oregon, June 28. Nelson, 57, received the $1,000 check and plaque, which symbolize the coveted honor, for having "demonstrated outstanding ability as an undergraduate teacher of dairy science."

The award is the highest honor for teaching excellence given by the 3,300-member dairy science association. Selection for the award, made possible in even-numbered years by the National Dairy Products Corporation, is by a committee composed of members of ADSA. To be eligible for the honor, an individual must be an active member of the association at the time of his nomination and must have completed 10 years in that capacity.

A member of the faculty of the Dairy Department, Nelson joined the college faculty in 1949 after having been an instructor at Kansas State University and a county extension agent in Kansas for three years. A graduate of Kansas State University, where he earned his BS degree in 1941, and University of Missouri, where he received his MS in 1958, Nelson belongs to both ADSA and the California Agricultural Teachers Association. He was president of CATA's Region-at-Large during 1964-65 and, during 1963-64, was secretary-treasurer of the same group. He was also a member of ADSA's Student Affiliate Committee during 1964-65.
TRUSTEES APPROVE SALARY ADJUSTMENTS FOR STATE EMPLOYEES

Approval of salary increase adjustments for all campus faculty and staff employed by the State of California came during a meeting of the Faculty and Staff Affairs Committee of the Trustees of the California State Colleges, held last week in San Francisco. Funds for the increases were earlier approved as part of the state budget, which included a precedent setting provision guaranteeing a further five percent salary increase for faculty, effective July 1, 1967.

The present salary adjustments varied in amounts depending upon positions and classification. A full list showing the amounts and effective dates is included as an attachment to this issue of Staff Bulletin. The increase will apply to the August and September salary payments for services rendered by faculty during the 1965-66 academic year. The increase for faculty teaching in the Summer Quarter also will apply to salary payments received in August and September. The increase does not apply to employment during the Summer Session.

ASSOCIATED STUDENTS NAME NEW ASSISTANT GRADUATE MANAGER

Appointment of Wayne F. Shaw of Brookings, S.D., as assistant graduate manager for the Associated Students, Inc., at the San Luis Obispo Campus was announced earlier this month. Shaw, 39, has been director of sports information at South Dakota State University in Brookings for the past three years and before that worked in various editorial capacities for daily newspapers in both Iowa and Idaho for 12 years.

According to the announcement, Shaw will assist ASI Graduate Manager Robert Spink with management of the student body's business affairs with specific responsibility for promotion of income producing activities and events and operation of the sports information program. He replaces Douglas A. Gibson, who resigned from the position April 1 to enter the armed forces. Gibson is presently assigned to the US Army's Officer Candidate School at Ft. Knox, Ky.

Shaw, a native of New Jersey where he attended high school, attended Parsons (Iowa) College and University of Iowa, where he received his BS degree in journalism. Prior to moving to South Dakota State, he was a reporter for the Sioux City (Iowa) Journal for three years and, before that, was sports editor of the Boone (Iowa) Daily News Republican for six years.

BATIK ART OF LINNAEA DEYO BEING SHOWN IN LIBRARY FOYER

Batik art prints by Linnaea C. Deyo, a young artist from Santa Barbara, are presently being shown in the foyer of the campus Library. The show, which began earlier this month and will continue through July 22, may be seen during regular "open hours" of the Library free of admission charge, according to the sponsoring student College Union Summer Program Committee.

Mrs. Deyo, already being acclaimed for her use of the Batik art form, is a graduate of both University of Puget Sound and University of Washington and is a former children's librarian and television story teller. Her work has already been shown at New York City's Museum of Contemporary Crafts; Henry Gallery and Century 21 Center, both in Seattle; Handforth Gallery, Tacoma; and Gallery de Silva, Santa Barbara.

In addition to her show, Mrs. Deyo will demonstrate her Batik technique during a "dutch luncheon" program being planned by the Summer Program Committee for tomorrow (Wednesday, July 13) in the Snack Bar area of the Campus Dining Hall, beginning at 12:30 p.m. Admission to the demonstration will also be free.
BUSY CONFERENCE, SHORT COURSE SCHEDULED PLANNED FOR JULY, AUGUST

A busy schedule of conferences, short courses, and workshops, involving use of campus facilities by off-campus groups, will take place during the remaining weeks of the Summer Quarter. Under direction of George Beatie, coordinator of special services, and various members of the faculty and staff of the college who serve as coordinators for the specific events, the activities planned include a variety of organizations. Among those remaining on the schedule are:

INITIAL PAYROOM CHECKS FOR SUMMER QUARTER AVAILABLE

The first of four payroll checks for members of the faculty working during the Summer Quarter, representing 25 percent of the total salary for the quarter, is presently available on campus and may be picked up at the Cashiers Windows located on the lower level of the Administration Building. Ensuing checks for Summer Quarter employment will reflect the salary increase granted last week, to be effective July 1, 1966. (See article appearing on page two for further information on salary adjustments.)

CAMPUS CALENDAR - WEEK OF JULY 12-19, 1966

Wednesday, July 13

12:30 p.m. Dutch Luncheon Program - Linnaea Deyo Snack Bar*
