COMMANDER OF SIXTH ARMY ON CAMPUS TODAY

Lt. Gen. J. L. Richardson, commanding general of the Sixth United States Army, is expected to be on campus today (Tuesday, January 24) to inspect Cal Poly's military science program. In addition to visiting the Military Science Department, headed by Col. Elmer H. Bauer, Gen. Richardson is also expected to confer with Dean of Applied Arts Clyde P. Fisher.

Highlight of the general's visit to Cal Poly is expected to be the Military Review, scheduled for 11:40 a.m., on the athletic field near the Baseball Diamond. The campus Reserve Officers Training Corps Cadet Brigade, one of the most successful in the nation for a college or university the size of Cal Poly, will be led by its commander, Cadet Col. Robert E. Saxby.

Gen. Richardson, 14th commander of the Sixth Army, is responsible for the ground defenses of Arizona, California, Idaho, Montana, Nevada, Oregon, Utah, and Washington. After serving at service schools such as the Army Command and Staff College, the Sixth Army commander was a regimental commander and an infantry division operations officer. He has also been a corps chief of staff, a division commander, and prior to his present assignment, was Army deputy chief of staff for personnel operations in Washington, D.C.

Cal Poly's ROTC program, one of the largest on the West Coast, has grown rapidly over the past several years. Its Cadet Brigade presently has 769 members.

DEAN SMITH APPOINTED TO BOARD OF AGRICULTURE POST

Warren T. Smith, dean of agriculture at Cal Poly since 1962, has been appointed to a four-year term as a member of the State Board of Agriculture by Governor Ronald Reagan. Smith's appointment to the important state agriculture body, which is headed by Alan Grant, president of the California Farm Bureau Federation, was effective immediately.

Composed of 13 members, the board's primary function is to inquire into the needs of the agriculture industry of California and the activities of the State Department of Agriculture and to confer with and advise the governor and the director of agriculture as to how the agriculture industry may best be served by the department.

Smith, who became assistant dean of agriculture at Cal Poly in 1952, said last week that he does not expect the new post to interfere with his responsibilities to the college. Prior to joining the college administrative staff he had been director of vocational agriculture at Madera Union High School for 10 years and a senior forester with the US Forestry Service and National Park Service. Smith is a graduate of both University of California and University of California at Davis.
GRADUATE STUDIES COMMITTEE BEGINS DELIBERATIONS

The Graduate Studies Committee appointed by Vice President and Chief Executive Officer Dale W. Andrews in late December has begun its work, according to an announcement received last week from Robert E. Kennedy, administrative vice president of the college and chairman of the committee.

Members of the committee, in addition to Dr. Kennedy, are Carl C. Cummins, dean of applied arts; Clyde F. Fisher, dean of applied sciences; John B. Hirt, dean of engineering; Warren T. Smith, dean of agriculture; Woodford E. Bowls, head of the Physical Sciences Department; H. H. Burlingham, head of the Agricultural Education Department; Robert A. Mott, head of the Physical Education Department; Glenn A. Noble, head of the Biological Sciences Department; Walter P. Schroeder, head of the Education Department; M. Eugene Smith, head of the Social Sciences Department; Milo E. Whitson, head of the Mathematics Department; David W. Cook, college curriculum evaluator; Arthur G. Butzbach coordinator of graduate studies; and Roy E. Anderson, chairman of the Faculty-Staff Council.

General purposes of the committee, according to Dr. Kennedy, are to provide orderly development of a unified, all-college program for the master's degree and insure reasonable conformity to the criteria set for master's programs.

G 0 ISSUES CALL FOR RETURN OF INTER-CAMPUS MAIL ENVELOPES

Members of the campus faculty and staff who have extra supplies of inter-campus mail envelopes are being asked to return quantities expected to be above their immediate needs to General Office I. Such a request came last week from Mrs. Marilyn Rylaarsdam, acting supervising clerk, who said current supplies of the envelopes have been depleted and those not being used by various campus functions will be used to supply departments in need of them.

"SPANISH" BREAKFASTS SCHEDULED FOR TUESDAY, THURSDAY MORNINGS

Those members of the faculty and staff who wish to brush up on their Spanish are being invited to take part in a series of breakfast gatherings during which only that language will be spoken. The breakfasts will take place from 7:30 to 8:00 a.m., each Tuesday and Thursday morning, beginning this Thursday (January 26), in the Staff Dining Room.

Dr. Marvin Brown, an organizer for the new "learn by doing" activity and member of the English and Speech Department faculty, said last week that Phillip Zarabozo, also a member of that department's instructional staff, would be on hand to assist in getting participants oriented. He emphasized, however, that there will be no teaching, just learning. Coffee and rolls will be served and those who wish to do so will be able to make short orders.

"CHEMISTRY OF LUBRICANTS" WILL BE TOPIC FOR SIGMA XI MEETING

"The Chemistry of Lubricants" will be the topic when the campus Sigma Xi Club meets next Tuesday (January 31). Harold Watson, a member of the Physical Sciences Department faculty, will be the speaker. All interested members of the college faculty and staff are invited to attend the discussion, which is scheduled for 11:00 a.m., in Room E-46 of the Science Building.
PELDENSON WILL REVIEW "THE LONG GAINER" ON "BOOKS AT HIGH NOON" PROGRAM

Willard Pederson, head of the English and Speech Department, is scheduled to review William R. Manchester's The Long Gainer when the Books at High Noon group meets for its weekly luncheon meeting next Tuesday (January 31), beginning at noon, in the Staff Dining Room.

According to Miss Ena Marston, chairman of the informal book review organization and a member of the English and Speech Department faculty, the book maintains that any similarity between the college where the action occurs and any existent college is wholly coincidental. Published several years ago, it further maintains that any similarity between any character and any person on any college campus is likewise coincidental. In fact, the author states that he is the model for all of the characters.

The action is laid on the campus of a college whose president is running for the governorship of the state. As the campaign develops, the president learns what his campus is really like.

On today's (Tuesday, January 24) program Ian McMillan of Shandon, well-known in this area as an ecologist and conservationist, will review Robert Ardrey's The Territorial Imperative. Starting time and place for today's meeting are both the same as those announced above for next week's luncheon.

MUSTANG GRAPPLES WILL HOST PORTLAND STATE; CAGERS ON THE ROAD

Coach Vaughan Hitchcock's Mustang wrestlers, fresh from an impressive double victory over University of Oregon and UCLA last week, are at home to host Portland State University in their only action of the week. The match, expected to be a stout test of the Cal Poly team's prowess, is planned for 8:00 p.m., Friday (January 27), in Men's Gymnasium.

In other sports activity this week, Coach Stuart Chestnut's varsity cagers will be on the road for a pair of encounters. Tonight (Tuesday, January 24) will find them in Santa Barbara for a non-league tilt with Westmont College. Their only weekend action will find the Mustang basketballers in Fresno Friday (January 27) night for a California Collegiate Association battle with Fresno State College. Last week's cage action saw the Mustangs post victories over Pasadena College and San Francisco State College while losing to California State College at Hayward.

MEAL MANAGEMENT CLASS LUNCHEONS CONTINUE

The twice weekly luncheons presented by the Home Economics Department's meal management classes are continuing on a regular basis this quarter, according to information received from the classes last week. Scheduled each Wednesday and Friday at 12:00 noon, in Room 114 of the Mathematics and Home Economics Building, they feature a full luncheon menu and are by reservation only. Reservations may be made by calling 546-2289.

This week's menus for the luncheons will find those attending taking culinary excursions to two foreign lands. Tomorrow's (Wednesday, January 25) menu features food of India and has chicken curry as its entre. Food of Mexico, planned for Friday's (January 27) luncheon will feature Gallina en Mole (chicken served in a mild chile sauce).
Tickets for the performance of the Harlem Globetrotters, slated for 8:00 p.m., this (Tuesday, January 24) evening, in the Men's Gymnasium, are still available for purchase on campus. Priced at $3.50 each for adults and $2.00 for students and children, they may be purchased at the office of the Associated Students, Inc., through this afternoon, and prior to gametime this evening, at Men's Gym ticket windows.

Accompanying the 41st edition of the Globetrotters' own brand of basketball wizardry will be five sparkling halftime acts whose performances, alone, would be worth the admission price. Richard Bergmann, five-time world champion from England, will face Lee Dal Joon of South Korea in a table tennis exhibition; Lee Marx will present an act which incorporates his talents as a clown, acrobat, and juggler; Les Blue and Yvette are billed as juggling unicyclists; a sensational perch act will be presented by the Del Moral Trio; and foot juggling at its best will be offered by the glamorous Miss Loni.

Meadowlark Lemon, of course, is the Trotter who packs them in. Billed as the Clown Prince of Basketball, the 32-year-old Lemon is in his 12th laugh-filled year with the team. Also featured among the world-traveled magicians of basketball are Fred Neal, the dribbling sensation, and Hallie Bryant and Bobby Joe Mason, both former cage stars with major universities.

Sponsor of the Globetrotters performance on campus is the Assembly Committee of the student College Union.

STUDENT ARCHITECTS ANNOUNCE PUBLIC GATHERINGS

Carleton M. Winslow, a widely-known architect, lecturer, and traveler, will be the guest speaker at two public meetings on campus this week. Sponsored by the student chapter of the American Institute of Architects, the meetings will take place in the Architecture Gallery located in Engineering West Building, beginning at 8:00 p.m., this (Tuesday, January 24) evening and Thursday (January 26) evening.

Winslow, who will talk on "Baja California Yesterday and Today," tonight, and on "Religion and Architecture," Thursday evening, is on campus this week as a visiting lecturer for the Architecture and Architectural Engineering Department. He is a member of a number of professional societies including AIA, the Guild for Religious Architecture, and the Society of Architectural Historians, and head of his own architectural firm in Los Angeles.

A graduate of University of Southern California, where he earned his Bachelor of Architecture and Master of Arts Degrees, Winslow is author of a number of articles in various architectural publications. Prior to opening his own firm, he was an assistant professor of architecture at USC. His teaching specialties were history of architecture, professional practice, and architectural design.

A spokesman for the sponsoring AIA chapter emphasized yesterday that members of the campus faculty and staff, as well as the public, were invited to attend both meetings. Admission to both will be free.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON.
Logan S. Carter, head of Soil Science, and Raymond Leighty, also Soil Science, were among participants in the ninth annual meeting of the Soil Conservation Society of America's California Chapter in Santa Barbara, last weekend (January 19-20). Both were honored during the two-day meeting. Dr. Carter received the Fellow SCSA award, the highest such honor that can be presented a member of the society, while Leighty received commendations from both the California Chapter and the national organization.

John Healey, acting head of Technical Journalism, has been named head of that department effective immediately. His appointment came from Vice President Dale W. Andrews, who said it came with the full support and concurrence of Carl C. Cummins, dean of applied arts. Healey, a member of the college faculty since 1949, had been acting head of the department since mid-July when he replaced the former department head, Robert V. McKnight, who had resigned to accept another teaching position. He is expected to continue his duties as advisor to *El Mustang*, the student newspaper.

Lewis E. Hammitt, Physical Sciences, was a participant in meetings of the American Astronomical Society, which took place December 27-30 in Los Angeles. Among the nationally-known speakers, who discussed topics ranging from photometry to quasar during the sessions, was Dr. Maarten Schmidt of Mt. Wilson-Palomar Observatory.

George J. Hasslein, head of Architecture and Architectural Engineering, has been appointed to the Committee on Education of the American Institute of Architects. A fellow of AIA, he will serve as a member of the committee until December 31, 1967, and expects to attend several committee meetings at the Washington, D.C., headquarters of AIA during that time. The Committee on Education helps correlate the profession's responsibilities and its development as related to educational processes, and defines programs to achieve these ends.

A. L. Houk, Physical Sciences, was among some 50 members of the California Association of Chemistry Teachers who attended the annual winter meeting of that organization in Goleta, December 28-29. Topics discussed during the meeting included fashions in teaching chemistry, microwave spectroscopy, and the hydrolysis of phosphate esters at various pH's.

Robert E. Kennedy, administrative vice president of the college, and John Healey, head of the Technical Journalism Department, were among those elected to offices at the final chartering meeting of the new California Coast Counties Chapter of Sigma Delta Chi, held last Friday (January 20), in Ventura. Dr. Kennedy was elected to a two-year term on the chapter's Board of Directors and Healey was named vice president for a one-year term. Other officers elected were Paul Veblen, executive editor of the *Santa Barbara News-Press*, president; Ray Dady of Santa Barbara, a retired radio newsmans, treasurer; and Gene Lee, city editor, *Ventura County Star Free-Press*, vice president; and Julius Gius, editorial director, John P. Scripps Newspapers, director.

Owen L. Servatius, head of Business Administration, was the featured speaker at the annual banquet of the CARSES Workshop, held last Friday (January 20) evening, at the Elks Club in San Luis Obispo. Some 500-600 persons attended the dinner, which was a highlight of the workshop sponsored by the California Association of the Refrigeration Service Engineers Society. His topic was "What Are People For?"

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
STAFF CLUB SLATES REPORT ON DIABLO CANYON POWER PLANT

A report on development of the nuclear power plant at Diablo Canyon on the San Luis Obispo County coast will be given by a representative of Pacific Gas and Electric Company during the luncheon meeting of the Staff Club, being planned for Thursday (January 26), starting at noon, in the Staff Dining Room. All members of the college staff and faculty are invited to attend.

WOMEN'S CLUB-STAFF CLUB PARTY SCHEDULED FRIDAY NIGHT

The first of two social events which have caused considerable interest on campus the past few days, the annual Cal Poly Women's Club-Staff Club Party, will take place Friday (January 27) evening, beginning at 6:00 p.m., at Cassera's restaurant in Morro Bay. The second event, a Family Fashion Show sponsored by the women's club's Ways and Means Committee as its annual fund-raising event, will be the afternoon of February 11, at the Madonna Inn, San Luis Obispo.

The Women's Club-Staff Club Party is being planned for 6:30 p.m., Friday, at Cassera's restaurant in Morro Bay. Arranged as a buffet dinner and dance, the affair will cost $5.00 per couple. Tickets, which must be purchased no later than today (Tuesday, January 24), may be obtained from Mrs. Fred Steuck (543-4259), Mrs. John Stechman (544-0158), Mrs. J. Cordner Gibson (543-2565), Mrs. Russell Nelson (543-3585), and Mrs. J. M. McRobbie (543-8564), all members of the women's club. They may also be purchased on campus from Mrs. Rita Henry, General Office I, Room 110, Administration Building; Fred Steuck, head of the Electronic Engineering Department; Room 114C, Engineering East Building; John Stechman, Animal Husbandry Department; or J. Barron Wiley, Education Department, Room 16A, Business Administration and Education Building.

Fashions for the entire family will be shown during the fashion show, which will take place in the Gold Room of the Madonna Inn, San Luis Obispo, beginning at 1:00 p.m., February 11. In addition to the fashions provided by Riley's Department Store, San Luis Obispo, dessert will be served. Tickets priced at $2.75 each, may be purchased from any of the club's section chairmen or from Mrs. Roger Bailey (543-5616). Tables for four, at $12.00, or for six, at $18.00, may be reserved by calling Mrs. Bernard Dusek (544-1086). Tickets will also be on sale in the Ladies Ready to Wear Department at Riley's in downtown San Luis Obispo.

Members of the club are being urged to purchase tickets to the fashion show as a way of helping the organization raise funds for its student scholarship program. Mrs. Wallace Glidden, publicity chairman for the club, pointed out last week that if each member would buy two tickets she would not only be helping the club in its scholarship program, but also be treating herself to what promises to be an enjoyable afternoon. "Even if you are unable to come, we hope you will buy tickets," she urged club members.

Newcomers Section - Members of the Newcomers Section of CPWC are scheduled to meet tomorrow (January 25) evening for a work night. Time for the meeting, which will take place in Room 129 of Dexter Memorial Library on campus, will be 8:00 p.m. Planned for the evening is the making of decorations for the Ways and Means Committee's Family Fashion Show.

Walking Group - A walk in the Goldtree Area of San Luis Obispo is in store for members of the club's Walking Group when they meet next Tuesday morning. Those planning to take part in the walk are invited to meet at the County Health Department, 2191 Johnson Avenue, San Luis Obispo, at 9:00 a.m.
WEEKLY MEETINGS OF FACULTY CHRISTIAN FELLOWSHIP CONTINUE

The weekly meetings of the informal Faculty Christian Fellowship are continuing according to an announcement made this week by John B. Hirt, acting dean of engineering and chairman of the group. Dr. Hirt reported that FCF will continue its meetings on a regular basis for the remainder of the academic year with Friday, noon, as its regular gathering time. Meetings are being held in Room 138 of Erhart Agriculture Building.

Dr. Hirt urged members of the college faculty and staff to attend and participate in the casual and instructional discussions of faith which take place each week. He invited those interested to bring their lunches and use the cold drink machines located nearby to secure their drinks.

DISCUSSION OF "THIS ATOMIC WORLD" SCHEDULED AT CUESTA COLLEGE

"This Atomic World" will be the topic of a timely and informative lecture program which will be given in the Library of Cuesta College, Camp San Luis Obispo, beginning at 8:00 p.m., Friday (January 27), according to an announcement from that college's Community Services Offices. The program, which will be given in conjunction with the Oak Ridge Institute of Nuclear Studies of the United States Atomic Energy Commission, will be free and the public is invited.

PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK

NORTH AMERICAN AVIATION, Los Angeles. R. D. Wiese, manager, professional placement, will lead a recruiting team which will conduct interviews for the following divisions of the company:

Autonetics Division, Anaheim. A representative will interview seniors in EE, EL, ME, and physics (electronic oriented) for positions in design, research and development, and systems-analysis and/or engineering. (1/24)

Rocketdyne Division. G. W. Mayborn, college recruiting coordinator, will interview seniors in aero, EE, EL, ME, and WM for positions in design, research, and development. (1/24)

Space and Information Systems Division. A representative will interview seniors in aero, EE, EL, ME, physics, chemistry, and math for positions in design and research and development. (1/24)

Summer Employment: Faculty members and graduate students in EE, EL, math ME, and physics interested in the autonetics' formal summer program should check with the Placement Office.

LOGGERS AND CONTRACTORS MACHINERY COMPANY, Oakland. E. D. Nienow, sales promotion, will interview seniors in business administration, all engineering majors, mechanized agriculture, TA, and all other majors for opportunities in administration and/or sales. (1/24)

USDA, Agricultural Research Service. Harry Karasov, regional employment and placement officer, will interview seniors in all agriculture majors, as well as biology and chemistry. (1/24)

(Continued on Page 8)
TEXAS INSTRUMENTS, INC., SEMI CONDUCTOR-COMPONENTS DIVISION, Dallas, Tex. T. H. Dudley, administrator, corporate manpower, will interview seniors in chemistry, EE, EL, IE, ME, physics, and WM. (1/23-24)

TEXAS INSTRUMENTS, INC., APPARATUS DIVISION, Ridgecrest. A company representative will interview seniors in EE, EL, and ME for positions available at Texas Instruments' Ridgecrest, Calif., facility. (1/23-24)

FEDERAL POWER COMMISSION, Washington, D.C. Robert H. Griffin, deputy regional engineer, San Francisco, will interview seniors in architectural engineering, business administration, EE, and ME. Positions involve work in connection with Federal regulation of electric power and natural gas industries, and are located in Washington D.C., and in all bureaus of the Commission. (1/24)

US MARINE CORPS. Captains M. V. Young, D. A. Hodgen, and G. M. Larson, Marine Corps Officer Selection Liaison Officers, will be available in the Snack Bar area of the Dining Hall from 9:30 a.m. to 3:30 p.m. to discuss with interested men and women students the Marine Corps Officer Training Program. (1/24-26)

LITTON INDUSTRIES, ENCODER DIVISION, Chatsworth. Tom Bouchard, industrial relations manager, and Harry Grant, chief engineer, will interview seniors in EE, EL, and ME for positions at the Chatsworth facility. (1/25)

LINK-BELT COMPANY, Los Angeles. Gerald A. Stone, manager, district sales, Western Region, and Virgil R. Fouts, assistant district manager, Los Angeles, will interview seniors in IE, ME, and TA for positions in industrial sales and marketing. (1/25)

JOHN F. FORBES AND COMPANY, San Francisco. John Venter, partner, will interview seniors in business administration (accounting) interested in public accounting as a career. (1/25)

CALIFORNIA STATE PERSONNEL BOARD. Joseph Carey, Edward Dolan, and Russell Tibbetts, recruitment representatives, will interview seniors in business administration (accounting) for positions in the field of auditing. (1/25)

COLUMBIA BROADCASTING SYSTEM (CBS), New York. William J. Reilly, Jr., placement manager, executive personnel, and James Moore, personnel manager, Santa Maria Plant, will interview seniors in EL, IE, and ME. (1/25)

NEW HOLLAND MACHINE COMPANY, Division of Sperry Rand Corp., Fowler. Donald Grey, engineering manager, and John Nace, assistant to the plant manager, will interview seniors in IE, ME, and WM. (1/25)

WEYERHAEUSER, INC., Tacoma, Wash. William E. West, employment and staffing manager, and Douglas MacLeod, assistant employee relations manager, will interview seniors in business administration (accounting), EE, IE, and ME for positions in the Pacific Northwest. (1/25)

NASA, AMES RESEARCH CENTER, Moffett Field. Donald Schilling, personnel staffing specialist, will interview seniors in aero, EE, EL, ME, physics, biological sciences, biochemistry, and chemistry. (1/26)
SYLVANIA ELECTRONIC SYSTEMS, Mountain View. G. E. Hall, employment supervisor, will interview seniors in EE, EL, and ME. (1/26)

INTERNATIONAL BUSINESS MACHINES. Harley A. Thronson, corporate college relations, will be available from 10:00 a.m. to 12 noon, and from 1:30 to 4:00 p.m. in the Placement Office Conference Room, Adm. 213A. All interested students and faculty are welcome to stop in at any time and talk informally with Mr. Thronson about opportunities in all IBM operations. Mr. Thronson leads the following team of IBM representatives who are providing formal employment interviews for seniors:

- **IBM, Marketing/Sales/Systems Engineering.** R. Dourian, branch manager, Santa Barbara, and R. J. Cuyler, district recruiting coordinator, will interview seniors in the applied arts, all engineering majors, math, physical sciences, social sciences, and TA for positions in the Data Processing Division, Information Records Division, and the Office Products Division. (1/26-27)

- **IBM, Field Engineering (Customer Engineering).** Ed Gmerek will interview seniors in EE, EL, ME, physics, math, and TA to work with customer personnel. The work involves installing IBM equipment, performing maintenance engineering, field testing new products, maintaining programming systems, and participating in a continuing education program. (1/26-27)

- **IBM, Federal Systems Division.** Lou Galloway, employment representative, will interview seniors in all engineering majors, math, and all sciences for positions as programmers and engineers. (1/26-27)

- **IBM, Systems Development and Systems Manufacturing Divisions.** J. Houston, employment manager, Santa Barbara, will interview seniors in chemistry, EE, EL, IE, math, ME, and physics. (1/26-27)

**SUMMER EMPLOYMENT:** Juniors who are interested in summer employment with IBM are urged to attend a general meeting at 5:00 p.m., Thursday, January 26, in the Conference Room, 213A, of the Placement Office.

PEACE CORPS. A Peace Corps recruiting team consisting of staff members from Washington and returned Peace Corps volunteers will be available in the Snack Bar area of the Dining Hall from 9 a.m. to 10 p.m. to discuss with interested students and faculty opportunities to serve in the Peace Corps. Representatives are prepared to discuss opportunities for all majors in any part of the world. (1/26-27)

DE LAVAL TURBINE, INC., ENTERPRISE ENGINE DIVISION, Oakland. Wayne L. Peterson, manager of industrial relations, and Warren Rhoades, chief engineer, will interview seniors in ME. (1/27)

BYRON JACKSON PUMPS, A DIVISION OF BORG-WARNER CORP., Los Angeles. Leonard J. Bovey, administrative engineer, Charles S. Newton, director of industrial relations, and Mark E. Pew, personnel manager, will interview seniors in IE, ME, and TA for positions in engineering, sales, and manufacturing. (1/27)

APPLIED RESEARCH LABORATORIES, INC., Glendale. C. F. Hartman, personnel director, will interview seniors in EL, ME, and physics. (1/27)

(Continued on Page 10)
PLACEMENT CALENDAR (Continued from Page 9)

HEMET UNIFIED SCHOOL DISTRICT. Oscar Blum, assistant superintendent, will interview elementary and secondary teaching candidates. (1/27)

WAUGH CONTROLS CORPORATION, Van Nuys. Charles C. Waugh, president, and James E. Moore, chief engineer, will interview seniors in EL for positions in project management, product design, or as sales trainees. (1/30)

FLUOR CORPORATION, Los Angeles. Frank Leach, employment supervisor, and an engineering representative will interview seniors in AC and R, architectural engineering, EE, and ME. (1/30)

HUGHES AIRCRAFT COMPANY, El Segundo. Edward R. Beaumont, college coordinator, and a technical representative will interview seniors in EE, EL, and ME. (1/30)

THE WILBUR-ELLIS COMPANY, Fresno. John Chapman, general sales manager, Fresno; Delmar Gruebele, branch manager, Woodland; and Darol Lloyd, assistant manager, Pesticide Department, Fresno will interview seniors in ABM, crops, and soil science for positions in agricultural chemical sales. (1/30)

AMERICAN INSTITUTE FOR FOREIGN TRADE. Dr. Robert L. Lulick, Jr., dean of admissions and registrar, will interview seniors in all agriculture majors, all engineering majors, business administration, and social science. (1/30)

GENERAL DYNAMICS CORPORATION. Representatives of General Dynamics will interview seniors in aero, EE, EL, and ME. (1/30-31)

SPERRY GYROSCOPE COMPANY, Great Neck, Long Island, N. Y. R. Hall, college representative, will interview seniors in aero, EE, EL, and ME, math, and physics. (1/31)

STANDARD OIL COMPANY OF CALIFORNIA, San Francisco. R. Howell, J. W. Scott, and J. A. Caldwell, employment representatives, will interview seniors in business administration (accounting), EE, EL, and ME. (1/31)

INTERNATIONAL HARVESTER COMPANY, San Leandro. Louis F. Webster, personnel development and employment supervisor, will interview seniors in IE, ME, and WM for positions as entry-level industrial engineers and tool designers. (1/31)

PACIFIC FRUIT AND PRODUCE COMPANY, Salinas. Warren Hinz, assistant division manager, Salinas, and Rod Liberati, Seattle Personnel Department, will interview seniors in all agriculture majors for positions in the Shipping Division in California, Arizona, Texas, and Florida. (1/31)

ALLIS-CHALMERS, San Francisco. J. A. Longley, merchandising representative, and Wayne L. Schneider will interview seniors in architectural engineering, business administration, chemistry, EE, EL, IE, ME, math, physics, TA, and WM. (1/31-2/1)

LENKURT ELECTRIC COMPANY, INC., San Carlos. Donald H. McGuire, employment manager, and John M. Skaug, senior electrical engineer, will interview seniors in EE and EL. (1/31-2/1)
