SEARCH FOR DEAN OF ENGINEERING BEGINS

Distribution of vacancy announcements across the nation last week formally began the search for a permanent dean of engineering to head Cal Poly's School of Engineering, according to information issued by the office of Vice President and Chief Executive Officer Dale W. Andrews. Start of the search follows approval and dissemination of Administrative Bulletin 67-1, which outlines the procedure and consultation to be followed in filling such positions.

The announcement, which was sent to major industrial firms and governmental agencies which employ engineers and to colleges and universities having schools or divisions of engineering, calls for the new dean to "have broad and extensive engineering experience in industry as well as experience in college level instruction and administration." He should have an advanced degree in engineering and a thorough knowledge of engineering concepts and methods, management principles, educational principles and practices, and an up-to-date knowledge of trends in engineering education.

Anticipated appointment date for the position is July 1, 1967, and applications or nominations should be forwarded to the president or chief executive officer of the college by April 1, 1967, in order to receive complete consideration.

In connection with the search for the new dean, Roy E. Anderson, chairman of the Faculty-Staff Council and a member of the Business Administration Department faculty, said last week that he had forwarded information on the vacancy to the head of each instructional department, as provided by Administrative Bulletin 67-1. Included in that material is a request for nominees to the consultative committee for the position, which will include five voting members from the School of Engineering and one non-voting member from each of the other instructional schools. Deadline for nominations to the committee, which should be sent to Dr. Glenn Noble, chairman of the F-S Council's Elections Committee and head of the Biological Sciences Department, is March 1.

AUDIO-VISUAL EQUIPMENT FOR POLY ROYAL

This year, as in the past, the campus Audio Visual Department is making all of the audio-visual equipment on campus available for use during Poly Royal. With the limited amount of equipment that is available and heavy scheduling anticipated, all equipment now on quarter loan may be recalled for the Poly Royal weekend and re-issued for events scheduled as part of the annual open house activity.

Departmental clubs and student organizations should be advised to schedule A-V equipment for their Poly Royal projects by sending their authorized requests directly to the A-V Service Office, Room 9, Business Administration and Education Building. Requests will be filled on a first-come, first-served basis. Since there has never been enough equipment to fill all requests, the A-V Department is urging members of the faculty and staff who may be advisors to student groups to have their organizations submit their requests early.
BUSINESS MANAGER CALLS ATTENTION TO MERIT AWARDS PROGRAM

Cal Poly Business Manager Donald S. Nelson last week pointed to a proposal of what appeared to be a minor change in an office form as a good example of how a suggestion made through the State Personnel Board's Merit Awards Program can be beneficial to both the individual employees and the state.

The suggestion in question was one from an account clerk working in the Department of Fish and Games offices in Sacramento, which recommended addition of one line of type to the Travel Expense Claim form used in that agency. In addition to bringing an award of $20 to the account clerk, it has already resulted in considerable saving to the department in processing some 600 claims a month.

Cause for Nelson's concern regarding the Merit Awards Board program is the extremely low number of suggestions submitted from Cal Poly and the other California State Colleges. He reported that figures for January, 1967, show that but eight such suggestions had been made by those working for the colleges.

Members of the campus faculty and staff wishing to make suggestions may secure information regarding the procedure from Nelson's office which is located on the lower level of the Administration Building.

CONCERTS BY BAND PLANNED FOR THURSDAY

The first annual Winter Concert of the Cal Poly Concert Band will take place Thursday (February 23) evening, beginning at 8:00 p.m., in the college Theater. In addition, a preview performance, scheduled as a College Hour Concert, will begin at 11:00 a.m., that morning, also in the Theater. Thursday evening's concert will be the first for the band during this portion of the year. Its performances have been limited to the spring of the year in the past.

Among the numbers programmed for the concert, according to William V. Johnson, director of bands and conductor for Thursday's concert performances, are both old and new favorites for concert bands. They include John Philip Sousa's "El Capitan," John J. Morrissey's "Hey Pedro," David Bennett's "Tournament of Trumpets," and "Festive Overture" by Dmitri Shostakovich.

The Concert Band is in the midst of preparation for its sixth annual concert tour, which will take place March 28-April 1. This year's tour will include performances in Lompoc, Vandenberg Air Force Base, Fresno, Vallejo, Fairfield, and El Cerrito.

Tickets for Thursday evening's concert by the 70-member band are priced at $1.00 each for the general public, and $.50 each for holders of Associated Students, Inc., member and associate member cards and children. They may be purchased from members of the band or at Theater ticket windows prior to curtain time Thursday evening. As is the rule, admission to the College Hour Concert, Thursday morning, will be free.

REGISTRAR ISSUES REMINDER ON WITHDRAWALS

Registrar F. Jerald Rolley recently issued his quarterly reminder on the college policy regarding withdrawal from courses. In his announcement, Rolley pointed out that "except for college recognized emergencies, no withdrawals from a course will be permitted after the end of the seventh week of instruction."

"It is important that the instructional staff of the college be aware that 12:00 noon, Saturday, February 25, is the deadline for withdrawals," the registrar concluded.
The annual Engineering Banquet, being planned for Saturday (February 25) evening, starting at 7:45 p.m., in the Staff Dining Room, will be the climax of campus activities connected with the observance of National Engineers' Week. The week-long observance began Sunday (February 19) and will conclude Saturday.

Principal speaker for the Engineering Banquet will be Julian Hartt, military editor and a former foreign correspondent for the Los Angeles Times. Harold P. Hayes, former dean of the college Engineering Division who resigned from the college staff to assume new duties next month with General Electric Company in New York, will be honored during the evening.

Also remaining on the Engineers' Week activity calendar are a program titled "Underwater Development," which will be presented by representatives of the Lockheed Corporation, beginning at 8:15 p.m., this (Tuesday, February 21) evening, in the campus Theater, and a program on "Telemetry Systems," which will be the highlight of the regular meeting of the campus chapter of the Institute of Electrical and Electronics Engineers, beginning at 7:00 p.m., also this evening.

Thursday will find several exhibits of engineering technology from industrial firms and governmental organizations on display in the Architectural Gallery of the Engineering West Building.

Serigraphs by artist Phil Paradise opened a two-week exhibit run in the lobby of Dexter Memorial Library last weekend. The free art exhibit, which is being sponsored by the student College Union Fine Arts Committee, is open for viewing during normal library hours.

Paradise is a resident of Cambria, where he divides his work with six months of serigraph print making, and six months of painting in oils, caseins, watercolors, and sculpture. The serigraph is a silk screen process which utilizes as many as 32 different applications or runs of color. Creation of a limited number of prints in each edition enhances the intrinsic value of an original serigraph print.

The public is invited to view the exhibit, which is presently scheduled to close March 4.

A discussion of the budget cuts suggested by Governor Ronald Reagan for the California State Colleges is being planned for a meeting of the campus chapter of the Association of California State College Professors, which has been announced for 8:00 p.m., this (Tuesday, February 21) evening, in Room E-26 of the Science Building.

"Effects of Air Pollution on Agriculture" will be the topic when Ellis F. Darley, a plant pathologist at University of California at Riverside, addresses a gathering being planned for Thursday (February 23), at 10:00 a.m., in Air Conditioning Auditorium. The Farm Management Department, which is sponsoring Dr. Darley's talk, invites interested members of the campus community to attend.
COPIES OF REPORT ON PERSONNEL MATTERS AVAILABLE IN LIBRARY

Copies of the Fourth Annual Report to the Governor and the Legislature on Personnel Matters in the California State Colleges, prepared by the office of Chancellor Glenn S. Dumke, arrived on campus earlier this month and have been distributed to the Faculty-Staff Council and placed on file in the Faculty Reading Room of Dexter Memorial Library. The report has been submitted to Governor Ronald Reagan and all members of both houses of the Legislature in accordance with Section 24201.1 of the California Educational Code. Those interested in reviewing the report are invited to take advantage of those placed in the Faculty Reading Room.

REVIEW BY FEDERER ANNOUNCED FOR "BOOKS AT HIGH NOON" LUNCHEON

Dale Federer of the Education Department faculty will be the reviewer for the Books at High Noon luncheon meeting which is scheduled for next Tuesday (February 28), starting at noon, in the Staff Dining Room. Dr. Federer has selected I Never Promised You a Rose Garden by Hannah Green to review.

According to the New York Times Book Review, "Hannah Green has done a marvelous job of dramatizing the internal warfare in a young psychotic. With a courage that is sometimes breathtaking, she makes a faultless series of discriminations between the justifications for living in an evil and complex reality and the justifications for retreating into the security of madness."

On today's (Tuesday, February 21) program Benjamin Polk, a member of the Architecture and Architectural Engineering Department faculty, will review Who Designs America, a volume edited by Laurence B. Holland. Starting time and place for today's meeting are both the same as those announced for next week's luncheon.

DEADLINE FOR RECEIPT OF "OUTSTANDING TEACHER" NOMINATIONS IS MARCH 1

Deadline for receipt of nominations for Cal Poly's "Outstanding Teacher of 1966-67" is March 1, according to information issued recently by the Outstanding Teacher Recognition Award Committee. Nominations, which may be made either by members of the student body or the faculty or staff, should be forwarded to "Chairman, Outstanding Teacher Recognition Award Committee, c/o General Office I" on or before that date.

Forms for making the nominations may be secured from General Office I or from George Mach, a member of the Mathematics Department faculty who is on the committee.

STANTON GRAY RECEIVES EMERITUS TITLE

Stanton Gray, who retired from the faculty of the Crops Department in 1962, last week received notification that he had been awarded the Emeritus title. Gray, whose name was not included on the list of those who received notification of having been awarded the title last fall, had originally not been credited with enough years of service on the college faculty when three years spent as a member of the Voorhis Campus faculty were overlooked.

Privileges granted holders of the title include library service, use of the Staff Dining Room, participation in faculty and staff social affairs, receiving the Staff Bulletin by mail, use of the campus Store and College Book Store, admission to areas reserved for the faculty, and attendance at classes with the instructor's permission.
BUSINESS SEMINAR SCHEDULED FOR THURSDAY, FRIDAY

"Corporate Problems in the Sixties: Decisions Through Knowledge" will be the theme for a business seminar that will be held on campus Thursday and Friday (February 23-24). Some 20 business leaders from throughout California are expected to attend and take part in a series of 16 two-hour panel discussions that will make up the seminar.

Two student organizations -- the Society for Advancement of Management and the Technical Arts Society -- are joint sponsors of the conference, which is expected to include sessions on sales, production, decision making, purchasing, business and government, advertising, public relations, communications, and market distribution.

Over-all goal of the two-day event is to encourage a free exchange of ideas between the visiting executives and students in an effort to compliment the educational process on campus, and to acquaint the corporate world with Cal Poly's Business Administration and Technical Arts Departments. Arrangements are under the direction of a student committee composed of representatives of each of the sponsoring groups.

Members of the college faculty, staff, and student body are invited to participate in the seminar.

STAFF CLUB CANCELS WINTER QUARTER GOLF TOURNAMENT

Plans for the Staff Club's Winter Quarter Golf Tournament, which had been scheduled for tomorrow (Wednesday, February 22), have been cancelled, according to William W. Armentrout, chairman of the club's Golf Committee and a member of the Education Department faculty. Dr. Armentrout said that the tourney was being cancelled in order to not deter Staff Club members who wish to do so from pursuing voluntary alternatives.

Any member of the club carding a round of golf during the week of February 19-26 may submit his signed and attested score card with handicap, if available, to Dr. Armentrout, Room 124, Business Administration and Education Building. On the basis of scores received, information on the best, most representative (Mr. Mean Gross), and the least representative golfers of the Staff Club for the Winter Quarter, will be available to those who request it.

Plans for the annual Staff Club Spring Fling Golf Outing, held on Memorial Day in the past, will be announced later, according to Dr. Armentrout.

NOMINATIONS FOR NEW MEMBERS OF F-S COUNCIL DUE SOON

Nominations for members of the Faculty-Staff Council to replace those whose terms of office end in June are due March 6, according to an announcement received last week from Glenn E. Noble, head of the Biological Sciences Department and chairman of the council's Elections Committee. Election of the various representatives must be completed not later than April 5, he said.

Dr. Noble's announcement of procedures to be followed in carrying out the election and a complete list of members of the council, including the date of expiration of their term of office, is being distributed as an attachment to this issue of Staff Bulletin.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
VARSITY CAGERS CLOSE CAMPAIGN AGAINST FRESNO STATE

Coach Stuart Chestnut's varsity basketball team will be going after its first winning season in five years when it hosts Fresno State College, which won at least a tie for the California Collegiate Athletic Association championship last week, in the final contest of the Mustangs' season Friday (February 24) night, at 8:00 p.m., in Men's Gymnasium.

The Mustang cage varsity boosted its season record against collegiate competition to 11-11 with wins over Westmont College and California State College at Long Beach last week. Friday night's contest will also see junior forward Mike LaRoche establish at least two new all-time Cal Poly records. He already has scored more points in one season than any other player in Cal Poly history and should also set a new record for the highest scoring average for a single season.

Cal Poly's varsity wrestlers, who needed but a win over San Fernando Valley State College last (Monday, February 20) night to sew up their fifth straight CCAA championship, will be in Northridge to compete in the CCAA Tournament this Saturday. Their final dual meet action of the season will come the evening of March 3, when they host Cal Poly, Pomona.

Coach Bill Hicks' Mustang baseball team, which opened its season last weekend, hosts College of the Sequoias in a single game, slated for 2:30 p.m., today (Tuesday, February 21). Friday will find them playing University of Southern California in Los Angeles, beginning at 2:30 p.m., while Saturday's action has them playing UC Los Angeles in a doubleheader, which will start at 12:00 p.m. The Cal Poly nine dropped all three games of its opening series with UC Santa Barbara last Friday and Saturday.

WHO . . . WHAT . . . WHEN . . . WHERE ??

Frank Thrasher, Crops, is the chief author of a new manual for high school agriculture students entitled Exercises in Biological Principles for Agricultural Crops. The manual has just been published by Vocational Education Productions, Cal Poly's distribution agency for its Instructional Materials Program. Thrasher supervised the work of five high school teachers from various parts of the state who helped prepare the manual, and made the final revision of its contents after a pre-publication version was tested in the Los Angeles City Schools.

Loren Nicholson, Technical Journalism, represented his department at meetings of the California Newspaper Publishers Association, which took place early this month in Sacramento. Among speakers for the convention were Billy Graham, the evangelist, and Governor Ronald Reagan.

John L. Merriam, Agricultural Engineering, attended the annual meeting of the California Irrigation Institute, which took place in late-January in Sacramento. A member of the CII's Board of Directors as a representative of its Educational Section he presented a paper before the meeting.

Gene Brendlin, manager of the Cal Poly Foundation; Jim Neal, also Cal Poly Foundation; and Robert Spink, graduate manager for the Associated Students, Inc., all attended the annual conference of the California Association of College and University Auxiliary Managers, held late in January, in San Diego.

Russell K. Anderson, Animal Husbandry, and James Crissey, Audio Visual, spent February 2 at a ranch located near Nipomo, taking pictures of latest farrowing facilities for a filmstrip being produced for the college's Instructional Materials Program.
ARCHITECTURE STUDENTS SHARE $250 PRIZE

Roger S. Scott and Carl Mythen, both students in the Architecture and Architectural Engineering Department, have received a $250 check as campus winners in the 1967 seventh annual Reynolds Aluminum Prize for architecture students. The presentation was made by George Hasslein, head of the architecture department, during an informal ceremony held recently on campus.

The two students won the competition on campus with their design of an acoustical control device. The design has been entered, along with those of winners from other participating schools of architecture in the United States, in the national competition for the Reynolds Aluminum Prize. The national prize, which provides a cash award of $5,000 to be divided equally between the winning student/s and his/their school, will be presented during the convention of the American Institute of Architects, May 14-18, in New York City.

The national and local campus prizes, administered by AIA, are offered for the "best original design of a building component in aluminum" at those levels. They were established by the Reynolds Metals Company to encourage creativity in architectural design and to stimulate interest in the design potential of aluminum.

WOMEN'S CLUB MEMBERS WILL HEAR PERFORMANCES BY MEN'S, WOMEN'S GLEE CLUBS

Harold P. Davidson, chairman of the Music Department, will direct the Men's and Women's Glee Clubs when they give their annual combined concert program before a general meeting of members of the Cal Poly Women's Club next month. The concert meeting, which is scheduled for 8:00 p.m., the evening of March 7, in the Theater, traditionally precedes the annual tours of the student music organizations and will be followed by refreshments.

The general meeting heads a list of four events which are included on the calendar of activities for CPWC members for the next several days. Others being planned include:

Newcomers Section -- Slides and a talk on her recent trip to Russia and Europe will be presented by Mrs. Richard I. Leach during the meeting of the CPWC's Newcomers Section being planned for tomorrow (Wednesday, February 22) evening. The meeting, which will take place in the home of Mrs. John B. Hirt, 105 Fel Mar Avenue, San Luis Obispo, is scheduled to begin at 8:00 p.m.

Walking Group -- A walk through the Cal Poly campus area will be in store when members of the club's Walking Group meet February 28 for their weekly walk. Those expecting to take part are invited to gather at the Campus Store, at 9:00 a.m., to begin the walk.

Book, Music, and Art Section -- The home of Mrs. Franklin Crane, 281 Albert Drive, San Luis Obispo, will be the site of the next meeting of the Book, Music, and Art Section of the Cal Poly Women's Club, which will take place February 28, starting at 8:00 p.m.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
PIMENTEL SCHEDULED AS SPEAKER FOR LUNCHEON PROGRAM

Richard Pimentel, a member of the Biological Sciences Department's faculty, will discuss some of his research activities of recent summers when he presents an illustrated program for the Staff Club luncheon meeting being planned for Thursday (February 23), starting at noon, in the Staff Dining Room.

Dr. Pimentel, who does much of his own artwork and photography, is author of the natural history textbook used in his classes and is presently in the process of completing a second book. He has been a member of the Cal Poly faculty since 1952.

ARCHITECT-ARTIST WILL ADDRESS CAMPUS MEETING

Sidney G. Budnick of San Francisco will speak on art and architecture at a meeting being planned for Friday (February 24) evening on campus. The talk, sponsored by the Cal Poly student chapter of the American Institute of Architects, is scheduled for 8:00 p.m., in Room 123 of the Agricultural Engineering Building.

In addition, a display of Budnick's paintings, delineations, and working drawings is being shown, through Friday, in the small Architecture Gallery located in Engineering West Building. Both the display, which began last week, and the talk are free and open to the public.

Budnick, a member of the American Institute of Architects, is an associate architect with the California State Office of Architecture and Construction. Prior to that assignment, he was an associate architect with the California Division of Beaches and Parks, where it was his task to develop and design service structures for use in the state park system.

PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK

US ARMY MATERIEL COMMAND, San Francisco. Gene L. Rowden, western area representative will interview seniors in aero, architectural engineering, EE, EL, IE, ME, and WM. (2/21)

SOUTHERN CALIFORNIA GAS COMPANY. A. J. Van Lund, administrator, college recruitment will interview seniors in business administration and in all engineering majors. (2/21)

CALIFORNIA LIBRARY ASSOCIATION. Mrs. Dorothea Rowden, recruiting representative, will interview all students and faculty members interested in library science career. She will be prepared to discuss graduate school opportunities nationwide and current employment opportunities, particularly in California. (2/21)

FIRST WESTERN BANK AND TRUST COMPANY. Michael Torres, training coordinator, will interview seniors in all agriculture majors, business administration, and all other majors particularly interested in careers in banking. (2/21)

UNITED AIR LINES. William Pierpoint, employment representative, will interview seniors in aero, business administration, EE, EL, IE, ME, social science, TA, and technical journalism. (2/21)

(Continued on Page 9)
PLACEMENT CALENDAR (Continued from Page 8)

THE TRANE COMPANY, La Crosse, Wis. Dennis Kurre, recruiter, college relations, will interview seniors in all engineering majors interested in development, manufacturing, laboratory testing, and sales management positions. Sales engineering positions are available for those who wish to locate only in California (2/21)

LOCKHEED MISSILES AND SPACE COMPANY, Sunnyvale. William Murphy, Bill Beran, and H. Friedland will interview seniors in all engineering majors, math, physics, and TA. (2/21)

BANK OF AMERICA. Dennis L. Elder, college relations representative, will interview seniors in all agriculture majors for training programs in agricultural branches, business administration and other applied arts majors for training in branch or international banking, and math and business administration (accounting) majors for training in computer programming. (2/21)

ALCAN ALUMINUM CORPORATION. James L. Shook, personnel manager, and Gerald H. Waite, supervisor, forged products metallurgy, will interview seniors in IE, ME, and WM. (2/23)

AMERICAN STANDARD, INDUSTRIAL DIVISION. R. W. Dallas, manager, Los Angeles Sales Office, will interview seniors in AC and R, architectural engineering, EE, IE, ME, and WM. (2/23)

KENNECOTT COPPER CORPORATION, Western Mining Divisions. R. Erickson, personnel relations administrator, Western Mining Divisions, and R. N. Pratt, division industrial engineer, Utah Copper Division, will interview seniors in architectural engineering, business administration (industrial relations and management), chemistry, EE, IE, ME, and WM. (2/23)

GENERAL FOODS CORPORATION. P. A. Smith, personnel manager, San Leandro, will interview seniors in II, IE, and ME. A representative from the Birds Eye Division will interview seniors in food processing. (2/23)

GENERAL MOTORS CORPORATION. M. R. Knight, supervisor of salaried personnel, will interview seniors in architectural engineering, EE, EL, IE, and WM. Mr. Knight will be interviewing for the entire Corporation. R. L. Hutchison, personnel representative from the AC Electronics Division, will interview seniors in architectural engineering, EE, EL, IE, and WM for positions in his division which is located in Milwaukee, Wis. (2/21)

GENERAL ELECTRIC. J. B. Holmes, manager, Western Region, engineering recruiting, San Francisco; R. S. Morton, Industrial Sales Division, Los Angeles; F. A. Carter, installation and service engineering, San Francisco; D. T. Weiss, Atomic Power Equipment Department, San Jose; R. W. Coyle, manager, program management, Vallecitos Nuclear Center, Pleasanton; and J. M. Ryan, advanced manufacturing engineering, Atomic Power Equipment Department, San Jose, will interview seniors in AC and R and architectural engineering (if interested in sales engineering or manufacturing engineering), TA (if interested in industrial sales and field service testing and allied fields), tech journ (if interested in technical writing), and aero, EE, EL, IE, math, ME, physics, WM and chemistry for positions in the Technical Marketing Program, Manufacturing Training Program, Research, Development, and Design Training Program, and specific positions in marketing, manufacturing, or research, development, and design at most locations. (2/23-24)

(Continued on Page 10)
PLACEMENT CALENDAR (Continued from Page 9)

UNITED TECHNOLOGY CENTER, Sunnyvale. Michael M. Degmetich, employment representative will interview seniors in aero, architectural engineering, EE, EL, IE, ME, and WM for positions as stress analysts, aero thermo engineers, assistant systems engineers, materials engineers, metallurgical engineers, test engineers, design engineers, process engineers, electronics engineers and electronics engineers/test. (2/24)

ALUM ROCK SCHOOL DISTRICT, San Jose. Clyde E. Hewitt, director of personnel, will interview teaching candidates for elementary positions, K-8. (2/24)

SOUTHERN CALIFORNIA EDISON COMPANY. Howard T. Jurewitz, personnel recruitment administrator, and Andrew Peat, supervisory electrical engineer, will interview seniors in AC and R, architectural engineering, chemistry, EE, IE, and ME. (2/24)

CAMPBELL UNION HIGH SCHOOL DISTRICT. Helen Andres, assistant superintendent - teacher recruitment, will interview teaching candidates for secondary positions. (2/24)

SOUTHERN PACIFIC COMPANY. Charles N. York will interview seniors in business administration (accounting), IE, and math. (2/24)

NESTLE COMPANY, INC., Salinas. L. H. Allred, plant engineer, will interview seniors in ME interested in a position as the assistant to the plant engineer at the Salinas plant. (2/27)

VANDERWEIL ENGINEERS, Boston, Mass. Raimund Vanderweil, head systems engineer, will interview seniors in AC and IE. (2/27)

COLTON JOINT UNIFIED SCHOOL DISTRICT, Bloomington. Dean Carlton, assistant superintendent, elementary instruction and personnel, will interview teaching candidates for elementary positions. (2/27)

THE SHELL COMPANIES. W. A. Dick, manager, alkylation, refinery; and E. B. Muehlberger, division exploitation engineer, will interview seniors in chemistry, EE, ME, math, and physics. (2/27)

GENERAL PRECISION, LINK GROUP. A. J. Tasca, personnel administrator, will interview seniors in EE, EL, chemistry, ME, and physics for positions in the Electronic, Ordnance, and Transportation Products Division. (2/27)

TEXACO, INC. J. T. Tippit, assistant plant manager, Refining Department, Wilmington, will interview seniors in EE, IE, ME, and TA for positions in production, refining and sales. (2/27)

SUMMER EMPLOYMENT: Juniors in the same majors may sign for interviews.

(Continued on Page 11)
ONCF MOTOR FREIGHT SYSTEM, Palo Alto. W. L. Galbraith, director, labor relations and training, will interview seniors in business administration, ABM, ME, applied arts, and all other majors interested in career opportunities in motor transportation. (2/27)

SANTA CLARA UNIFIED SCHOOL DISTRICT. Vernon Alexander, elementary principal, and E. R. Buchser, high school principal, will interview teaching candidates in primary grades (K-3); upper elementary (4-6); junior high--language arts, math, science, and industrial arts; high school--English, industrial arts, math, girls PE, and social science; and special education--educable mentally retarded and hard of hearing. (2/27)

BOISE CASCADE, CONTAINER DIVISION, Sunnyvale. H. J. White, plant manager, will interview seniors in architectural engineering, business administration (accounting), IE, ME, and all others interested in positions in accounting, sales, production, or finance. (2/27)

SANTA MARIA CITY ELEMENTARY SCHOOL DISTRICT. Yvonne C. Watkins, director of curriculum, will interview teaching candidates for positions in kindergarten through the eighth grades. (2/27)

GREEN GIANT COMPANY. A company representative will interview seniors in ABM, agricultural engineering, MA, biological science, business administration, chemistry, crops, food processing, OH, and soil science for positions in research, quality control, engineering, production, and sales. (2/27-28)

H. C. ELLIOTT, INC., Goleta. Clark Elliott, corporate secretary, will interview seniors in architectural design for a position designing tract homes. (2/28)

SPECTROL ELECTRONICS CORPORATION, City of Industry. Harvey Hefley, personnel representative, and George Soulakis, design engineer, will interview seniors in EL, IE, and particularly ME. (2/28)

PALO ALTO UNIFIED SCHOOL DISTRICT. Robert Cavender, principal, secondary school, and Lou Andrews, principal, elementary school, will interview teaching candidates for positions in elementary (K-6) and secondary (all subject areas, except industrial arts). (2/28)

LAGUNA BEACH UNIFIED SCHOOL DISTRICT. Frank Mattes, principal, will interview teaching candidates for elementary and secondary positions. (2/28)

NALCO CHEMICAL COMPANY, VISCO DIVISION. R. B. Brower, West Coast regional manager, will interview seniors in ABM, business administration, PE, physical sciences, and all other majors interested in sales and service positions. (2/28)

MELABS, Palo Alto. James L. Creighton, personnel representative, and an engineering representative will interview seniors in EE and EL. (2/28)

TRIDEA ELECTRONICS. Ben F. Ivy, assistant to the vice president, engineering, will interview seniors in EE and EL. (2/28)
PHILCO CORP., AERONUTRONIC DIVISION. Fred Golden, personnel representative, will interview seniors in aero, EE, EL, and ME. (2/28)

THE AMERICAN NATIONAL RED CROSS. Howard D. Hoops, assistant director, recruitment, will interview seniors in PE and social science and any other major particularly interested in the American National Red Cross. (2/28)

SECURITY FIRST NATIONAL BANK. Alfred J. Bielskis, vice president - Inland Division will interview seniors in ABM, AH, business administration, FM, all engineering majors, as well as other applied arts majors interested in banking career opportunities. (2/28)

GEORGE RICE AND SONS, Los Angeles. David Rice and Ernest A. Szabo will interview seniors in printing and TA interested in sales. (2/28)

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
CAMPUS CALENDAR -- WEEK OF FEBRUARY 21-28, 1967

Tuesday, February 21

Noon  Books at High Noon Luncheon Meeting  S D R *
2:30 p.m.  Varsity Baseball - Cal Poly vs. College of the Sequoias  Baseball Field *
5:45 p.m.  Frosh Basketball - Cal Poly Colts vs. Fresno Pacific College Frosh  Men's Gym *
7:00 p.m.  Engineers' Week Program - "Telemetry Systems"  A C Aud. *
8:00 p.m.  Meeting of Campus Chapter of ACSCP  Science E-26 *
8:15 p.m.  Engineers' Week Program - "Underwater Development"  Theater *

Wednesday, February 22

COLLEGE HOLIDAY

8:00 p.m.  Cal Poly Women's Club - Newcomers Section Meeting  San Luis Obispo *

Thursday, February 23

11:00 a.m.  College Hour Concert - Concert Band  Theater *
Noon  Staff Club Luncheon Meeting  S D R *
8:00 p.m.  1st Annual Winter Band Concert  Theater *

Friday, February 24

2:30 p.m.  Varsity Baseball - Cal Poly vs. University of Southern California  Los Angeles *
8:00 p.m.  Varsity Basketball - Cal Poly vs. Fresno State College (Preliminary - Cal Poly Colts vs. Fresno State Frosh, 5:45 p.m.)  Men's Gym

Saturday, February 25

12:00 p.m.  Varsity Baseball - Cal Poly vs. University of California at Los Angeles (doubleheader)  Sawtelle *

Tuesday, February 28

9:00 a.m.  Cal Poly Women's Club - Walking Group  Campus *
Noon  Books at High Noon Luncheon Meeting  S D R *
* -- See article for further information.
The following regulations and procedures for elections to membership in the Faculty-Staff Council are taken from the Constitution.

Each member of the Elections Committee (R. Andreini, K. Fuller, F. Hapgood, G. Noble, Chairman, H. Rickard and G. Seeber) shall meet with the respective department heads involved and request nominations. These nominations shall be returned to the committee member not later than March 6. (The constitution says March 5, but that is a Sunday this year). Nomination blanks will be given to department heads by members of the election committee.

Each committee of department heads within the divisions shall use its own procedures to elect its members to the Council. Report to Elections Committee not later than April 5.

All nominations must be filed with the Chairman of the Elections Committee not later than noon on March 6. These nominations shall be announced by the Chairman of the Faculty-Staff Council at the March meeting of the Council.

Nominations from a department may exceed the number of members allowed to be elected from that department as set forth in Article III of the constitution. However, the number of members elected from that department may not exceed the allowed number. If a department has no continuing members, two members may be elected. If one member is continuing, one new member may be elected and if two members are continuing, no new members may be elected.

Nomination may be accomplished by departmental committees or by petitions.

In the event that there are vacancies to be filled for different lengths of terms (resignation may create a short term) in one election area, separate nominations shall be made for each.

All nominations filed with the Chairman of the Election Committee must be accompanied by a statement of intention to serve signed by the nominee. Nomination blanks provide space for these statements.

The elections will be by secret ballot. The ballot must list the names of the nominees and some additional identification such as his department. The ballot must specify the term of office and the number to be elected. The ballot must provide a space for write-in candidates. Separate ballots should be provided for filling vacancies with different lengths of terms.

The ballots will be distributed to each faculty and staff member in each election area in a manner which assures that one ballot reaches each voter and that each voter may cast his ballot secretly in sufficient time for it to be properly counted.

The member of the Election Committee assigned to each election area will receive and count votes. He will make a written tally of the vote and submit it along with all ballots cast to the Chairman of the Election Committee not later than April 5.

The Election Committee must meet not later than April 8 to announce the filling of vacancies.

Vacancies are indicated on the following page.
Vacancies to occur on the Faculty-Staff Council at the end of the current year are indicated by the asterisks before the names of those individuals whose terms expire this June. The person who replaces Glenn Rich will serve for a 2-year term. All the others will be elected for 3-year terms.
