ARRIVAL OF MESSAGE FROM GOVERNOR REAGAN TO SIGNAL START OF 35TH POLY ROYAL

Arrival of the final rider of the Poly Royal Pony Express from Sacramento at 10:30 a.m., Friday (April 28) morning will signal start of activities of Cal Poly's 35th annual Poly Royal. The rider's arrival is planned as a feature of opening ceremonies for the traditional campus open house festival during which honored guest Senator Vernon L. Sturgeon, legislative secretary to Governor Reagan, and Miss Cal Poly, Queen of Poly Royal, Tee Carter, will be introduced. The ceremonies are scheduled for the lawn in front of Dexter Memorial Library, starting at 10:30 a.m.

A crowd of some 35,000 visitors, including the parents and friends of Cal Poly students as well as friends of the college, is expected to take part in the two-day "Country Fair on a College Campus." Activities planned during this year's Poly Royal cover a broad range of interests including educational exhibits and displays in each of the instructional departments; a band concert; art, fashion, and flower shows; several dances; a carnival; and livestock judging and showmanship contests. Although the detailed schedule of activities is much too long to list in its entirety, a much-abbreviated schedule showing the featured events appears below. Copies of the detailed schedule of events and other information regarding Poly Royal will be published in local newspapers and handed to guests as they arrive on campus.

(California State Polytechnic College)

CAL POLY/THAILAND PROJECT SET TO OPEN; DEAN SMITH NAMED CHIEF OF PARTY

Completion of contracts and initial planning for start of the Cal Poly/Thailand project and appointment of Dean of Agriculture Warren T. Smith as chief of party for the five-man instructor team which will be on duty in the Southeast Asian nation have been announced by Vice President Dale W. Andrews. Dean Smith, who resigned his duties as head of the School of Agriculture to accept the new position, will begin his new assignment about June 1 when J. Cordner Gibson, assistant dean of agriculture for the past six years, will become acting dean. (See related article on Page 2.)

Purpose of the Cal Poly/Thailand program, according to Dr. Andrews, is to provide technical assistance to the Royal Thai government for the implementation of the International Bank for Reconstruction and Development Loan Project for Vocational Education in that nation. The work to be completed will be primarily at Bangpra Agriculture Teachers College to help develop that college and in pre-service and in-service agricultural education teacher training. In addition, the team will also work with eight other agricultural technical institutes and schools in Thailand. Estimated cost of the first year of operation under the initial two-year contract for the five-year program is $266,410.

ADVISORY COMMITTEE FOR SELECTION OF DEAN OF ENGINEERING IN ACTION

The President's Advisory Committee for Selection of a Dean of Engineering held its organizational meeting Tuesday, April 18. Vance D. Lewis of the Physical Sciences Department was elected chairman. Chester Young, previously appointed by Vice President Dale W. Andrews as his designee to meet with the committee, was appointed by the committee to serve as its non-voting secretary.

Regular meetings of the committee are planned in order to review the qualifications of all applicants for the position preparatory to making recommendations to the president.

In order that the faculty may gain a better idea of the scope of the committee's responsibilities and its procedures, an open meeting will be held in the Staff Dining Room, tomorrow (Wednesday, April 26), from 4:00 to 5:00 p.m., according to an announcement by Dr. Lewis. Interested faculty are invited to attend the meeting and to express their views.

GIBSON APPOINTED ACTING DEAN OF AGRICULTURE

J. Cordner Gibson, a member of the Cal Poly faculty since 1949 and assistant dean of agriculture since 1961, has been appointed acting dean of the School of Agriculture by Vice President Andrews. Gibson will succeed Warren T. Smith, dean of agriculture since 1961, who has accepted an appointment as chief of party for the Cal Poly/Thailand project effective about June 1. Gibson's new duties will be effective at that time. (See related article on Page 1.)

A graduate of both University of California and the University of Southern California, Gibson has had a variety of experience as an administrator and as an agricultural educator. Prior to his present assignment he served Cal Poly as dean of student personnel and business management at the Kellogg-Voorhis Campus. Before that he had been director of vocational agriculture at both Downey High School and Whittier Union High School and a regional supervisor for the Bureau of Agricultural Education.

In his announcement of Gibson's appointment as acting dean for the School of Agriculture, Vice President Andrews said the recently-approved procedure for selection of deans would be used in selection of a permanent administrator for the school.

ENGLISH INSTRUCTOR SLATES "BOOKS AT HIGH NOON" REVIEW

David Evans of the English and Speech Department's faculty will review The Man Who Loved Children by Christina Stead during the luncheon meeting of the Books at High Noon series being planned for next Tuesday (May 2), beginning at noon, in the Staff Dining Room.

The book, originally published in 1940, has recently been re-evaluated and re-published. Miss Stead, an Australian writer, has been described as having "almost superhuman skill in recording vagaries of family small-talk." The central figure, Sam, is "a figure of truly gigantic dimensions, painted over-size, put down in the baroque, exuberant manner which is the reflection of his very self."

On today's (Tuesday, April 25) program Mrs. Bernice Loughran, an art instructor on the Education Department's faculty, will review Russell Lynes' Confessions of a Dilettante. Both the starting time and place for today's luncheon will be the same as those announced for next week's meeting.
Activities of the annual open house event actually get underway with the annual Queen's Reception, which will take place Thursday (April 27) evening, starting at 7:30 p.m., in the Staff Dining Room. Honored on that occasion, in addition to Miss Carter, will be her princesses, Linda Dula, Marilyn Kidder, Nancy Jean Liggett, and Rosemary Turk. Members of the college faculty and staff are invited to attend.

Following two full days of events which include the championship intercollegiate rodeo, both Friday and Saturday (April 29) afternoons; the Pancake Breakfast, Saturday morning; and the steak and chicken barbecue luncheon, Saturday noon; the Coronation Ball, planned for Saturday evening, will be the climax and final event of this year's Poly Royal.

Highlight Events for 35th Poly Royal

Thursday, April 27

7:30 p.m. Queen's Reception, Staff Dining Room

Friday, April 28

10:30 a.m. Opening Ceremonies, Dexter Memorial Library Lawn
11:00 a.m. - 5:00 p.m. Exhibits and Displays Open, Campus
1:30 p.m. Intercollegiate Championship Rodeo, Collett Arena
6:00 p.m. Carnival, Patio behind Men's Gymnasium
6:30 - 8:30 p.m. Exhibits and Displays Open, Campus
8:30 p.m. Carnival Dance, Men's Gymnasium

Saturday, April 29

8:00 -
11:00 a.m. Pancake Breakfast, Engineering East Building Patio
9:00 a.m. - 5:00 p.m. Exhibits and Displays Open, Campus
9:00 a.m. Livestock Showmanship and Judging Contests, Athletic Fields
11:00 a.m. - 1:00 p.m. Steak and Chicken Barbecue Luncheon, Poly Grove and Staff Dining Room
1:30 p.m. Intercollegiate Championship Rodeo, Collett Arena
9:00 p.m. - midnight Coronation Ball, Men's Gymnasium
9:00 p.m. - midnight Western Dance, Crandall Gymnasium
BIDS ON SIGNALIZING OF CALIFORNIA, FOOTHILL INTERSECTION DUE MAY 17

Bids on the signalizing project for the California-Foothill Boulevard intersection have been called for May 17, according to information received from the District Office of the State Division of Highways in San Luis Obispo early this month. That timing should provide for start of work on the long-awaited project just prior to close of the Spring Quarter and completion of the roadway portion of the job by September 15.

A statement issued last week by Douglas Gerard, building coordinator for the college, indicated that work on the project, which includes reconstruction of streets in the area of the intersection, would be such that flow of traffic to and from the campus over that route would be disrupted. Gerard suggested that members of the college faculty, staff, and student body plan to utilize alternate routes throughout the summer.

Also expected to proceed during the summer months is a separate but related roadway re-construction project that will see California Boulevard improved between Entrance Way and Campus Way. Gerard said the two projects will change the character of California from Foothill to Entrance Way, the road that swings toward the front of the Business Administration and Education Building. California will be widened to a full four-lane artery with curbs and gutter.

APRIL PAY WARRANTS DUE MAY 2

Close of the April pay period on May 1 means that warrants for that period will be distributed on May 2, according to information received last week from the Business Management Division. Warrants will be available beginning at 8:00 a.m., that morning in Room 114 of the Administration Building.

CAL POLY/THAILAND PROJECT SET TO OPEN (Continued from Page 1)

In announcing Dean Smith's appointment to the new position, Vice President Andrews expressed his concern for having to appoint another dean of the School of Agriculture. "It will be difficult to replace Dean Smith," he said. "The final determination to offer him the responsibility for leadership of the Cal Poly/Thailand project was influenced in a major way by the awareness that his experience and the respect he has gained for himself and Cal Poly have developed the qualities most needed for his assignment as the college's representative in Thailand," Dr. Andrews continued.

Present plans for the new program in Thailand call for an initial team of five members to be assigned. Dean Smith is slated to depart about June 1, with three additional members to leave in mid-June and the fifth to depart in mid-July. In addition to Smith, members of the Cal Poly party will be Richard G. Mosbarger, Carl R. Murry, Leo A. Scheuber, and Gordon Woods. Mosbarger, presently an agriculture teacher at Fillmore Union High School, will serve as agricultural engineering specialist; Murry, director of agriculture at Sonora Union High School, will be a crops specialist; Scheuber, director of agriculture at Ceres High School, will be a farm management specialist; and Woods, director of agriculture at Santa Paula Union High School, will be an animal husbandry specialist.

Vice President Andrews' announcement of Dean Smith's appointment to the new post said that appointment of a permanent dean for the School of Agriculture will follow the recently-approved procedure for filling of such positions.
SALE OF TICKETS FOR ANNUAL MAY LUNCHEON OF CAL POLY WOMEN'S CLUB CONTINUES

Sale of tickets for the annual May Luncheon of the Cal Poly Women's Club, first announced last week, is continuing according to information released by the club's Publicity Committee this week. Also announced by the club this week were meetings of the Newcomers, Bridge, and Sewing Sections and its Walking Group.

Theme for the May Luncheon, which is being planned for May 13, beginning at 1:00 p.m., in the Sky Room of the Golden Tee Motor Hotel in Morro Bay, will be "Romany Ribbons." Tickets for the annual affair, priced at $2.25 each, are on sale and may be purchased from Mrs. William Clements (543-8061), Mrs. David Cook (543-0491), Mrs. William Hicks (543-9624), Mrs. Jerome Houli (543-5579), Mrs. Miles B. Johnson (543-2970), Mrs. Franklin Crane (543-5652), and Mrs. Farlin Halsey (544-2085). Deadline for their purchase, according to Mrs. Clements who is chairman of the ticket committee, will be May 3.

Newcomers Section -- The home of Mrs. Frank Coyes, 227 Marlene Drive, San Luis Obispo, will be the site of the meeting of the women's club's Newcomers Section, being planned for tomorrow (Wednesday, April 26) evening, starting at 8:00 p.m. Featured on the program will be a presentation on "New Trends and Home Decorations" by Mrs. Bernice Elmer of Riley's Department Store.

Bridge Section -- Next meeting of the CPWC's Bridge Section will be Monday (May 1) evening, beginning at 8:00 p.m., in Room 129 of Dexter Memorial Library on campus.

Walking Group -- A walk to the "P" on the hillside above the mountain residence halls on campus is slated for members of the Walking Group of the club when they meet next Tuesday (May 2) morning. Those expecting to take part are invited to meet in the parking lot of the Food Processing Building at 9:00 a.m.

Sewing Section -- Members of the women's club's Sewing Section have scheduled a luncheon for their next meeting, which will take place beginning at 12:00 noon, Tuesday (May 2), in the home of Mrs. A. M. Fellows, 208 Hathway Street, San Luis Obispo.

COUNTRY RECORDING STAR SLATES BENEFIT CONCERT ON CAMPUS

Country music headliner Buck Owens will give a benefit performance in the Men's Gymnasium on campus May 5. Owens and his Buckeroos band will present an 8:00 p.m., concert with proceeds earmarked for a fund for scholarships for the track and field team. The country and western music star, voted the nation's number one artist in that field for two years running by disc jockeys, is an uncle of Jim Pope, captain of the varsity track team.

The Cal Poly Block-P Society is sponsoring the campus concert. Tickets are currently on sale at Brown's Music Store in San Luis Obispo, at the Associated Students, Inc., Office on campus, and from members of the Mustang track and field team. Prices range from $2.00 and $2.50 for students and $2.00 and $3.00 for the public.

Since 1951 Owens has been a featured guitarist on many hit country records and has performed in numerous California night clubs along with some of the nation's top country and western music stars. His recording of "Act Naturally," pressed early in 1963, elevated him to a position of leadership in the American music industry. A steady string of hits has followed. They include "Love's Gonna Live Here," "Together Again," "My Heart Skips a Beat," "I Don't Care," "I've Got a Tiger by the Tail," "Before You Go," "Only You," "Buckeroo," and "Waitin' In Your Welfare Line."
William Curtis and Dale Federer, both Education, were resource persons for the Cuesta College Community Conference entitled "Your Family and You: The Pressures of Early Marriage," held earlier this month at the junior college's Camp San Luis Obispo campus and in Paso Robles. Dr. Curtis spoke on the topic of "Specific Problems of Teenage Marriages" and Dr. Federer spoke on the topic, "Meaningful Involvement of Teenagers in the World of Adults."

William Phaklides, Air Conditioning and Refrigeration Engineering, attended the 13th annual Technical Meeting and Equipment Exposition of the Institute of Environmental Sciences, April 10-12, in Washington, D.C. Technical and educational papers on ocean, earth, and space environments were presented during the meetings. Phaklides also took part in the 1967 Office of Civilian Defense Updating Seminar for Qualified Fallout Shelter Analysts, held April 14-15, in Washington. The National Society of Professional Engineers was sponsor of the latter event.

George R. Mach, Mathematics, was elected national vice president of Kappa Mu Epsilon national honorary mathematics society during the annual convention of that group, held April 6-8, in Atchison, Kansas. In addition to those duties, which will extend until April, 1969, Dr. Mach will also continue as one of the associate editors of The Pentagon, official journal of the society. He has been a member of the publication's editorial staff for the past two years.

Marjorie Cass, Education, participated in the West Coast Regional Institute of the National Council of the Teachers of English, which took place in Sacramento, April 8-11. Intensive study of transformational grammar, linguistics, dialogue, other phases of language, and innovations in reading instruction took place during the four-day institute. Last Saturday found Miss Cass speaking on the topic "Getting Meaning From Reading" before an institute held at Hancock College in Santa Maria. She was one of several leaders in the field of reading education who addressed the Santa Maria gathering.

Teymoor Gedayloo, Physical Sciences, was elected to a position on the Board of Education of the San Luis Coastal Unified School District during last week's local elections. A resident of Los Osos, he will represent Trustee Area Two, which encompasses the Morro Bay/Los Osos/Baywood Park area. He polled 2,538 votes to 1,684 and 1,254, respectively, for his two opponents for the seat.

J. Mac McRobbie, head of Technical Arts, is quoted extensively in an article on summer employment opportunities for students of construction equipment distribution, which appeared in the March, 1967, issue of CE (Construction Equipment) News. The magazine is published by the Associated Equipment Distributors. Dr. McRobbie told readers of CE News that he felt summer employment is an excellent way for an undergraduate student to become acquainted with a potential employer. He was one of three educators who head programs offering such instruction who were quoted in the article.

Donovan Cartwright, Education, served as a member of the Western Association of Schools and Colleges accreditation team which visited Coast Joint Union High School in Cambria, April 3-5. Cartwright is also secretary of the California Association of Professors of School Administration, which met April 7-8, in Fresno. J. Post Williams of the State Department of Education was a featured participant in the latter program.

(Continued on Page 8)
DATES FOR ANNUAL CONVENTION, CONTESTS OF FUTURE FARMERS ANNOUNCED

More than 1,300 members of the California Association of Future Farmers of America are expected to attend a series of events planned for May 2-6 on campus. Included in the list of activities is the organization's 39th annual State Convention, its annual awards dinner and program, and its judging, public speaking, and parliamentary procedure contests.

Representatives from 235 high schools throughout the state, including delegates, advisors, and teachers, are expected to take part in the convention and related activities, which begin May 2 and conclude May 5. Warren Reed and Gerald Davis, special supervisors for the California Bureau of Agricultural Education, are coordinators for the convention.

Cal Poly's Agricultural Education Club annually conducts the 13 state championship judging contests held the day following the state convention. These contests include competition in dairy cattle, livestock, poultry, milk, meats, and land judging. Also included are farm mechanics, farm power, trees, agronomy, entomology, ornamental horticulture, and vegetable crops judging competition.

The college's student Agriculture Council will sponsor and manage the hospitality area and provide recreational opportunities for those in attendance during the convention and contests. That activity will center in the area of the Agricultural Engineering Department's shops.

FROSH EVENTS ARE ONLY HOME CONTESTS SLATED THIS WEEK

Freshman teams will be the featured performers in athletic events scheduled on campus this week. In fact, they are the only home events listed in the slate of sports activity planned for the week. Coach Ernie Zampese's frosh baseballers host Taft Junior College in a doubleheader which will start at noon, Saturday (April 29) on the campus diamond. Planned to start 90 minutes later is the triangular track and field meet, which will find Coach Duane Head's frosh thinclads host, Cuesta College and Merced College on the track.

Highlights of other sports action this week are varsity baseball and track events on the road. Coach Bill Hicks' journey to Pomona, where they are slated to meet Cal Poly at Pomona in a single contest Friday (April 28) afternoon and a twinbill the following afternoon. Those same two dates will find Coach Dick Purcell's varsity tracksters in nearby Walnut, where they will compete in the Mount San Antonio Relays.

Best performances of a season that has often been interrupted by rain came last Saturday for the Mustang varsity and frosh track teams. While trouncing California State College at Fullerton 113-35, four Cal Poly records were established. The 100-yard dash saw junior Cecil Turner romp home in 9.3 seconds for a new varsity mark in that event. Close behind him was Leo DeWinter, a freshman who was clocked at 9.4 for a new Cal Poly freshman and Netherlands national record, and junior Ruben Smith who was caught also at 9.4. Turner won the 220-yard dash in 21.0 for a new standard in that event, won the long jump at just over 24 feet, and ran a leg on the winning 440-yard relay team that set a new mark at 41.3. The fourth new record was in the triple jump, where Smith leaped 48 feet, 6 inches.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON
STAFF CLUB LUNCHEON MEETING FOR THIS WEEK CANCELLED

The press of activities connected with Poly Royal, which will take place Friday and Saturday (April 28-29) has caused cancellation of the weekly luncheon meeting of the Cal Poly Staff Club. Present plans call for the luncheons to resume on their regular schedule with next week's (May 1) meeting.

WHO . . . WHAT . . . WHEN . . . WHERE ?? ?? ?? (Continued from Page 6)

Edward Strasser, Technical Arts, and J. Mac McRobbie, head of Technical Arts, participated in the annual Southern California Industry Conference, held April 1, in Anaheim. The conference, attended by nearly 350 representatives of Southern California industries, featured 24 seminar sessions on management automation, human relations, numerical control, and development of industrial executives.

John B. Hirt, acting dean of engineering, represented Cal Poly at the annual conference of the Northern California Industry-Education Council, April 7-8, in San Francisco. Featured speaker for the conference, whose theme was "The Changing World of Education," was Francis Keppel, US commissioner of education. Dr. Hirt addressed two sessions of the conference. He joined John H. Summerskill, president of San Francisco State College, and Melburn D. Wright, dean of engineering at San Jose State College, in a panel discussion of "What Will the Colleges be Supplying Industry?" and then addressed a gathering of nearly 500 persons on the topic "The Obligation of Industry to Develop the Creative Talent of the College Graduate."

David H. Montgomery, Biological Sciences, is author of an article which was published in the April, 1967, issue of The Veliger, a periodical sponsored by the California Malacozoological Society. The article, titled "Responses of Two Haliotid Gastropods (Mollusca), Assimilis and Haliotis Rufescens, to the Forcipulate Asteroids (Echino-dermata), Pycnopodia Helianthoides and Pisaster Ochraceus," deals with the flight responses of abalones from starfish.

Ralph Collins, Education, was a member of the Western Association of Schools and Colleges accreditation team which visited Mission Central Catholic High School, San Luis Obispo, April 10-12. Dr. Collins was one of five members of the study team.

Robert Mott, head of Physical Education, and Richard Anderson and Sheldon Harden, also Physical Education, and Donald S. Nelson, business manager, all attended the funeral of J. B. Haralson in Bakersfield last week. Haralson was closely associated with the annual California Workshop for Physical Education and Athletic Coaching, which takes place on campus each August. Contributions to a memorial scholarship fund in Haralson's honor may be made in care of the "Commissioner of Athletics, 2000 24th Street, Bakersfield." Checks should be made payable to "The Haralson Fund."

PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK

SAN LORENZO VALLEY UNIFIED SCHOOLS, Ben Lomond. Joseph A. Benedict, director of instruction, will interview teaching candidates for elementary positions and for a secondary social studies position. (4/25)

TIMBER SCHOOL DISTRICT, Newbury Park. Charles C. Carpenter, Jr., district superintendent, will interview teaching candidates for elementary positions. (4/25)

(Continued on Page 9)
DIAMOND WALNUT GROWERS, INC., Stockton. Donald L. Watson, assistant field manager, will interview seniors in ABM, business administration, biological sciences, crops, FM, soil science, and all other majors interested in positions as field representatives with the association. (4/25)

US FOOD AND DRUG ADMINISTRATION, Department of Health, Education, and Welfare. Abram Kleinman, supervisory chemist, and Fred Shallit, supervisory inspector, will interview seniors in biological sciences, biochemistry, and chemistry. (4/26)

CHICAGO BRIDGE AND IRON COMPANY, Pasadena. William L. Hicklen, contracting engineer, will interview seniors in architectural engineering, chemistry, ME, and WM. (4/27)

RIO VISTA HIGH SCHOOL. Charles R. Hale, district superintendent, will interview teaching candidates for secondary positions in vocational agriculture, grades 9 through 12. (4/27)

NASA, Vandenberg AFB. Larry Lebenoff, chief, Data Operations Branch, will interview seniors in EE and EL. (4/27)

SAN JOAQUIN SCHOOL DISTRICT, East Irvine. William D. Stocks, assistant superintendent, will interview elementary teaching candidates for positions in kindergarten through eighth grades. (4/28)

VISALIA UNIFIED SCHOOL DISTRICT. Robert D. Morgans, associate superintendent, and Newel Herum, assistant superintendent, elementary education, will interview teaching candidates for primary and intermediate grades (K-6); junior high (7th and 8th) semi-departmentalized program in core (English/reading), math, instrumental music, core (social science), vocal music, core (science), and core (homemaking); senior high positions in English (I & II), speech, French, homemaking/girls' PE, history, boys' PE, and coaching assignments in conjunction with the above. Other secondary positions available are in English (III & IV), crafts/shop/vocational math, girls' PE, English II/journalism, biology/life science, Spanish/boys' PE, boys' PE, business and head of the boys' PE Department. (4/28)

MARYSVILLE JOINT UNIFIED SCHOOL DISTRICT. John H. Palmer, assistant superintendent-personnel services, and Leonard L. Larson, director of special projects, will interview teaching candidates for elementary positions, MR positions in grades 6-8, and secondary positions in business education, industrial arts (mechanical drawing), and MR. (5/1)

US NAVY. Lt. Commander James R. Hutson, aviation information officer, and other Naval officers will be available in the Snack Bar area of the Dining Hall from 10:00 to 2:00 daily to provide information on the opportunities available to men and women college graduates as commissioned officers in the US Naval Reserve. (5/1-4)

MODESTO CITY SCHOOLS. Robert T. Elliott, deputy superintendent and director of personnel, will interview teaching candidates for elementary and secondary positions. Dr. Elliott is particularly interested in secondary English, girls' PE, and math. (5/2)

FARM CREDIT BANKS OF BERKELEY. Leroy Reese, directory of training, will interview seniors in ABM, business administration, FM, and other majors with an agricultural background and interest in agriculture credit, for positions as trainees in the company's management program. (5/3)
PLACEMENT CALENDAR (Continued from Page 9)

AIR REDUCTION PACIFIC COMPANY, Emeryville. L. J. Fife, general manager, distributor sales, and C. B. Robinson, manager, distributor training and process engineering, will interview seniors in EE and ME. (5/3)

RICHMOND UNIFIED SCHOOL DISTRICT. A. L. Bernes, director of personnel, will interview teaching candidates for elementary positions and secondary positions in industrial arts, girls' PE, librarianship, math, science (biological and physical) and speech education. They also have openings for specialists in hard of hearing, music (instrumental and vocal) and speech therapy, and for psychometrists and psychologists. (5/4)

BRUCE CHURCH, INC., Salinas. David M. Williams, production manager, will interview seniors in crops and soil science for a position in the Salinas Valley as assistant to one of the company's farming superintendents. (5/4)

BETHLEHEM STEEL CORPORATION. J. Richard Rhodes, college relations representative, will interview seniors in IE, ME, and WM. (5/5)

RIO VISTA HIGH SCHOOL (Solano County). Charles R. Hale, district superintendent, will interview teaching candidates for secondary positions in vocational agriculture, grades 9 through 12. (5/5)
