CONSTRUCTION ON NEW RESIDENCE HALL UNITS BEGINS

Construction on the $3.3 million residence hall project on campus began yesterday (Monday, May 22), according to information released by E. Douglas Gerard, building coordinator for the college. Contractor for the project, which will provide living accommodations for 600 students when it is completed during the fall of 1968, is Williams and Burrows, Inc., of Belmont. Site of the new housing units is on the east side of Grand Avenue near the main entrance to campus.

Designed by the firm of Corwin Booth and Associated Architects, San Francisco, the new residence halls will consist of 10 three-story tower clusters, each housing 60 students. In addition, study and lounge facilities and apartments for two resident supervisors will be included. The tower buildings will be constructed primarily of reinforced concrete and will have interiors decorated to create an attractive and pleasant living environment. The living and study areas will be fully carpeted.

Living Units of 12 Students

Gerard said the new residence units will be considerably different than those presently in use on campus. "They will create living units of 12 students, each built on a single level around a central service and study facility," he continued. Addition of the 600 spaces to Cal Poly's on-campus living quarters for its students will in part compensate for the loss of other spaces of a temporary nature which are programmed for removal to allow for expansion of academic facilities. Upon completion of the new project, total on-campus residence units should stand at about 2,300.

The new residence hall project is being financed by the Trustees of the California State Colleges with funds received through loans secured from the federal government's Housing and Home Finance Agency. Similar projects totaling in excess of $30 million are scheduled to begin at other campuses of the state college system within the next few weeks.

Gerard concluded his announcement of start of the project by reminding members of the college faculty, staff, and student body to remain out of the construction area at all times. "All unauthorized persons entering the enclosed area will be challenged by the contractor or his representatives," he said.

CHANCELLOR DUMKE'S MEMO ON BUDGET ACTIVITY DISTRIBUTED TO FACULTY

"Budget Report" is the subject of a memorandum from Chancellor of the California State Colleges Glenn S. Dumke, dated May 19, which is being distributed to members of the college faculty and staff as an attachment to this issue of Staff Bulletin. Dr. Dumke uses the memo as an opportunity to report to faculty of the state colleges on the various phases of budget and other activity being considered by the legislature at the present time.
DISTRIBUTION OF BALLOTS FOR ELECTION ON COLLECTIVE BARGAINING PLANNED TOMORROW

Voting on the proposal on collective bargaining of the Academic Senate of the California State Colleges is taking place throughout the state this week (May 22-29), according to Roy E. Anderson, chairman of the Cal Poly Faculty-Staff Council and a member of the Business Administration Department faculty.

Dr. Anderson said last week that ballots will be sent to each instructional and instructionally-related department tomorrow (Wednesday, May 24) morning and urged that those casting ballots use either a mark-sensing or scoring pencil to indicate their choice. Ballots must be returned to Dr. Anderson, Room 122, Business Administration and Education Building, by Monday (May 29).

Continuing his announcement of the election, Dr. Anderson said an Issues and Answers booklet was distributed to members of the college faculty last week. "Information about collective bargaining is included in this booklet," he said. "Read it, it will assist you by providing comments from many organizations interested in this action," he urged in conclusion.

TODAY'S PROGRAM CONCLUDES "BOOKS AT HIGH NOON" LUNCHEON SERIES FOR 1966-67

Today's (Tuesday, May 23) program, during which students from Evelyn de Voros' oral interpretation class will present readings with an international flavor, will conclude the Books at High Noon luncheon series for 1966-67. It is scheduled to begin at noon, in the Staff Dining Room. Tentative plans call for resumption of the luncheon series shortly after start of the 1967-68 Fall Quarter in late September or early October.

ADDITIONAL INFORMATION ON LEAVES WITH PAY LISTED

Unintentionally left off the list of faculty granted sabbatical leaves in 1967-68 which appeared last week was the name of James A. Langford of the Education Department faculty, who will be on leave at full pay during the Winter and Spring Quarters. Another item of information, which read, "The leaves received in individual cases were either for three quarters at half-pay or for two quarters at full-pay," should have read, "The leaves received in individual cases were either for three quarters at two-thirds pay or for two quarters at full pay."

MAIL ORDER EXECUTIVE SLEES CAMPUS ADDRESS

E. Joseph Cossman, a self-made millionaire in the mail order business, will be the featured speaker Thursday (May 25) during a campus program sponsored by three student organizations. The 49-year-old author of How I Made $1,000,000 in Mail Order, will present his lecture at 7:30 p.m., Thursday, in the Air Conditioning Auditorium. Admission for the program will be free, and the entire campus community, as well as the public, is invited to attend.

Cossman, who built the E. Joseph Cossman Company around bars of soap, ant farms, and plastic shrunken heads, is a nationally-known author, marketing expert, television personality, and lecturer. His most recent book is How to Get $50,000 Worth of Business Free Each Year from the United States Government.

Thursday evening's lecture, which will be on "How to Make Money," is being presented on campus by Mat Pi, the Society for the Advancement of Management, and Technical Arts Society.
CARRUTHERS NAMED HEAD OF PRINTING ENGINEERING AND MANAGEMENT DEPARTMENT

Roderick W. Carruthers, a member of the faculty of the college since 1965, has been named head of the college’s Printing Engineering and Management Department effective June 19. Announcement of Carruthers’ appointment to the new post came last week from Cal Poly President Robert E. Kennedy, who said it had been based on the recommendations of both Carl C. Cummins, dean of the School of Applied Arts, and Dale W. Andrews, academic vice president of the college.

Dr. Kennedy said he was especially pleased to have been able to locate a person so well qualified for the position of head of the department already on the Cal Poly faculty. "I am sure Carruthers has the confidence of the members of his department’s faculty and that he will do a good job of continuing toward Cal Poly’s long-established objective of providing California’s printing industry with well-qualified young men for its management level," President Kennedy continued.

Carruthers, 33, has been a member of the printing department’s faculty since coming to the college. Prior to that he held a number of positions in the printing and publishing industry, among them assignments at the Vancouver, British Columbia, Sun; the Washington State Printing Plant; and Olympia, Wash., News; the Wisconsin State Journal, Madison, Wisc.; and the Evergreen Press, Vancouver.

A native of Burnaby, British Columbia, Canada, where he attended high school, the new department head is a graduate of St. Martin’s College, Olympia, Wash., where he received his BA degree in industrial relations. He also attended University of Wisconsin’s Law School.

Carruthers becomes head of one of the largest and most respected college-level printing programs in the United States. The department, which was organized in 1946 under the leadership of A. M. Fellows, now has a faculty of seven and a student body numbering nearly 125. Since Fellows’ retirement last November, it has been under the guidance of Joseph H. Truex, a member of its faculty who was acting department head. Truex will return to his full-time teaching duties at the close of the academic year in mid-June.

LEAVE OF ABSENCE GRANTED ACTING VICE PRESIDENT WILSON

Harold O. Wilson, acting administrative vice president of the college, has been granted a leave of absence without pay until July 10. The leave was granted, according to Robert E. Kennedy, president of the college who announced the leave, to enable Wilson to serve as special legislative consultant on agricultural and other matters in the office of Governor Ronald Reagan in Sacramento.

In requesting Wilson’s services the governor’s office made it clear that he would not be asked to work with legislation connected with either the California State Colleges or the University of California. Acting Vice President Wilson is working under the direction of Vernon A. Sturgeon, legislative secretary for Governor Reagan, while on leave.

COPY DEADLINE FOR NEXT WEEK’S "STAFF BULLETIN" REVISED

Next Tuesday’s being an academic holiday on the college calendar has forced a revision in the publication and copy deadline schedules for Staff Bulletin. Present plans call for receipt of all copy intended for that issue in the Public Relations Office, Room 216, Administration Building, no later than noon, Thursday (May 25), and publication of next week’s issue on Monday (May 29) afternoon.
ANNUAL STAFF CLUB "SPRING FLING" SCHEDULED SATURDAY

Saturday (May 27) is the date for the 1967 Spring Fling of the Cal Poly Staff Club, according to Robert Adams, college chief of maintenance who is chairman for the annual affair. Scheduled for Coon Creek Cove, in the Los Osos area, the outing will get underway in the morning and will include, in addition to the featured New York steak barbecue, fishing, various games, and plenty of good fellowship.

Tickets for the fling, to which all male members of the college faculty and staff are invited, are priced at $3.75 per person. They may be purchased from salesmen whose names and departments or offices of assignment are listed below:

Robert Adams, Maintenance
Robert Andreini, English and Speech
Col. Elmer H. Bauer, Military Science
Emmett Bloom, Animal Husbandry
Enrico Bongio, Welding and Metallurgical Engineering
Jim Carrington, Auto Shop
Lester Gustafson, Aeronautical Engineering
Logan Carter, Soil Science
Everett Dorough, Cafeteria
Millard Potter, Industrial Engineering
Herbert Miles, Electrical Engineering
J. Cordner Gibson, School of Agriculture
John Heinz, Audio Visual
C. H. Gregory, Printing Engineering and Management
Paul Neel, Architecture and Architectural Engineering
Dick Jones, Business Administration
L. W. Lewellyn, Counseling and Testing
Willard Loper, Agricultural Engineering
William Kirkpatrick, AID
James McGrath, Air Conditioning and Refrigeration Engineering
Henry Marquez, Business Management
Lionel Middlecamp, Campus Farm
John Applegarth, Biological Sciences
Robert Mott, Physical Education
Derek Price, Mechanical Engineering
Carlos Richards, Manufacturing Processes
Col. William Boyce, Business Administration
Fred Steuck, Electronic Engineering
Ray Lomberg, Crops
J. Barron Wiley, Education
John Woodworth, Mathematics
Charles Elston, Mathematics
Pete Grondahl, Custodial
Thorton Snider, Foundation
Richard Tartaglia, Maintenance

ARCHITECTURAL ENGINEERING STUDENT WINS FULLBRIGHT STUDY FELLOWSHIP

Robert G. Keeline, architectural engineering student on campus, has been named to receive a Fullbright Fellowship for study in Finland during 1967-68. Keeline, 34, is a senior who expects to graduate with his Bachelor of Science Degree next month. He will begin his study in Finland later in the summer.

The fellowship, a full grant covering transportation and a maintenance allowance, is administered by the Institute of International Education, New York, and is made possible by Public Law 87-256, also known as the Fullbright-Hayes Act. Basic purpose of the program is to increase mutual understanding between the people of the United States and those of other nations through educational and cultural exchange.

Keeline's program of study is expected to include research in building construction, prefabrication, and the use of wood. He also expects to study at the Technical University in Helsinki, in addition to getting in plenty of observation of factories, building sites, and architectural and engineering offices.

Keeline, whose wife, Marsha, is employed as a secretary on the staff of the Audio Visual Department's Vocational Education Productions program, is a veteran of the US Navy.
PLANS FOR DINNER HONORING RALPH E. WESTON ANNOUNCED

Plans for a dinner honoring Ralph E. Weston of the Mathematics Department's faculty, who will retire at the close of the Spring Quarter after having been a member of the college faculty for over 19 years, were announced last week by his colleagues in that department. The dinner is scheduled for 7:00 p.m., the evening of June 9, at the Golden Tee Motor Hotel in Morro Bay.

All of Weston's friends on the college faculty and staff are invited to attend the dinner, which will also recognize his having completed 40 years as an instructor of mathematics. Tickets, which are priced at $4.25 per person, may be purchased through June 7, from Margaret Betts, who is secretary in the Mathematics Department.

PROGRAM FOR SPRING BAND CONCERT INCLUDES VARIED FARE

"Supercalifragilisticexpialidocious" might best describe the program for the Spring Band Concert, which will be staged by the Cal Poly Music Department's Concert Band the evenings of June 1-2. Planned for a pair of performances for the first time this year, the concert will begin at 8:00 p.m., both nights, in the campus Theater.

A variety of musical delights will head the programs, which are being planned as the final events of the 1966-67 season for the Music Department. The 70-member Concert Band will launch the program with a series of three Southern folk tunes from "Kentucky 1800," arranged in a setting for the concert band by Clare Grundman. Typical of other selections which will be played by the band are "Symphonic Suite" by Clifton Williams; "Elsa's Procession to the Cathedral" from Richard Wagner's opera Lohengrin; George Kenney's "Coat of Arms" march; and selections from Walt Disney's motion picture Mary Poppins.

Two musical specialty groups, the 7-piece Dixieland Band and the 18-member Jazz Ensemble, will also perform during the concerts. In the Dixieland Band's segment will be such numbers as "Who's Sorry Now," "One for My Baby," "Sunday," "South Rampart Street," and its own rendition of "When the Saints Go Marchin' In." The Jazz Ensemble, which placed second in the recent Cal Poly Invitational Music Festival, will include such numbers as "Straight, No Chaser," by Tom Monk, and "Why Were Her Eyes So Blue," by Thomas Wargo, in its segment.

Tickets for both concert performances, priced at $1.25 for adult general admission and $.75 for students, may be purchased at Brown's Music Store and Premiere Music Company, both in San Luis Obispo; at the Associated Students, Inc., Office on campus; and from members of the performing groups.

PREVIEW OF ENGLISH AND SPEECH DEPARTMENT PLAY SCHEDULED FOR STAFF CLUB LUNCHEON

J. Murray Smith of the English and Speech Department faculty will present a preview of Summer and Smoke, the Tennessee Williams play which is scheduled for the three-night run on campus Thursday, Friday, and Saturday (May 25-27), during the weekly luncheon meeting of the Cal Poly Staff Club, Thursday, starting at noon, in the Staff Dining Room.

The preview by Smith, a veteran director and actor who is staging and directing the play, will include a scene from the play presented by members of its cast. All members of the college staff and faculty are invited to attend and enjoy this advance glimpse of the production.
CAL POLY LITTLE SYMPHONY SLATED FOR FINAL COLLEGE HOUR CONCERT OF 1966-67

The final concert in the annual series of College Hour Concerts will be presented Thursday (May 25) morning. Featuring the 40-member Cal Poly Little Symphony under the direction of Emanuel Heifetz, a member of the Music Department's faculty, the program is due to begin at 11:00 a.m., in the Theater on campus.

Included on the concert program will be "Symphony 97 in C-Major" by Joseph Haydn, to be conducted by student conductor John R. Fortiner, and "Symphony 5 in B-Flat Major" by Franz Schubert, which will be conducted by Robert C. Wright, also a student conductor. Closing number for the concert will feature both student conductors with the orchestra, Fortiner as pianist and Wright as conductor, as it performs "The Dream of Olwen" by Charles Williams. Both students are members of Heifetz' advanced conducting class and have rehearsed and prepared all the music for Thursday morning's program themselves.

Heifetz emphasized last week that the concert will be presented free of an admission charge and that all members of the college faculty, staff, and student body, as well as the public, are invited to attend.

T. MCGRATH APPOINTED TO NEW C S C POST

Thomas H. McGrath, dean of institutional relations and student affairs for the California State Colleges, has been appointed to the newly-created post of assistant executive vice chancellor of the 18-college system. Glenn S. Dumke, chancellor of the state colleges, announced the appointment, which became effective immediately, last week.

McGrath, in his new assignment, will work directly with Dr. Dumke and Raymond A. Rydell, executive vice chancellor, in systemwide planning and operations. He will also continue as key liaison officer between the state colleges and all other segments of California Education, including the Coordinating Council for Higher Education, the University of California, and the junior colleges.

A member of the CSC systemwide headquarters staff since 1964, McGrath, 49, formerly was dean of students at Cal Poly, Pomona, when it was still part of the combined Cal Poly operation. After studying at Cal Poly from 1935 to 1938, he earned his bachelor's degree at University of California at Santa Barbara and his master's degree from Claremont Graduate School. He is a licensed psychologist and a member of numerous professional organizations.

WINNERS OF WOMEN'S CLUB HONOR AWARDS LISTED

Awards of $50 each and certificates of merit were presented to the outstanding women students of the four academic classes of the college during a luncheon meeting of the Cal Poly Women's Club held May 13 at the Golden Tee Motor Hotel in Morro Bay. Winners of the awards for 1966-67 are Mrs. Mary Jean Wiegand, a fourth-year technical journalism student; Kathleen O'Neill, a third-year mathematics student; Carol Wakeman, a second-year home economics major; and Dale Mapp, a first-year home economics student.

The Cal Poly Women's Club, which has presented the honor awards annually since 1962, selects the first- through fourth-year women students for the awards on the basis of academic excellence, activity leadership, and the ability to earn a portion of their college expenses.
May 31 is the date selected for the fifth annual Graduation Banquet for Cal Poly foreign students, according to information received early this month from Robert Ritschard, a member of the Biological Sciences Department faculty and advisor to the sponsoring Cal Poly People to People Club. The banquet will take place, beginning at 7:00 p.m., in the Elks Club, San Luis Obispo.

Speaker for the banquet will be Owen Servatius, head of the Business Administration Department, who will discuss human relations. Entertainment for the occasion will be provided by a Latin American musical combo and presentation of two special awards is also planned.

Tickets for the banquet are priced at $3.75 each, according to Dr. Ritschard, who urged that members of the faculty both attend themselves and sponsor one or more foreign students for an additional $3.75 per ticket in order that all graduating foreign students may attend as guests. Those interested in obtaining further information about the banquet may do so by contacting either Dr. Ritschard or Glenn Rich of the Foreign Student Office.

Plans for a refreshment hour honoring Kathryn Rowland, supervising clerk of the general office who will retire at the end of the Spring Quarter after having been a member of the college secretarial staff for more than 20 years, were announced last week. The refreshment hour for Mrs. Rowland is scheduled for 2:00 to 4:00 p.m., tomorrow (Wednesday, May 24) in the Staff Dining Room. All members of the college faculty and staff are invited to drop by and wish her well on her retirement.

Pre-Scheduling for all students planning to attend classes during the Summer Quarter will be held from 11:00 a.m. to 12:00 noon, June 1, according to an announcement received last week from F. Jerald Holley, college registrar. Holley suggested that students check their departmental bulletin boards and with their advisors for locations of pre-scheduling meetings and other related information.

Alan Cranston, former controller of the State of California, was the featured speaker for a conference of campus student leaders which took place last weekend (May 19-20) at Camp Pinecrest in Cambria. Cranston addressed the Cal Poly Leadership Conference on Friday evening and again on Saturday. Topic for his remarks and theme for the conference was "The Courage of Leadership."

Also scheduled during the conclave for student leaders were forum discussions on campus problems and discussions of topics such as "Personal Public Relations," "Self Confidence," "Why Groups Fail," and "Motivation." In addition to Roger Sherman of the Business Administration Department who was faculty advisor for the conference, members of the college faculty who participated included Glen Smith of the English and Speech Department, Col. William Boyce of Business Administration Department, Robert Sorenson of the Education Department, and Owen Servatius, head of the Business Administration Department.
Irvin J. Kogan, Electronic Engineering, has been elected secretary of the California Council of Electronic Instructors. The organization, which held its Spring, 1966, meeting on campus, is dedicated to providing professional development to its members and coordinating the activities of California high schools, junior colleges, and state colleges in the field of electronics education.

J. Post Williams, Education, participated in a Systems Analysis Seminar held at Chapman College, late in April. The seminar was a continuation of a project which Williams helped plan under the US Elementary and Secondary School Education Act. Entitled "Preparing Educational Planners," the project has as its goal the use of systems technology for educational purposes and involves representatives of each of the 58 counties in California and the State Department of Education.

Dean Trembly, Counseling and Testing Center, is author of an article titled "Laws of Learning General and Specialized Vocabularies," which was published as part of the Proceedings of the 74th Annual Convention of the American Psychological Association.

James E. Rice, Technical Arts, was elected vice president of the Central Coast Southern Chapter of the California Industrial Education Association during the group meeting which took place on campus May 9. The chapter includes industrial educators from San Luis Obispo and Northern Santa Barbara Counties in its membership. In addition, Rice, who is also a member of the Advisory Committee for the California State Fair's Industrial Arts Exposition, participated in the exposition which took place in Sacramento May 11-13.

Robert L. Andreini, English and Speech, was one of two persons who were awarded Honorary State Farmer Degrees by members of the California Association of Future Farmers of America during their 39th annual convention. Andreini has taken part in activities of the organization as a judge for its public speaking contest for several years. The FFA convention was held on campus May 2-5.

Vincent J. Gates, Technical Journalism, has been awarded a research fellowship for 1967 by the Foundation for Public Relations Research and Education and the Aluminum Company of America. The fellowship provides a stipend and expenses to work with Alcoa in the development of a specific research project in Pittsburgh, Pa. Gates will work at the company's principal office in that city this summer and complete a related research project at a later date. The foundation provides five or six such fellowships each year in cooperation with outstanding public relations departments and firms. The fellowship won by Gates is but the second one to be awarded in California since 1959.

Dorothy Pollock, Education, has been a frequent speaker for various local school groups in recent weeks. Among her presentations have been a talk on "Sex Education for the Cambria Elementary Schools," given before the Cambria Parent Teachers Association and the Board of Education of that district; a talk on "Pre-Marital Problems," given before home economics classes at San Luis Obispo Senior High School; a talk on "Research Methods and Techniques Used in Development of the Pollock Personality Scales" given at Cuesta College; and a talk on "Pitfalls in Teen-age Marriages" given before an all-girl assembly at San Luis Obispo Senior High School.
PLANS FOR STAFF CLUB SPRING GOLF TOURNEY ANNOUNCED

Members of the campus faculty and staff who plan to participate in the Cal Poly Staff Club's annual Spring Golf Tournament, which will be held next Tuesday (May 30) at Black Lake Golf Course near Nipomo, have been invited to begin planning their foursomes. William W. Armentrout of the Education Department faculty, who is chairman of the club's Golf Committee, said last week that the normal compliment of trophies, prizes, and fun for all who play in the tourney, were being planned.

Armentrout also urged those planning to play to contact him as quickly as possible to arrange for starting times for their foursomes. Times being scheduled include 8:30 a.m., front nine; 8:30 a.m., back nine; 8:37, front nine; 8:37 back nine; 8:44, front nine; 8:44, back nine; 8:51, front nine; 8:51, back nine; 8:58, front nine; 8:58 back nine; 9:05, front nine; 9:05 back nine. Armentrout's office telephone number is 546-2593.

REGULAR SPRING SPORTS SCHEDULES CLOSE, SELECTED TRACKMEN WILL CONTINUE COMPETITION

Events scheduled for last weekend brought to a close the regular seasons for spring sports on campus, but selected members of Coach Dick Purcell's varsity track and field team, which placed second in the rugged California Collegiate Athletic Association championship meet, will continue their competition Saturday (May 27) when they enter the California Relays in Modesto.

Among those expected to continue competition is Cecil Turner, a junior sprinter who has recorded times of 9.3 and 21.0 in the 100- and 220-yard dashes this spring. He won both those events, leaped to a second place finish in the long jump, and ran a leg on the Mustangs' winning 440-yard relay team to become the CCAA meet's high-point man last weekend. Leo De Winter, a freshman sprinter from Holland, is also expected to be among those continuing competition. He has a time of 9.4 in the 100 this spring.

PHI KAPPA PHI CHAPTER INSTALLS NEW OFFICERS, ACCEPTS NEW MEMBERS

Shirley R. Sparling, a member of the Biological Sciences Department's faculty, heads the slate of officers installed by the campus chapter of Phi Kappa Phi national honorary scholastic society during its annual banquet held last week. Also a highlight of the dinner meeting, which took place in the Staff Dining Room, was initiation of 21 new student members of the society.

Elected and installed with Dr. Sparling to lead the chapter during 1967-68 were Fred W. Bowden, head of the Electrical Engineering Department, the chapter's new vice president; Corwin M. Johnson, head of the Crops Department, secretary; Curtis F. Gerald, a member of the Mathematics Department faculty, treasurer; and Oscar Reece, a member of the Crops Department faculty, journal correspondent.

Also named during the meeting were two honorary student vice presidents, Mary Whitson and Bruce Twinning. Twinning was the man with the highest grade average among the new initiates and Miss Whitson, the woman with the highest average. Miss Whitson is the daughter of Milo E. Whitson, head of the Mathematics Department, and his wife.

New student members of Phi Kappa Phi initiated last week were Isaac R. Barpal, James H. Barrow, William H. Bowers, Stephen A. Burdette, Steven T. Carrier, Donald R. Crawford, James F. Crook, Wayne S. Deitz, Klaus De Albuquerque, Mathilde H. Elliott, Peter H. Hinneschiedt, Mohammad R. Nemasadeh, Earl C. Owen, Hazel M. Stewart, Twinning, Dennis E. Whitmire, Miss Whitson, Mary J. Wiegand, In-Yu Yang, Phillip M. Doub, and Helen I. Goodwin.
WELCOME WEEK COMMITTEE ISSUES PLEA FOR FACULTY, STAFF TALENT

A plea for assistance from members of the college faculty and staff who may be talented comedians was issued last week by the Week of Welcome Committee of the Associated Students, Inc. According to Lynn Beckwith, a spokesman for the student committee, the comedy acts are needed for a variety show the committee is planning as part of its activities for new students. Her request reads:

"Dear Profs:

We are looking for some unusual and unique comedy acts to be performed as the variety show September 19, 1967, during WOW (Week of Welcome). So if you are one of the teachers known as a comedian among his (or her) students, have any ideas, or would just like to participate in having a barrel of fun and a good opportunity to know the new students, please contact me at 543-1764.

/s/ Lynn Beckwith

HARMON APPOINTED TO NEW POST ON CHANCELLOR'S STAFF

Harry Harmon, chief of facilities planning for the California State Colleges, has been appointed assistant vice chancellor, physical planning and development. Glenn S. Dumke, chancellor of the 18-campus state college system, said Harmon, in his new assignment, will be responsible for the entire capital outlay program of the colleges.

Harmon, 49, has served as chief of facilities planning for the system since 1962. Prior to joining the chancellor's staff, which is headquartered in Los Angeles, he was senior architect at University of California at Los Angeles. He is a licensed architect and a graduate of University of Southern California. In addition to being a captain in the US Naval Reserve, Harmon is a member of the American Institute of Architects, the Association of University Architects, and the American Arbitration Association.

THREE-NIGHT RUN OF TENNESSEE WILLIAMS PLAY SLATED THIS WEEKEND

Summer and Smoke, the story of a nervous and puritanical daughter of a Mississippi minister and his demented wife, presented by the English and Speech Department, will open its three-night run in the campus Theater Thursday (May 25) evening. Planned for an 8:30 p.m. curtain time each evening, the play by Tennessee Williams will also be presented Friday and Saturday (May 26-27) nights.

The plot of Summer and Smoke moves from one side of Glorious Hill, Miss., to the other. Alma, the minister's daughter, urges her cross-town friend, Dr. John, who is a medical student and labeled the wildest man in town, to abandon his dissipated behavior and to reflect the dignity of the medical profession.

Taking the lead roles of the play, which is being directed and staged by J. Murray Smith of the English and Speech Department's faculty, are Rebecca Steuck and Lynn Haines, both technical journalism students.

Admission to all three performances will be by Cal Poly season drama tickets or by tickets sold at the door. Prices at the door will be $1.50 each for adult general admission and $1.00 each for students.
CAMPUS CALENDAR -- WEEK OF MAY 23-30, 1967

FROM: Glenn S. Dumke, Chancellor

SUBJECT: Budget Report

This memorandum is to give you further information on recent developments affecting the budget program for 1967-68.

As you know, we conducted a series of discussions with the new state administration which were climaxed two months ago when we achieved a workload budget of $191.8 million, less $4.5 million in voluntarily deferred spending and modest fee increases.

The category of so-called 'new and improved programs was not included in the Governor's 1967-68 proposed budget, and the question of faculty salary increases was still to be resolved.

Our progress to date before the various legislative committees and subcommittees has been encouraging. However, the climate in Sacramento this year is such that the outcome of our various requests is impossible to predict at this time. The coordinated efforts of all of us are required to make the voice of the State Colleges heard at the State Capitol.

Among the items not included in the Governor's proposed budget were our requests for funds to reduce the backlog in sabbatical leaves, to improve graduate programs, to provide additional special leaves for research and to make possible other benefits for the colleges and the faculty. These requests were taken under submission by a subcommittee of the Senate Finance Committee after hearings. A subcommittee of the Assembly Ways and Means Committee began hearings on these items last week, and members have expressed both interest and understanding.
As you know, the Board of Trustees asked for an 18.5% raise in faculty salaries in an effort to make ours competitive with those offered in other areas of the nation. The Coordinating Council for Higher Education, in its recommendation, reduced the proposed increase to 8.5% and added 1.9% in fringe benefits. It also recommended that a "guaranteed" 5% increase for the following year be provided. The new administration has recommended that the increase be limited to 5% in salary for 1967-68. The Assembly Ways and Means Committee has adopted the Coordinating Council's recommendation. A hearing before the full Senate Finance Committee is pending. The State Colleges still are pressing for an 18.5% increase.

We have taken to the Legislature our request that the State College system be re-named California State University and that the Trustees be empowered to redesignate the State Colleges accordingly. This proposal, incorporated in the Vasconcellos bill, received a unanimous "do pass" recommendation last week from the Assembly subcommittee on higher education despite opposition from the University of California. However, the proposal still faces a precarious future and the continuing efforts of all connected with the State Colleges are needed.

An Assembly Ways and Means subcommittee has approved our proposed capital outlay budget after taking three major building projects under submission.

We will continue our vigorous efforts to secure adoption by the Legislature of all measures which we feel are vital to the California State Colleges. I shall keep you informed of our progress.

GSD: jms
