understand the issues,” said Patrick Lin, director of the Ethics + Emerging Science Group at Cal Poly. “Professor Greely works on the leading edge of the field, so his talk is a unique opportunity for our community to learn about neuroethics straight from the source.”

For more information, contact Patrick Lin at palin@calpoly.edu or visit http://ethics.calpoly.edu.

About the Ethics + Emerging Science Group
Based at California Polytechnic State University, San Luis Obispo, the Ethics + Emerging Sciences Group is a non-partisan research and educational organization focused on the risk, ethical, and social impacts of emerging technologies. Current projects and interests are related to issues in robotics, human enhancement, nanotechnology, space development and other areas. For more information, go to http://ethics.calpoly.edu or www.emergingethics.com.
