Cal Poly Construction Management Teams Win Multiple Categories in National Competition

SAN LUIS OBISPO For the second year in a row, Cal Poly Construction Management student teams received more trophies overall than any other school during the Associated Schools of Construction (ASC) National and Regional Student Competitions.

The Cal Poly teams placed in multiple categories at the national competition, garnering a first in marine, second in risk management and third in both electrical and building information modeling (BIM).

They also earned first places in both the heavy/civil category and the multi-family division at the regional level.

Award criteria included estimating, bidding, planning, scheduling, presentation skills, creativity, understanding of sound construction techniques and thoughtful methodologies.

The competitions were held Feb. 10-13 in Sparks, Nev., and included 1,200 students from 41 universities across the country.
