Cal Poly Kennedy Library Exhibit to Feature County's Agricultural History

SAN LUIS OBISPO – Cal Poly's Kennedy Library announces the opening of its spring exhibit, "Links to the Land: Ranching the Central Coast," to run from April 29 through June 7.

The links to the county's agricultural heritage are revealed through a wealth of material held by Special Collections and University Archives. These records document the day-to-day life of farmers, ranchers and laborers along the Central Coast, including Cal Poly's century of agricultural instructional leadership.

Through oral histories with local farmers, market goers and organizers, and an array of illustrations and historic documents, the exhibit brings to life the culture of ranching and farming in San Luis Obispo County. It highlights the ecological stewardship of the area and the impact of local farmers' markets on our lives today.

The exhibit is located on the second floor of the Kennedy Library and is open during regular hours, which can be found online at: lib.calpoly.edu/hours/.
